PREFACE

2000-2001 CATALOG

This catalog is designed primarily for the faculty and students of Southwest Baptist University and for students planning to enter SBU. Its pages contain the objectives of the University; outlines of the programs of study; admission and graduation requirements; and information regarding costs, living conditions, scholarships, counseling services and student life.

This catalog is a description and official register of Southwest Baptist University and is a working agreement between a student and the University. A student is responsible for being fully aware of and fulfilling all regulations and conditions contained or referred to herein or as such regulations and conditions may hereafter be amended by the University if and when it deems necessary. As conditions of admission, the University reserves the right and power to discipline or dismiss any student who fails to comply with said regulations and conditions, and each student agrees that the University shall have such right and power of discipline or dismissal.

Copy for the descriptive chapters and the list of officers for this catalog issue was prepared as of February 1, 2000. Information about fees and expenses, financial aid and scholarships applies to the academic year 2000-2001. Plans of study, course titles, fees, expenses and other matters described herein are subject to change at the discretion of the University.

Southwest Baptist University is approved for the training of veterans and the dependents of veterans under Title 38, U.S. Code.

NON-DISCRIMINATION

Applicants for admission and employment, students, parents, employees, sources of referral of applicants for admission and employment and all unions or professional organizations holding collective bargaining or professional agreements with Southwest Baptist University are hereby notified that this institution does not discriminate on the basis of race, color, national origin, sex, age, disability or marital status in employment, admissions or access to, or treatment in, its programs and activities, except to the extent permitted by religious exemptions recognized by law.

Any person having inquiries concerning Southwest Baptist University's compliance with the regulations implementing Title VI, Title VII, Title IX or Section 504 is directed to the Vice President for Administration, Southwest Baptist University, 1600 University Avenue, Bolivar, Missouri 65613. The Vice President for Administration has been designated by Southwest Baptist University to coordinate the institution's efforts to comply with the regulations implementing Title VI, Title VII, Title IX or Section 504. Any person may also contact the Assistant Secretary for Civil Rights, U.S. Department of Education, regarding the institution's compliance with the regulations implementing Title VI, Title VII, Title IX or Section 504.

STUDENT RIGHT TO KNOW AND CAMPUS SECURITY ACT

The University will comply with the Student Right to Know and Campus Security Act. Any questions concerning the implementation or the compliance of this public law (101-542) should direct inquiries to the Vice President for Administration located in the Sells Administration Building, or the Vice President for Student Development located in the Student Union Building. The Vice President for Administration has been designated by the University to coordinate the institution's efforts to comply with the regulations implementing this Act.

DRUG FREE SCHOOLS AND COMMUNITIES ACT

The University is required by the Drug Free Schools and Communities Act to adopt and implement a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. Every student shall receive a copy of the program annually as printed in the SBU Student Handbook. Additional copies of the handbook may be obtained in the Office of Student Life. Questions concerning the Drug Free Schools and Communities Act may be directed to the Vice President for Student Development who is designated by the University to coordinate the institution's efforts to comply with the Act.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- (2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by Southwest Baptist University to comply with the requirements of FERPA. The name and address of the offices that administer FERPA are:

THIS IS SOUTHWEST

Southwest Baptist University is an institution of higher education offering courses leading both to undergraduate and graduate degrees. Students may choose from forty-eight programs of study as they pursue a liberal arts based, career oriented education. The University is comprised of five colleges: Science and Mathematics, Business and Computer Science, Education and Social Sciences, The Redford College of Theology and Church Vocations and the Geneva Casebolt College of Music, Arts and Letters. Areas of certification and professional areas of study are also offered.

Mission of the University

(Adopted by the board of trustees, May 1997)

Southwest Baptist University is a Christ-centered, caring academic community preparing students to be servant leaders in a global society.

Vision Statement

(Adopted by the board of trustees, October 1997)

Southwest Baptist University pursues excellence in teaching, scholarship and service by

- encouraging each member of the University community to live a Christ-centered life;
- treating each person as an individual valued by Christ;
- integrating liberal arts, research and professional studies;
- preparing students through appropriate educational and ministry opportunities to meet the challenges of a global society; and
- integrating Christian faith and biblical values within each academic discipline in accordance with the University's Baptist heritage.

History of the University

The University first opened its doors in 1878 in Lebanon, Missouri, as Southwest Baptist College. In 1879 the college was chartered by the state of Missouri and moved to Bolivar. Early writings recount a legacy of sacrificial giving and extraordinary efforts by Baptists in southwest Missouri to establish and maintain the college. The founders, James R. Maupin and Abner S. Ingman, faced many difficulties as they rode horseback seeking funds, students and an ideal college site.

The college faced many hardships in its early years and actually closed from 1908-13 to regain financial solvency and to recover from a devastating fire that destroyed the college's only building. The efforts and prayers of area supporters and Missouri Baptists brought results, and the college reopened in 1913 as a two-year junior college.

The University has maintained its strong Baptist heritage through its affiliation with the Missouri Baptist Convention, which provides some financial support for the University and elects the 25-member board of trustees which governs the institution.

The Missouri Baptist Convention approved plans in 1964 for the college to become a senior liberal arts college. The first baccalaureate degrees were awarded in 1967. Bolivar citizens donated a 102-acre farm on the southern edge of the city that allowed the college to expand physically beyond the small 10-acre campus located near downtown as part of its growing academic expansion.

Another milestone occurred in 1981 when the college name was changed to Southwest Baptist University. In 1995 the University entered a joint nursing education agreement with St. John's Regional Medical Center in Springfield, Missouri, to form St. John's School of Nursing of Southwest Baptist University.

Today, SBU is a thriving higher education institution with more than 3,500 undergraduate and graduate students enrolled annually. The 152-acre main campus is located in the southern portion of Bolivar, a community of about 7,000 residents that serves as the seat of Polk County. There are 37 buildings on the main campus. The University also operates centers in Dexter, Joplin, Mountain View, Salem and Springfield, Missouri, and in Chicago, Illinois.

Heritage of the University

From its inception, the University has been a distinctively Christian and Baptist institution in terms of world view and ideological commitments. A Christian world view, which is grounded in the Old and New Testaments, is the belief that:

- God is creator and sustainer of the universe and the ultimate source of all truth, beauty and moral value wherever they are found.
- God both judges and redeems humanity, thereby inviting men and women to define their relationship with Him, with fellow human beings across the globe and with history.
- All people are to be treated with respect since they have been created in the image of God and have innate worth.
- Human beings have sufficient capacity and freedom of will to develop their physical, social, psychological and spiritual well-being.
- Christians are to be change agents in society, sharing the Christian message and lifestyle, in that persons are responsible for their relationship with God, with fellow human beings and with their environment.
- Christians must exercise responsible citizenship.

The cornerstone of Baptist tradition is the conviction, based upon biblical principles, that each person has freedom of conscience before both God and man. The implications of this tradition for Baptist higher education are the:

- Acknowledgement of God as the ultimate source of all knowledge and truth.
- Commitment to scholarly endeavor under God.
- Desire for open inquiry and responsible scholarship, and the freedom to promote the results of this scholarship.
- Freedom of others to hold and to promote contrary scholarly views.

The Southwest Commitment Statement of Doctrine

(Formulated by a committee appointed by the president in 1979)

For more than a century Southwest Baptist University has been a community of trustees, faculty, staff and students united in an experience of learning and living. At this time we affirm our heritage and commit ourselves anew to Christian higher education.

Undergirding the following commitments is our belief that there is only one God, who is creator and redeemer, and that the world is sustained and ruled by Him. We believe that God, the source of all truth, has given us His inspired word, the Bible, as the perfect treasure of divine instruction, the sole authority for our faith and practice. We believe that the revelation of God through the life and teachings of Christ challenges us to become Christlike in all our endeavors.

1. We pledge a continuing commitment to a LIBERAL ARTS program from a Christian perspective, believing that each student needs a broad base of knowledge upon which to build larger concepts, including a Christian value system.
2. We pledge to communicate appreciation for our CULTURAL HERITAGE, providing experiences which develop aesthetic sensitivities and skills.
3. We pledge to continue PROFESSIONAL AND PRE-PROFESSIONAL PROGRAMS including those for both church-related and secular vocations.
4. We pledge ourselves to ACADEMIC EXCELLENCE as a goal. We believe that we have the responsibility for developing scholarly competence and participating in professional activities.
5. We pledge to WORSHIP GOD as an expression of personal reverence and public witness to the world because we believe that both private and corporate worship are essential experiences for maturing Christians.
6. We pledge to encourage SPIRITUAL GROWTH through personal Bible study and through local church and college ministries.
7. We pledge to SHARE OUR FAITH. We believe that each Christian during and after college years is charged with making disciples.
8. We pledge to support MISSION OUTREACH in the local churches and throughout the world.
9. We pledge to practice and teach STEWARDSHIP of time, talent and material resources.
10. We pledge to promote the development of INDIVIDUAL RESPONSIBILITY to equip one for making academic, social, financial and spiritual decisions.
11. We pledge to be a CARING PEOPLE, a community where students form lasting friendships and learn principles upon which to build Christian homes, because we believe in the dignity and worth of the individual.

12. We pledge to emphasize PHYSICAL AND EMOTIONAL WELL-BEING. We regard a balanced diet, exercise, personal cleanliness, recreation and rest to be important to physical and emotional health.
13. We pledge to train our students in COMMUNITY LEADERSHIP.
14. We pledge through PRAYER to seek God's guidance and strength to fulfill these commitments.

Because we are not only a Christian university, but also a Baptist university, we pledge to continue our support of the Southern Baptist Convention and Missouri Baptist Convention programs and Baptist principles as stated in "The Baptist Faith and Message" which was adopted in 1963 and reaffirmed in 1979 by messengers from churches affiliated with the Southern Baptist Convention.

Principles and Expectations

(Adopted by the board of trustees, February 1994)

As a distinctively Christian and Baptist institution, Southwest Baptist University believes it should demonstrate how the life-values commanded in Scripture can be integrated with academic instruction. These values include a sensitivity to the needs of the larger community; a commitment to justice, mercy and personal integrity; a desire for moral growth; and a sense of mutual accountability. The moral values of the University are expressed as ethical standards and are guided by an understanding of Scripture and a commitment to its authority regarding all areas of Christian faith, learning and living.

Because of the prevailing moral confusion in our society, the University must speak clearly about Christian ethical standards. Five statements of ethical standards have been adopted by the Board of Trustees for the University family, which is composed of students, faculty, staff, administrators and trustees. These standards concern Academic Integrity, Christian Lifestyle, Sexual Conduct, Marriage and Family Responsibility and Respect for People and Property.

These statements of ethical standards guide the University in its obligations to students and others in the University family who are involved in an honest pursuit of the truth by requiring integrity in academic pursuits, by encouraging a Christian approach to sexuality, by supporting a stable family life and by modeling responsible Christian interpersonal relationships.

The University is committed to providing education and counsel to those of its community; to extending Christian love to those involved in strife, marital discord or the struggle for proper sexual expression; and to demonstrate the acceptance of the forgiveness for human failure which is available through Jesus Christ.

The University recognizes a responsibility to assist all members of the University family to grow spiritually, mentally and emotionally. The University responds to that responsibility by offering opportunities for education, ministry, encouragement and worship. The University encourages members of its family to take advantage of these opportunities.

This process of growth sometimes involves failure to meet expectations. The University, as a place of learning, prefers to deal with that failure as an opportunity for redemption and future growth. In those few cases where the individual has willfully ignored the expectations and refuses all opportunities for redemption or where the failure causes substantial public damage to the institution, the University may find it necessary to sever the relationship with the individual.

Statement on Academic Integrity

PRINCIPLE: Truthfulness, diligence and commitment are part of the very nature of God. God's plan for believers is that their nature will become like His. Because of this, our lives should demonstrate these qualities. Scripture commends personal integrity and condemns that which undermines it.

EXPECTATION: Academic integrity is based on truthfulness and is the responsibility both of faculty and students. Faculty members are responsible for maintaining integrity in their academic pursuits. Faculty members also have the responsibility for setting and clarifying academic requirements for the work of students. Academic integrity is a personal responsibility of students to represent as their own work in reports, papers or examinations only what they are entitled to present honestly. Academic integrity also includes the collective responsibility of faculty members and students to ensure that all uphold the spirit and letter of this principle. Conduct which violates academic integrity includes cheating in any form on examinations and presentations of the ideas or writings of others without proper credit.

Statement on Christian Lifestyle

PRINCIPLE: Scripture teaches that believers are set apart to God's purpose through sanctification, but will sin. Scripture also demands that believers demonstrate a lifestyle that is distinctively different from that of non-believers.

EXPECTATION: A Christian lifestyle is expected of all members of the University family. It consists of demonstrating those attitudes produced by the gift of the Spirit, practicing truthfulness in all relationships or activities and exhibiting our dedication to Christ through our commitment to excellence in daily work or academic activities. A Christian lifestyle avoids such specific sins as greed; jealousy; pride; lust; bitterness; uncontrolled anger; prejudice based on race, sex or socioeconomic status; use of alcohol as an intoxicant; substance abuse; stealing; profanity; dishonesty; occult practices; illegal activities; use of pornography; and sexual sins, such as pre-marital sex, adultery and homosexual behavior.

Statement on Sexual Standards

PRINCIPLE: Scripture teaches that heterosexual union is the only acceptable expression of sexuality and must be reserved for marriage and insists on sexual abstinence for those who are unmarried.

EXPECTATION: All members of the University family should abstain from unbiblical sexual practices and from behavior which may lead to a violation of God's standards on sexual activities.

Statement on Marriage and Family

PRINCIPLE: God's ideal for marriage is a lifelong covenant between one man and one woman. Scripture views marriage as a witness to the permanent relationship between Christ and His Church and the family as God's first institution.

EXPECTATION: The University has a concern over the increasing pressure being placed by external and internal forces on the institution of marriage. It recognizes the struggle of those within the University family who strive to keep their marriages stable under these pressures. Nevertheless, members of the University community should not enter into divorce except under the most severe circumstances and then only after pursuing all possible options, including counseling, and after considering the impact of divorce on their families, their personal lives and their professional responsibilities at SBU.

Statement on Respect for People and Property

PRINCIPLE: Scripture teaches that all people, regardless of their socioeconomic, physical, mental or spiritual condition, are individuals of worth in the eyes of God. Scripture also teaches that ownership of property is to be respected. It exhorts Christians to look out for the welfare of other people, to be good stewards of the possessions God has given and to be honest with one another.

EXPECTATION: The University expects behavior from all members of the University family that demonstrates the highest standard of respect for people and property and that exemplifies the Christian commitment to living with one another. Certain behaviors are not acceptable according to this ethical standard. These include sexual harassment, disrupting the rights of others to pursue appropriate University activities, depriving individuals of the use of their property or depriving the University of the use of its property.

Campus Buildings and Facilities

Sells Administrative Center, completed in 1989, is named in honor of Dr. James L. Sells, former Chancellor of Southwest Baptist University, who served the University from 1966 to 1992.

The **Wheeler Food, Nutrition and Science Facility**, is named in honor of Clarence and Edna Wheeler and is a building of 48,000 square feet which includes classrooms, laboratories and offices for communications, science programs and the physical therapy department.

The **Gene Taylor National Free Enterprise Center** was completed in 1981 and was named in honor of former Missouri Congressman Gene Taylor. This facility houses a Free Enterprise Center, the College of Business and Computer Science, several faculty offices, computer labs, several classrooms and **Woody Auditorium**, which contains computer hookups at student desks.

The **Wayne and Betty Gott Educational Center** was renovated and reopened in 1998. It includes state-of-the-art classrooms and teaching laboratories for the departments of education and behavioral sciences. The center is named in honor of longtime University donors Wayne and Betty Gott of Salem, Missouri.

The **Felix Goodson Student Union** houses the bookstore, CatSnack Cafe, student lounge and game room, as well as the 250-seat **Grant Davis Theater** and **White Chapel**, which is used for private and small group meditation. Offices for student life, residence life, missions and ministry programs, Student Government Association, student publications, intramurals and Welcome Week are an integral part of this building.

- The **Marietta Mellers Dining Commons**, dedicated in 1977, is located on the Shoffner Campus adjoining the Felix Goodson Student Union. The dining commons was designed to serve up to 1,200 students with seating capacity for 600. The **Parents Association Room** provides facilities for small dining and meeting functions.
- Mabee Chapel** was completed in the spring of 1979. It is located on the north side of the Burnidge Memorial Forum. The chapel seats 1,300 in Pike Auditorium, which has a complete professional stage for dramatic and musical productions. It houses the offices for the Career Planning and Placement Center (CPPC) and the Conference Center Director.
- The music department is located in the **Geneva Casebolt Center for Fine Arts**, which contains studios, practice rooms, classrooms and the 300-seat **Jane A. Meyer Recital Hall**.
- Ingman Hall**, named for Abner Smith Ingman, co-founder and second president of the University, includes the art and theatre departments. Also located here are **Ingman Studio Gallery** and **Ingman Theatre**.
- Davison Field House** was erected on the Shoffner Campus in 1963 and seats more than 2,500. The gymnasium is equipped with more than 1,260 auditorium-type chairs. Besides the gymnasium, the building includes classrooms, offices, weight rooms and training facilities.
- The **Natatorium**, a 25 meter, six lane swimming pool with one and three meter diving boards, was provided by student activity fees and was built in 1985. The pool is used primarily by SBU students, faculty and staff for recreational purposes, but is also the site of swimming, aquatic exercise and scuba classes.
- Plaster Stadium**, named in honor of Robert W. Plaster, was completed in 1985. The stadium is the home of the University's football program and the site of other major outdoor functions.
- Stewart Track**, named in honor of former athletic director Orlin B. Stewart who taught and coached at Southwest Baptist for 38 years, was completed in 1988. The eight lane 400-meter track is constructed of polyurethane and used for intercollegiate track meets.
- The **Merrill Burnidge Memorial Forum** is an open-air plaza adjacent to Goodson Student Union, Mellers Dining Commons and Mabee Chapel on the Shoffner Campus.
- The **Keathley Lifewalk** is a 15-foot wide walkway that connects Mabee Chapel, the Randolph Meditation Chapel and the Jim Mellers Center.
- The **Randolph Meditation Chapel**, built in 1988, will seat 50-75 people. It is open 24 hours a day for individual meditation and serves as a center for small group activities.
- The **John D. Clement Memorial Amphitheater and Prayer Garden** was completed in 1988. The amphitheater accommodates 250-300 people for outdoor concerts and dramas. The small garden area is for private meditation.
- Jim Mellers Center** was completed in 1984 and named in honor of Jim Mellers of Springfield, Missouri. The building houses The Courts Redford College of Theology and Church Vocations. It is the location for the offices and classrooms for The Courts Redford College of Theology and Church Vocations.
- Plaster Guest Lodge**, named in honor of Robert W. Plaster, a Lebanon, Missouri, businessman and major contributor toward its construction, was completed in the fall of 1982. The lodge is used to house visitors and guests of the University. The air-conditioned, three-story building contains 32 private rooms and is also used as an overflow dorm for students.
- The **McClelland Dining Facility**, named in honor of Dr. and Mrs. R.S. McClelland, includes an 84 seat executive dining area and a large 200 seat dining room. Both campus and community events are held in this facility.
- Residence facilities for women include **Beasley Hall**, **Leslie Hall**, **Memorial Hall**, and **Woody Hall**. Residence facilities for men include **Gott Hall**, **Landen Hall**, **Maupin Hall**, and **Meyer Hall**. **Nichols Commons** connects Woody and Gott Halls. **Manor Apartments** provide apartment living for upperclassmen.
- The SBU baseball team has one of the finest home fields in the area as the result of a gift from James W. Dodson. **Dodson Field**, situated on the south side of the Shoffner Campus, has a grass infield, spacious dugouts and major league dimensions. Adjacent to Dodson Field is the **Virginia R. Heer Facility**, which provides rest rooms, concessions and dressing rooms for the baseball, softball, soccer and intramural fields.

Child Study Center

The SBU Child Study Center provides Bolivar and surrounding communities an environment for children to develop physically, scholastically and socially. It serves as a training program for child development majors, education field workers and other child-related courses. The center is licensed by the Missouri Department of Social Services.

University Library

The 40,000 square foot Harriett K. Hutchens Library completed in 1996, is at the heart of the academic program at SBU. The library supports the university curriculum and provides reading, listening and viewing experiences for students, faculty and other patrons. Computer labs located in the library provide access to the **Internet** and the campus network.

TECHNOLOGY: Information technology is used throughout the library and is used to support the library's OIC (Online Information Center), available through the web to all authorized users. This system includes the OPAC (Online Public Access Catalog), article indexing and abstracting for thousands of periodicals with a large percentage in full-text or full-image through such databases as Lexis-Nexis Academic Universe and UMI ProQuest Direct. Additionally, current news sources, reference materials on CD-ROM and general Internet access are provided. The OPAC provides access to the catalog records of the entire collection of books, media materials and periodical holdings. The OIC and its many resources are available in the Harriett K. Hutchens Library and branch libraries, in the instructional computing labs and by dial-in through the campus network. Interlibrary Loan services are available through the OCLC (Online Computer Library Center) network which has more than 11,000 members nationwide.

COLLECTION: The University Library has a collection of approximately 163,000 print volumes; 9,600 units of audiovisual materials and electronic media; 415,000 units of microforms; and subscribes to about 2,600 periodicals and newspapers in both print and electronic form. The Library is a depository for selected Missouri State documents. Branch libraries are maintained at University College sites in Mountain View and Springfield.

The R. Earl Allen Model Pastor's Library includes a collection from the late pastor of Rosen Heights Baptist Church in Forth Worth, Texas. The model pastor's library includes an electronic index that provides access to sermons. In addition to the sermonic books, other theology materials are also available in this collection which can be utilized by area ministers, ministerial students and other library patrons.

MEDIA SERVICES: The Media Services area is responsible for providing audio visual materials and equipment for the entire university. Through the Media Services area support is given to faculty and students in the production of educational materials, including video, hypermedia and interactive media programs. The Media Services area also maintains the television studio and handles video taping of major campus events.

SPECIAL COLLECTION: This collection consists of antique or rare books that may be used through restricted access in the library only. Due to the nature and condition of these items, some types of uses may not be allowed (such as photocopying) or may be restricted.

ARCHIVES: Items in this collection include historical treasures, many of them one-of-a-kind and irreplaceable, such as yearbooks, college catalogs, campus publications, and collected records from various campus offices or groups. Access is restricted.

OFF-CAMPUS ACCESS: A toll-free number is also available for research assistance. In addition, the University Library is a member of MOBIUS, also known as Missouri Bibliographic Information User System. MOBIUS is a consortium of 50 academic libraries in the state of Missouri who are implementing the Common Library Platform which will create a "virtual collection" of the approximately 14 million items in the libraries of Missouri's colleges and universities. The Common Library Platform will allow faculty and students to request library materials from any of these 50 academic libraries.

LIBRARY PUBLICATIONS: The Southern Baptist Periodical Index published annually in both print and CD-ROM format by the library serves SBU students and faculty as well as researchers of Southern Baptist materials such as seminaries and other Baptist colleges and universities. Your Guide to the University Library provides specific information about hours, materials, services and assistance. This free guide is available in the library. Library News and Views is a periodic publication which updates the university community about new resources, special services and events.

ADMISSION REQUIREMENTS FOR UNDERGRADUATES

This section of the catalog states the admission criteria for unconditional, conditional and other admission categories. In addition to these criteria, applicants must follow the appropriate admission procedures outlined under the section entitled "Application Procedures." Southwest Baptist University reserves the right to restrict, deny or revoke an offer of admission or the admission of any person otherwise eligible for reasons determined to be in the best interest of the institution by the officers thereof. These reserved rights shall be administered in a manner strictly consistent with state and federal non-discrimination laws.

**SOUTHWEST BAPTIST UNIVERSITY IS MODERATELY SELECTIVE IN OUR ADMISSION POLICIES,
BASED ON THE FOLLOWING CRITERIA.**

FRESHMAN ADMISSION

Unconditional Admission

1. An SBU applicant must present one of the following:
 - proof of graduation from an accredited or approved high school,
 - an acceptable secondary certificate, or
 - the GED.
2. A satisfactory composite score on the American College Test (ACT) of 19 or above or a score of 890 or above on the Scholastic Aptitude Test (SAT) is required of all applicants for unconditional admission. Applicants who do not meet this qualification may apply for conditional admission.
3. In order to help one succeed at SBU, the following high school subjects are strongly recommended (13 units): English (4 units), mathematics (3 units), social studies (2 units), natural science (2 units), electives (2 units of foreign language or computer science or 2 additional units from English, mathematics, social studies, or natural sciences).

Conditional Admission

An applicant must be a graduate of an accredited or approved high school or present an acceptable secondary certificate (e.g., the GED). The high school subjects listed above under "Unconditional Admission" are also strongly recommended for conditional admission applicants.

Applicants who are admitted conditionally will have placed in their advisee files a copy of a letter concerning the specific conditions of their admittance. Conditionally admitted applicants may be directed to take designated courses to help them succeed at SBU. Conditionally admitted applicants must complete the prescribed course of study.

Option A

Applicants who score between 15-18 on the ACT as a composite score or 710-880 on the SAT will be considered for conditional admittance by the University Admissions Committee.

Applicants considered for conditional admittance shall furnish the subcommittee sufficient justification for admittance consisting of

- an essay (of at least one page and a maximum of two pages in length) stating their reasons for seeking admission to Southwest Baptist University;
- official documentation of their high school grade point average and class rank; and
- three letters of support from teachers under whom they have taken classes in high school or college.

In addition to the supporting documents listed above, these applicants are encouraged to supply the committee with any other material or testimonies that will support their application.

Applicants who score below 15 on the ACT or below 710 on the SAT will not be admitted to Southwest Baptist University.

Option B

Applicants 25 years of age or older may elect to complete 12-13 hours of prescribed course work to demonstrate their ability to complete college work successfully. Eligibility for financial aid for persons admitted under this option will be determined by federal and state guidelines.

TRANSFER ADMISSION

Southwest Baptist University is in agreement with the principle of the Missouri Coordinating Board for Higher Education "that a student with a clear educational objective should be able to complete a degree program in the shortest possible time, whether the student remains in one institution or transfers to another."

The nature and standards of courses transferred toward a degree program must correspond closely to courses offered at Southwest Baptist University and may be limited by the college or department involved.

A maximum of six hours of "D" credit will be accepted in transfer. A maximum of 30 semester hours of accredited work earned by correspondence or extension may be applied toward SBU requirements. No more than 12 hours of this credit will be counted toward a major or minor. Applicants may transfer up to 64 semester hours of credit from junior colleges, and these credits will transfer only as lower level (1000-2000) courses. **NOTE: SBU will accept no more than 94 hours from other institutions toward a degree.**

Applicants seeking teaching certificates must additionally fulfill the general education requirements prescribed by the Missouri State Department of Elementary and Secondary Education. Only professional education courses transferred from Missouri junior colleges that are state-approved and from senior colleges having state-approved teacher education programs can be used to meet certification requirements.

Transfer students from schools that are not regionally accredited will have their work evaluated by individual departments to determine if it is transferable. No grade of "D" will be accepted from a college not regionally accredited. Transfer students who have been academically dismissed from a previous institution must seek readmittance or permission to return to that institution before being considered for admission to Southwest Baptist University.

Transfer Students with an Associate Degree

Transfer applicants who have completed the A.A. degree from a regionally accredited college will be permitted to transfer to SBU with all general education requirements met for the B.A., B.S., B.S.N. and B.A.S. degrees, except for religion and language requirements.

Transfer applicants who have completed the A.S. degree from a regionally accredited college will be permitted to transfer to SBU with all general education requirements met for the B.S., B.S.N. and B.A.S. degrees, except for religion requirements.

Transfer students holding an A.A. or A.S. degree seeking teacher certification must also fulfill the general education requirements prescribed by the Missouri State Department of Elementary and Secondary Education. (See Department of Education in the College of Education and Social Sciences)

Transfer Students without an Associate Degree

Transfer applicants will be admitted unconditionally to Southwest Baptist University as a transfer student if the following criteria have been met:

1. the applicant has earned a minimum of 12 hours of college-level work (excluding remedial courses) from a regionally accredited college or university since completion of high school or GED; and
2. the applicant has achieved a 2.0 grade point average, or higher, on all college-level work.

NOTE: Transfer applicants who do not meet the criteria listed above will be considered for admission under the "Freshmen Admission" criteria. Applicants who have not successfully completed the equivalents of SBU's English and math requirements are required to take the ACT, SAT, or another approved placement exam before being placed in an English or math course.

SPECIAL ADMISSION

Persons who have not yet earned a high school diploma or certificate may be eligible for the following special programs established by the University to meet the needs and interests of qualified applicants.

Dual Credit

Superior high school students may be admitted to Southwest Baptist University for the purpose of completing a limited number of courses during their final two years of high school. This provision is limited to applicants who attend high schools near the SBU campus, one of the SBU centers or who enroll in dual credit courses in approved high schools. Applicants must submit a dual credit application which includes recommendations from officials at their school and written approval from their parents. Applicants are admitted on the basis of academic standards that are similar to those required for unconditional admission to the University. Interested applicants should contact the Office of Dual Credit Programs for further information. Admission is limited by space available and the completion of necessary prerequisite courses. Southwest Baptist University accepts courses completed by students as dual credit courses at other regionally accredited institutions.

Early Admission

Under unusual circumstances a superior high school student may request entrance to the University as a regular, full-time student before high school graduation. If the applicant has not completed all requirements for graduation from high school, the following must be presented:

1. An official sixth semester transcript, including the applicant's class rank.
2. An SAT score or ACT score forwarded to SBU.
3. A letter from the applicant stating the reasons for seeking early admission.
4. A letter from the parents of the applicant stating consent to the early admission.
5. A letter from the high school superintendent or principal stating that the applicant has complied with the high school's process granting early release.

Junior Year Summer Program

An applicant who has completed the junior year of high school may be admitted to Southwest Baptist University during the summer term before his or her senior year. Credit earned will be deferred until the applicant has completed high school or has been accepted as a freshman college student, at which time the student may receive credit at SBU for the completed coursework. An applicant who plans to attend a college other than Southwest his or her freshman year should consult that college as to transfer policy concerning deferred credit.

INTERNATIONAL ADMISSION

Qualified international applicants are invited to apply for admission to SBU. The following requirements apply to international applicants and U.S. resident aliens whose native language is not English.

1. Applicants from non-English speaking countries must take and make a satisfactory score of 550 on the paper based-test or 213 on the computer-based Test of English as a Foreign Language (TOEFL). Scores must be no more than two years old.

Exceptions to the required TOEFL scores will be made in the following instances only:

- a. An applicant is a citizen of any country where English is the primary language.
- b. An applicant has studied in one of the countries mentioned above, or the U.S., within the past three years and has a good academic record at the school attended.

To register for the test, each applicant must write:

TOEFL, Educational Testing Service
Princeton, New Jersey 08540
U.S.A.

2. All Southwest Baptist students are required to take the ACT or SAT exam or other approved departmental placement exams for placement in English and math classes.
3. International applicants must submit a report of physical examination on a form furnished by the University.
4. Official credentials indicating all secondary and college work must be submitted to the admissions office with the formal application forms. Admissions status cannot be determined until all documents are on file. International students who transfer work to SBU from foreign institutions are responsible for any evaluation fees associated with the transfer of credits. A letter of acceptance will be issued only when an applicant is found eligible for admission.
5. All international applicants are required to purchase medical insurance immediately upon arrival on campus.

An applicant admitted from another country must carry a minimum full academic load. A "minimum" load is interpreted to mean 12 academic credit hours, unless the applicant needs fewer hours to complete his or her academic program. An applicant who has qualified on the TOEFL is deemed sufficiently proficient in English to carry the minimum of 12 credit hours.

APPEALS RELATED TO ADMISSION

Appeals regarding admission to Southwest Baptist University shall be submitted in writing to the Director of Admissions. All decisions made by the Admissions Committee are final and will be communicated to the applicant in writing.

DISCLOSURE OF DISABILITIES

All admitted applicants are required to file with the Director of Enrollment Management a statement as to their desire or refusal of special provisions while enrolled as a student at Southwest Baptist University.

Because scheduling of classes, arranging housing in accessible facilities, and providing special academic assistance may require reasonable advance planning by the University, applicants with disabilities who have been accepted for admission are required to return the Disclosure of Disability form as soon as possible, but no later than one month before the start of the semester of admission, indicating the nature (type, kind) of accommodation that they need.

APPLICATION PROCEDURES

The following application procedures are required for all undergraduate applicants who wish to enter Southwest Baptist University. Admission criteria are stated on the previous pages.

First-Time Freshman

Applicants who wish to receive early notification must have their admission file complete by January 31. Those applicants who desire consideration under this plan should take the ACT no later than November of their senior year in high school; the April or June test dates of the junior year are preferable.

1. File a completed Application for Admission. This form should be accompanied by a \$25 non-refundable application fee. Notification of acceptance is on a rolling basis. An application file is considered complete when all credentials have been received. Applicants are encouraged to apply early in the senior year.
2. Request the secondary school to send an official transcript of credits, including grade point average and rank in class at the end of the junior year.
3. Request the official transcript for any college work completed (including dual credit).
4. Take the American College Test (ACT) or the Scholastic Aptitude Test (SAT) and have score reports sent to the Office of Admissions. SBU's ACT code is 2368; the SAT code is 6664. The Application for Admission may be submitted before taking the test.
5. Complete and return the "Housing Contract" (only applicants desiring to live on-campus need complete).
6. Submit a \$75 enrollment deposit.
7. Submit the appropriate health records. Immunization records must be forwarded to the Office of Admissions prior to enrollment. In most cases, these records may be obtained from the high school records office.
8. Arrange to visit the campus, if possible, for a personal interview with your admission representative. An applicant should write or telephone for an appointment at least one week in advance.

9. Accepted applicants must request a final official transcript from their high school as soon as possible, reflecting senior year credits, grades, final class rank and statement of graduation.
10. Admitted applicants are required to file with the Director of Enrollment Management a statement as to their desire or refusal of special provisions while enrolled as a student at Southwest Baptist University.

Transfer Students

1. File a completed Application for Admission. This form should be accompanied by a \$25 non-refundable application fee. Admission to transfer students is offered on a rolling basis, with notification being sent when the application file is complete.
2. Request the secondary school to send official transcript of credits, including a statement of graduation and the rank in class at the end of the senior year.
3. Request the official transcripts of all previous college work.
4. Have ACT or SAT scores forwarded to SBU if the test has been taken. Applicants who have not successfully completed the equivalents of SBU's English and math requirements are required to take the ACT, SAT, or another approved placement exam before being placed in an English or math course. SBU's ACT code is 2368; the SAT code is 6664. The Application for Admission may be submitted before taking the test.
5. Complete and return the "Housing Contract" (only applicants desiring to live on-campus need complete).
6. Submit a \$75 enrollment deposit.
7. Submit the appropriate health records. Immunization records must be forwarded to the Office of Admissions prior to enrollment.
8. Arrange to visit the campus, if possible, for a personal interview with an admission representative. An applicant should write or telephone for an appointment at least one week in advance.
9. Submit final transcripts of college work as soon as possible.
10. Admitted applicants are required to file with the Director of Enrollment Management a statement as to their desire or refusal of special provisions while enrolled as a student at Southwest Baptist University.

International Students

In order for the applicant to receive the Certificate of Eligibility (Immigration Form I-20) required of all foreign applicants entering the United States, the following conditions must be met:

1. The applicant must be formally admitted to the University as a full-time student. This includes a completed application, a non-refundable application fee of \$100 U.S. and official transcripts of all academic work (secondary school and above). This process should be initiated at least 4 months prior to the desired semester of enrollment.
2. The applicant must submit an advance deposit in the form of a certified check or bank draft in the amount of one year's educational and living expenses. This amount will be put on account and be available for the applicant's use upon arrival.
3. When these conditions have been met, the Certificate of Eligibility (I-20) will be issued to the applicant. **NOTICE: Under no circumstances should an applicant prepare to arrive in the United States until granted a student visa, final acceptance, and, where necessary, financial aid.**
4. Applicants are required to purchase a hospitalization insurance plan immediately upon arrival on campus.
5. Admitted applicants are required to file with the Director of Enrollment Management a statement as to their desire or refusal of special provisions while enrolled as a student at Southwest Baptist University.

Non Degree-Seeking Students

Applicants are required to submit an official high school transcript or the GED, and may take up to 12 hours (except English and Mathematics) of college level work without having to take the ACT or SAT examinations. These students will be classified as Special Students. If non degree-seeking students desire to take more than 12 hours, they must apply for admission.

Advanced Academic Standing

Applicants may receive course credit through examination or through advanced placement courses taken in secondary school. The examination and/or advanced placement course must be equivalent to a course taught at Southwest Baptist University.

Applicants need to apply for advanced academic standing when they submit their secondary school records during the admissions process.

Advanced Placement Examinations (APE)

The Advanced Placement Examination is a national system of credit by examination. Applicants may receive course credit on an Advanced Placement Examination as follows:

Veterans

Southwest Baptist University is approved for the education of veterans and their dependents under Chapters 31, 34, and 35, Title 38, U.S. Code. According to the recommendations of the American Council of Education, credit may be granted for courses completed while in military service.

Credit By Examination

To be eligible to receive credit by examination, an applicant must not have earned more than 90 hours of university credit and may not have received university credit or any credit for any course within the academic discipline covered by the exam. Transcripts for all post secondary work attempted must be on file in the SBU registrar's office before applicants may sign up for any of the below mentioned tests.

College-Level Examination (CLEP)

The Career Planning and Placement Center in the office suite of Mabee Chapel administers the College-Level Examination (CLEP). This is a national system of credit-by-examination prepared by Educational Testing Services. A complete list of examinations accepted for credit may be obtained from the Career Planning and Placement Center. For costs for taking these examinations, contact the Career Planning and Placement Center.

Departmental Examination

Departmental examinations are tests prepared by professors on campus. Each departmental test is approximately two hours in length and is comparable to a comprehensive final examination in the course for which it is designed. Students wishing to take departmental examinations should contact the respective department chair. Upon successful passage of the examination, the student must pay the "credit by examination" fee (\$25 per credit hour) to have the course transcribed.

Proficiency Examination Program (PEP)

Proficiency Examination Program (PEP) tests are part of a national system of examination administered by American College Testing. Information regarding these tests may be obtained from the Career Planning and Placement Center. For costs for taking these examinations, contact the Career Planning and Placement Center.

TUITION AND FEES FOR UNDERGRADUATES

A primary goal of Southwest Baptist University is to provide quality Christian higher education at a minimum cost to the student. Financial support which the school receives from the Missouri Baptist Convention, the Bolivar community, alumni and other sources supplements the operating budget. This assistance enables the institution to keep expenses for the student below that of most colleges in the nation. **The University reserves the right to adjust or revise the charges at any time during the year.** Students are encouraged to keep their personal finances within moderate limits. They should allow approximately \$500 per year for books. Personal expenses of \$500 and transportation expenses of \$900 (estimated for non-Missouri residents) should also be considered as well as reasonable amounts for clothing, entertainment and incidental expenses.

The University does not provide banking services on campus. There are, however, six banks in Bolivar, all of which carry personal accounts at a nominal monthly charge. Two local banks provide ATMs on campus for the convenience of our students.

REGISTRATION PROCEDURES

Registration by Mail (Bolivar campus only)

Enrolled students are mailed registration packets in mid-July for the fall semester and mid-December for the spring semester. This packet contains the bill for the semester, schedule of enrolled courses, payment plan information, and other pertinent information relating to the registration process. This packet must be completed and returned to the Office of Accounting Services by the deadline included in the packet (normally one week prior to the start of classes). Payment of fees or down payment is required by the deadline.

Registration at Off-Campus Program Sites

Enrollment and registration are combined at off-campus program sites. Please contact the site you wish to attend for further information.

Late Registration

Late registration is permitted after classes begin until the published last date to add classes; however, students failing to respond to the registration packet billing by the deadline will be assessed a \$75 late registration penalty. Those students not enrolled by the first day of classes will not be assessed a late registration fee; however, the student should be prepared to register (pay for courses or make a down payment) at the time of enrollment.

Students who complete registration after courses begin are not excused from meeting attendance or academic requirements and must arrange with the instructor to make up any assignments missed. No student is permitted to register after the scheduled late registration date.

PAYMENT OF ACCOUNTS

All charges for tuition, fees, and room and board are due in full at the beginning of each semester. Students unable to pay the full amount at the time of registration must select the Tuition Management Systems (TMS) Plan. Complete information is sent to all new students each spring or may be obtained from the University's Office of Accounting Services.

Tuition Management Systems (TMS) Plan

The TMS Plan enables a student to pay all or part of fees in ten monthly installments **without interest charges**. The Plan may be used to supplement all other forms of financial aid such as grants, loans and scholarships. An additional feature of the plan is Life Benefit Coverage which guarantees payment of the unpaid balance of the budgeted amount, in the event of the death of the enrolled parent or guardian.

Participation is on an annual basis. There is an annual enrollment fee which is payable to TMS. There are no other fees or interest charges assessed by TMS. The Life Benefit Coverage is provided at no additional charge. Additional information is mailed each spring to new students by TMS, or is available from the Office of Accounting Services. One-half of the total amount budgeted with TMS is credited to a student's account in September and the second half in January, providing the account with TMS is current. Delinquent amounts will be assessed an interest charge by the University equivalent to 13% per annum. Any account which has three past due installments will be terminated by TMS and will not be eligible for renewal in subsequent years.

Student's Financial Responsibility

Any student who is found to be negligent in making adequate arrangements to pay his or her account may be subject to immediate dismissal. No student is permitted to enroll until all account balances have been settled or satisfactory arrangements have been made with the student accounts manager. No student will be allowed to graduate until all account balances have been paid in full with the exception of the Federal Perkins Student Loan. To aid students in paying accounts, the University offers a variety of financial assistance programs (see Scholarships, Loans, Grants and Employment).

REFUND POLICY

Tuition Charge Refunds - Bolivar Campus

Refunds on the tuition charges will be based upon the period of enrollment that the student has completed as of the student's withdrawal date. If this date occurs on or before sixty percent of the period of enrollment, then a refund will be given. Once the period of enrollment completed exceeds sixty percent, no refund will be given. The period of enrollment is defined as the total number of calendar days within that term less any scheduled breaks of at least five consecutive days.

EXAMPLE

If the student completes ten days of a term that is one-hundred days in length, then the student has completed only ten percent of that term and is eligible for a ninety percent refund in tuition charges.

Tuition Charge Refunds Off-Campus Programs

Refunds on the tuition charges will be based upon the period of enrollment that the student has completed as of the student's withdrawal date. If this date occurs on or before sixty percent of the period of enrollment, then a refund will be given. Once the period of enrollment completed exceeds sixty percent, no refund will be given. The period of enrollment is defined as the total number of calendar days within that term less any scheduled breaks of at least five consecutive days.

EXAMPLE

If the student completes ten days of a term that is one-hundred days in length, then the student has completed only ten percent of that term and is eligible for a ninety percent refund in tuition charges.

Enrollment Deposit Refund

An enrollment deposit of \$75 is required of all students. This deposit serves as a security/damage deposit and is retained by SBU while the student is enrolled. Refund of the deposit will be applied against any amount due the University with the balance refunded by check within 90 days following graduation or official notice of satisfactory termination of the student's attendance.

Special Circumstances Refunds

Students may request a special circumstances refund withdrawal calculation if it is necessary for a student to withdraw because of the following reasons:

1. Illness, certified to by a physician (copy of physician's request to withdraw required)
2. Students called to military active duty (copy of orders required)
3. Disciplinary dismissal by the University

The tuition and room and board charges will be refunded on a pro rata basis. Financial Assistance will be canceled based on institutional and federal policy (contact the Office of Accounting for further details).

Enrollment status is an indicator of whether an enrollment deposit will be refunded. Students canceling their enrollment will receive a refund of the deposit as follows:

New Student: The enrollment deposit of \$75 is refundable if the applicant notifies the admissions office of cancellation by July 1 for the fall semester, December 1 for the spring semester and May 1 for the summer sessions. Any deposit made after a set cancellation date is refundable to the student who cancels within 21 days after the University's receipt of the payment.

Continuing Student: The enrollment deposit for the continuing student is refundable if the pre-enrolled student notifies the Admissions Office of their intent not to return by July 1 for the fall semester, December 1 for the spring semester and May 1 for the summer term.

All currently enrolled students are expected to maintain their enrollment deposit as long as they plan attendance at Southwest Baptist University. Withdrawal of the enrollment deposit places the student in an inactive status and cancels any residence hall reservation.

Correspondence Course Refunds

Refunds on the tuition charges for **correspondence courses** will be according to the following schedule:

From date of enrollment:

0-30 days	100% tuition
After 30 days	No Refund

The refund policy for first semester SBU students enrolled in correspondence courses will be the same as the institutional refund policy (See **NOTE** above).

Dormitory Refunds

Refund on room charges will be according to the following schedule:

Withdrawal from school or from housing by:

5th class day	90% refund
After 5th class day	No refund

Board Refunds

Board charges will be refunded on a pro rata basis.

Cancellation of Federal Financial Assistance

Students who have been awarded federal financial assistance from Southwest Baptist University and withdraw from school or cease to attend classes are subject to the cancellation of their federal financial assistance and the removal of the award credit from their account. **Non-attendance of classes does not constitute official withdrawal from the institution. Applicable refunds for students receiving federal and/or state financial aid funds will be calculated in reference to the student's last date of documented attendance.**

Students who drop classes during the tuition refund period, which in effect lowers their enrollment to other than full-time status, will be considered ineligible for a full federal financial assistance award. Federal financial assistance credit will be removed from the student's account in accordance to the lower number of credit hours.

Cancellation of federal financial assistance will be made in accordance with current federal regulations. For information concerning the current federal financial assistance cancellation policies, contact the Director of Accounting Services.

Transcripts

Requests for transcripts must be made in writing, signed and dated by the individual whose transcript is to be released. All requests for transcripts should be mailed to the registrar's office or faxed to them at 417-328-1514. A faxed request must include a credit card number, expiration date and authorize the cost of the transcript and any associated mailing fees (SBU accepts VISA, MasterCard and Discover).

No transcript will be given until all accounts at the University have been paid in full. Perkins/National Direct Student Loan repayments must be current and student loan exit interviews must be complete.

TRANSCRIPTS MAY BE REQUESTED AS FOLLOWS:

Official Copy An official copy carries the University seal and the signature of the registrar. The cost is \$5.00 per transcript.

Unofficial Copy An unofficial copy does not carry the University seal or the signature of the registrar. The cost is \$2.50 per transcript. An unofficial copy can be faxed to the recipient. The cost of a faxed unofficial copy is \$3.00.

UNIVERSITY SCHOLARSHIPS

Southwest Baptist University provides scholarships to worthy undergraduate students attending the Bolivar campus, of high scholastic rank and to undergraduate students in certain special categories. Requests for scholarships should be addressed to the Director of Admissions, unless otherwise indicated in the provisions of the particular scholarship section.

General Regulations

1. Undergraduate scholarship recipients must be enrolled full time (12 hours or more) and attend the Bolivar campus to qualify for scholarships unless otherwise stated in the individual description of the scholarship. Exception: students enrolled in at least 6 credit hours of undergraduate classroom course work during the final semester of their degree program prior to graduation may receive all institutional scholarships for which they are eligible.
2. Students will receive the scholarships for which they are eligible and recommended provided (a) they have supplied all necessary information and required forms within the deadline dates, and (b) their total financial aid provided by the University does not exceed their college costs (as indicated by the catalog) or violate the conditions for receiving the assistance.
3. Scholarships are awarded on an annual basis reflecting credits earned in the fall and spring semesters only, and not for the January or summer terms. Renewal, where applicable, is on an annual basis. Since recipients of scholarships normally can complete their degree in eight semesters, the recipient is ineligible for scholarships beyond their tenth semester regardless of whether they have received ten semester awards under the scholarship. Scholarships are currently not available for graduate studies.
4. Failure to abide by regulations regarding academic achievement and conduct may result in withdrawal of the scholarship.
5. Scholarship awards are subject to cancellation and the removal of credit from the students' accounts if they withdraw from school, cease to attend classes or are deemed ineligible due to their failure to maintain the status of full-time students. (See section, "Cancellation of Scholarships Policy".)

6. Deadlines for submitting applications, required documents or data have been set by the administration of the University. Failure to adhere to the criteria for each scholarship may make students ineligible to receive an award at a later date.
7. All scholarships provided by the University, other than those funded through other sources, are subject to future action by the University either to limit or discontinue the same.
8. All scholarships require a 2.000 minimum GPA for renewal unless otherwise stated.
9. Institutional and non-institutional aid may not exceed the total cost of attendance. In such instances, institutional aid will be reduced.

The scholarship assistance for qualified students, as described below, originates from many sources. Many individuals and organizations have made generous gifts to the University. Therefore, the recipients of scholarships should demonstrate fidelity to the University, denomination and Christian ideals which have prompted individuals and organizations to provide these scholarships.

ACADEMIC SCHOLARSHIPS

The University awards scholarships to those students attending the Bolivar campus who demonstrate exceptional academic qualities. Academic scholarships are based on achievement and not need. Each scholarship listed below is renewable all four years provided the student maintains at least a 3.500 cumulative grade point average for the **Founders Award**, a 3.350 cumulative grade point average for the **Presidential Excellence Award**, a 3.000 cumulative grade point average for the **Provost Scholarship** and the **Trustees Scholarship** and a 2.750 cumulative grade point average for the **Deans Scholarship**. Scholarships are awarded pending receipt of the student's final high school or college transcript and ACT or SAT scores by the Office of Admissions. Eligible first-time students may receive only one of the academic scholarships listed below.

Once the final transcript is received and the scholarship awarded, scholarship recipients will not change scholarship levels while attending SBU.

Founders Award

Five full-tuition scholarships are available to high school students who rank in the upper 5% (or 3.850 GPA) of their senior class and have obtained a composite score of 31+ on the enhanced ACT examination or 1360-1600 on the SAT examination.

Transfer students must have earned 30 or more hours of evaluated credit with a grade point average of 3.850 or above, and obtained a composite score of 31+ on the enhanced ACT examination or 1360+ on the SAT examination.

Eligible students will receive an application. Final selection will be made in conjunction with the annual Spring Enrollment Day. Applicants not selected will automatically receive the Provost's Scholarship.

Students are not eligible for institutional scholarships.

Presidential Excellence Award

Ten half-tuition scholarships are available for high school students who (1) rank in the upper 5% (or 3.850 GPA) of their senior class and have obtained a composite score of 28 to 30 on the enhanced ACT examination or 1240-1350 on the SAT examination; or (2) who rank in the upper 10% (or 3.750 GPA) of their senior class and have obtained a composite score of 30 to 36 on the enhanced ACT examination or 1320-1600 on the SAT examination.

Transfer students must have earned 30 or more hours of evaluated credit with a grade point average of 3.850 or above, and a composite score of 28-30 on the enhanced ACT examination or 1240-1350 on the SAT examination.

Provost Scholarship

The provost scholarship provides \$2,950 per year for four years. Entering freshmen may receive this scholarship if (1) they rank in the upper 5% (or 3.850 GPA) of their senior class and have obtained a composite score of 24-27 on the enhanced ACT examination or 1090-1230 on the SAT examination; or (2) if they rank in the upper 10% (or 3.750 GPA) of their senior class and have obtained a composite score of 26-29 on the enhanced ACT examination or 1170-1310 on the SAT examination.

Transfer students may receive this scholarship if (1) they transfer at least 30 hours or more of evaluated college credit with a grade point average of 3.850-4.000 and have obtained a composite score of 24-27 on the enhanced ACT or 1090-1230 on the SAT examination; or (2) they transfer with a grade point average of 3.500-3.840 and have obtained a composite score of 26-36 on the enhanced ACT examination or 1170-1600 on the SAT examination; or (3) they transfer with a grade point

average of 3.000-3.490 and have obtained a composite score of 28-36 on the enhanced ACT examination or 1240-1600 on the SAT examination.

Trustees Scholarship

The trustees scholarship provides \$2,530 per year for four years. Entering freshmen receive this award if (1) they rank in the upper 10% (or 3.750 GPA) of their senior class and have obtained a composite score of 24-25 on the enhanced ACT examination or 1090-1160 on the SAT examination; or (2) they rank in the upper 5% (or 3.850 GPA) of their senior class; or (3) they have obtained a composite score of 28-36 on the enhanced ACT examination or 1240-1600 on the SAT examination.

Transfer students receive this scholarship if (1) they transfer at least 30 hours or more of college credit with a grade point average of 3.000-3.490 and have obtained a composite score of 24-25 on the enhanced ACT examination or 1090-1160 on the SAT examination; or (2) they transfer with a grade point average of 3.500-4.000; or (3) they have a composite score of 28-36 on the enhanced ACT examination or 1240-1600 on the SAT examination.

Deans Scholarship

This scholarship provides \$2,100 per year for four years. Entering freshmen receive this scholarship if they (1) rank in the upper 10% (or 3.750 GPA) of their senior class; or (2) have obtained a composite score of 24-27 on the enhanced ACT examination or 1090-1230 on the SAT examination.

Transfer students will receive this scholarship if they (1) transfer 30 or more hours of credit with a grade point average of 3.000-3.490; or (2) have a composite score of 24-27 on the enhanced ACT examination or 1090-1230 on the SAT examination.

Nursing Students (Springfield Center Only)

Nursing students who have received an academic scholarship while attending the Bolivar campus, may be eligible to receive an academic scholarship after transferring to the Springfield nursing program. Please contact your advisor for details.

CHURCH-RELATED SCHOLARSHIPS

Southwest Baptist University makes available a number of church-related scholarships based upon a special calling to full-time church service, church relationship or prior church participation. The **Church-Related Vocation** scholarship is \$500 per year for students preparing for a church-related vocation, i.e., church music, missions, pulpit ministry, religious education, children's ministry or youth ministry. Students must submit an application and reference letter. Recipients are expected to participate in Southwest Baptist University's In-Service Training Program and must complete The Baptist Denomination (THE 3023).

The **Dependent of Church Minister** is an annual award of \$250. Spouses, sons or daughters of persons engaged as full-time ministers and dependents of current SBU ministry students are eligible for this award. Students must submit an application. Students may receive only one of the scholarships listed above.

SBU also provides the **Church Matching Scholarship**. A student's home church may contribute \$500 per semester (fall and spring only); SBU will match those church funds with \$500 per semester. An agreement between SBU and the student's home church is required. Application and church contributions made payable to SBU must be received by August 1 (fall semester) and/or January 15 (spring semester). Interested students must submit the name of their home church, the church address and a contact person at their church to the financial assistance office; required forms will be mailed annually to the home church in early May.

The **Christian School Scholarship** is an annual award of \$250. A student must be a graduate of a Christian secondary school and be recommended by a school counselor or administrator. Application required.

The **Royal Ambassador and Acteen Scholarship** is an annual award of \$150 to \$400 based upon Service Aide Awards earned; applications must be filed with your state WMU or Brotherhood Department.

Foreign Missionary Dependent Scholarship - Dependents of missionaries employed by the International Mission Board of the Southern Baptist Convention, who submit written documentation from the International Mission Board of their status to the office of financial assistance, are eligible for 2/3 of tuition costs for the academic year. Students are not eligible for any other institutional scholarship funds other than the University Scholars Award.

PERFORMANCE SCHOLARSHIPS

Athletic Scholarship

Scholarships are available to selected individuals who exhibit athletic skill and academic promise. Satisfactory academic progress must be shown each year for aid to be continued. Scholarships are offered to men for basketball, football, baseball, track, golf, cross country, soccer and tennis. Scholarships are offered to women for basketball, softball, volleyball, track, cross country, soccer and tennis. Questions concerning athletic scholarships should be directed to the coach of each particular sport or to the Director of Athletics.

Music Scholarship

Scholarships are available to selected students who demonstrate special skill in voice, piano, organ, strings or wind/percussion instruments. An audition is required. Information concerning procedures, dates of auditions and requirements may be obtained by contacting the department of music. To retain a music performance scholarship students must satisfactorily perform in their appropriate ensemble and maintain a GPA of at least 2.500.

Speech Scholarship

Scholarships are available to students who demonstrate outstanding ability in individual speaking or debate. Recipients are not required to major or minor in speech, but are expected to participate in the activities of the department as requested. Scholarships are awarded on the basis of past achievements, grades, recommendations and promise of success. Inquiries should be directed to the Department of Communication Arts. The awards are approved on a semester basis for selected students who maintain at least a 2.000 grade point average.

Theatre Scholarship

Theatre scholarships are available to students who demonstrate outstanding ability in drama. Recipients are not required to major or minor in theatre, but are expected to participate in University dramatic productions. Scholarships are awarded on the basis of past achievement, grades, recommendations and promise of success. Inquiries should be directed to the theatre office. Recipients must maintain at least a 2.500 grade point average.

SPECIAL SCHOLARSHIPS

Commuter Scholarship

Students who travel to the University for regularly scheduled classes and return to their place of residence within the same day at least two days per week qualify for a tuition concession of \$150 each semester if they 1) commute 25 miles or more one way to attend classes, or 2) are graduates of Bolivar, Buffalo, Dadeville, Fair Play, Halfway, Hermitage, Humansville, Morrisville, Pleasant Hope, Skyline, Stockton, Tunas, Weaubleau or Wheatland High School. An application form must be completed prior to August 1 for students beginning in the fall semester and January 1 for students beginning in the spring semester. Any change of residency must be reported to the office of financial assistance.

Polk County Community Scholarship

Any student who has graduated or will graduate from one of the six high schools in Polk County may apply for an award of \$1,100 per year. Funds for this scholarship are donated by individuals, businesses, clubs, churches and other organizations of Polk County. Applications may be obtained from the offices of financial assistance and admissions.

Missouri Teacher Education Scholarships

The Teacher Education Scholarship is a one-time, non-renewable award of \$2,000. One-half of the scholarship is paid by the State of Missouri and one-half by the University. Applications may be obtained from the Office of Financial Assistance. Application deadline is established by the state of Missouri and is February 15. Scholarship recipients must teach in a Missouri public school for five years after receiving certification or the scholarship converts to a loan which must be repaid.

Missouri Minority Teacher Education Scholarship

The Missouri Minority Teacher Education Scholarship is a renewable (upon application for up to four years) \$3000 scholarship. Two-thirds of the scholarship is paid by the State of Missouri and one-third is paid by the University. Application deadline is February 15 and is established by the state of Missouri. Applications may be obtained from the Office of Financial Assistance. Scholarship recipients must teach in a Missouri public school for five years after receiving certification or the scholarship converts to a loan which must be repaid.

UNIVERSITY SCHOLARS AWARDS

The University Scholars Award program was created to recognize outstanding students. Students having achieved sophomore standing will qualify for this award by maintaining full-time enrollment status and meeting the minimum 3.250 grade point average. Transfer students must complete one fall or spring semester while enrolled full-time to be considered eligible. Scholarship awards are for the academic year and will be based on class standing and cumulative grade point average. Annual scholarship awards will be awarded according to the following schedule:

<p>GPA of 3.250-3.499</p> <p>Sophomores (32-63 hours) \$135</p> <p>Juniors (64-95 hours) \$150</p> <p>Seniors (96+ hours) \$165</p> <p>GPA of 3.500-3.699</p> <p>Sophomores (32-63 hours) \$270</p> <p>Juniors (64-95 hours) \$300</p> <p>Seniors (96+ hours) \$330</p>		<p>GPA of 3.700-3.849</p> <p>Sophomores (32-63 hours) \$405</p> <p>Juniors (64-95 hours) \$450</p> <p>Seniors (96+ hours) \$495</p> <p>GPA of 3.850-4.000</p> <p>Sophomores (32-63 hours) \$540</p> <p>Juniors (64-95 hours) \$600</p> <p>Seniors (96+ hours) \$660</p>
---	--	---

No formal written application is required. Students apply by achieving the required grade point average. Eligibility for this scholarship will be determined after the spring semester.

PRIVATE SCHOLARSHIPS

Friends of the University have provided both endowed and non-endowed scholarship funds for qualified undergraduate students attending the Bolivar campus. Complete information about private scholarships can be obtained from the office of admissions.

A limited number of private scholarships are available to students attending off-campus sites. You may contact the off-campus site of attendance for more information.

LOANS AND GRANTS

Southwest Baptist University offers a comprehensive financial assistance program designed to recognize student financial needs and to meet these needs with a combination of University, federal, state and private assistance sources. All assistance is awarded on the basis of financial need and the total amount of assistance cannot exceed that need. The assistance extended to students consists of loan, grant and work programs that are administered by the Office of Financial Assistance. Application for assistance is made by (1) completing an SBU supplemental financial assistance application, (2) filing a Free Application for Federal Student Aid (which is the application for the Pell Grant and Missouri Grant), (3) submitting to SBU a photocopy of the most recent income tax return filed by the parents and the student.

All assistance application forms must be completed before aid can be awarded by the University. Application for admission to SBU must also be in progress so that scholarship information can be compiled with financial assistance data. All offers of assistance must be accepted in writing before the beginning of the semester or the aid offer will be canceled. All questions concerning the application process, application deadlines or the following available assistance programs should be directed to the offices of financial assistance or admissions.

Federal Pell Grant

This grant is funded by the U.S. Office of Education. Grants range up to \$3,300 and are dependent upon need as determined by the Free Application for Federal Student Aid (FAFSA) which may be obtained from the offices of financial assistance or admissions.

G. Gallagher Missouri Student Grant

The Coordinating Board for Higher Education has established the G. Gallagher Missouri Student Grant program for permanent residents of Missouri, who will be attending college in Missouri on a full-time basis. Grants from this program

range up to \$1,500 and can be applied for by completing the FAFSA obtained from the offices of financial assistance or admissions. Your FAFSA must be received by the federal processor by April 1.

Federal Supplemental Educational Opportunity Grant

Federal Supplemental Educational Opportunity Grant funds are allocated to the University by the federal government and are awarded based on financial need. Grant awards are dependent upon the need of the student and the funds available. Students with the greatest financial need and who apply by the institutional deadline of March 15 have priority on receiving SEOG funds.

Federal Perkins Loan

Federal Perkins Loans are available to qualifying students in amounts related to financial need. Applicants must be an eligible citizen or an eligible non-citizen who are making academic progress and show financial need based on their families' income and resources. No interest is charged or payment expected while students are carrying at least half of the normal full-time class load. Repayment begins with interest accruing at 5% per year on the unpaid balance nine months after the student ceases to be enrolled on a half-time basis. Payment schedules may extend to a maximum of 10 years with at least 10% of the principal due each year. A minimum repayment of \$40 per month is required on loans made after July 1, 1972. Before funds can be issued, borrowers must sign a promissory note and an affidavit of educational purpose. Some limited repayment deferments and cancellation benefits are available to students entering certain vocations.

Subsidized Federal Stafford Loan

Federal Stafford Loans are made by commercial lenders, banks, savings and loans and credit unions to students who are enrolled on at least a half-time basis and who demonstrate financial need. Eligible students may borrow up to \$2,625 for their first year of school (0-31 hours), \$3,500 the second year (32-63 hours), \$5,500 the third (64-95 hours), fourth and fifth years (96+ hours) of school. Graduate students may borrow up to \$8,500 per year. Repayment begins six months after half-time enrollment status ceases at a minimum rate of \$50 per month plus interest. The interest rate is variable and is set at 3.1% above the 91-day U.S. Treasury Bill rate and is capped at 8.25%. The interest rate is subject to change annually. Please contact the financial assistance office regarding application procedures.

Unsubsidized Federal Stafford Loan

The terms and conditions for Unsubsidized Federal Stafford Loans mirror those in the Federal Stafford Loan program described above. Loan limits, deferments and interest rates are the same as for the Federal Stafford Loan; however, no in-school interest subsidies are provided by the federal government. Students will pay interest during in-school and deferment periods on a monthly or quarterly basis, although the interest can be capitalized quarterly.

Parent Loan Program

The Parent Loan Program was established to enable parents to borrow money to assist in the post-secondary educational expenses of their dependent sons and daughters. Loans may be obtained from banks, credit unions and savings and loan companies. An eligible parent may borrow up to the total cost of attendance less the student's financial assistance per academic year on behalf of each dependent undergraduate student. The first payment is due within 60 days of the date the loan is disbursed. Interest begins on the day of disbursement and is equivalent to the 52-week U.S. Treasury Bill rate plus 3.1% to a maximum limit of 9%. Some deferment opportunities are available. Loan applications may be obtained from the lender or the SBU Office of Financial Assistance.

SATISFACTORY ACADEMIC PROGRESS POLICY

Full-time students normally acquire the number of credit hours necessary for graduation at Southwest Baptist University in eight (8) semesters. Full-time students are those enrolled in 12 to 18 credit hours a semester. Students should complete a minimum of 16 credit hours every semester to graduate in eight semesters. Although some programs may require more than eight (8) semesters to complete, eligibility for federal financial aid expires after 10 semesters for full-time students. This limit is prorated for longer periods of time for students enrolled less than full-time.

Federal regulations governing the administration of the Federal Pell Grant, the Federal Perkins Loan, the Federal Supplemental Educational Grant (FSEOG), the Federal College Work-Study Program (FCWSP), the Federal Stafford Loan Program and the Federal Parent Loan Program (FPLUS) for undergraduate students require that eligible

institutions define and enforce standards of progress for students receiving financial aid. To comply with that legislation, the following standards of satisfactory academic progress have been established at Southwest Baptist University. All recipients of the above mentioned forms of financial aid as well as all state and institutionally funded programs are subject to these standards for renewal of their financial aid. Institutional financial aid programs are available for eight (8) semesters only. Unusual circumstances would justify an appeal to the financial aid director.

Minimum Standards Required

1. **Full-time students** should successfully complete at least nine (9) credit hours each semester and 24 credit hours each academic year and maintain a cumulative grade point average according to the following schedule:

At the end of	Credit Hours	Cumulative GPA
2 semesters	24	1.60
4 semesters	48	1.77
6 semesters	72	1.90
8 semesters	96	2.00
10 semesters	120	2.00

Advanced placement or CLEP credits are not considered for this requirement. Repeated courses may be considered if approved by the Provost.

2. **Three-quarter time students** enrolled for 9, 10 or 11 semester credit hours must successfully complete at least nine (9) credit hours each semester and eighteen (18) credit hours each academic year. A cumulative grade point average must also be maintained according to the following schedule:

At the end of	Credit Hours	Cumulative GPA
2 semesters	18	1.60
4 semesters	36	1.77
6 semesters	54	1.77
8 semesters	72	1.90
10 semesters	90	2.00
12 semesters	108	2.00
14 semesters	126	2.00

Advanced placement or CLEP credits are not considered for this requirement. Repeated courses may be considered if approved by the Provost.

3. **Half-time students** enrolled for 6, 7 or 8 semester credit hours must successfully complete at least six (6) credit hours each semester and twelve (12) credit hours each academic year. A cumulative grade point average must also be maintained according to the following schedule:

At the end of	Credit Hours	Cumulative GPA
2 semesters	12	1.60
4 semesters	24	1.77
6 semesters	36	1.77
8 semesters	48	1.85
10 semesters	60	1.85
12 semesters	72	1.85
14 semesters	84	1.90
16 semesters	96	2.00
18 semesters	108	2.00
20 semesters	120	<u>2.00</u>

Advanced placement or CLEP credits are not considered for this requirement. Repeated courses may be considered if approved by the Provost.

4. **Transfer and readmitted students** who have attended an accredited post-secondary institution will be eligible for financial aid if they are eligible to return to that institution and meet the following conditions:
- Students who have attended college in a full-time capacity for one (1) semester must have successfully completed nine (9) credit hours.
 - Students who have attended college in a full-time capacity for two (2) semesters must have successfully completed at least 24 credit hours in the previous two semesters.
 - Part-time students enrolled on a three-quarter time basis (9, 10 or 11 semester credit hours) must have successfully completed at least (9) credit hours each semester and eighteen (18) credit hours each academic year. Part-time students enrolled on a half-time basis (6, 7, 8 semester credit hours) must have successfully completed at least six (6) credit hours each semester and twelve (12) credit hours each academic year.

Appeals

Students who do not comply with the satisfactory academic progress requirements may submit a written appeal to the financial aid director if unusual circumstances have affected the students' academic progress. The financial aid committee will review the written appeals. The decision of the committee is final.

How to Regain Eligibility

If students are denied aid because of lack of progress, courses must be taken at the students' own expense until reaching the minimum number of hours and/or the required GPA for which aid was previously awarded.

A review of each student's academic progress is made at the end of each semester. At the end of the second academic year, a student must have a cumulative "C" average (2.00) to have academic standing consistent with the institutional requirement statement above.

Disbursement of Funds Policy

All scholarship, Pell Grant, SEOG and Perkins Loan funds are credited via a financial assistance receipt. The respective aid funds are indicated on a receipt which is then signed by the student and witnessed by a financial assistance office staff member.

VETERANS' BENEFITS

An associate director of financial assistance serves as certifying officer for eligible veterans and/or dependents of veterans. The certifying officer is the advisor and campus administrator of the veterans' educational benefit programs. Questions regarding eligibility benefits and enrollment should be made directly to the certifying officer.

WORK OPPORTUNITIES

Federal College Work Study

Southwest Baptist University participates in the Federal College Work Study Program, which enables those students having financial need and seeking employment to have a job on campus. Students must be qualified on the basis of financial need as well as ability to do a specific job. This program is designed to assist students in meeting their University expenses. All wages, hours of work and job descriptions are controlled by federal regulations. Students are expected to abide by the guidelines of their particular work study assignment and to perform the duties satisfactorily as outlined by the job supervisor. Federal College Work Study funds are limited and awarded on a first-come-first-served basis.

STUDENT LIFE

STUDENT ORIENTATION

All new students, freshman and transfer, are eligible to participate in a unique orientation program held annually on the campus the week prior to the beginning of the fall semester. **Welcome Week**, under the leadership of a student steering committee, provides each new student a small-group experience designed to develop those relationships so important for a smooth transition to the University environment. A complete orientation to the University is made, including the academic, social, physical and spiritual dimensions of student life on the SBU campus.

STUDENT BEHAVIOR

Student Responsibility

The goal of campus life at Southwest is to be a Christian community of faith and learning. Life in such a community brings many privileges, but it also carries responsibilities. By virtue of their enrollment at SBU, students agree to accept responsibilities of membership in the University community. As conditions of admission, the University reserves the right and power to discipline or dismiss any student who fails to accept this responsibility, and each student agrees that the University shall have this right and power of discipline or dismissal.

Upon using the University library or other libraries with which agreements are maintained, students agree to accept certain responsibilities. Students are responsible for knowing these responsibilities and policies. Each year the Student Handbook is updated and a library guide describing services and regulations is available at the reference desk.

Discipline

Any member of the University community may assume responsibility for upholding University standards of conduct. Normally, the first approach should be to advise or counsel the student about the alleged misconduct. When counseling is unfeasible or ineffective, or in cases of very serious violations, referral will be made for more formal counseling or disciplinary proceedings. The guidelines for disciplinary action, along with the procedure for disciplinary appeals, are outlined in the SBU Student Handbook.

Misconduct

The following is a list of the more serious offenses that could result in severe disciplinary action (depending on the severity of the incident) by the University which could include being placed on disciplinary probation, dismissal with a suspended imposition of sentence or having student status terminated. (Any action considered to be criminal must be reported by SBU to the appropriate legal authorities).

1. Violation of federal, state or local laws. Any disciplinary action imposed by the University may precede and be in addition to any penalty imposed by an off-campus authority.
2. All forms of dishonesty such as cheating, plagiarism, knowingly furnishing false information to University personnel, forgery, alteration or use of University documents or instruments of identification with intent to defraud, writing of bad checks and bad debts.
3. Lying or fraudulent misrepresentation in, or with regard to, any transaction with the University (including, but not limited to furnishing false information or withholding material information from the University), whether oral or written, including misrepresenting the truth before a hearing of the University or making a false statement to any University official.
4. Forgery, alteration or misuse of any University document or record.
5. Intentional disruption or obstruction of teaching, research, administration, disciplinary proceedings, dorm life and other University activities.
6. Physical and/or psychological hazing or other abuse of any person on or off the University campus including physical or sexual assault.
7. Shooting of fireworks or firearms on campus or the possession, use or display of a deadly weapon.
8. Possession of firearms of any kind or any type of deadly weapon is prohibited in residence halls.
9. Starting a fire on University property without permission from a duly authorized University official. Permission must be attained through the Office of Student Life and the Physical Plant.
10. No person shall make, or cause to be made, a false fire alarm, or tamper with, damage or misuse fire safety equipment.
11. Theft of any kind (from students, faculty, staff or persons outside the SBU community), including seizing, receiving or concealing property with knowledge that it has been stolen.

12. Sale or possession of any property, including textbooks, personal property and SBU property, without the owner's permission. (Property which is found shall be turned in to Lost and Found in the Office of Student Life.)
13. Theft of services, such as non-payment of phone bills or other charges students may incur on or off campus.
14. The unauthorized use of keys or duplication of keys, the unauthorized entry into, presence in or unauthorized use of University facilities without permission from a duly authorized University official.
15. Damage or vandalism to University property, another institution or private property.
16. Violation of published University regulations. For example, the rules of this code of conduct and those relating to the residence halls enacted by the residents or administrators of the University.
17. Moral impropriety. The University considers any conduct not in accordance with the teaching of the Bible as taught by the University to be morally improper. The University will generally respond to situations on a case-by-case basis. Sexual impropriety in a University housing unit and on all other University premises is strictly prohibited, and will result in the immediate dismissal of students who are found to be in violation of this policy.
18. Violation of the University alcohol policy.
19. Violation of the University policy on illegal drugs.
20. Disruptive behavior that is of a serious enough nature to interfere with the lives of other students and hinder their performance or well-being. The first step in dealing with this type of behavior will be through counseling. However, continuing or severe disruptive behavior will not be tolerated and student status may be terminated.
21. Harassment of any kind directed toward another student, faculty or staff member on or off campus.
22. Failure to comply with directions of University officials acting in performance of their duties, such as, but not limited to failure to comply with an official summons from the President, Provost or the Vice President for Student Development.
23. Being financially delinquent to the University may forfeit the privileges of attending classes, and the University has the right to withhold grades, transcripts and diploma until the obligation is met. A student who is financially delinquent at the close of a semester will not be permitted to register for the next semester until the account is settled.

Other conduct that will be disciplined but that normally would not require the termination of student status is listed below.

1. The use of tobacco products on the University campus.
2. The use of profanity and/or abusive language.
3. Social dances on campus, or campus organizations sponsoring dances off campus.
4. Allowing another person to use a student ID card for purposes of eating or of attending a University function.
5. Refusing to present student ID or other identification upon request of any University official.
6. Circumventing rules such as requirements for dorm residence or chapel and class attendance by fraudulent or deceitful means. Students living in residence halls shall be held responsible for the actions of their guests.
7. Incurring debt for the University or a student organization without approval from a University official.
8. Possession of fireworks on campus.
9. Being in the restricted area of the residence hall of the opposite sex without permission.
10. Violation of residential hall policies.

STUDENT HOUSING

Students under the age of 21 are required to live in campus housing. Exceptions to this policy are listed in the Off-campus Housing section of this catalog. The University provides student housing in eight residence halls and one apartment complex. **Beasley Hall**, an air-conditioned facility, houses 194 female students in suites of two rooms and one bathroom. **Gott Hall** houses 72 male students, two students per room, with community bath facilities on each floor. **Meyer Hall** is a two-story men's dormitory which houses 48 residents, two students to a room. **Landen Hall** houses 198 male students in suites of two living room-bedroom units with an adjoining bath. **Leslie Hall** is an air-conditioned accommodation arranged in two living room-bedroom units with an adjoining bath which houses 200 female students. **Manor I** is a 24-unit apartment building, each unit having a kitchen, living-dining room combination, two bedrooms and a bathroom. **Manor II** is a 12-unit apartment building, each unit having a living room, three bedrooms and a bathroom. **Maupin Hall** accommodates 78 male students. **Memorial Hall** accommodates 90 female students. **Woody Hall** accommodates 72 female students, two per room, with community bath facilities on each floor. All University housing has laundry facilities. In the event of full capacity in the previously listed housing units, Plaster Lodge will be used on a temporary basis to accommodate any overflow. Campus housing is reserved for SBU students who are enrolled for 12 or more hours. Priority for housing assignments is given to students currently attending SBU. All new students are given priority for assignment according to their application completion date.

Students under the age of 21 are required to live on campus unless they have been granted permission by the Office of Student Life. Students who wish to live off campus must make application through the Office of Residence Life. This

application must be received by July 1 for the fall semester and by January 1 for the spring semester. Cancellations for the summer and January semesters must be made 14 days prior to the beginning of the semester. If the application is received after this time, the enrollment deposit will be subject to forfeiture. Cancellation and withdrawal policies regarding housing are outlined in the financial information section of this catalog.

Prices for room and board are for actual school days and do not include holidays or periods between terms. During school breaks and holidays, students may not reside in the residence halls. Those needing housing during those periods should contact the Office of Residence Life in advance for suggestions regarding alternate housing.

Curfew will be required of all first semester freshmen living on campus unless otherwise waived by the Vice President for Student Development. The hours of curfew are:

Sunday-Thursday 12 midnight - 6 a.m.

Friday-Saturday 1 a.m. - 6 a.m.

Second semester freshmen may earn the privilege of having curfew regulations removed if they fulfill the following requirements:

- the resident has not exceeded his/her given 60-minute cumulative "grace time" during the first semester under curfew
- the resident has maintained a 2.0 cumulative GPA
- the resident has not had excessive resident hall violations or had disciplinary action imposed by the Office of Student Life

Enrollment Deposit and Housing Prepayment

An enrollment deposit of \$75 is required of all new students. This deposit serves as a security/damage fee and is retained by SBU until the student graduates or leaves the University. Damage for which the student is responsible will be charged to his/her account or deducted from the deposit if the student is moving out of the residence hall.

Returning students must provide a \$100 housing prepayment at the time housing contracts are due for the subsequent spring/fall semester. Returning students will not be assigned housing until the prepayment has been received. With respect to the spring semester, the prepayment is due November 15 (or the first working day following November 15) and is non-refundable after January 1. With respect to the fall semester, the prepayment is due April 15 (or the first working day following April 15) and is non-refundable after July 1. Specific housing assignments will be prioritized according to the date of receipt of the prepayment, special needs, and credit hours.

Cancellation of Housing Reservations

Students who cancel housing reservations before the fifth (5th) day of classes during the fall or spring semesters will receive a 90% refund of semester housing charges. Students who cancel housing reservations after the fifth (5th) day of classes will not receive a refund of semester housing charges.

Off-Campus Housing

Students who are 21 years of age by the first full day of classes are eligible to move off campus. Other criteria for consideration for off-campus housing include students who live with their parents, grandparents or legal guardian, and students who have a job-related place of residence. Students who wish to live off campus must make application through the Office of Residence Life. This application must be received by July 1 for the fall semester and by January 1 for the spring semester. Cancellations for the summer and January semesters must be made 14 days prior to the beginning of the semester. If the application is received after this time, the enrollment deposit is subject to forfeiture. Other cancellation and withdrawal policies regarding housing are outlined in the financial information section of this catalog.

AUTOMOBILES

The state of Missouri requires motorists to carry public liability and property damage insurance. Students from other states who bring automobiles to campus are urged to carry this insurance. Each student operating an automobile must purchase and display the University vehicle permit and obey University and community regulations regarding the care and use of an automobile.

STUDENT SERVICES

Academic Advising

Southwest Baptist University is characterized by an intense interest in the welfare of students and a concern that they formulate a mature philosophy of life, define a worthy educational-vocational objective in keeping with their interests and abilities and select from college resources that particular combination of studies and activities which would most adequately contribute to their educational, vocational, emotional, social and religious growth. Each incoming student is assigned a faculty advisor, ordinarily on the basis of the intended major or vocational objective. The advisor counsels and guides the student in planning course schedules and educational programs at SBU.

Counseling and Testing

The students at Southwest Baptist University have available to them two part-time, professionally trained counselors to assist with personal and emotional issues. This service is done without direct cost to the students of Southwest Baptist University. The counselors' offices are located within the behavioral sciences department. Testing for educational goals, mental abilities, and personality is available through the counseling offices upon the recommendation from one of the counselors. (See the Credit By Examination section for academic tests.)

Career Planning and Placement Center

The chief functions of the Career Planning and Placement Center (CPPC) are to assist students in the planning process of career decision making; to assist students and alumni in the investigation of career opportunities; to maintain a relationship between registrants and employers; to provide research information related to career placement activities; and to assist in the fulfillment of the purposes of the University.

The computer software SIGI (Systems of Interactive Guidance Information) is used extensively to assist students in defining values and finding occupations that meet value specifications. SIGI helps students compare occupations of interest by giving specific information about those occupations, and helps the student in the process for entering each occupation. Finally, SIGI helps students evaluate occupations in terms of the rewards they offer and the risks of trying to enter them. Additional evaluative instruments are available to students in assessing their educational and career goals.

All students are encouraged to file credentials with the CPPC before they register for the final 30 hours of coursework. These papers may be updated as they gain experience and additional training. Alumni are entitled to CPPC services and may register at any time after leaving school. The CPPC contacts prospective employers, invites them to the campus and arranges schedules for student interviews on and off campus. The CPPC is located in the office suite of Mabee Chapel.

STUDENT ORGANIZATIONS

The activities of student organizations are coordinated by the Office of Student Life. Every student enrolled on the Bolivar campus of the University is represented in the Student Government Association through the democratic process. The SGA Cabinet includes elected officers from each class. Campus organizations include academic, professional and fellowship groups. Students with other areas of interest or expertise are encouraged to work with the Director of Student Organizations to form new clubs and organizations.

Academic Organizations

Alpha Chi is a national honor society for juniors and seniors who have excelled in academic pursuits and rank in the top ten percent of their respective classes. **Phi Beta Lambda** is a national organization for students who are preparing for careers in business. **Pi Kappa Lambda** is a national honor society for juniors and seniors who have excelled both in music performance and music scholarship. **Psi Chi** is a national honor society for students of psychology who excel in scholarship, display high standards of personal behavior and seek to advance the science of psychology. **Southwest Baptist University Honor Society of Nursing** is an organization for students in the BSN nursing completion program who have achieved high academic standing.

Professional Organizations

The **Accounting Club** is open to all students interested in accounting. The **Behavioral Science Club** provides for the unity of those interested in psychology and sociology. The **Church Music Conference** is a student chapter of the Southern Baptist Church Music Conference and serves as a professional organization for all students interested in church music. **Delta Epsilon Chi** is an honorary accounting society for students who have obtained excellence in accounting and business studies. **Chi Sigma Theta** is an honorary dramatic fraternity for students who have attained performing and technical excellence in campus-wide theatre arts. **Investment Club** is open to students interested in financial investments. **Fellowship of Christian Recreators** provides professional guidance for majors and minors in all areas of recreation. **Music Educators National**

Conference is a student chapter of the national organization and is open to any student interested in teaching music. **Pi Kappa Delta** is an honorary fraternity open to students who earn membership through forensic achievement both on campus and through participation in intercollegiate debate and individual speech events throughout the entire academic year. The **Student Missouri State Teachers Association** is for students interested in and preparing for the teaching profession and is affiliated with the Missouri State Teachers Association. **Zeta Kappa Chapter of Delta Mu Delta**, a business administration honor society, is for qualified business majors.

Fellowship Organizations

The **English Club** encourages interest and participation in cultural activities which are related to literature and language. The **International Student Association** provides support to international students and helps them to make the transition to university life in the United States. For students majoring in nursing, the **Nursing Club** acquaints students with the nursing profession, establishes unity and friendship between members and promotes communication between clinicians during their clinical experiences. The **Pre-PT Student Organization** is open to all students with an interest in the field of physical therapy. In addition to being a service organization, it disseminates information about the SBU physical therapy program and the physical therapy profession. **Students in Free Enterprise** is a service and project-oriented group open to all students who believe in the principles of open markets and free enterprise. **Sigma Mu Theta** is comprised of wives of students preparing for the ministry and other church-related vocations.

SPIRITUAL LIFE AND MINISTRY

The University Missions and Ministry Center is centrally located on campus in the Goodson Student Union. Because of its Christian heritage, the University has a commitment to providing opportunities for faculty, staff and students to develop and deepen their spiritual lives.

The main purpose of University Ministries is to lead students and faculty towards commitment to Jesus Christ as Savior and Lord, build world vision, mission and evangelism interests, support the local church, deepen respect for the authority of scripture and help develop lives of integrity, prayer and faith.

Chapel is held each Monday and Wednesday. Satisfactory chapel attendance is a graduation requirement for all full-time undergraduate students on the Bolivar campus. The complete chapel attendance policy is detailed in the Student Handbook.

Chapel allows faculty, staff, students and special guests to participate each semester in message, testimony and song.

University Missions provides life-changing opportunities throughout the world involving faculty, staff and students. The focus of the ministry is to develop world vision, mission and evangelism interest, and to train individuals to serve through lives of integrity, prayer and belief based on the truth of Scripture. State missions through the Missouri Baptist Convention, national and international outreach through the North American and International Mission Boards and multiple mission opportunities through Southwest's mission center are available.

Small Group Ministries is the place for students to grow spiritually. Students meet weekly in small groups that are exciting, innovative, Bible-centered and fellowship-oriented. Small Group Ministry's main focus is helping students develop a heart and sensitivity toward God.

Revival Teams consists of SBU students committed to revival. A minimum of three to six students reach out to a local church for a weekend of ministry proclaiming the Word. In addition to evangelistic messages, students minister in music and share the love of Christ through fellowship and witnessing with youth and adults.

Discipleship Teams consists of upperclassman students committed to renewal. These students will lead in retreats, lock-ins and conferences teaching spiritual growth and discipleship principles.

Christian Service Organization is an outreach ministry in which students may reach their community through Christ-like love. It gives students a practical experience in effective community service through participation in a variety of outreach projects.

Theatrical Evangelism and Mission (TEAM) is a drama team serving in chapel services and churches. **HisHeart** is a student worship team leading in chapel and other University related ministries.

UNIVERSITY PUBLICATIONS

The following are the official publications of the University. Any other publications to be distributed to students, faculty and staff must have written approval of the student services office. The University reserves all publisher rights and privileges to these publications.

The **Omnibus** is a weekly newspaper produced by a student staff. It contains official announcements for the week, and students are responsible for obtaining the information provided in the Omnibus. The **Mozarkian** is the yearbook of the

University and is produced by a student staff. Both publications are advised by the Director of Student Activities. The official publication of the University, which contains news of University progress and the activities of students, faculty, staff and alumni, is **SBU Life**. It is sent six times a year.

UNIVERSITY ACTIVITIES

Athletics

The University provides a comprehensive program of intercollegiate athletics in baseball, basketball, cross country, football, golf, soccer, track and field, and tennis for men. Women's sports include basketball, soccer, softball, tennis, volleyball, cross country, and track and field. Intercollegiate athletics are conducted according to the rules and regulations of the National Collegiate Athletic Association (NCAA) and the Mid-America Athletic Association. Additionally, there is an active intramural program of sports in which all students may participate. The University assumes neither legal nor financial responsibility for injuries or accidents that may result from participation in varsity athletics, extramurals, intramurals or athletic clubs. However, members of varsity athletic squads are provided insurance coverage through special group insurance programs. All other participants should acquire minimum insurance coverage.

Debate and Forensics

The Department of Communication Arts maintains an active program of participation in intercollegiate debate and forensics. Membership on the traveling groups is achieved by performance, and each year students represent the University locally and in major tournament competition.

Drama

The Department of Communication Arts, with the aid of Chi Sigma Theta, provides opportunities in a variety of theatrical experiences. Auditions for University productions are open to any member of the student body.

Music Ensembles

The following organizations are directed by faculty members of the music department and are open to all qualified students of the University for credit: Concert Choir, SBU Chorale, Contempos, Opera Workshop, Symphonic Winds, Jazz Ensemble, Brass Ensemble, Percussion Ensemble, Woodwind Ensemble and String Ensemble. All music groups require an audition for membership.

COMMUNITY ACTIVITIES

Local Churches

The churches of Bolivar provide opportunities for students to engage in Bible study and Christian worship. Every student is urged to attend church services each week.

Community Concerts

Bolivar residents and Southwest Baptist University cooperate each year in sponsoring a Community Concert Association series. Besides the four or five formal concerts in Bolivar each year, subscribers and students are also admitted to the Springfield and Joplin Community Concert series. Opportunities are thus created for students to hear outstanding performances in the music concert field. Student memberships are available at a reduced price.

STUDENT HEALTH SERVICES

The University employs a registered nurse who provides minor routine health care. The health center uses a referral system with local doctors when necessary. Students also have access to the out-patient clinics of Citizens Memorial Hospital in Bolivar.

The University will not accept responsibility for physician's fees. Financial responsibility for professional services by a physician remains with the individual student. Due to the limitations of University services, the student is urged to consider the Student Health Insurance Program, if he or she does not presently have insurance. Before finalizing enrollment, a student is required to have submitted the medical data form and vaccination records. Vaccinations must be current. Missouri law requires all students to have vaccination records on file in the campus health center. Southwest Baptist University offers students an opportunity to purchase health insurance with qualified underwriters. Coverage is available for single or married full-time students (students taking six or more hours). International students are required to purchase a hospitalization plan immediately upon arrival on campus.

STUDENT AND ALUMNI AWARDS

Rev. C.A. Butler Sociology Award

Mr. and Mrs. James Owen have established this annual award in memory of Rev. C.A. Butler, an outstanding pastor and faculty member of Southwest Baptist College. This award is given to the graduate who is most outstanding in the field of sociology.

The Jasper A. Clark Biology Award

The department of biology has established this award to be given annually to an outstanding graduating senior majoring in biological science in memory of Dr. Jasper A. Clark in recognition of his long and distinguished service to Southwest Baptist University. The chairman of the department of biology, in consultation with other department personnel, shall select the recipient of the award. Criteria for selection is (1) a biology or medical technology major, (2) a graduating senior, (3) a department of biology advisee, (4) an overall grade point average of 3.25 with 3.5 in major and (5) a reputation above reproach.

The W.C. Edmondson Memorial Recreation Ministry Award

The family of W.C. Edmondson has permanently endowed these annual awards. Recipients are to have outstanding potential in ministry through recreation. The amount and number of awards will be determined by the coordinator of recreation and leisure studies. These awards shall be applied toward tuition or other college expenses.

The Hamlett Creative Writing Award

A grant has been made by Fred P. Lollar of Burlingame, California, to establish the Hamlett Creative Writing Award in recognition of the teaching and service of Miss Mayme Hamlett. An annual award will be made from the earnings of this grant to a promising student writer completing his/her junior year. A committee of the faculty members of the department of language and literature will select the recipient.

The May M. Hurst English Literature Award

The May M. Hurst English Literature Award is presented annually to a high ranking student in the English literature classes. The recipient of this award is selected by a committee composed of the faculty of the department of language and literature. This award is provided by the Hurst family: the late Mrs. May M. Hurst, James Frederick Hurst Jr. and Mrs. Helen Hurst May.

The James Frederick Hurst Memorial Mathematics Award

The James Frederick Hurst Memorial Mathematics Award is presented annually to the highest ranking graduating student in the department of mathematics. Professor Hurst was chairman of the department of mathematics of Southwest Baptist University for 25 years, 1926-1950. This memorial has been provided by the Hurst family: the late Mrs. J.F. Hurst, James Frederick Hurst Jr. and Mrs. Helen Hurst May.

Life Beautiful Award

In 1937, Rosalee Mills Appleby, missionary to Brazil, established the Life Beautiful Award to be given each year to the outstanding man and woman in the graduating class who show by their scholarship and character that they are going out from the school to live the "life beautiful." Pictures of the selected students are displayed in the Goodson Student Union. The faculty selects the recipients of the award.

Life Service Award

In 1955, the Board of Trustees of Southwest Baptist University established the Life Service Award. This award is given annually to alumni of the University who have demonstrated excellence in their personal and professional lives.

N.J. Nabors Forensic Service Award

The award is presented annually in honor of Dr. N. J. Nabors, national leader in Pi Kappa Delta and friend of SBU forensics. It is presented to the member of the speech team who best demonstrates service to the team and maintains a Christian example in competition.

The Ronald Howard Surette Memorial Award

The family and friends of Ronald Howard Surette have established this annual award. This award is given to an outstanding church music major each spring semester at the annual Awards Banquet. The recipient must be preparing to enter the

Christian ministry as a church musician. The coordinator of church music studies, in cooperation with the Scholarships Committee, selects the student to receive the award.

Who's Who Nomination

A committee composed of administrators and faculty selects nominees to be included in the annual publication *Who's Who Among Students in American Universities and Colleges*. Only graduating seniors with a grade point average of 3.0 or more are considered for the honor. In addition to scholarship, the students are judged in their "participation and leadership in academic and extracurricular activities, citizenship and service to the campus and community and potential for future achievement," as outlined by the standards of the national *Who's Who* organization.

Paul F. Wright Distinguished Speaker Award

The family and friends of Rev. Paul F. Wright have established this annual award. The recipients are to be outstanding speakers and students of excellent character. A special committee of the faculty select those who receive the award. Recipients are given an attractive medal and are honored at the Awards Banquet.

ACADEMIC REGULATIONS

Southwest Baptist University provides graduate study programs in the College of Business and Computer Science which offers the Master of Science (M.S.) in Administration (concentrations in Accounting, Business Administration and Health Service Administration), in the College of Education and Social Sciences which offers the Master of Science (M.S.) in Education and the Master of Science (M.S.) in Educational Administration and in the College of Science and Mathematics which offers the Master of Physical Therapy (M.P.T.). See the Graduate Programs section of this catalog for program descriptions and detailed information.

The Bachelor of Arts degree (B.A.), the Bachelor of Science degree (B.S.), the Bachelor of Science in Nursing degree (B.S.N.), the Bachelor of Music degree (B.M.), the Bachelor of Applied Science degree (B.A.S.), the Associate of Arts degree (A.A.), the Associate of Applied Science (A.A.S.), the Associate of Applied Science in Nursing degree (A.A.S.N.) and the Associate of Science degree (A.S.) are granted by Southwest Baptist University. A Certificate in Theology is given to students completing the two-year theology program.

DEGREE REQUIREMENTS (General Regulations)

1. Students are eligible to graduate after fulfilling the requirements described in the academic regulations section of the catalog under which they first enroll at Southwest Baptist University. They have a seven-year period during which they may graduate under that catalog. If there are extenuating circumstances, the student must appeal to the Office of the Provost for a waiver. Students have the option to choose any catalog subsequent to the one under which they entered.
2. Students must successfully complete at least one course at Southwest Baptist University during the academic year of the catalog selected for graduation.
3. Students must complete all graduation requirements in the semester in which they intend to graduate and the diploma will be dated in the completion semester.
4. Students who enroll in another college or university without prior permission of the Provost are considered to have withdrawn from Southwest Baptist University.
5. Students wishing to transfer work from another institution and not withdraw from Southwest Baptist University must obtain "Permission for a Transfer of Credit" from the registrar's office prior to enrolling in another institution.
6. Students must attain seven (7) chapel points or one (1) point less than the number of fall/spring semesters enrolled as a full-time undergraduate at the Bolivar campus of SBU. (See the Student Handbook for a detailed explanation of the chapel attendance policy.)
7. A student may not pursue more than two academic majors at Southwest Baptist University.

Bachelor of Arts, Bachelor of Science, Bachelor of Applied Science and Bachelor of Music Degrees

To receive a Bachelor of Arts, Bachelor of Science, Bachelor of Applied Science or Bachelor of Music degree, students must:

1. Complete all general education requirements.
2. Complete an approved major and its required supporting work.
3. Complete at least 128 approved hours, of which 40 hours must be in upper division (3000-4000 level) course work (or its equivalent for the B.A.S. degree). No upper division credit will be granted for work taken in junior college(s), although the work may be counted toward the required total of 128 hours. Students may count no more than four credit hours of physical activity courses toward the 128-hour graduation requirement (except physical education, recreation and sports management majors). **HPE 1061 and HPE 1161 do not count as part of this four-hour limit.** No more than 40 hours in a single discipline (for example: business, history or music) will be counted toward the Bachelor of Arts degree.
4. Complete 30 of the last 36 hours of the degree program as residence credit at the Bolivar campus or at the locations in Mountain View or Springfield. No more than 6 of the 30 residence credits may be SBU correspondence courses.
5. At least one-half of a student's major must be completed at Southwest Baptist University. **NOTE: SBU will accept no more than 94 hours from other institutions toward a degree. No more than 64 semester hours of credit may be transferred from junior colleges.**

6. Earn an average of two grade points (2.0) for each credit hour's work attempted, including at least an average of two grade points (2.0) in the major and including at least a two-point average (2.0) in all work taken at Southwest Baptist University.
7. File at the Office of the Registrar an "Intent to Graduate" card at least four months before the proposed date of graduation. (Graduation fee must be paid before students are permitted to graduate.) Students who are eligible to graduate upon satisfactory completion of the final semester's work are required to attend commencement exercises. Only those students who actually complete all requirements will receive a diploma by mail.
8. Complete BIB 1013, 1023 and DIS 2012.
9. Participate in the commencement exercise unless absence is approved by the Provost prior to commencement. The reason for not participating in commencement must be explained in writing to the Provost. The Provost will determine if the reason is valid and whether to grant or to deny permission to be excused from commencement.

Bachelor of Science in Nursing

1. Complete all general education requirements as established for the degree.
2. Complete an approved major and its required supporting work.
3. Complete at least 128 approved hours, of which 40 hours must be in upper division (3000-4000) level course work. No upper division credit will be granted for work taken in junior college(s), although the work may be counted toward the required total of 128 hours. Students may count no more than four credit hours of physical activity courses toward the 128-hour graduation requirement. **HPE 1061 and HPE 1161 do not count as part of this four-hour limit.**
4. Complete 30 of the last 36 hours of the degree program as residence credit at the campus location in Springfield. No more than 6 of the 30 residence credits may be SBU correspondence courses.
5. At least one-half of a student's major must be completed at Southwest Baptist University. **NOTE: SBU will accept no more than 94 hours from other institutions toward a degree. No more than 64 semester hours of credit may be transferred from junior colleges.**
6. Earn an average of two grade points (2.0) for each credit hour's work attempted, including at least an average of two grade points (2.0) in the major and including at least a two-point average (2.0) in all work taken at Southwest Baptist University.
7. File at the office of the registrar an "Intent to Graduate" card at least four months before the proposed date of graduation. (Graduation fee must be paid before students are permitted to graduate.) Students who are eligible to graduate upon satisfactory completion of the final semester's work are required to attend commencement exercises. Only those students who actually complete all requirements will receive a diploma by mail.
8. Complete BIB 1013 and 1023.
9. Participate in the commencement exercise unless absence is approved by the Provost prior to commencement. The reason for not participating in commencement must be explained in writing to the Provost. The Provost will determine if the reason is valid and whether to grant or to deny permission to be excused from commencement.

Associate of Arts, Associate of Science and Associate of Applied Science Degrees

These degrees cannot be received in conjunction with a bachelor's degree. To receive an A.A., A.S. or A.A.S. degree from Southwest Baptist University, students must:

1. Complete all general education requirements as established for the degree desired.
2. Complete at least 64 hours, of which no more than two are physical activity courses.
3. For the A.A. and A.S. degrees, complete at least 15 of the last 18 hours of the degree program as residence credit through one or more of the locations where Southwest Baptist University offers degree work. No more than 3 of the 15 residence credits may be SBU correspondence courses.
4. For the A.A.S. degree, complete at least 12 of the last 15 hours of the degree program as residence credit through one or more of the locations where Southwest Baptist University offers degree work. No more than 3 of the 12 residence credits may be SBU correspondence courses.
5. Earn an average of two grade points (2.0) for each credit hour's work attempted, including a two-point average (2.0) in all work taken at SBU.
6. File at the office of the registrar an "Intent to Graduate" card at least four months before the proposed date of graduation.
7. Complete BIB 1013 and 1023 for the Associate of Applied Science degree. Complete BIB 1013, 1023 and DIS 2012 for the Associate of Arts and the Associate of Science degrees.

8. Participate in the commencement exercise unless absence is approved by the Provost. The reason for not participating in commencement must be explained in writing to the Provost. The Provost will determine if the reason is valid and whether to grant or to deny permission to be excused from commencement.

Second Bachelor's Degree (After first degree has been awarded)

A student who has been awarded a bachelor's degree from any accredited institution may be awarded a second baccalaureate degree from Southwest Baptist University by meeting the following requirements:

1. Complete at least 30 hours above the requirements for the first degree, 24 of which must be in residence at a degree-granting center of Southwest Baptist University. No more than 3 of the 24 residence credits may be SBU correspondence courses.
2. Complete all requirements for the second degree except general education requirements.
3. Complete requirements for second major.
4. Complete BIB 1013, 1023 and DIS 2012, if the first degree was awarded at another institution.
5. Earn an average of two grade points (2.0) in all work taken for the second degree.

GENERAL EDUCATION REQUIREMENTS

General education requirements are designed to provide for every student a core of broad-based, college-level experiences that nurture the aesthetic, emotional, intellectual, physical, social and spiritual growth of the student as an individual. These experiences, foundational to the development of an educated person, are derived from the purposes of the University.

Below is a policy to guide in the placement of new students into the proper mathematics course at Southwest Baptist University using ACT scores.

Pre-Algebra/ Elementary Algebra Subscore	Intermediate Algebra/ Coordinate Geometry Subscore	Plane Geometry/ Trigonometry Subscore	Recommended Math Placement in bold (Other possible courses given as options)
1-8	does not matter	does not matter	MAT 0103 -PreAlgebra-with lab

14-18	14-18	14-18	MAT 1195, 1193, 1163[#], 1143, 1133, or 2283 ⁺

*MAT 2283 is open to Elementary and Middle School Education majors only.

⁺Students placing into a higher course than they need for their program (or they desire to take) can probably CLEP out of the appropriate lower course, or take it if they so desire. Elementary Education majors placing into 1195 should consider having mathematics as their added endorsement field.

[#]MAT 1163 is intended for students who have skills beyond College Algebra, but are not quite ready for Calculus I (or do not desire to take Calculus I).

NOTE: MAT 0103 and MAT 0123 do not meet the mathematics general education requirements, nor do they carry college credit. They are necessary to develop the skills needed for success in future mathematics courses. Students electing not to follow this placement recommendation are in danger of failing the higher number mathematics course they attempt. A student placed into MAT 0103-PreAlgebra should take this course to get the necessary skills for success in MAT 0123-Intermediate Algebra, MAT 1133-Survey of Mathematics (formerly Math for Liberal Arts Students—which is a good alternative to meet the math general education requirement for students whose programs do not require another

course), or MAT 2283-Survey of Math for Elementary and Middle School Teachers. A student who needs MAT 1143-College Algebra and places into MAT 0123-Intermediate Algebra should take the Intermediate Algebra first to strengthen the necessary skills for success in MAT 1143. All other placements offer a choice depending on what the student's program requires.

If the student's ACT scores are not of the enhanced type (which means they took the ACT prior to 10/89), then the placement will be based on the MATH score (the only one given on the old ACT exam). This is only if the ACT scores do not have the mathematics subscores. See the table below.

ACT MATH SCORE	Recommended Math Placement in bold
1-12	MAT 0103-PreAlgebra-with lab
13-18	MAT 0123-Intermediate Algebra-with lab, 1133, or 2283*

Assessment

Assessment at SBU includes gathering information from students about student learning and student life; interpreting this information; and then using the information to improve instruction, student life, and student learning. Students at SBU are required to participate in this assessment program. Assessment requirements follow:

Freshmen	Academic Profile Test (pre-test) Entering Student Survey Faculty Evaluations Student Life/Library Surveys
Sophomores	Academic Profile Test (post-test) General Education Student Survey Faculty Evaluations Student Life/Library Surveys
Juniors	Faculty Evaluations Student Life/Library Surveys
Seniors	Major Field Test/Various Exit Exams Exiting Student Survey

Alumni also are asked to provide survey data for the purpose of determining to what extent the university experience has helped to prepare them for their chosen profession and equipped them for responsible living and lifelong intellectual and spiritual growth.

Declaring an Academic Major

Students admitted unconditionally to the University should select an academic major upon initial enrollment in the University. They will be assigned an academic advisor from their major department for advisement. Those who are undecided on a major upon enrollment will have their major designated as pre-major.

Changing an Academic Major

A student can change his/her major by first consulting his or her advisor. If together they conclude the proposed change is appropriate, the advisor provides a copy of the "Request for Changing/Adding a Major/Minor" form on which the student's intent is recorded. The form is signed by both student and advisor and is taken by the student to an appropriate faculty member in the field of the proposed major. If approval is given, the student takes the request form to the office of the dean of the college in which the new major resides for final approval. After approval to change the major is secured, the student must declare the new major, following the steps as outlined above. **NOTE: It is recommended that first-semester freshmen wait until after mid-term to do this.**

Credits, Grades, Grade Points and Credit Hours

Credits are usually based on the number of times a class meets each week. Courses vary in credit from one to six hours; however, there is a predominance of three-hour classes. Each hour of credit represents the equivalent of one recitation period of 50 minutes per week or a laboratory period of 100 to 150 minutes each week for a semester.

Audit

A person who wishes to audit a course must have permission from the instructor and enroll as an auditor at the same time and under the same procedures for credit. This status will permit the student to attend class but does not allow the student to take tests or have assignments graded by the instructor. A student may change from audit to credit or from credit to audit only during the time period when courses can be added. Persons who are not currently enrolled in the University must apply for admission in order to register as an auditor. (See financial information for cost of auditing a course.) **Note: When a student audits a course, no hours are earned and the course is not calculated in the total number of hours and G.P.A.**

Load Limit for Credit Hours

In any semester a student is limited to the number of credit hours that can be taken according to his or her grade point average. **This limit includes all college courses, correspondence or otherwise, being taken at SBU or elsewhere.** The normal load for all students each semester is 16 or 17 credit hours, and the normal load for January, June or July is 4 credit hours, provided students have a minimum cumulative grade point average of 2.0. First-semester freshmen may be permitted to enroll in extra hours on the basis of high school standing, ACT scores and special permission from their advisor, the school dean and the Provost. Other students may be permitted to enroll in additional hours with or without special permission, depending upon their grade point average as stated below.

Additional Hours Without Special Permission

These limits include all college courses, correspondence or otherwise, being taken at SBU or elsewhere. Advisors will approve schedules with additional hours when the student's grade point average is one of the following:

Cumulative GPA	Fall/Spring	January/June/July
2.50-3.00	18 hours	5 hours
3.01-4.00	19 hours	6 hours

(Note: More than 6 hours in a J-Term is not permitted. More than 20 hours in a fall or spring semester is not permitted)

Repeating Courses

Courses taken at Southwest Baptist University for which the grade is "F" or "D" may be repeated. **If the course is repeated at another college or university, approval must be received from the appropriate SBU department chair of the course area. To insure that the course will transfer, it is recommended that the student get the department chair's approval prior to enrolling in the course.** The course can be repeated only twice.

Exception to the number of times the course can be repeated may be granted only by the Provost.

Courses taken for which the grade is "C" can be repeated only once. If the course is repeated at another college or university, prior approval must be received from the appropriate SBU department chair of the course area.

Courses taken for which the grade is "B" cannot be repeated.

Grades

A grade represents an evaluation of a student's academic performance in a course and is determined by examinations and other criteria. Course grades are defined as follows: "A," excellent; "B," above average; "C," average; "D," minimum passing; "F," failure; and "I," incomplete. In certain courses a grade of "P" (passing) may be given.

If students withdraw from a class before the end of the eleventh week of a regular semester (or before the end of 60 percent of the class meetings of a shorter term), they are given a grade of "W." Students who withdraw after this deadline receive a "W" if passing the course at the time of withdrawal but receive an "F" if failing the course at the time of withdrawal. Students who stop attending a class without officially withdrawing will receive a grade of "F" for that class. Students who unofficially withdraw from SBU will receive an "F" for each course that they are taking. A student's withdrawal date will be interpreted as the last date the student attended a class.

Students who are dismissed for disciplinary reasons will receive a grade of "W" for all passing grades at the time of dismissal.

Grade Points

Each semester hour of credit is valued in grade points as follows: "A," four points; "B," three points; "C," two points; "D," one point; "F," no points. "P" grades are not assigned quality points and are not considered in computing students' grade point averages. In order to graduate, students must earn an average of two grade points (2.0 - "C" average) for each credit hour attempted.

Incomplete Grades

An incomplete ("I") grade may be given when a student is doing passing work or has the possibility of earning a passing grade but is unable to complete all of the course requirements because of unusual circumstances acceptable to the instructor (such as illness or accident). In no case may an "I" be agreed to unless the student has completed at least eighty (80) percent of the class. An "I" may not be used to permit a student to repeat a course or to improve a grade. The instructor must complete the "Application for Incomplete Grade" form and it must be signed by the instructor and submitted to the appropriate department chair and college dean for approval. The completed and signed form must then be filed in the registrar's office; additional copies of the form will be given to the student, instructor, academic advisor

and the college dean. Requirements for completing the course and appropriate grade designations are to be specified on the application by the instructor.

It is the responsibility of the student to complete satisfactorily all of the course requirements within one year. If the incomplete is not cleared within this specified time limit the "I" will be changed to an "F."

In-Progress Grades

An In-Progress ("IP") grade may be given for courses that usually require more than one semester to complete; e.g., readings, theses, internships or practicum courses. Requirements for completing the course and a specific completion date are to be specified by the instructor on the application. The "In-Progress Grade" form must be signed by the instructor and submitted to the appropriate department chair and college dean for approval. The completed and signed form must then be filed in the registrar's office, additional copies of the form will be given to the student, instructor, academic advisor and the college dean.

It is the responsibility of the student to complete satisfactorily all course requirements, under the supervision of the instructor, by the specified completion date. If the in-progress grade is not cleared within this time limit, the "IP" will be changed to an appropriate letter grade based on the completed work. If there are extenuating circumstances beyond the student's control, the student may request a time extension through the special academic request process.

Pass-Fail Option

The pass-fail option is intended to encourage and provide students with an opportunity to pursue specialized or outside interests without having the fear of a penalty or reduction in grade point average. This policy provides students with the opportunity for broadening their background and gaining knowledge in a field which might very well allow them to be more versatile and productive.

In order to take a course which is normally offered on a graded basis the student needs to complete a "Pass-Fail" form and turn the form in at the registrar's office before the end of the two-week period at the beginning of the semester when courses can be added to the student's schedule. This form is to be signed by the student and the registrar.

CAUTION: The student should be aware that some universities, graduate schools and professional schools do not accept courses which have a grade of "P." The student would be advised not to take a course P/F if there is a possibility it might serve as a prerequisite for acceptance into a graduate, professional or some other academic program.

Students may enroll in one course per semester under the following conditions:

1. Courses taken under the P/F option cannot be used to satisfy general education, major, minor, professional education, pre-professional or graduate requirements.
2. Honors classes cannot be taken on a P/F basis.
3. The student can make changes from graded to P/F or from P/F to graded only during the period in which courses may be added.
4. Students earning grades of A, B or C in courses for which they were enrolled on a P/F basis will receive a "P," those receiving a D or F will receive an "F" for the course.
5. A "P" grade will not affect the GPA; however, an "F" will adversely affect the GPA as do "F's" in graded courses.
6. The P/F option is not available for the repeating of courses for which the student has received a letter grade.
7. Instructors are not informed of students enrolled in their courses on the P/F basis. Final grades are converted to this system in the Office of the Registrar.

GRADE APPEAL POLICY

In a case where a student has a grievance regarding a final course grade, the student should first attempt to resolve the matter with the instructor. If the grade dispute is not resolved at this level, the student may initiate a formal written appeal at the department chair level with the following provisions and/or guidelines:

1. The grade appeal must concern the final overall course letter grade only; i.e., A - F, or WF. The student may not appeal any one individual test or assignment grade.
2. No one may substitute personal judgment for that of the instructor in regard to the quality of the student's work; therefore, evidence must be shown of any deviation from established procedure that adversely affects the student in the assignment of the letter grade for the course.
3. The appeal must be initiated within one calendar year from the day the final grades were due for that term as specified in the catalog for that school year.
4. Any grade appeal must be submitted in writing using the "Grade Appeal" form obtained from the registrar's office.

5. The formal appeal begins when the student presents the "Grade Appeal" form to the instructor for his/her signature.

THE CHAIN OF APPEAL IS . . .

- a. Course Instructor (by conference, but must be documented)
- b. Department Chairperson (by conference, but appeal must be in writing)
- c. College Dean (by conference, but appeal must be in writing)
- d. Grade Appeal Panel (formal hearing, but appeal must be in writing)

The first three of the above stages should occur within 10 school days of the initiation of the appeal. Both the student and the instructor are required to meet with the chairperson and the appropriate dean for those respective conferences. Witnesses may be called to support any evidence presented. If, at either conference level, all parties agree to a grade change, the instructor of the course will fill out and sign the grade change form. The "Change of Grade" form is then sent directly to the registrar.

If the instructor of the course is the department chairperson, the student may elect to initiate the formal appeal directly to the appropriate dean. If the instructor of the course is a dean, the formal appeal is normally initiated with the department chairperson, but the appeal then goes directly to the Grade Appeal Panel.

In unusual cases in which the course is taught by the dean, the student may elect to take the grade appeal directly to the Grade Appeal Panel, effectively bypassing the appropriate department chairperson and the appropriate college dean.

Any request for a review by the Grade Appeal Panel should be made within ten school days of the last appeal decision. This request is made by taking the "Grade Appeal" form to the office of the Provost. The Provost will send the form and any related written statements to the Chair of the Academic Advisory Committee.

Graduate Courses

- a. Course Instructor (by conference, but must be documented)
- b. Graduate Program director (by conference, but appeal must be in writing)
- c. Graduate Dean (by conference, but appeal must be in writing)
- d. Grade Appeal Panel (formal hearing, but appeal must be in writing)

The first three of the above stages should occur within 10 school days of the initiation of the appeal. Both the student and the instructor are required to meet with the graduate program director and the graduate dean for those respective conferences. Witnesses may be called to support any evidence presented. If, at either conference level, all parties agree to a grade change, the instructor of the course will fill out and sign the grade change form. The "Change of Grade" form is then sent directly to the registrar.

If the instructor of the course is the graduate program director, the student may elect to initiate the formal appeal directly to the graduate dean. If the instructor of the course is the graduate dean, the formal appeal is normally initiated with the appropriate graduate program director, but the appeal then goes directly to the Grade Appeal Panel. In unusual cases in which the course is taught by the graduate dean, the student may elect to take the grade appeal directly to the Grade Appeal Panel, effectively bypassing the appropriate graduate program director and the graduate dean.

Any request for a review by the Grade Appeal Panel should be made within ten school days of the last appeal decision. This request is made by taking the "Grade Appeal" form to the office of the Provost. The Provost will send the form and any related written statements to the Chair of the Academic Advisory Committee.

6. The Grade Appeal Panel shall consist of three faculty members selected at random from the current Academic Advisory Committee; however, faculty members from the department or college being affected shall not be members of the panel. The chairperson of the panel shall be selected at random from the panel chosen. The Grade Appeal Panel shall go into closed session after the formal hearing for further discussion as necessary. The Grade Appeal Panel shall make its final recommendation to the Provost by simple majority secret ballot.

Both the instructor and the student should be prepared to appear before the Grade Appeal Panel to present their cases formally. Witnesses may be called to support any evidence presented. A faculty member from the department affected may be called to answer any procedural questions.

The instructor and the student will appear separately before the Grade Appeal Panel to present their cases formally. Additional parties attending the hearing will be limited to those who were witnesses to any pertinent events or can provide first-hand testimony of the essential facts of the case. In addition, a faculty member from the instructor's

department may be called to answer any questions related to the standard operating procedures of that department. At the discretion of the chair, the panel may separately recall either the student or the instructor to clarify any discrepancies in their respective testimonies.

NOTE: This is the highest level of appeal. There is no further appeal possible.

7. The recommendation of the Grade Appeal Panel will be forwarded to the Provost for action with the understanding that there will be no grade change without the explicit recommendation of the Grade Appeal Panel. If the grade is changed, the Provost will fill out and sign the grade change form. The "Change of Grade" form will be sent directly to the registrar.
8. All of the appeal decisions are to be made within 24 hours of the conference or hearing. The results of the grade appeal shall be put in writing and sent to the student and the instructor within two school days. The "Change of Grade" form will be sent directly to the registrar. The entire grade appeal process should be completed within 60 school days of its initiation.
9. An initiated formal appeal that is withdrawn may not be resubmitted.
10. In view of the Family Educational Rights and Privacy Act, confidentiality must be maintained at all times.

SBU HONORS

Honor Roll

To be listed on the semester's honor roll, a student must carry at least 12 hours of college work at Southwest Baptist University and earn at least a "B" (3.0 grade point average) with no grade below "C."

Trustees' List 3.85-4.00	Deans' List 3.50-3.69
President's List 3.70-3.84	Honor's List 3.00-3.49

Honors Graduation

Students with a grade point average of at least 3.85 in all college courses will be graduated summa cum laude; students with an average of at least 3.70, but less than 3.85, will be graduated magna cum laude; a student with an average of at least 3.5, but less than 3.7 will be graduated cum laude. In order to be graduated with honors, a student must have earned a minimum of 45 semester hours of credit at Southwest Baptist University prior to the semester of graduation.

The grade point average at the end of the semester previous to the semester of graduation will be used to determine honor graduates for the commencement ceremony. The official honors notation will be made on transcripts after the final semester grades are in the registrar's office.

ACADEMIC STANDING

Students are encouraged to plan their course load in order to complete approximately one-fourth of the graduation requirements each year. However, because the abilities and the rates of progress of students vary, the following categories are delineated for assisting students in developing a reasonable academic and extra-class load.

Class Standing	Credit Hours	Minimum Institutional Cumulative G.P.A.
Freshman	0-31	1.6
Sophomore	32-63	1.77
Junior	64-95	1.9
Senior	96	2.0

1. If a degree-seeking student attempts 12 or more semester hours for any particular semester, that student will be considered full-time, and the academic progress will be reviewed after every regular semester.
2. If a student is conditionally admitted, the academic record will be reviewed at the end of every regular semester.
3. If a first-time degree-seeking student attempts less than 12 semester hours for a particular semester, that student will be considered a part-time student, and the academic progress will not be reviewed until a minimum of 12 semester hours has been attempted.

4. Part-time students who are not first-time students will have their academic records reviewed at the end of each spring semester.
5. Students under a notice of dismissal or probation will have their academic records reviewed at the end of each session--including all "J" terms.
6. Full-time degree-seeking students:
 - a. On academic difficulty are limited to 15 credit hours per semester and are advised to limit their extra-class activities. These students are not allowed to enroll in correspondence courses.
 - b. On special guidance are limited to 14 credit hours per semester and are advised to limit their extra-class activities. These students are not allowed to enroll in correspondence courses.
 - c. On probation are limited to 12 credit hours per semester and are ineligible to represent the University in any official University sponsored activity, on or off campus. These students are not allowed to enroll in correspondence courses.
7. Part-time degree-seeking students:
 - a. On academic difficulty are limited to 10 semester hours per semester. These students are not allowed to enroll in correspondence courses.
 - b. On special guidance are limited to 8 semester hours per semester. These students are not allowed to enroll in correspondence courses.
 - c. On probation are limited to 6 semester hours per semester. These students are not allowed to enroll in correspondence courses.
8. Credit hour restrictions may be waived under special circumstances as determined by the advisor and approved by the Provost.

NOTES: Institutional G.P.A. is the normal criterion used in determining academic progress. In order to graduate from Southwest Baptist University, a student must earn an average of two grade points (2.0) for each credit hour's work attempted, including at least an average of two grade points (2.0) in the major and including at least a two-point average (2.0) in all work taken at Southwest Baptist University.

APPEALS PROCEDURE FOR ACADEMIC PROBATION AND DISMISSAL

A student wanting to appeal the academic standing designation of probation or dismissal should send a letter to the Office of the Provost. The appeal letter must clearly state and explain:

- a. Any unexpected, unavoidable or otherwise extenuating circumstances which prevented the student from attaining or maintaining necessary academic progress.
- b. What has been done by the student to prevent further academic difficulties.

The Deans Council will review appeals the last Thursday before each semester begins. Appeal letters for the fall semester must be received at least two weeks prior to the beginning of the semester. The Provost will preside at the review session. The chairperson of the Academic Advisory Committee will provide background information for each student's appeal. The student may be invited to attend the review session. A final decision by the Deans Council will be made in closed session. The student will be told at the review sessions when and how he/she will be notified before the first day of classes. The Deans Council may uphold the original decision or rescind the original decision and specify the academic standing placed upon the student. The advisor of the student, the chairperson of the Academic Advisory Committee and the student need to be notified of the decision of the Deans Council.

CREDIT CHECK

When students accumulate between 70-80 credit hours, they must request a credit check from the registrar. A credit check reveals the number of semester hours completed, the number of hours and courses currently enrolled in and the courses needed to complete graduation requirements. The accuracy of the credit check is determined and signed by the major department chairman, the advisor, the dean, and the registrar.

FINAL EXAMINATIONS

All students are required to take final examinations. Final examinations are scheduled during the last week of each semester. In the event of unusual circumstances, students may request to take an examination at an alternate time. Such requests must be presented to the instructor of the course and the dean of the school in which the course is taught. (See Special Fees.)

A student who has three or more final examinations on the same day can change a final exam to an alternate time without cost. It is recommended that the middle final exam be changed. This is handled through the instructor of the course and the office of the dean in whose college the course resides.

ATTENDANCE AND CHANGES OF ENROLLMENT

Attendance

The University believes that students are primarily responsible for attendance. A student should recognize that many of the vital aspects of the college experience cannot be fully realized when class attendance is irregular. It is the expectation of the University that students will attend all class meetings and complete all activities assigned by the instructor for the class. Each instructor will provide students with written statements in the course syllabus with respect to class attendance requirements. Students should check with their instructors to see if absences are to be reported according to the policy below.

A student who is frequently absent from a course is reported by the instructor to the Director of Enrollment Management who interviews the student and then reports the results of this interview to the instructor.

Reporting Absences

Students should first attempt to communicate directly with their instructor regarding class absences. The following procedures exist for the purpose of enabling students to obtain official documentation in cases where absences are due to illness, family emergency or a University sanctioned activity.

1. **ILLNESS.** Upon the first day of return to class, the student is required to provide the instructor with written verification by the Director of Health Services or from a doctor or nurse.
2. **FAMILY EMERGENCY.** A family emergency consists of a death in the family, a serious illness of a family member, a serious accident involving a family member or some other family crisis. A student who finds it necessary to be away from campus and absent from class due to a family emergency should contact the Office of Student Life (328-1885). The Office of Student Life will notify the Office of the Provost. The Office of the Provost will notify the appropriate faculty members.
3. **UNIVERSITY SANCTIONED ACTIVITY.** The student is responsible for obtaining a memorandum regarding the activity from the University sponsor or coach. The student should present the memorandum to the instructor prior to the class absence and is responsible for all make-up work prescribed by the instructor.

Changes of Enrollment

The time for enrollment in classes is limited to the first two weeks of each semester. Classes may be added during the first three days of the Winterfest term and four-week summer terms or during the first six class days of the eight-week summer term. If students initiate a change in their schedules, a charge of \$10 per course change fee will be levied. If the University requires the change, no fee will be charged.

Withdrawing (Dropping) from a Class

Students may, with the approval of their advisor, discontinue (drop) any class for which they are registered. To do so students are to procure a drop form from the Office of the Registrar, secure the signature of their advisor and return the form to the Office of the Registrar. Discontinuing a course will affect students' records as follows. Students who officially withdraw from a course before the end of the eleventh week of class meetings (before the end of 70% of class meetings for shorter terms) will receive a "W" for the course. After the end of the eleventh week of class meetings (after the end of 70% of class meetings for shorter terms), students who withdraw from a course they are failing will receive an "F" for the course. After the end of the eleventh week of class meetings (after the end of 70% of class meetings for shorter terms), students who withdraw from a course they are passing will receive a "W" for the course. Discontinued attendance of a class without securing a drop form does not constitute an official drop and will result in students being charged for the course and receiving a grade of "F." Incomplete ("I") is given only if circumstances beyond the student's control prevent completion of required course work during the semester. If the work is not satisfactorily completed within one year, the "I" is changed to "F."

Withdrawing (Dropping) from School Policy

If a student withdraws from school after the eleventh week of classes, a "W" will be assigned in all courses where the student is passing the course as of the date of withdrawal; and an "F" will be assigned in all courses where the student is failing as of the date of withdrawal.

INDEPENDENT STUDY

In order to enrich the curriculum and challenge capable students to develop research abilities, each department offering a major provides opportunity for independent study for university credit in areas not studied as part of the regular curriculum. Students are enrolled in independent study according to these guidelines:

1. Independent Study (4991-3) is to be designed to broaden students' knowledge in their major fields by providing directed individual research or study in areas not covered in catalog courses.
2. These studies are limited to juniors and seniors who have at least a 2.75 grade point average in their major field.
3. At least one-half of the course work required for a major must be completed prior to enrolling for an independent study course.
4. A maximum of three semester hours may be earned by independent study in any major field.
5. Students have full responsibility for initiating (in consultation with the supervising professor) the proposal for continuing the study and for completing all work for the course.
6. As a part of the application process the student must do preliminary planning and complete an "Independent Study Proposal" form.
7. The "Independent Study Proposal" form must have the approval of the project supervisor, the department chairman and the college dean.
8. Students may enroll for an Independent Study within the regular enrollment period (through the first two weeks of the semester) and only after the "Independent Study Proposal" has been approved.

INTERNATIONAL STUDIES PROGRAM

The International Studies Program is built on the supposition that every full-time student should be presented with the opportunity to have an international education experience. This is in keeping with our mission statement of "preparing students to be servant leaders in a global society." The program provides opportunities for faculty and students to teach and study abroad and at home. The program welcomes international students to become an integral part of the Southwest Baptist University campus family. The University encourages all students to share in promoting cultural, educational and social exchanges.

SBU offers opportunities for one or more semesters of study overseas or at other locations within the United States. Overseas study is taken at universities in the host country, and all arrangements for tuition, fees and credit are managed through SBU.

For most programs a student must have completed two years of university-level study, have a grade point average of 2.75 and have completed English Composition II or Honors English. If the language of the host country is other than English, students must have sufficient command of the language to benefit from lectures or be enrolled in a language instruction program in the host country. Courses to be taken overseas must be approved by the major advisor and the director of international education. Students who wish to receive a Pass/Fail grade in global studies courses must obtain approval before enrollment, and all courses taken will be graded on this basis. Fees are paid through Southwest Baptist University, and students may receive financial aid.

Consortium for Global Education

A consortium of forty-seven private United States colleges and universities have come together to assist in the development of international education. Working both individually and in small groups, CGE members have established an estimated 300 partnerships with prestigious universities in 80 different countries. The programs range from extended, two-way exchanges of students and faculty, to summer programs for intensive study of culture and foreign language, seminars in economic development, delegation site visits, and brief conferences and symposiums for institutional representatives. Consortium members have a commitment to international education, service and sharing. CGE encourages geographic diversity in its outreach.

Pacific Rim Countries - Partnerships with Chinese colleges and universities total more than 50 educational exchange agreements in over 20 major cities in China. A significant transformation in international partnerships and exchange is taking place between CGE schools and universities in China, Japan, Indonesia, Malaysia, Korea, Taiwan, Tibet, Thailand and Vietnam. More than 25 CGE member schools cooperate in a new student exchange program with Hong Kong Baptist University. SBU has reserved two positions for students per semester with Hong Kong Baptist University.

Former Soviet Republics - Consortium members have exchange or foreign-study relationships with Russia, primarily in Moscow but including St. Petersburg, Kazan and Ufa. Several have agreements with other former Soviet republics, including Kazakhstan, Uzbekistan, Kyrgystan, Azerbaijan, Ukraine, Latvia and Belarus.

European and North African Countries - In Altea Alicante, Spain, eight consortium schools participate in the International Center for Advanced Studies to promote cross-cultural studies. Six CGE schools link with the ultra-modern Al Akhawayn University in Ifrane, Morocco, for seminar lecture programs, student and faculty exchanges, and specialty areas of education such as accreditation.

Coalition for Christian Colleges and Universities

As an institutional member of the Coalition for Christian Colleges and Universities, SBU students have a variety of additional study opportunities.

American Studies Program - Founded in 1976, the American Studies Program serves as the "Washington Campus" of Coalition member colleges and is based on the principle of integrating faith, learning and living. Students spend a semester in Washington D.C., earning academic credit by serving as interns and participating in a contemporary, issue-oriented seminar program. Internships are available in congressional offices, social service agencies, think tanks, cultural institutions and many other organizations. The American Studies Program is designed for juniors and seniors with a wide range of academic majors and vocational interests.

Latin American Studies Program - An opportunity to live and learn in Latin America is available to students from Coalition member colleges through the Latin American Studies Program. Located in San Jose, Costa Rica, the program gives students the opportunity to study the language, culture, politics, history, economics, ecology and religion of the region while living with a Costa Rican family. Students also participate in a service opportunity and travel for two weeks to surrounding countries. Two specialized academic tracks, International Business and Management and Tropical Sciences and Sustainability, are available to qualified students.

Los Angeles Film Studies Center - In January 1991, the Coalition inaugurated the Los Angeles Film Studies Center. Its purpose is to enable college students to serve in various aspects of the film industry with professional skill and Christian integrity. Located in Burbank near major production studios, the semester-long program combines seminar courses with internships in various segments of the film industry, providing the opportunity to explore the industry within a Christian context and from a liberal arts perspective.

Middle East Studies Program - The Middle East Studies Program in Cairo, Egypt, provides students with the opportunity to study Middle Eastern cultures, religions and conflicts from within this diverse and strategic region. Juniors and seniors from Christian colleges participate in interdisciplinary seminar classes, receive Arabic language instruction and serve as interns with various organizations in Cairo. The MESP encourages and equips students to relate to the Muslim world in an informed and constructive manner.

Russian Studies Program - The Russian Studies Program enables juniors and seniors from Christian colleges to spend a semester living and learning in Russia. Students study the Russian language and attend seminar courses on Russian culture, history and current political and economic issues. Program participants experience a variety of Russian environments, living for twelve weeks in Nizhni, Novgorod and visiting both Moscow and St. Petersburg. The semester includes the opportunity to participate in a service project and to live with Russian families for a portion of their stay.

Coalition-Affiliated Programs

Oxford Summer School Program - Students at Coalition member colleges and universities are invited to apply for admission to the Oxford University Summer School Program, a multi-disciplinary study of the history and development of the Renaissance and Reformation through examination of the philosophy, art, literature, science, music, politics and religion of this era. Students have the opportunity to study with faculty of the Centre for Medieval and Renaissance Studies, affiliated with Oxford's Keble College.

Summer Institute of Journalism - The first summer Institute of Journalism was founded by Fieldstead Foundation in 1995 and held in Washington, D.C. The goal of the institute is to blend classroom experiences with hands-on work in a writing lab. Students are engaged in seminars and field trips with media personnel and directed by communication professionals in workshop projects for their local papers.

(Contact the Office of International Studies for information and applications.)

Coalition-Endorsed Programs

The Coalition endorses eight programs. While these eight programs are not directly sponsored by the Coalition, oversight for each is guided by at least ten "participating colleges" within the Coalition membership. The Coalition takes no direct responsibility for the management and oversight of these programs.

The **Au Sable Institute of Environmental Studies**, in Mancelona, Michigan, is an environmental stewardship program whose mission is to bring healing and wholeness to the biosphere and the whole of creation. Students participate for college credit during January terms, May terms and summer schools.

The **International Business Institute** is designed to give students in economics, business and related areas a distinctive opportunity for a term of study that incorporates the international dimension in these fields. The program is over ten weeks in length and includes several periods of residence in key locations as well as coordinated visits and presentations in the major political and economic centers of western and eastern Europe, Scandinavia, Finland and Russia.

The **Jerusalem University College** (formerly the Institute for Holy Land Studies), in Jerusalem, Israel, offers credit for semester and year-long programs of study. Students study the history, language, culture, archaeology, geography and literature of the region, with a focus on enhancing their understanding of the Scripture.

The **Netherlandic-Spice Program** provides the opportunity to live in Amsterdam, one of the centers of the western European community. Participants receive 16 semester credits from courses in language, literature, the arts, history and politics. Options also exist for individualized study in other disciplines.

The **Christian Center for Urban Studies** (formerly the Wesleyan Urban Coalition), in Chicago, Illinois, offers weekend, three-week and semester programs. Classes are offered in urban anthropology, culture, leadership, art, mission and service.

The **Focus on the Family Institute**, in Colorado Springs, Colorado, offers a semester-long program of on-site instruction and field experiences aimed at addressing the causes and cures for fractured families, and helping students become equipped to reverse societal trends that cause harm to traditional family structures and beliefs.

The **Global Stewardship Study Program** is based at an environmental center in the jungle of Belize, Central America. Students take four courses: Global Stewardship, Sustainable Development in Third World Communities, Tropical Ecology and Biblical Stewardship. Additional electives and practicums are available.

The **San Francisco Urban Program** of Westmont College provides an opportunity for a semester of Christ-centered study in the unique context of this great city. Students study urbanization, working in a practicum related to their interests and have opportunities for independent study.

Fulbright Programs

The Fulbright Program makes grants to U.S. citizens and nationals of other countries. These grants are made for a variety of educational activities, primarily university teaching, advanced research, graduate study and teaching in elementary and secondary schools. Grants for foreign nationals are available through the binational commission/foundation or U.S. embassy in the country of citizenship. The Fulbright Scholar-in-Residence Program also provides opportunities for U.S. host institutions to sponsor visiting lecturers.

The College of Business and Computer Science offers undergraduate degree programs with majors, concentrations and minors in the departments of Accounting, Business Administration, Computer and Information Sciences, and a Master of Science in Administration. **The College is nationally accredited by the Association of Collegiate Business Schools and Programs (ACBSP) for the offering of the following degrees: The Bachelor of Science degree in Accounting, and the Bachelor of Science and Bachelor of Arts degrees in Business Administration.**

ADMISSION TO THE COLLEGE

In addition to admission to the University, all undergraduate College of Business and Computer Science degree seeking students must formally apply for admission to an undergraduate degree program. Each application will be presented to the College faculty for a formal decision to accept or reject the application. This decision procedure will take place two times a year, and application should be made to the College prior to August 31 or January 31. Applicants will be notified in writing as to acceptance or rejection. Students receiving a rejection notice may reapply no sooner than the first filing date after correcting all deficiencies. The following requirements must be met for students to be accepted into an undergraduate degree program:

1. Timely completion of the "Application for Admission to a College of Business and Computer Science Undergraduate Degree Program" provided by the dean's office.
2. Students must have a minimum cumulative grade point average of 2.00 in all work applied to a degree at SBU and at least a 2.25 cumulative grade point average in all 1000- and 2000- level courses taken within the College of Business and Computer Science.
3. The student must show evidence of dependability and awareness by regular and punctual class attendance, attention to details and ability to know and meet deadlines.

In addition, the following requirements shall be met for admission to the stated undergraduate programs:

MISSION AND OBJECTIVES

The College programs of study are designed to provide students with theoretical and conceptual knowledge and application skills in business and computer and information sciences in order to equip them to assume leadership roles in business, health services, church, education, government and other fields. Additional objectives are to improve students' economic and business maturity, to help them become better informed citizens, to assist their application of Christian principles in business relationships and to provide a thorough foundation for further professional and/or graduate study.

GENERAL INFORMATION

The College offers undergraduate degree programs with majors, concentrations and minors within three departments. Students in other fields of study are encouraged to minor in accounting, business, computer science, or computer information science in order to enhance their careers. In recognition of the importance of business and computer and information science knowledge for all citizens, several departments outside of the College have developed programs that include College courses.

All policies of the University apply to students who major or minor in College programs. Students must satisfactorily complete **128** hours of approved course credit in order to graduate with a baccalaureate degree. The standard semester course load required in order to earn the baccalaureate degree in eight semesters (4 years) is 16 hours. Students must maintain a minimum cumulative grade point average of 2.25 in all 1000- and 2000-level courses taken within the College.

In order to graduate with an undergraduate degree from the college, students must attain at least a 2.25 GPA in all 3000 and 4000-level courses in their major or concentration with a maximum of one (1) "D" grade. For purposes of this requirement, the specific majors or concentrations and their related course designations are noted below.

ACC for Accounting majors
 MKT/MGT for Marketing/Management concentration
 ECO/FIN for Economics/Finance concentration
 CIS for Computer Information Science and Computer Science majors
 and
 TEC/MKT/COM/ENG/ART and MGT 4043 and BUS 4983 for the Public Relations concentration

All elective courses to be applied toward the major(s) and minor(s) must have been approved by the student's advisor in the College.

The College is interested in assessing educational outcomes in business. Outcomes assessment is a way to evaluate College programs and academic achievement of students in relation to similar colleges. Therefore, all graduating seniors will be required to participate in an appropriate College exit exam. This exam does not impact the student's academic record applied toward a degree.

UNDERGRADUATE DEGREE REQUIREMENTS

All undergraduates majoring in the College are required to complete a common body of knowledge, referred to as the core curriculum, in addition to the University's general education requirements and the courses required and approved for students' majors or concentrations within the College. This does not apply to the major in Computer Science. The Computer Science major has its own support curriculum with a greater math and science focus.

DEPARTMENT OF ACCOUNTING

Department Chair: Rodney Oglesby
Office: Taylor 119 - (417) 328-1756
Faculty: Sharla Bailey, Wayne Clark

The Department of Accounting provides an academic program that covers the conceptual basis of accounting and the application of accounting concepts in current practice. The program of study prepares students for diversified careers in the practice of public accounting, not-for-profit accounting and general accounting management. The accounting curriculum is excellent undergraduate preparation for federal tax practice. Accounting graduates are in high demand in business, government and education. A bachelor's degree is available in accounting. A minor is also available in accounting. Students applying for the CPA exam after June, 1999 must meet the Missouri State Board of Accountancy requirement of completing 150 hours of college credit. Accounting majors pursuing CPA certification should plan a 5 year program pursuing a Master of Science in Administration to help meet this 150-hour requirement.

DEPARTMENT OF COMPUTER AND INFORMATION SCIENCES

Department Chair: Scott Sigman

Office: Taylor 106 - (417) 328-1676

Faculty: Janes Cain, Tim DeClue, Ernie Ferguson

The Department of Computer and Information Sciences provides students with a contemporary curriculum of study in computing to prepare them for careers in information processing or computer science and for graduate or professional study. The department offers a Bachelor of Science (B.S.) Degree with a major in either Computer Information Science or Computer Science. The department also offers programs of study leading to a minor or an Associate of Science Degree. Courses that provide a general knowledge of the capabilities of computing for students not seeking a degree in Computer Science or Computer Information Science are also offered.

The Bachelor of Science Degree with a major in Computer Science or a major in Computer Information Science requires a minimum of 128 semester hours of credit. Both majors require 28 semester hours of credit from CIS Core Courses and 11 to 12 additional semester hours of credit from major specific CIS courses. Remaining semester credit hours are earned from general education courses, major support courses and free electives.

OFF-CAMPUS PROGRAMS

The following degree programs are not offered on the main Southwest Baptist University campus in Bolivar, MO. They are offered at various off-campus sites in the University system. Information about these programs should be obtained directly from the appropriate off-campus site.

The B.A.S. and the A.A.S. degrees have several majors/concentrations that are designed for adult students whose backgrounds and previous educational experiences make a non-traditional approach to baccalaureate study desirable and appropriate. This is especially true for students from specialized professional, technical or occupational backgrounds, and those whose training may have been achieved through industry, military or other non-traditional means. Students interested in the B.A.S. or A.A.S. degree are encouraged to request a degree plan in which previous educational credit may be applied toward degree requirements.

THE COURTS REDFORD COLLEGE OF THEOLOGY AND CHURCH VOCATIONS

H. K. Neely, Jr., Dean

Office: Conference Center 201 - (417) 328-1770

The Courts Redford College of Theology and Church Vocations is responsible for the academic programs in religion and for the Institute of Evangelism. The College serves the University by offering courses in general education and programs of theological training for those who are entering church related vocations and for lay people.

Mission Statement

The Courts Redford College of Theology and Church Vocations endeavors from a Christian perspective to teach students the Bible, our Christian heritage, and personal discipleship, and to prepare students for professional church vocations.

Vision Statement

The Courts Redford College of Theology and Church Vocations accomplishes its mission by:

- Providing introductory courses for each SBU student in the Bible and personal discipleship.
- Providing courses that will prepare students for seminary or further graduate study.
- Providing an introduction to the basic tools of doing the work of a local church.
- Mentoring church vocation students to understand their call better and to live the Christ-centered life.
- Giving experience under guidance through its In-Service Training Office to those preparing for church vocations.
- Making students aware of the witnessing imperative of the Christian faith around the globe.

Majors and Minors

The Courts Redford College of Theology and Church Vocations offers majors and minors through the departments of Biblical Studies, Church Ministry Studies and Systematic Religious Studies. There are also interdisciplinary majors, minors and special programs. **A student may take more than one Redford major only with special permission and special course requirement limits.**

Students must maintain a minimum cumulative grade point average of 2.25 in all courses taken within the Redford College and earn "C" grades or higher in all courses taken within the Redford **CORE** (see next section), their major(s), concentrations and/or minor(s) with the Redford College. All policies of the University apply to students who major or minor in Redford College programs. The standard semester course load required in order to earn the baccalaureate degree in eight semesters (4 years) is 16 hours.

Out of a commitment to continuous improvement of the student's undergraduate experience, The Courts Redford College of Theology and Church Vocations assesses the learning process in a number of ways. These may include, but are not necessarily limited to, entrance and exit examinations, and exit interviews and surveys requesting information from graduates, graduate schools and employees. Confidentiality is always maintained and the results of these various instruments are used to make positive and constructive changes to the academic program.

All Redford College students are expected to live a consistent Christian life based on biblical principles of conduct.

Redford CORE Curriculum

All Redford majors are required to take a block of courses which will provide a balanced theological education. These are referred to as the **CORE**. It consists of the following: BIB 2093, CHR 3013, PHI 4013, THE 3113, and THE 3673.

Residence Requirement

A minimum of half the required courses for all Redford majors and minors must be taken at Southwest Baptist University.

Baccalaureate Requirements

The course requirements that follow include University General Education requirements and Redford **CORE** courses by year. Following this, the course requirements of each major within the college are given.

Certificate Program

The Redford College offers, in addition to the regular degree programs, a two-year Certificate in Theology. This program is designed for ministers and laymen who cannot pursue a regular university degree but still wish to gain proficiency in practical religious studies. The certificate is not meant to be a substitute for a regular university degree or seminary education; rather, it provides preparation for the student who is unable to undertake either of these programs.

To apply for the Certificate in Theology, a student should contact the Dean of the Redford College.

Costs of Certificate Programs

Units of work during the regular semester are \$50.00 tuition per hour. Grants or scholarships are not available to students in this program unless the scholarship has been specifically designated for such programs. Housing and meals for students residing in dormitories will be charged at the rate paid by degree students. Commuters who wish to stay a night or two each week on campus can make arrangements with the office of Student Life.

A student pursuing a Certificate program may apply for regular University credit under the following conditions: 1) all regular classroom work successfully completed can be transferred to the degree program; 2) the Dean of the Redford College and the Registrar will evaluate the work; 3) as needed, all admission requirements of the University must be met, placement tests must be taken, and regular tuition will be paid henceforth.

All Certificate students must be approved for graduation by the Dean of the Redford College after consultation with the Redford faculty.

COLLEGE OF EDUCATION AND SOCIAL SCIENCES

John Wheeler, Dean
Office: 104 Gott Educational Center
(417) 328-1715

MISSION STATEMENT

The College of Education and Social Sciences seeks to prepare students for careers in people-oriented and service-minded professions, while encouraging students to embody Christlike character.

VISION STATEMENT

The College of Education and Social Sciences endeavors to equip students for careers and professions by:

- ▶ providing theoretical and practical experience necessary for each discipline,
- ▶ encouraging positive mental, physical, social and spiritual health,
- ▶ challenging students to strive for academic excellence,
- ▶ integrating the Christian faith into each academic discipline,
- ▶ contributing to the liberal arts foundation within the general education requirements.

DEPARTMENT OF BEHAVIORAL SCIENCES

Department Chair: Kevin Schriver
Office: 200 Gott Educational Center (417) 328-1736
Faculty: Pearlene Breshears, Richard Brewer, Debra Gamble,
Kelly Martin, Evelyn Mercer, Philip Powell, William Walkup

The Department of Behavioral Sciences includes the areas of psychology, sociology, human services and criminal justice. It offers majors in psychology, sociology, human services and criminal justice. The department also offers minors in psychology, sociology, counseling and gerontology.

The course work in the Department of Behavioral Sciences is designed to produce graduates who are prepared for post-baccalaureate alternatives, including employment as professionals or for pursuing graduate studies. The goal of the department is to meet the needs of those students: (1) preparing for graduate work in one of the behavioral sciences; (2) preparing for scientific careers in the behavioral sciences; (3) preparing in pre-professional training programs such as the ministry, nursing, law, physical therapy, etc.; (4) preparing for employment in one of the behavioral sciences.

The Behavioral Sciences Department is committed to providing students with a sound educational experience wherein they are enabled to learn theories and practical applications, think critically and integrate their Christian faith with their chosen discipline.

All majors must maintain a minimum GPA of 2.25 with no more than 6 hours of D in the major. The specific requirements for each concentration and minor in the department are presented with their respective course description below.

HUMAN SERVICES AND RESOURCES PROGRAM (B.A.S. or B.S.)

The Human Services and Resources program is designed to be an interdisciplinary degree emphasizing educational and pre-professional training experiences for students who:

1. aspire to initial entry-level employment opportunities in the field of human services;
2. are currently employed in such a field and are seeking further advancement within the discipline; or
3. are preparing for employment in the area of human resources development.

Admission into the Program

Acceptance into the program is contingent upon an interview with the Coordinator of Human Services. The student will at that time select either the B.A.S. or B.S. degree option.

Degree Requirements

The following are the degree requirements for the B.A.S. degree in Human Services and the B.S. degree in Human Resources Development. The student who selects the B.A.S. option will also select an area of concentration. The student who selects the B.S. option will follow a program that allows the completion of the minor in business and the minor in communication.

Department of Education Mission Statement

The Department of Education seeks to prepare teachers to impact schools for Christ.

Department of Education Vision Statement

The Department of Education endeavors to prepare students for careers in teaching by:

- building a strong knowledge base in area/s of specialization;
- linking knowledge, academic theory, and classroom practice through clinical-based experiences;
- using appropriate educational technology;
- promoting professional development;
- integrating Christ-like values in daily classroom interactions.

Philosophy

A major purpose of the Department of Education at SBU is to prepare Christian teachers in the areas of elementary, middle and secondary education. In an effort to meet this responsibility, the Teacher Education Program has been established on the following long term goals:

1. Prepare students to teach in a global society.
2. Increase professional development opportunities.
3. Broaden the opportunities of preservice teachers to use technology in the classroom.
4. Strengthen consistency in program outcomes for elementary, middle, secondary and off-campus programs.
5. Strengthen educational relationships with local school systems.
6. Assess the strengths and weaknesses of the Teacher Education program.

All of the faculty in the Department of Education have had experience as teachers and/or administrators in public schools. Each is a dedicated Christian, active in a local church, and committed to the idea that the preparation of teachers in a Christian atmosphere is of primary importance.

The Teacher Education Program at SBU prepares teachers at the undergraduate and graduate levels for both public and Christian schools. These programs combine strong academic study with a variety of practical clinical experiences. Students may choose one of two means in preparing for, and growth in, the teaching profession.

1. Upon completion of the bachelor's degree and all other requirements for a teaching certificate, students may enter the teaching profession and follow the professional growth requirements of the employing school system, including involvement in graduate study on a part-time basis.
2. Upon completion of certification and degree requirements, students may elect to pursue a fifth year of study leading to a master of science degree in education. In this case the beginning teacher may enter a school system with the advantage of having already completed study at the master's level.

The Teacher Education Program has been approved by the State Board of Education of the State of Missouri. This approval is granted through the Missouri Department of Elementary and Secondary Education (DESE). Presently, SBU is authorized to conduct a professional education program and recommend candidates for initial certification and/or added endorsement in the following areas:

<p>Early Childhood (Birth-Grade 3 - Endorsement)</p> <p>Elementary (1-6)</p> <p>Elementary - Mt. On the Bolivar campus Elementary Education majors must complete prescribed course work in elementary education in order to receive initial certification. This includes University general education requirements and completion of supporting work of 21 or more semester hours which will qualify the student to obtain an added endorsement (certificate) in a second area of concentration which could be Early Childhood, Birth-Grade 3; Art K-9; Health K-9; Physical Education K-9 or Spanish K-9. Total hours must meet SBU's graduation requirements.

Middle School Education majors must complete prescribed course work in middle school education in order to receive initial certification. This includes University general education requirements and 21 or more semester hours in two (2) areas of concentration which are available - **language arts, mathematics, science or social science**. Middle School students also may elect to complete 24 or more hours in one (1) of the concentration areas of language arts, mathematics, science or social science and complete the hours required for Spanish K-9 or Speech 5-9 as an endorsement area. Total hours must meet SBU's graduation requirements.

Teacher Education Program

A certificate required for teaching in the public schools of Missouri may be obtained by students who complete SBU's Teacher Education Program and are recommended for certification by the Director of Teacher Education and the Certification Officer. Persons who hold Missouri teaching certificates normally may obtain provisional certificates to teach in other states and may obtain full certification in most instances by completing a few additional courses. **The certification curriculum includes requirements set forth by the Missouri State Department of Elementary and Secondary Education. Since state department requirements change from time to time, SBU reserves the right to amend the curriculum and require teaching certificate candidates to graduate under a program which reflects the state certificate requirements in force at the time of graduation. When new state department requirements for teaching certificates become effective, the new requirements take precedence over other catalogs.**

Only professional education courses transferred from Missouri junior colleges or from a senior college having a state-approved teacher education program can be used to meet certification requirements. Transcripts verifying all college-level work taken must be on file in the Office of Teacher Education. All college-level work ever attempted is calculated in the GPA.

Admission to the University does not automatically qualify a student to participate in SBU's Teacher Education Program. The first level for students who desire to enter the Teacher Education Program is to declare intent by accomplishing the following within the first four weeks after entering SBU. Transfer and returning students should do this before enrolling in any course at SBU.

1. Complete a "Statement of Intent to Obtain a Teaching Certificate" form, furnished in the teacher education office.
2. Obtain a copy of the **Teacher Education Handbook** from the teacher education office and read it.
3. Furnish the items listed below for the teacher education folder. All forms should be completely filled out and turned in at the same time.
 - (a) "Application for Admittance" form complete with a head and shoulder photograph no larger than 2 1/2 x 3 1/2 inches. A suitable picture may be obtained in the Office of Teacher Education during certain times.
 - (b) Two copies of an autobiographical sketch in narrative form with the information exactly the same on each copy. One of these must be typewritten and one must be handwritten in ink on a sheet of 8 1/2 x 11 inches **unlined** paper.
 - (c) ACT or SAT scores. Documented scores for either of these tests must be furnished to the Office of Teacher Education.

- (d) Request for Transcript form indicating whether or not you have had transfer work must be completed and submitted as a part of the education file.
 - (e) Program of study worksheet (Four-year plan).
4. Arrange for an initial interview with the Certification Officer to tentatively schedule the student teaching semester. This interview needs to be done as early as possible in the first semester. Transfer and returning students should have this interview prior to mid-term of the first semester at Southwest Baptist University. At the time of this interview, the first and second teaching areas, if applicable, and the tentative semester for student teaching are discussed. Students who withdraw from Southwest Baptist University for one or more semesters must reapply by repeating the above procedures upon reentry.

Admission to the Teacher Education Program

Admission to the University does not automatically qualify a student for admission to SBU's Teacher Education Program. If students have not completed their application for admittance to the Teacher Education Program and met with the Certification Officer to discuss a tentative student teaching semester, they **must apply** during the first eight (8) weeks of the second semester of their sophomore year or **before enrolling** in upper-level education courses. Students are not admitted to upper-level (3000-4000) education courses without having met the requirements listed under "Admittance to Upper-Level Education Classes." Each application will be presented to the education faculty for a formal decision to accept or reject the applicant. Applicants will be notified in writing as to acceptance or rejection. **The following requirements must be met for a student to be accepted into the Teacher Education Program and/or recommended for a teaching certificate:**

1. **Teacher Education File.** The student's file must be up-to-date in the Office of Teacher Education. (See above list of requirements.)
2. **C-BASE scores.** Students desiring to enter the Teacher Education Program (both graduates and undergraduates) must pass all five sections (*English, Writing, Math, Science, and Social Studies*) of the College-Basic Academic Subjects Examination (C-BASE). Students should take the C-BASE during the first semester of the sophomore year. Transfer students, sophomore and above, and graduate students should take the C-BASE during their first semester at SBU. See the Director of Career Planning and Placement to register for the test. The examination will be given on campus during the fall and spring semesters. The **C-BASE scores must be on file** in the Office of Teacher Education **prior** to the student being admitted to the Teacher Education Program. Admittance to upper level courses in education will not be permitted if scores do not meet standards required by the state of Missouri. In instances where the student has failed to demonstrate the required degree of maturity or has a history of problems of a psychological or ethical nature, personality or psychological testing may be required at the discretion of the teacher education faculty. Expenses for this testing will be borne by the student.
3. **Resume.** Two copies of a current resume.
4. **Admittance to Upper-Level Education Classes -- Undergraduates and Graduates.** To be admitted to upper-level education courses (3000 and 4000 level), students must have a cumulative grade point average (GPA) of 2.5, must have documented scores of the ACT or SAT on file in the Office of Teacher Education, must have passed all sections of the C-BASE, must have completed successfully EDU 2113 and EDU 2313 or their equivalents and must have completed their teacher education file. Also, Elementary Education students must have passed successfully EDU 2343 and EDU 2353.
5. **Grades, Grade Point Average and Cumulative Grade Point Average.** All college-level work ever attempted is calculated in the grade point average (GPA). **Students must furnish transcripts to the Office of Teacher Education for all college level work taken at other colleges or universities.** Students must have a minimum cumulative GPA of 2.5 on a 4.0 scale. Students must attain a minimum cumulative 2.5 GPA in **each area** in which they are seeking a teaching certificate. Professional education courses must be completed with a GPA of 2.5 and with no grade lower than a "C." PSY 3063, Human Growth and Development, (or in some cases, PSY 3053 or PSY 4033) is included as a professional education course for education students.
6. **General Education Requirements and Lower-Level Course Work.** Students must have completed all lower-level general education requirements and all 1000 and 2000 level courses required in each of the areas in which they are seeking certification unless permission has been granted to do otherwise. Secondary students should be careful to see that they have completed University general education requirements and the general education requirements prescribed by the state. State requirements are listed later in this section. Elementary general education requirements are included in the degree program.
7. **Correspondence Courses and Other Classes or Activities During the Block/Student Teaching Semester.** Correspondence courses should be completed **prior to the beginning of the professional block semester.** Students are not to be enrolled in classes other than the block classes and student teaching during their professional semester without prior written permission from the Director of Teacher Education or the Coordinator of Clinical Experiences. Students must abide by the rules stated in the Teacher Education Handbook under "The Student Teaching Experience" pertaining to outside activities during student teaching. Student teachers will be on cooperating schools' calendars, not SBU's.

8. **Education Course Requirements Prior to Student Teaching.** Prior to doing student teaching, students majoring in elementary or middle school education or in a secondary teaching field must have completed all lower-level general education and all professional education courses unless permission has been granted for exceptions. A student may not enroll in student teaching without permission of the Director of Teacher Education or the Coordinator of Clinical Experiences.
9. **Attendance at Education Day Seminar and other required meetings.** Students are required to attend the annual Education Day Seminar held during the academic year in which they will be completing their professional block/student teaching semester. Students are also required to attend ALL meetings pertaining to their block/student teaching semester either prior to or during the stated semester.
10. **Credit Check.** A credit check is an evaluation of the academic record to determine if the requirements for graduation and for the teaching certificate have been met. The evaluation is made by the registrar, the advisor, the heads of major departments, and if added endorsements (certifications) are sought, by heads of the departments in the areas of the added endorsements and the Certification Officer. Ordinarily, students request a credit check when they have completed between 70-80 semester hours of college work. However, because the teacher education student cannot enroll in other courses during the block semester, a credit check should be requested at the end of the first semester of the junior year. This should allow ample time to enroll in courses needed for graduation.
11. **Portfolios.** Students are required to establish and maintain a professional portfolio throughout their educational program of study.
12. **Recommendations.** Students are usually recommended by each department in which certification is sought. The Office of Teacher Education requests these recommendations from the departments.
13. **Evidence of Dependability and Awareness.** This includes regular and punctual class attendance, attention to details and the ability to know and meet deadlines.
14. **Evidence of Good Citizenship.** Prospective teachers are expected to be good citizens of the University and the community. Recent conviction for a felony or misdemeanor or disciplinary action taken by school authorities will be considered negative factors.
15. **Exit Assessment.** Students graduating after September 1, 1991, are required to complete the state-prescribed exit assessment which includes the passing of the appropriate Praxis II Subject Assessment/Specialty Area Test before they will be granted a teaching certificate by the state of Missouri.

Elementary Education Grades 1-6

Major (B.S. degree)

Students must complete prescribed course work in elementary education in order to receive initial certification. This includes University general education requirements and completion of supporting work of 21 or more semester hours which will qualify the student to obtain an added endorsement (certificate) in a second area of concentration which could be Early Childhood (Birth-Grade 3); or Middle School Education, 5-9 with two concentration/endorsement areas; or a subject area in which an added endorsement is available. Total hours must meet SBU's graduation requirements.

Major (B.A. degree)

Same as the B.S. degree except for the completion of two approved courses in the same foreign language and an additional three (3) hours in humanities. (See Bachelor of Arts/General Education Requirements.)

Minor in Elementary Education

No minor offered in Elementary Education.

Middle School Education, Grades 5-9

Major (B.S. degree)

Students must complete prescribed course work in middle school education in order to receive initial certification. This includes University general education requirements and 21 or more semester hours in two (2) areas of concentration which are available - **language arts, mathematics, science or social science.** Middle school students also may elect to complete 24 or more hours in one (1) of the concentration areas of language arts, mathematics, science or social science and complete the hours required for Spanish K-9 or Speech 5-9 as an endorsement area. Total hours must meet SBU's graduation requirements.

Major (B.A. degree)

Same as the B.S. degree except for the completion of two approved courses in the same foreign language and an additional three (3) hours in humanities. (See Bachelor of Arts/General Education Requirements.)

Minor in Middle School Education

No minor offered in Middle School Education

Secondary Education

A major is not available in secondary education. Secondary education is offered only in conjunction with a major academic teaching area in which certification has been approved by the State Department of Education.

Secondary Certification (B.S. degree)

Certification in secondary education consists of completion of an academic major in which initial certification is sought and completion of professional education requirements. When possible, it is recommended that students complete sufficient hours to obtain an added endorsement (certificate) in a second teaching area. Total hours must meet SBU's graduation requirements.

Secondary Certification (B.A. degree)

Same as the B.S. degree except for the completion of two approved courses in the same foreign language and an additional three (3) hours in humanities. (See Bachelor of Arts/General Education Requirements.)

B.S. Degree Without Certification

Students who complete a prescribed education program without passing the appropriate exit exam and/or without satisfactorily completing student teaching will be awarded the Bachelor of Science degree in Education. **They cannot be recommended for a teaching certificate.**

Special Certification**Early Childhood (Birth-Grade 3)**

Elementary Education Major and completion of the following courses or such courses as the State Department of Education may require: (Please refer to course descriptions for prerequisites)

EDU 2111 - *Field Work (observing/assisting) in Early Childhood/Birth-Grade3	1 hour
EDU 2243 - Health, Safety & Nutrition for the Young Child	3 hours
EDU 2334 - Teaching the Young Child	4 hours
EDU 2343 - **Emergent Language	3 hours
EDU 2381 - Practicum - Child Development	1 hour

EDU 4925 - *Student Teaching in Elementary School (BLK)	5 hours
PSY 3063 - Human Growth & Development (also counted under Social Science)	3 hours

*** STUDENTS MUST TAKE EDU 4832 and EDU 4842 DURING THEIR PROFESSIONAL BLOCK SEMESTER AND MUST BE ENROLLED IN EDU 4915 AND EDU 4925 CONCURRENTLY.**

+ Field Work/Base may be in Elementary (21), Early Childhood (11) or Middle School/Jr. High (31), whichever is applicable, and is by permission of the Coordinator of Clinical Experiences. Requirements for the first Field Work (observing/assisting) include successful completion of EDU 2113 or EDU 2313 (or either may be taken concurrently), a 2.0 GPA and completion of paperwork for teacher education file. Students must pre-enroll. Elementary education students participate in a Field Work (observing/assisting) during the sophomore year and in a Field-Based Internship each semester during the junior year concurrently with their methods courses in order to observe and participate in various methods of teaching being utilized in the public school.

2. Complete supporting work, including methods of teaching in the subject selected, which will qualify the student to obtain an added endorsement (certificate) in a second teaching area. This could be Early Childhood (Birth-Grade 3); or Middle School Education, 5-9 with two concentration/endorsement areas; or a subject area in which an added endorsement (certification) is available.

Students who elect to obtain an added endorsement in some area other than Early Childhood must complete supporting work, including methods of teaching in the subject selected, and meet all requirements as stated by the Missouri Department of Elementary and Secondary Education. (Information may be obtained in the Office of Teacher Education.) Total hours must meet SBU's graduation requirements.

SUGGESTED FOUR YEAR PLAN

EDU 4945 - *Student Teaching in Secondary School II (BLK)	5 hours
PSY 3063 - Human Growth and Development	3 hours

(also counted under Social Studies & Psychology)

* **STUDENTS MUST TAKE EDU 4832 and EDU 4842 DURING THEIR PROFESSIONAL BLOCK SEMESTER AND MUST BE ENROLLED IN EDU 4935 AND EDU 4945 CONCURRENTLY.**

+ Secondary persons must take one (1) Field Work (observing/assisting) class and one (1) Field-Based Internship class. Requirements for the first field work (observing/assisting) include successful completion of EDU 2113 or EDU 2313 (or either may be taken concurrently), a 2.0 GPA and completion of paperwork for the teacher education file. Students must pre-enroll. The first field work is taken at the middle school/junior high level- EDU 2131. The Field-Based Internship class or EDU 3341 is a part of a field-based internship component in EDU 3333, Principles and Methods of Secondary School, and is taken at the secondary level.

NOTE: EDU 2113 and EDU 2313 are prerequisites for admission to upper-level elementary, middle and secondary education courses by all students seeking State Teacher Certification. Either EDU 2113 or 2313 must be taken at Southwest Baptist University. EDU 3333 must be taken at Southwest Baptist University. Enrollment in upper-level education courses by all students seeking State Teacher Certification is limited to those students who have a cumulative GPA of 2.5, have a documented ACT or SAT score on file in the Office of Teacher Education, have passed all sections of the C-BASE and have completed their file in the Office of Teacher Education. Only professional education courses transferred from Missouri junior colleges or from a senior college having a state-approved teacher education program can be used to meet certification requirements. All college-level work ever attempted is calculated in the GPA.

B.M. Degree Program

Students who desire to obtain certificates to teach music must fulfill requirements one (1) and four (4) listed previously under secondary education certificate program. For the remainder of the requirements they must follow the course of study prescribed by the music department.

Clinical Experiences

During the sophomore or second year of teacher preparation at Southwest Baptist University, preservice teachers will complete a field work that introduces them to the profession of teaching. Elementary, middle school, and secondary education preservice teachers usually complete the field work (observing/assisting) concurrently with Educational Psychology or Foundations of Education. Placement for each field work is made by the Coordinator of Clinical Experiences in an area

school or the student may choose a school outside the area for placement. At the beginning of each semester, a field worker's meeting is held in order for the Coordinator of Clinical Experiences to explain the procedure for completing field work, to provide informational packets and to convey assignments. A minimum total of thirty clock hours is required for the first field work and the students receive one hour of credit. Students keep a weekly log of the time spent, a personal time sheet, and self-evaluation at the end of the semester. All paperwork is then turned into the Department of Education Office. The cooperating teachers also verify weekly activity and evaluate overall performance at the end of the semester. Evidence of documentation for all clinical experiences appears in individual files.

The second clinical experience for middle school or secondary education preservice teachers is taken concurrently with Middle School Curriculum or Principles and Methods of Teaching Secondary School, respectively, and is part of the field-based program. Students receive one hour credit and are scheduled to work with a middle or secondary teacher in their area of certification for a continuous block of time consisting of approximately 30-35 hours. The second and third clinical experiences for elementary preservice teachers are taken concurrently with their elementary methods as part of the Field-Based Internship for elementary majors during their junior year. Students actively assist a teacher for one day each week during both the fall and spring semesters and receive one hour credit for the field-based experience each semester.

Successful completion of either Educational Psychology, EDU 2113 or Foundations of Education, EDU 2313, is a prerequisite for all field work classes; or the first field work may be taken concurrently with either of these. **Also, students must have completed the necessary papers for their Teacher Education file, and must have at least a 2.0 cumulative GPA before pre-enrolling for the first (2000-level) field work. Pre-enrollment must be completed in the Education Office.**

In order to enroll in upper-level (3000) Field-Based Internship, students must have completed successfully Educational Psychology and Foundations of Education and the necessary paperwork for their teacher education file as well as other teacher education requirements which include a cumulative GPA of 2.5, a documented ACT or SAT score on file in the Office of Teacher Education and the passing of all sections of the C-BASE. All students must have consent of the Coordinator of Clinical Experiences and must pre-enroll in Field-Based Internship classes. Attendance at field based meetings is also required. Students are responsible for providing their own transportation to and from field base. Meetings for field base classes will be held in the respective methods' classes.

Elementary Education majors will take one (1) Field Work (observing/assisting) class and two (2) Field-Based Internships. Students with Early Childhood as a second area of concentration usually take 2 Early Childhood/Birth-Grade 3 field work classes, **the first one** (EDU 2111) in kindergarten and then 1 in lower elementary, which counts as both an early childhood and an elementary field work and also 1 in the upper elementary school. The Field-Based Internship classes in lower elementary and upper elementary are taken concurrently with the methods courses. **Elementary Education majors** with other areas as their second field take 2 elementary-level Field-Based Internships, 1 each semester with the methods courses and **the first field work (observing/assisting) is taken** in the second area such as art, Spanish, etc.

Elementary/Middle School majors will take one (1) Field Work (observing/assisting) class and two (2) Field-Based Internship classes, usually 1 in lower elementary (1-3), 1 in upper elementary (4-5) and 1 in a concentration area in the 6th, 7th, 8th or 9th grades. The clinical experiences in the concentration area is usually the **first (EDU 2131) field work. The 3000-level Field-Based Internship** is taken concurrently with the methods courses and Middle School Curriculum.

Middle School Education majors will take one (1) Field Work (observing/assisting) class and one (1) Field-Based Internship class, both in the middle school, usually 1 in each concentration area. **Middle school students** will take the EDU 2131 field work, according to the prerequisites listed earlier, **PRIOR** to taking EDU 3431 which is taken concurrently with EDU 4493, **Middle School Curriculum.**

Secondary Education students will take one (1) Field Work (observing/assisting) class and one (1) Field-Based Internship. According to the Department of Elementary and Secondary Education (DESE) requirements, 1 **clinical experience (field work)** is taken at the middle school/junior high level and 1 **Field-Based Internship** at the high school level. **Secondary students** will take the EDU 2131 field work, according to the prerequisites listed earlier, **PRIOR** to taking EDU 3341 which is taken concurrently with EDU 3333, **Principles and Methods of Secondary School Education.**

In order for students to obtain the best experiences possible, field work/base assignments are usually made at different schools and at different grade levels.

Block/Student Teaching Semester

The block/student teaching semester is normally taken during the senior year and is open only to students who have been unconditionally admitted to the Teacher Education Program. The first four to four and one-half weeks of the semester is spent in concentrated study in the professional block program for which the student receives four to seven (4-7) hours of credit. The remainder of the semester is spent in student teaching at a cooperating school or schools for which the student receives ten (10) hours of credit. In order to enroll and participate in the student teaching semester, a student must have been unconditionally admitted to the program, must have attained (and must maintain during the block) the required grade point average (GPA) and must meet other requirements as stated in the "Teacher Education Handbook" provided in the Office of Teacher Education. Student teachers will be evaluated using a letter grade system. Students will be required to furnish a physical examination report on the form provided by the Department of Education during the first portion of the "block". Student teachers are expected to be fully committed to the teaching profession during this period and will be on the calendars of the cooperating schools, not the SBU calendar. (Students are responsible for reading and abiding by the information given in the "Teacher Education Handbook" as well as this catalog.)

DEPARTMENT OF HEALTH, PHYSICAL EDUCATION and RECREATION

Acting Department Chair: Linda Wooderson
Office: Davison Field House (417) 328-1746
Faculty: Larry Jackson

PHYSICAL EDUCATION

Recognizing that mental cognition and efficiency is dependent upon organic health and vigor, and with the philosophy that training and development of the body should be as systematic and thorough as training of the mind, programs for individual and team physical enhancement are offered in health and physical education. Fundamentals of sports and athletic skills are taught and opportunities for participation are provided through various physical education programs. Academic programs are offered which lead to Missouri teacher certification in grades K-12, K-9, and 9-12. The department also offers certification programs in health education. Students interested in being certified as athletic trainers may meet the requirements which prepare them for the national examination. Students desiring to pursue a career in a sports-related area other than teaching may pursue a major in Sports Management. A physical education major must pursue a course of study that leads to either the bachelor of arts degree or the bachelor of science degree. Certification requirements as outlined in one of the programs listed below and in the teacher education section of the catalog must be met. It is strongly recommended that students seek endorsement (certification) in a second teaching field or occupational area. All physical education majors who seek a teaching certificate must complete the student teaching block. Enrollment in upper level education courses by all students seeking State Teacher Certification is limited to those students who have a cumulative GPA of 2.5, a documented ACT or SAT score on file in the Office of Teacher Education, have passed all sections of the C-BASE, and have completed their file in the Office of Teacher Education. **Only professional education courses transferred from Missouri junior colleges or from a senior college having a state-approved teacher education program can be used to meet certification requirements. All college-level work ever attempted is calculated in the GPA.**

Therapeutic Recreation Option

An option exists for students to take a study track in therapeutic recreation. This approach is applicable for the student who desires to meet standards for national certification in therapeutic recreation through the National Council for Therapeutic Recreation Certification (NCTRC). Students who pursue this professional direction will be seeking credentialing for careers in therapeutic recreation in clinical, residential, or community-based programs for persons with disabilities. To pursue certification as a Certified Therapeutic Recreation Specialist, the student must complete nine (9) credit hours in therapeutic recreation content courses, an internship in therapeutic recreation, and other undergraduate degree requirements from Recreation and Leisure Studies. Supportive work includes BIO 2204, HPE 4003, PSY 3033, PSY 3063, and six (6) elective hours in PSY or SOC. Specific advisement may be obtained from the Coordinator of Recreation and Leisure Studies.

Youth Ministry Certification

Any student in the University may receive certification in youth ministry by completing the prescribed program of courses. The certification will be granted by Recreation and Leisure Studies. Formal application must be made no later than February or September of the year of graduation. Certification will verify that the student has successfully completed the recommended program of study for work and ministry with youth.

Twenty-two (22) hours are required, including:

REC 1123 - Principles of Church Recreation 3 hours

RED 3013 - Youth Ministry in the Church 3 hours

RED 3023 - Church and Denominational Administration

DEPARTMENT OF HISTORY AND POLITICAL SCIENCE

Department Chair: Harlie Gallatin

Office: Taylor 207 (417) 328-1720

E-mail: hgallati@sbuniv.edu

Web-page: <http://www.sbuniv.edu/~hgallati/hipodpt.html>

Faculty: Robert Gudmestad, Kwasi Ofori-Yeboah, Larry Whatley

The Department of History and Political Science offers a major and minor in history, a major and minor in political science, and coordinates prelaw advisement and the multi-disciplinary major program in social science education. Course work offered by this department is designed to meet the needs of those students who are (1) desiring to prepare for graduate work in history or political science; (2) preparing for teacher certification in the social studies subjects; (3) preparing for advanced professional studies programs or careers such as law, public service, ministry, business, missions, etc., whether in the United States or abroad; or (4) simply interested in majoring in history or political science. One-half of the hours counted toward a major and at least six (6) hours counted toward a minor must consist of courses taken in residence at Southwest Baptist University. Except for credit earned on the CLEP General Examination in Social Science and History, which may not be counted, any appropriate credit earned through regular or correspondence courses or examinations offered through Southwest Baptist University may be counted as residence credit toward a major or minor.

HISTORY

Students wishing to maximize the major in history and/or anticipating graduate study in history would be wise to complete supporting work from fields of both the humanities and social sciences as follows: four or more courses selected from the fields of anthropology, geography, political science, psychology and sociology, three or more courses selected from the fields of art history, literature or philosophy, and two or more courses in either French or German.

Major (B.A. or B.S. Degree)

Thirty-six (36) hours made up of thirty (30) hours of history and six (6) hours of political science with a minimum cumulative GPA of 2.0. This thirty-six (36) hours must include a minimum of eighteen (18) hours of 3000 and 4000 level work in history; namely six (6) hours from HIS 3313, 3323, 3423, 4313, 4413, or other ancient and medieval history; three (3) hours from HIS 3513 or other modern world history; six (6) hours from HIS 3783, 3833, 3843, 3893 or other United States history, and three (3) hours elective history.

The B.S. degree requires, in addition, nine (9) hours of supporting work in the social science fields of anthropology, geography, political science (except courses counted in major), psychology (except PSY 1013) and sociology (except SOC

1003). Students completing another major in addition to history in the B.S. degree program may waive the above supporting work.

Conjunctive Major (B.A. or B.S. degree)

A student who completes a second major in conjunction with a major in history may exercise greater flexibility in the composition of the history major. The conjunctive major in history requires thirty (30) hours of history, including the following minimum requirements: at least eighteen (18) hours of 3000 and 4000 level work; with at least three (3) hours from HIS 3313, 3323, 3423, 4313, 4413 or other ancient and medieval history; three (3) hours from HIS 3513 or other modern world history; three (3) hours from HIS 3783, 3833, 3843, 3893 or other United States history; and a minimum cumulative GPA on the major of 2.0.

Minor

Eighteen (18) hours including six (6) hours of 3000 and 4000 level work; three (3) hours from HIS 1113, 3313, 3323, 3423, 3463, 4313, 4413 or other ancient and medieval history; three (3) hours from HIS 1123, 3513 or other modern world history, and three (3) hours from HIS 2213, 2223, 2233, 3783, 3833, 3843, 3893 or other United States history.

POLITICAL SCIENCE

The political science program offers excellent preparation for a broad range of careers not only for students who are interested in attending law school or pursuing public service careers, but also for those anticipating careers overseas in government service, business, or missions. Please see the information on the suggested academic program for Prelaw studies found at the end of this section.

Major (B.A. or B.S. degree)

Thirty-two (32) hours of political science with a minimum cumulative GPA of 2.0. This thirty-two (32) hours must include POL 1113, 2223, 2952, and the following upper level work: nine (9) hours in United States political institutions (POL 4453, 4563, 4673); three (3) hours in political thought (POL 4883); three (3) hours of international relations (POL 3313); three (3) hours of comparative government (POL 3323); three (3) hours of regional studies; and three (3) hours elective political science or a statistics course. The B.S. degree requires, in addition, nine (9) hours of supporting work selected from ACC 2023; BUS 3073, 3083; COM 3363; HIS 3783, 3893; MGT 3013; SOC 4033, 4043. Students completing another major in addition to political science in the B.S. degree program may waive the above supporting work.

Minor

Eighteen (18) hours including POL 1113; at least one course from POL 2223, 4453, 4563, 4673, or BUS 3073 (recommended for Pre-law students); and at least one course from POL 3313, 3323, 4883, or the regional studies courses.

SOCIAL SCIENCE EDUCATION

The Social Science Education program is open to those who continue to meet all the requirements for admission to the Teacher Education Program appropriate to their current class standing, and who complete the requirements for the Secondary Education Certificate B.S. Degree Program. (See the Education section of this catalog.) The social studies school curriculum draws on several social science disciplines making a broad, multi-disciplinary preparation essential. All work counted on the Social Science Education major must have a minimum cumulative GPA of 2.50.

Teaching Major (B.S. degree)

Required courses for an initial certification in Social Studies for grades 9 through 12:

- | | |
|--|----------|
| 1. United States History | 15 hours |
| (HIS 2213, 2223, and 9 hours of other U.S. history) | |
| 2. World History | 12 hours |
| (HIS 1113, 1123, and 6 hours of other world history) | |
| 3. Economics | 3 hours |
| (ECO 2033 or 4003) | |

4. Geography	3 hours
(GEO 1103)	
5. Political Science	6 hours
(POL 1113, 2223)	
6. Behavioral Science	6 hours
(PSY 1013 and SOC 1003 or SOC 1013)	
7. Other Social Science	6 hours
(electives from economics, history, political science, sociology, and psychology [except PSY 3053, 3063, and 4033])	
TOTAL	51 hours
(this must include 15 hours of 3000/4000 level)	

NOTE: Students who complete a regular major in history, political science, sociology, or psychology and who meet the requirements for admission to the Teacher Education Program and for the Secondary Education Certificate B.S. Degree Program may also meet the requirements for initial certification in social studies (grades 9-12), but the necessary course work will exceed the 128 hours required for graduation in some cases as much as 25 hours. Included in and/or in addition to one of the subject majors listed above, the following 39 hours must be completed: ECO 4003 or 2033; GEO 1103, HIS 1113, 1123, and 3 hours of elective world history; HIS 2213, 2223, and 6 hours of elective United States history; POL 1113 and 2223; PSY 1013; and SOC 1003, or SOC 1013.

PRELAW

The Association of American Law Schools does not recommend a specific prelaw major as the preferred background or preparation for law school. Therefore we do not designate any specific major or minor for students who anticipate attending law school. However, some of the majors and minors typically chosen by prelaw students are political science, business, history, education, English and speech, although any challenging area of study would be appropriate. The Department of History and Political Science offers a special Prelaw seminar (POL 2101) for students who are planning to go to law school following graduation. A practice Law School Admission Test is given during the seminar along with other vital information regarding entrance into law school and other aspects of the legal profession. Entrance into law school is based on a combination of 1) grade point average and 2) scores on the standardized Law School Admission Test (LSAT). The Department of History and Political Science also offers academic advisement for students who are planning to go to law school following graduation. For further information contact Larry Whatley, Prelaw advisor, Department of History and Political Science.

GENEVA CASEBOLT COLLEGE OF MUSIC, ARTS AND LETTERS

William P. Brown, Dean

Office: Casebolt Center for Fine Arts
(417) 328-1632

The Geneva Casebolt College of Music, Arts and Letters serves students by providing liberal arts and professional programs, and by laying a foundation for lifelong avocational involvement in the fine arts and humanities. The college serves churches, schools and the community by preserving and communicating our cultural heritage, and by preparing students for future service and leadership. The college has four departments: Art, Communication Arts, Language and Literature, and Music.

DEPARTMENT OF ART

Department Chair: Wesley Gott

Office: Ingman Hall - (417) 328-1650

Faculty: Wesley Gott

Faculty Associates: Dianna Callahan, Debra Hughes

The study of art provides an opportunity for students to develop powers of perception and appreciation. This study also affords students an avenue of creative expression and an opportunity to develop skills, methods and techniques for teaching others to express themselves creatively, and an opportunity to work in the commercial art field.

All art majors are required to attend art exhibits at major art museums in six of the eight semesters, or three-quarters of the semesters in attendance at SBU. Attendance forms must be picked up and returned to the Department of Art.

All art majors are required to keep a portfolio of their work and present a comprehensive exhibit of work approved by the department during their senior year.

The Department of Art reserves the right to retain representative examples of work from all studio courses for the permanent collection of Southwest Baptist University.

General Degree Requirements

The following courses must be completed by all art majors:

General Education (48-57 hours)

BIB 1013 - Intro to OT History	3 hours
BIB 1023 - Intro to NT History	3 hours
COM 1103 - Fundamentals of Speech Communication	3 hours

B.S. Degree (General Major)

This degree is for students wishing to design their degree program to fulfill their particular needs, such as more than one concentration. A minimum of 30 hours of art is required for the major, but more than 30 hours of art will count toward the 128 hours required for graduation. An art degree with a business or computer minor may be taken for those wishing to set up their own business in art. Students wishing to work toward the M.F.A. degree in studio art after graduation should take 60-70 hours of art, with at least one art concentration of 18 hours and one art minor of 9-12 hours.

General Education Courses (48 hours)

Art Core Courses (12 hours)(including a Senior Show)

Art Electives (18 hours)

Art Electives, General Electives or Minor (50 hours)

Commercial Art Major (B.S. degree) (a minor in another area is optional)

Students preparing to enter the field of commercial art will be initially placed in the B.S. General Art Degree. After the freshman year, or one semester for transfer students, application for the Commercial Art Degree program must be made by filing the appropriate application forms obtained from the Department of Art, and by having a portfolio and progress review. To be accepted into the program students must have a 3.0 ("B") or better GPA in all art courses, a reasonable level of quality in their work and a clear desire to focus on commercial art.

All students in the commercial art program must select a concentration in graphic design or photography. The practicum and internship workplaces must be specifically related to the students' area of concentration. As part of the experience of functioning in the business world, students will be required to locate their own workplaces (subject to the approval of the Department of Art) for the practicum and internship. Suggestions for workplaces may be obtained from the department.

Commercial art majors who fail to maintain a 3.0 GPA in their art courses will be put on departmental probation until their GPA is at least a 3.0 again. No student with less than a 3.0 in his/her art courses will be allowed in the internship in commercial art.

DEPARTMENT OF COMMUNICATION ARTS

Department Chair: Bob R. Derryberry

Office: Wheeler 127D - (417) 328-1699

Faculty: Joshua A. Compton, Shannon Dyer, Greg Fiebig, Brett A. Miller

Faculty Associates: Robert Beason, Gayla Prewitt

The study of communication arts leads students to a better understanding of and more accurate application of the theories and practices involved in effective communication. Students increase their personal effectiveness and enlarge their cultural awareness through the development of persuasive, argumentative, interpretative, interpersonal, and media skills. The study of theatre is designed to prepare students to use their talents in educational, community, Christian, and professional theater. The department emphasizes performing and practical experience as well as a better understanding of the human condition through drama. No more than 40 hours in theatre will count toward the 128 hours required for graduation with a Bachelor of Arts degree. The purpose of study in public relations and media is to prepare students in ministry dimensions and/or professional careers.

Major in Communication (B.A. degree)

Thirty-three (33) hours including COM 1103, 2203, 2223 or 3313 and 3393 or 3383. Communication electives selected with department approval complete the major. ENG 3353 may be counted toward the major and is strongly recommended.

Concentration in Public Relations (B.A. degree)

Thirty-six (36) hours are required to complete the interdepartmental major. Six (6) hours must be completed from COM 1103, COM 2223, COM 3313 before formal admission to the concentration in public relations offered by the Department of Communication.

Eighteen (18) hours of required courses: COM 2233, COM 4983, COM 3343 or TEC 2043, COM 3383 or 3393, MGT 3013 or MKT 3023 and COM 3373.

Twelve (12) hours elected from: ART 1103 or 1303, TEC 1013, ENG 3353, PHI 2023, MKT 3083, COM 4953, ECO 2023 and the following if not taken above: COM 3313, COM 3343, TEC 2043, MGT 3013 and MKT 3023. Other electives with approval of advisor and department chair.

Concentration in Speech Communication and Theatre (B.A. degree)

Thirty-three (33) hours including COM 1103, 2203, 3303, 2223 or 3313, THR 1033, THR 1023 or THR 3033, THR 1053 and 4023. This program does not meet teaching certification requirements.

Major in Communication (B.S. degree)

The same requirements as those for the B.A. except that no courses in foreign language are required. In lieu of the foreign language requirement, students must meet the requirements of a second major.

Concentration in Television (B.S. degree)

Thirty-six (36) hours are required to complete the major. Required courses include COM 1103, COM 2203, THR 1023 or COM 3303, THR 2043 or THR 1033, THR 1053, TEC 1013, TEC 2043, TEC 3053 and TEC 3013.

Nine hours may be elected from the following to complete the major (if not taken above): THR 4023, TEC 4963, TEC 4953, COM 3313, COM 4953, TEC 4981-3, COM 3303, THR 1023, THR 2043 and THR 1033.

Theatre Major (B.A. degree)

Thirty-six (36) hours including THR 1001, 1023, 1033, 1053, 2052, 3033, 4023 and 4413 or 4473. Electives in theatre complete the major.

Certification in Speech Communication and Theatre (grades 9-12)

Students who wish to be recommended for teaching certification by the Department of Communication Arts must complete 33 hours including: COM 1103, 2203, 2223, 3303, THR 1033 and 4023. The program must include at least 15 hours in speech communication, 12 hours in theatre and EDU 4552. Students are also advised to earn sufficient credits to teach English or another subject in grades 9-12 as approved by the department.

Minor in Communication

Eighteen (18) hours including COM 1103, 2203, 2223 or 3313 and 3393 or 3383. Electives in communication complete the minor.

Minor in Theatre

Eighteen (18) hours including THR 1023 or 3033, 1033, 1053, 4023. Electives in theatre complete the minor.

Minor in Speech Communication and Theatre

Eighteen (18) hours including COM 1103, 3303, 2223 or 3313 and THR 1023, and 1033 or 3033. This program does not meet teaching certification requirements.

DEPARTMENT OF LANGUAGE AND LITERATURE

Department Chair: M.E. Tappmeyer

Office: Taylor Hall (417) 328-1683

Faculty: Curtis Goss, Holly Hill-Brown, Todd Sukany, Linda Tappmeyer

Faculty Associates: Neil Adams, Jane Allwardt, Robert Beason, Olive Drennan, Susan Guymon,
Shayla Hale, Lissa Hill, Robin McGee, Sherry Shoemaker

The Department of Language and Literature offers courses in both English and modern languages.

ENGLISH

The study of the English language and literature is directed toward helping students acquire skills in writing effectively and in reading and evaluating literature. The variety of courses offered suggests both the need students have for communicating their ideas clearly and the need they have for creating and responding to the aesthetic.

Major (B.A. degree)

Thirty-six (36) hours from the following areas:

Composition and rhetoric	9 hours
(1113 and 2213 [or 1123 Honors], 3353)	
American literature	6 hours
(two courses selected from 3313, 3323, 4483)	
English and/or world literature	12 hours
(3233 or 3243, 3333 or 3343, 4413 or 4453, 4433 or 4473)	
Study of the English language	3 hours
(3363 or 3373)	
English electives	6 hours

Minor

Eighteen (18) hours above the courses completed to meet the six-hour composition requirement. Required courses are 3353, 3233 or 3243, 3363 or 3373.

Major (B.S. degree)

Same requirements as those for the B.A. degree except no courses in foreign language are required. In lieu of the foreign language courses, students must take the courses needed to meet the requirements of the Missouri Department of Education for certification of secondary school teachers. See Secondary Education Certification, B.S. degree, for additional general education requirements. Courses required for English certification are as follows:

Composition and rhetoric	12 hours
(1113 and 2213 [or 1123 Honors], 3353, EDU 4543)	
(EDU 4543 is also counted as professional education)	
American literature	9 hours
(3303 and two courses selected from 3313, 3323, 4483)	
English and/or world literature	6 hours
(two courses selected from 3233, 3243, 3333, 3343, 4413, 4433, 4453, 4473)	
Study of the English language	6 hours
(3363, 3373)	
Professional education courses (see Secondary Education Certification, B.S. degree)	

MODERN LANGUAGES

The study of French, German and Spanish is directed toward helping students converse, compose and read in modern languages, as well as understand the people, their literature and their culture.

Spanish Major (B.A. degree)

Thirty-six (36) hours including SPA 1114 and 1124. It is highly recommended that students spend at least six weeks in a country where Spanish is the official language.

Spanish Minor

Twenty (20) hours including 1114 and 1124 or their equivalent, and 2213 and 2223; remaining hours to be selected from SPA 3313, 3323, 3333, 3343, 4953 or 4993.

Teaching Minor in Spanish

(extended certification grades K-9)

Twenty-one (21) hours in Spanish, or eighteen (18) hours above SPA 1124 plus two (2) or more earned credits of high school Spanish. EDU 4563 is also required.

DEPARTMENT OF MUSIC

Member of the National Association of Schools of Music

Chair: Jeffery Waters

Office: Casebolt Center for Fine Arts - (417) 328-1630

Faculty: Carol Bevier, Kathy Brown, William Brown, Gary Gerber, Martha Hicks,
Brian Lamb, Gregory Parker, Lynn Penticuff, Melinda Smashey, Renee Waters
Faculty Associates: Leon Bradley, Suzann Brewer, Lorraine Dinkel, Michelle Draper,
Carol Harrison, Michelle McGee-Lamb, Blye Moore, Lori Parker, Jeffrey Potts,
Verle Ormsby, John Strickler, Jacque Trtan, Jacqueline Vincent, LeeAnn Walker

Study in the Department of Music includes development of performing, listening and creative skills and understanding the historical, theoretical and spiritual content of music to prepare the student to minister, teach or perform as a musician.

General Requirements

In addition to admission to the University, an applicant for a music degree must be admitted to the Department of Music through the office of the chairman. All new students (freshmen and transfer students) pursuing a music degree are first admitted to the department as pre-music majors. Upon the successful completion of MUS 1623 and MUS 1621 (or appropriate placement tests) and upon a successful evaluation by the music faculty, pre-music majors may be formally admitted into a music degree program. Prior to this formal admission, a pre-music major may not enroll in any upper-level music or music education courses except MUS 3712, MUS 3722, ensembles, and applied music. Music courses taken prior to this formal admission are applicable to the completion of the music degree.

Placement Tests

Applied Music: All entering freshmen and transfer students must take a classification test in piano and in their applied concentration area. The student is expected to present a prepared piece on his/her concentration instrument or voice.

Theory: All theory and sightsinging/eartraining courses taken at another school and transferred in for degree requirements must be tested for proficiency and/or placement. If all freshman and sophomore theory and sightsinging/eartraining courses have been completed at another school, a placement test is still required to determine readiness to continue in upper level theory courses. No more than one theory course may be taken by correspondence.

Applied Music

The Department of Music offers three types of lessons: private applied, secondary class and basic class. Private applied is for all music majors and minors and intermediate to advanced non-majors. Secondary class is the required second area of performance, usually piano. Basic class is for non-music majors or minors with less than three years of previous study. Specific requirements in applied music are listed in the **Music Handbook**.

Private applied music may be taken for one credit (thirteen 25-minute lessons) or two credits (thirteen 50-minute lessons). Five hours of practice per week is required per credit hour of enrollment. Majors and minors (except general music) must perform once per semester in a student recital on their concentration instrument.

Applied Lessons (available in the following areas)	
<p>Woodwinds: Flute, Oboe, Clarinet, Saxophone, Bassoon</p> <p>Brass: French Horn, Trumpet, Trombone, Baritone, Tuba</p> <p>Strings: Violin, Viola, Cello, Double Bass, Guitar</p>	<p>Percussion Piano Voice Organ Conducting</p>

Jury Examination

The final examination for all private applied music courses will be conducted before a jury of faculty members which includes the student's instructor. Students will be responsible for all materials covered during the semester as well as fundamental techniques and knowledge pertinent to their performing medium. The faculty jury will evaluate student performance according to proficiency levels as described in the **Music Handbook**. The **Handbook** also describes the expected rate of progression through the various levels required by each degree program.

Secondary Requirement

The study in the secondary area is intended to establish functional skill on a practical level. Whenever possible a class approach is employed which allows the student two hours per week in directed study. Students with strong background in the secondary applied may request private study. See **Music Handbook** for specific requirements.

Piano Proficiency Examinations

All music majors and minors (except general music minors) must pass a piano proficiency examination demonstrating functional piano skill. Scales, vocalises, sightreading, harmonization of given melodies, transposition and repertoire are included in the exam. Students must continue to enroll in Secondary Class Piano each semester until this requirement is met. The tests are given at the end of each semester and are normally taken at the end of the sophomore year. Any student who passes the Piano Proficiency Examination prior to the completion of four semesters of piano study must continue enrollment in piano or organ until the completion of 4 credits.

Piano proficiency examinations for keyboard majors will be held during juries at the end of each semester. See the **Music Handbook** for specific requirements.

Recital Requirements

The following are minimum recital requirements:

<p>B.M. and B.S. Degrees Half Recital - Level IV</p> <p>Performer's Certificate Half Recital - Level V Full Recital - Level VI</p>	<p>Piano Pedagogy Certificate Half Recital - Level V</p> <p>Minor in Piano Pedagogy Half Recital - Level IV</p>
--	---

Music majors are required to receive a passing grade for MUS 0100 Recital Attendance for 6 semesters. This course is graded on a pass/fail system, and requires the student to attend departmental recitals and concerts and certain community music programs. These programs are listed in the Department of Music Calendar and are posted each week on the Music Building bulletin boards. Minimum attendance requirements for a passing grade will be posted on the bulletin boards at the beginning of each semester.

Keyboard Concentration

Each keyboard concentration student will be required to be involved in the accompanying program each semester of enrollment with the exception of the student teaching and senior recital semesters. See the **Music Handbook** for specific information.

Ensemble Requirements

Each semester of enrollment as a music major, the student will audition for and perform in a major ensemble in the major area of study. The student must perform in the ensemble for which he/she is selected. The major ensembles are Concert Choir, SBU Chorale, Symphonic Winds, Concert Band, and Orchestra (for strings majors only).

Music Handbook

Details on all Department of Music requirements are found in the **Music Handbook**. Music majors and minors are responsible for all information in this handbook, which may be obtained from the Music Office.

Core Requirements (27 hours)

The following courses must be completed by all music majors:

Music Theory (16 hours) - MUS 1611, 1613, 1621, 1623, 2611, 2613, 2621, 2623

Music Literature/History (9 hours) - MUS 1633, 3653, 3663

Conducting (2 hours) - MUS 2702

B.S. Degree

This degree is designed for the student who wishes to combine the study of music with a second major or a minor. Fifty-one (51) hours of music are required. Students must, however, elect at least 13 additional hours of non-music courses beyond the general education requirements. Vocal concentration students must take MUS 2772 Vocal Diction.

Performer's Certificate

This certificate is designed for the student majoring in music who demonstrates potential as a superior performer. It should be considered as preparation for graduate study or a performing career. Attainment of the certificate will be noted on the student's transcript.

Requirements are:

1. Admission by written application, reaching of Level IV and approval of appropriate applied faculty at the end of the sophomore year or upon completion of 8 credit hours of applied concentration.
2. 14 hours required in applied concentration including hours required for degree.
3. Half recital at Level V, full recital at Level VI.

Piano Pedagogy Certificate

This certificate is designed for the student majoring in music and provides specific preparation in private piano teaching. Attainment of the certificate will be noted on the student's transcript. Requirements are:

1. Admission by written application, reaching of Level III and approval of piano faculty.
2. 12 hours required in piano (including hours required for degree).
3. Half recital at Level V.
4. MUS 2802 - Piano Pedagogy (applied fee)

COLLEGE OF SCIENCE AND MATHEMATICS

Rosalyn K. Snellen, Dean

Office: Wheeler 114-B

(417) 328-1659

The College of Science and Mathematics provides courses and programs designed to prepare students for careers and/or graduate study in Biology, Chemistry, Mathematics, Nursing and the health professions. Course work for Pre-Medicine, Pre-Dentistry, Pre-Optometry, Pre-Veterinary, Pre-Pharmacy, Pre-Physician Assistant and Pre-Engineering is offered. There is also a program in Medical Technology, a degree-completion program in Nursing and a master's program in Physical Therapy.

DEPARTMENT OF BIOLOGY

Department Chair: Carl Huser

Office: Wheeler 114/C - (417) 328-1667

Faculty: Craig Endres, Billie Lang, Rosalyn Snellen, Paula Steiert

The Department of Biology presents a fundamental and practical knowledge of living organisms, their relationships to each other and their places in the scientific world. The department of biology also administers the programs and advises the majors in medical technology.

The baccalaureate degree in biology requires a minimum of 128 semester hours of credit to be earned by completion of the University general education requirements, the biology core curriculum, additional selected biology courses and required support courses.

To receive a degree in biology and be certified to teach biology and other sciences in Missouri, the student must also satisfy the Department of Education's other requirements for certification, including the Unified Science Curriculum. Science education students are encouraged to obtain a B.S. Biology degree.

Core Curriculum

The following courses are required of all graduating biology majors. These courses (20 semester hours) provide an essential foundation for more specialized study.

BIO 1114 - General Biology I	4 hours
BIO 1124 - General Biology II	4 hours
BIO 2234 - General Botany	4 hours
BIO 3323 - Genetics	3 hours
BIO 2214 - Environmental Biology	4 hours
or	
BIO 3334 - Introduction to Ecology	4 hours
BIO 4471 - Seminar in Biology	1 hour

Major (B.A. degree) 36 semester hours

Students seeking the B.A. degree in biology must complete a concentration of 36 or more semester hours in biology course work. In addition to the biology core curriculum, B.A. biology majors are required to complete the listed support courses. Prerequisites are needed for some courses.

Biology Core Curriculum (20 hours)

Required Support Courses

MAT 1143 - College Algebra	3 hours
Chemistry - 2 semesters	8-10 hours

Additional hours of Biology electives

(minimum of 16 hours)	16 hours
-----------------------------	----------

Major (B.S. degree) 36 semester hours

Students seeking the B.S. degree in biology must complete a concentration of 36 or more semester hours in biology course work. In addition to the biology core curriculum, B.S. biology majors are required to complete the listed support courses. Prerequisites are needed for some courses.

Biology Core Curriculum (20 hours)**Required Support Courses**

MAT 1143 - College Algebra	3 hours
Chemistry - 2 semesters	8-10 hours
CHE 3304 and 3314 - Organic Chemistry I and II	8 hours

or	
MAT 1195 and 2255 - Analytics and Calculus I and II	10 hours
or	
CIS 1144 and 1154 - Computer Science I and II	8 hours
Additional hours of Biology electives (minimum of 16 hours)	16 hours

Minor

Twenty-four (24) hours including the core curriculum and four hours of biology electives.

NOTE: Students majoring or minoring in biology will not be permitted to select the pass/fail option for any required course in the major or minor. **A minimum 2.0 G.P.A. in biology is required for graduation.**

DEPARTMENT OF CHEMISTRY AND PHYSICS

Department Chairman: Robert W. Kitchin

Office: Wheeler 114/I - (417) 328-1663

Faculty: Harold L Chambers, Gary O. Gray, Darrell R. Strait

Professional Staff: Christy L. Burchett

Web Address:

<http://falcon.sbuniv.edu/chemphys/index.htm>

The Department of Chemistry and Physics seeks to present the basic principles of both chemistry and physics, each as its own intellectual discipline; to enhance facility in analytical, critical thinking -- especially thinking which involves logical and quantitative relationship; to provide exciting and stimulating laboratory experiences as an aid to the learning process; and to develop scientifically literate citizens through an understanding of the methods of science and the roles of the physical sciences, including chemistry and physics, in society. The Department of Chemistry and Physics also administers the program in Pre-Engineering and is responsible for the curriculum in Physical Science.

CHEMISTRY

The baccalaureate degree in chemistry requires a minimum of 128 semester hours of credit to be earned by completion of the University general education requirements, the chemistry core curriculum, additional selected upper division chemistry courses, required support courses, plus general and/or technical electives.

To receive a degree in chemistry and be certified to teach chemistry and other sciences in Missouri, the student must also satisfy the Department of Education's other requirements for certification, including the Unified Science Curriculum. Science education students are encouraged to obtain a B.S. Chemistry degree.

Core Curriculum

The following courses are required of all graduating chemistry majors. These courses (25 semester hours) provide an essential foundation for more specialized study. All core courses except CHE 3371 and CHE 4471 should be completed before any other upper division courses are attempted. **A minimum grade of C is required in all core courses.**

Chemistry Core Curriculum

CHE - 1125 General Chemistry II	5 hours
CHE - 3304 Organic Chemistry I	4 hours
CHE - 3314 Organic Chemistry II	4 hours
CHE - 3345 Analytical Chemistry	5 hours
CHE - 3371 Seminar in Chemistry I	1 hour
CHE - 4471 Seminar in Chemistry II	1 hour

Major (B.S. degree) (35 semester hours)

This chemistry major program prepares students for graduate work in chemistry, for employment as chemists, for professional schools in the health sciences, for teacher education certification with endorsement in chemistry or for other technical areas needing a strong chemistry/science background.

Students seeking the B.S. major in chemistry must complete a concentration of 35 or more semester hours in chemistry coursework. In addition to the chemistry core curriculum, B.S. chemistry majors are required to complete the required support courses listed immediately below plus enough upper division chemistry electives to obtain the concentration. Eight semester hours of upper division technical electives in addition to the required support courses are also required. Technical areas include biology, computer science, mathematics and physics. **An overall minimum grade point average of 2.0 is required for all chemistry coursework.**

Major (B.A. degree) (35 semester hours)

This chemistry major program is for students who desire a chemistry major with more of a liberal arts emphasis. The B.A. chemistry major graduate is required to complete a concentration of 35 semester hours of chemistry coursework, including the core curriculum, and the required support courses listed previously. The students obtaining the B.A. degree must also complete the University's language and general education requirements for the degree. **An overall minimum grade point average of 2.0 is required for all chemistry coursework.**

Minor

To obtain a chemistry minor, the student must complete all the chemistry core curriculum except CHE 4471. **An overall minimum grade point average of 2.0 is required for all chemistry coursework.**

PHYSICS

Minor (Physics Major Not Offered) - (22 semester hours of Physics)

Twenty-two (22) semester hours of Physics including PHY 2115, PHY 2225 and PHY 3363 are needed to satisfy the program requirements. One course from the physical science area (PHS) may be substituted for one of the physics courses. An overall 2.0 grade point average is required for all physics coursework.

Required support courses

CHE 1115 - General Chemistry I	5 hours
CHE 1125 - General Chemistry II	5 hours
CIS 1144 - Computer Science I	4 hours
MAT 1195 - Analytics and Calculus I	5 hours
MAT 2255 - Analytics and Calculus II	5 hours
MAT 2263 - Analytics and Calculus III	3 hours

UNIFIED SCIENCE TEACHING CERTIFICATION REQUIREMENTS GRADES 9-12

The SBU requirements listed below are in addition to the Department of Education's other curriculum requirements for certification.

C. Physics and Earth Science Endorsements are <u>not</u> available at SBU.	

Techniques/Methods of Teaching Science will include: Safety, Lab Techniques, Research Process Skills. This certificate will allow a teacher to teach any of the beginning sciences; e.g., General Science, Biology I, Chemistry I or Physics I. An endorsement is required for each area in which an advanced science class is taught; i.e., Biology II or Chemistry II.

The student must have a grade point average of 2.5 on a 4.0 scale in the subject area.

DEPARTMENT OF COMPUTER AND INFORMATION SCIENCES

The Department of Computer and Information Sciences (housed within the College of Business and Computer Science) offers students the opportunity to complete a B.S. degree in computer science. The degree requires a minimum of 128 hours of credit, including 28 semester hours of credit from the CIS core courses, 11-12 additional semester hours of credit from major-specific CIS courses, and the remaining hours coming from general education courses, major support courses, and free electives. Please see page 62 for additional specific information regarding this degree program.

DEPARTMENT OF MATHEMATICS

Department Chair: Kevin Hopkins

Office: Mabee chapel offices - (417) 328-1675

Faculty: John Bryant, Robert Glasgow, John Smashey

Faculty Associates: Pamela Ferguson, Donald Thompson

Web address:

<http://www.sbuniv.edu/~khopkins/index.html>

The Department of Mathematics seeks to enable students to appreciate logical reasoning and precision of statement and thought, and to help students familiarize themselves with basic mathematical structures necessary for applications and interpretation of life experiences.

Major (B.A. degree)

Thirty-seven (37) hours including 1195, 2255, 2263, 3313, 3323, 4663 and five courses from 3333, 3343, 3353, 3363, 3373, 3383, 4433, or 4483. Courses numbered 1195 or above apply towards a major in mathematics, excluding 2283 and 2293. As a supporting course CIS 1123, 1133, or 1144 is required. Those majors seeking certification in secondary mathematics must take 3343 and 4483.

Major (B.S. degree)

Same requirements as those for the B.A. degree, except that 8 hours, from the same area, beyond general education, and at the 2000 level or above, in Philosophy, Biology, Chemistry, Computer Science, Economics, Finance, Education, or Physics is required instead of foreign language. Alternatively 8 additional hours in Mathematics, at the 3000 level or above, beyond that required for the major will fulfill this requirement. To receive the B.S. degree in mathematics and be certified to teach in Missouri, students must also satisfy the other requirements of the Department of Education for certification.

Minor

Nineteen (19) hours of mathematics consisting of 1195, 2255, and other non-freshman mathematics courses, excluding 2283 and 2293. As a supporting course CIS 1123, 1133, or 1144 is required.

Non-mathematics majors, in qualifying for certification for teaching high school mathematics, must complete thirty (30) hours of college mathematics including 1195, 2255, 3313, 3343, 4483, and at least 11 additional semester hours at 2263 or above, excluding 2283 and 2293. CIS 1123 or 1144 is required.

Pre-engineering students are encouraged to complete 1195, 2255, 2263, 3343 and 3363 (for specific course listing see engineering). The general education requirement in mathematics is satisfied by completing one of the following: 1133, 1143, 1163, 1173, 1193, 1195, or 2283 (elementary and middle school education majors only). Placement in a particular mathematics course is determined by college entrance examination scores, high school background, vocational objectives, previous performance and student interest. These may necessitate placement in 0103 or 0123 (which do not count toward the 128 hour graduation requirement) to enable the student to receive the necessary skills for success in the courses which do meet the mathematics general education requirements.

DEPARTMENT OF NURSING

Office: 4431 S. Fremont St.

Springfield, MO 65804 - (417) 885-2069

B.S.N. Faculty: Joyce Carroll, Mary McFarland

A.A.S.N. Director: Virginia Mayeux

A.A.S.N. Faculty: Mary Pat Bean, Irene Chaloupecky, Sylvia Christ,
Phebe Goldsmith, Rebecca Miller, Brenda Monroe, Monta Montgomery, Suzie Morrow,
Judy Nortridge, Cynthia Reed, Teresa Russell, Tonyha Sumners

The Department of Nursing has a dual focus. A pre-nursing focus for beginning students who are working on credits for admission to a school of nursing and an upper-level focus for those students who have completed their basic nursing education and are working towards their Bachelor of Science in Nursing degree. The department also has joint sponsorship with St. John's School of Nursing to offer the two-year associate nursing program.

Associate of Applied Science in Nursing (Accredited by National League for Nursing)

Southwest Baptist University in joint sponsorship with St. John's Health System offers a 2-year associate nursing program leading to the Associate of Applied Science in Nursing degree. Graduates of the St. John's School of Nursing of Southwest Baptist University program may sit for the licensure examination to become a registered nurse. This program is offered at the Springfield center of Southwest Baptist University. The graduate of the AASN program enters the health care environment as a nurse generalist prepared to practice in settings where policies and procedures are established and guidance is available. The graduate is prepared to care for individual clients within the context of their families and communities. Graduates have experience in providing care for clients across the life span and health continuum.

Following completion of the AASN program, students may enter the BSN program.

Admission to the AASN Program

1. The student must be admitted to Southwest Baptist University. **Admission to the University does not guarantee admission to the AASN program.** A separate application process to the AASN program is required.
2. In addition, to be considered for admission to the AASN program, the following must be met:
 - a. ACT composite score of 20 or higher. SAT of 950 or higher. Waiver of ACT or SAT for transfer students will be considered on an individual basis.
 - b. ACT math and reading sub-test scores of 20 or higher. If a sub-test score falls below 20, the applicant will be advised on completion of appropriate courses prior to consideration for admission.
 - c. GPA of 2.5 (on a 4.0 scale) in high school course work or total score of 250 or above on GED test.
 - d. If you have prior college work:
 - (1) Minimum of "C" in all courses required for the AASN program.
 - (2) Minimum of 2.5 cumulative GPA in all college courses.
 - (3) Anatomy and Physiology courses completed within five years prior to admission to the program or during the first and/or second semesters of the program.
3. Completion of the NET (Nurse Entrance Test) with a reading score of 43% or above, math score of 69% or above and a composite score of 50% or above.

Acceptance into the nursing program is based on satisfactory completion of the admission criteria and space available. In the event that applicants are equally qualified, decisions will be made according to the date of the completed application. Special consideration will be given to students enrolled at SBU and employees of St. John's Health Systems.

Total Hours Required for Bachelor of Science in Nursing 128 hours

Admission Policy

In addition to admission to the University, all upper division degree-seeking students must formally apply for admission to the Department of Nursing undergraduate degree program.

1. Completion of the "BSN Student Profile" provided by the Department of Nursing.
2. Submit formal transcripts of work from all previous college/programs attended.
3. Cumulative GPA of 2.5 or above on all work towards the degree. Students with GPAs between 2.0 and 2.5 will be considered on an individual basis.
4. Current registered nurse or graduate nurse status, with successful completion of the state board exams before clinical course work.
5. An admission conference with a member of the Department of Nursing Faculty is required for direction in developing sequencing of courses.

Graduation Policy

All degree candidates must meet the graduation requirements of the University. Students must earn a "C" or better in all major courses including all nursing courses and departmental courses required for the major (BIO 4404 and PSY 3243). For graduation, students must have an overall 2.0 GPA.

PRE-PROFESSIONAL STUDIES

ENGINEERING

University of Missouri -- Rolla

Southwest Baptist University, in cooperation with the University of Missouri-Rolla, has a program in which students attend SBU for the first two years before transferring to UMR to complete a B.S. degree in one of the following engineering programs: aerospace, ceramic, chemical, civil, electrical, geological, metallurgical, mining, nuclear or petroleum engineering or engineering management. A standard program of study is shown below.

First Year -- SBU

Fall

*MAT 1195 - Analytics and Calculus I	5 hours
ENG 1113 - English Composition I	3 hours
CHE 1115 - General Chemistry I	5 hours
HIS 22_3 - History of U.S. I, II, or III	3 hours

POL 1113 - American Government	3 hours

Spring

MAT 2255 - Analytics and Calculus II	5 hours
CHE 1125 - General Chemistry II	5 hours
ECO 2033 - Principles of Economics II	3 hours
**CIS 1123 - FORTRAN	3 hours
***Elective - Humanities/Social Sciences	3 hours

Second Year -- SBU**Fall**

MAT 2263 - Analytics and Calculus III	3 hours
PHY 2215 - University Physics I	5 hours
***Elective - Humanities/Social Sciences	6 hours

Spring

MAT 3363 - Differential Equations	3 hours
PHY 2225 - University Physics II	5 hours
PHY 2233 - Statics	3 hours
***Elective - Humanities/Social Sciences	6 hours

- * Students without a satisfactory background in mathematics should take MAT 1163 PreCalculus before taking MAT 1195.
- ** An alternate course is CIS 1144 Computer Science I which is offered every semester.
- *** These electives differ depending on the particular field of engineering; however, they are usually taken from Communications, Economics, Fine Arts, History, Philosophy, Psychology/Sociology or Literature. Six semester hours must be in upper division courses to give depth to one or two areas.

NOTE: Since the pre-engineering course of study is a general one at SBU the pre-engineering student should work closely with the pre-engineering advisor (Dr. Harold L Chambers --Assistant Professor of Physics) to facilitate any course modification among specific engineering programs.

WASHINGTON UNIVERSITY**Three-Two Program****School of Engineering and Applied Science****Structure and Operation**

Southwest Baptist University cooperates with Washington University in St. Louis in a program that allows students to earn both a liberal arts baccalaureate degree (in chemistry, mathematics or computer science) from Southwest Baptist University and a bachelor of science degree in engineering or applied science from Washington University. In the most common scheduling, the student first attends Southwest Baptist University for three years and then takes two years of course work at Washington University in the Sever Institute of Technology of the School of Engineering and Applied Science. Students may elect to spend longer periods at either institution.

At Southwest Baptist University, the student takes courses that: will earn the liberal arts baccalaureate degree when combined with the credits that can be transferred back from Washington University; provide the background in mathematics, physics, chemistry and computer science needed for engineering or applied science; meet all non-technical course requirements for the Washington University degree.

To help liberal arts students wishing to explore their interest in engineering and/or applied science and the Three-Two Program, Washington University offers several introductory engineering and applied science courses each January, using an intensive format. Information about these courses can be obtained from the liaison officer at Southwest Baptist University.

Undergraduate degrees at Washington University are offered in seven departments: Chemical Engineering, Civil Engineering, Computer Science, Electrical Engineering, Engineering and Policy, Mechanical Engineering and Systems Science and Mathematics. The professional degrees available through the Three-Two Program are all accredited by the Accreditation Board for Engineering Technology, Inc. (ABET) and meet the degree portion of the requirements for registration as a professional engineer.

Curriculum Requirements (SBU)

Students should plan to complete the bulk of the preparatory mathematics and science courses at Southwest Baptist University necessary for advanced study at Washington University and all Southwest Baptist University general education requirements within three years. Since the semester hour course load is unusually heavy, the student should plan to work very closely with the liaison officer in order to successfully finish the program. Additional information can be obtained from the liaison officer--Dr. Harold L Chambers, Assistant Professor of Physics.

PRE-HEALTH PROGRAMS

Although SBU does not offer majors in pre-health programs, students can become well-qualified for acceptance into one of the professional schools of the health sciences. Plans of study are available for students pursuing entry into schools of dentistry, medicine, osteopathy, optometry, veterinary medicine, pharmacy, medical technology as well as other areas. Pre-professional programs for the health sciences vary in length from one to four years depending on the specific area of interest. Also, admission requirements are so varied that it is not possible to give detailed plans of study for each area of interest. Students need to be aware of the specific admission requirements of the professional school(s) to which they intend to apply and to select a plan of study accordingly. Students are strongly urged to work closely with their faculty academic advisors and the SBU Pre-Health Careers Committee on the selection of courses, the sequence in which the courses are taken, and on the fulfillment of the admission requirements of the chosen professional program(s).

Students applying to professional schools need to be aware of the deadlines established by the professional schools and testing organizations for submitting application materials and taking admissions examinations. The student is responsible for meeting these deadlines and for any fees associated with the application process or admission testing.

Students interested in pursuing a pre-health program at SBU should identify themselves with the SBU Pre-Health Careers Committee at the earliest possible date. The Pre-Health Careers Committee serves to counsel students and to assist them in obtaining catalogs, literature and other information pertinent to professional school admission requirements and admission testing procedures. Once the requirements for admission to a professional program have been met, the Pre-Health Careers Committee will, at the request of the student, interview the student and write letters of recommendation. For additional information on pre-medicine, pre-dentistry, pre-optometry, pre-osteopathy, pre-veterinary medicine, pre-pharmacy, and medical technology studies contact the Chairman, SBU Pre-Health Careers Committee, College of Science and Mathematics, Southwest Baptist University, Bolivar, MO., 65613, (417) 328-1659. (Students interested in a career in nursing should contact the St. John's School of Nursing of Southwest Baptist University, 4431 South Fremont St., Springfield, MO., 65804, (417) 885-2069. Students interested in physical therapy should contact the Department of Physical Therapy, Southwest Baptist University, Bolivar, MO., 65613, (417) 328-1672.)

Medical Technology (B.S. degree)

Southwest Baptist University, in cooperation with several different hospital programs, offers a four-year program leading to a B.S. degree in medical technology. The fourth year of this work is taken at an approved hospital or school of medical technology.

Upon satisfactory completion of this work, students are certified in this field by passing the examination given by the American Society of Clinical Pathologists.

1. Students must complete 98 semester hours of college credit before admission to an A.M.A. approved school of medical technology.
2. The following courses are required: General Biology I (BIO 1114), Microbiology (BIO 3314)*, Introduction to Immunology (BIO 3322)*, Genetics (BIO 3323)*, Pathogenic Microbiology (BIO 3394)*, Biochemistry I (BIO/CHE 3364)*, General Chemistry I (CHE 1115)*, General Chemistry II (CHE 1125)*, Organic Chemistry I (CHE 3304)*, Organic Chemistry II (CHE 3314)*, Analytical Chemistry (CHE 3345)*, College Algebra (MAT 1143) or Analytics and Calculus I (MAT 1195)*, Introduction to Computing (CIS 1103), General Physics I (PHY 1114)*, or University Physics I (PHY 2215)*, or Instrumental Analysis (CHE 3354)*. The following courses are recommended as electives: Human Anatomy and Physiology I (BIO 2204)*, Vertebrate Physiology (BIO 3344)*, Histology (BIO 3384)*, Instrumental Analysis (CHE 3354)*.
3. Students must complete the SBU general education requirements.
4. At least the last 30 hours of the 98 hours of college credit must be taken at SBU.
5. Admission to a school of medical technology is determined by the national requirements and approval of the educational coordinator of the school of medical technology concerned.

- 6. Upon certification by the Educational Coordinator of an American Medical Association approved school of medical technology that the courses in medical technology have been completed satisfactorily, SBU will grant a minimum of 30 semester hours of upper-division credit for the work.

* Prerequisites are required for these courses.

OCCUPATIONAL TECHNOLOGY MAJOR (B.A.S. Degree) (128 hours)

The Occupational Technology program has been developed to prepare its graduates for growth in their field of technical experience, help develop expertise which may lead to greater mobility in employment opportunities and prepare for professional or graduate school.

This major has been designed with two tracks in order to meet the educational backgrounds of our constituents. Track one is designed for those students who have completed an associate degree in a vocational or career related program prior to entering the occupational technology program. Track two is designed for those students without the associate degree.

COLLEGE CREDIT THROUGH CORRESPONDENCE OFFICE OF THE REGISTRAR

Sells Administrative Center
Coordinator: Scott W. McNeal
Phone: (417) 328-1599

The College Credit Through Correspondence (CCTC) program offers a variety of college credit courses through correspondence. For complete program policies and course offerings please secure a current copy of the College Credit Through Correspondence Catalog.

Non-SBU Student

An individual not officially admitted to the University may secure a current copy of the College Credit Through Correspondence Catalog and enroll directly through the Coordinator of Correspondence.

SBU Students

An SBU student may not enroll in more than **two** correspondence courses at the same time. It is recommended that a student take only one course at a time until he/she has found an optimum work rate. **Correspondence hours do count in the load limits restrictions as detailed elsewhere in this catalog under Load Limit for Credit Hours. Students who have been placed on academic difficulty, special guidance or probation are not allowed to enroll in correspondence courses.**

Graduate Students

Prior to enrolling in any undergraduate correspondence course, an SBU graduate student (i.e., a student who has been officially admitted to a graduate program and is working on a degree) **must** obtain the approval of his or her academic advisor. An SBU student may not exceed the maximum credit load through enrolling in correspondence courses.

Undergraduate Students

Prior to enrolling in any correspondence course, an SBU on-campus student (i.e., a student who has been officially admitted to the University and is working on a degree), **must** obtain the approval of his or her academic advisor. An off-campus center student **must** obtain the approval of his or her center director or designated advisor.

All credit is in semester hours. A maximum of 30 semester hours of college credit through correspondence may be applied to the baccalaureate degree requirements (B.S., B.A., B.A.S.), and 15 semester hours of college credit through correspondence may be applied to the associate degree requirements (A.S., A.A., A.A.S.) at SBU provided the following stipulations are met:

1. **STUDENT STANDING** - An SBU student may enroll in correspondence provided his or her GPA has not resulted in any form of academic difficulty.
2. **APPLIED CREDIT** - No more than 6 correspondence hours can be applied to the baccalaureate degree during the last 36 hours of coursework. No more than 3 correspondence hours can be applied to the associate degree during the last 18 hours of coursework. The Provost must approve any exceptions to this policy.
3. **TIME LIMITS** - A minimum time of six weeks is required for completion of a 3 credit hour correspondence course, four weeks for a 2 credit hour course, and two weeks for a 1 credit hour course. The University is not saying a course can be completed in a "minimum time"; the University is saying that a student must allow at least the minimum time (and preferably more) in which to complete the course. The maximum time allowed to complete the course, including completing examinations, is 6 months from the official date of enrollment. A one time 6 month extension may be granted from the expiration of the course. The Coordinator of Correspondence must approve any exceptions to this policy.
4. **GRADUATION DEADLINE** - All correspondence coursework (including examinations) must be completed and submitted for grading in accordance with regulations printed in the University Calendar. If all correspondence work is not completed and submitted by the appropriate date, the University will remove the student's name from the graduation list and program.

Scholarships and Pell Grants, Perkins Loans, or other forms of student aid from the U.S. Government are not available through the College Credit Through Correspondence program or Office of Student Financial Planning to be used toward any SBU College Credit Through Correspondence course. All college credit courses listed in the SBU College Credit Through Correspondence catalog are approved for veterans and other eligible persons covered in the provisions of the G.I. Bill

For a more detailed description of specific academic regulations and guidelines see the SBU College Credit Through Correspondence Catalog. Information and bulletins regarding College Credit Through Correspondence may be obtained through the Coordinator of Correspondence.

Correspondence Tuition and Fees

Tuition (per semester credit hour)	\$90.00
Handling fee (per course, non-refundable)	\$20.00
Course Extension Fee (per credit hour, per course, non-refundable)	\$20.00

Correspondence Refund Policy*

A refund may be granted for partial or full enrollment cancellation providing the student contacts the Coordinator of Correspondence in **writing**. Refunds on the tuition charge will be according to the following schedule:

From date of Enrollment:

0-30 days 100% tuition

After 30 days No Refund

*The refund policy for first semester SBU students will be the same as the institutional refund policy.

Cancel Enrollment/Withdrawal from a Course

To cancel or withdraw officially from a course, a student must contact the Coordinator of Correspondence in **writing**. A student must make the request in writing and send the request directly to the Coordinator of Correspondence. The postmark will be used as the withdrawal date. A student may officially withdraw from a course at any time during the first six months after enrollment. No grade will be recorded for a student requesting a refund during the first 30 days. The grade of "W" will be assigned to a student if he or she withdraws during the second through sixth month after enrollment. The "W" is recorded on the official SBU transcript but does not affect the grade point average. If a student does not complete all assignments and exams within his or her course enrollment period and does not request an extension, he or she will be withdrawn automatically and assigned an "NC". If a student withdraws from a course after 30 days from the date of enrollment, he or she will not receive a refund.

Grading System

A grade represents an evaluation of a student's academic performance in a course and is determined by examinations and other criteria. Course grades are defined as follows: "A", excellent; "B", above average; "C", average; "D", a minimum passing; and "F", failure. The "F" grade carries no credit. An "NC" (non-completion) grade is assessed when there is no official withdrawal and course work is not completed by the end of first enrollment or extension dates. An instructor may use letter grades, numerical grades, or S (satisfactory) and U (unsatisfactory) to indicate the quality of work on your assignments. A student should consult a course syllabus for specific details.

Grade Points

Each semester hour of credit is valued in grade points as follows: A, four points; B, three points; C, two points; D, one point; F, no points. W and NC grades are not assigned quality points and are not considered in computing grade point average.

Grade Documentation

Enrollment beginning on or after January 1 or on or before June 30 will be considered a "Spring" enrollment and will be documented as such on an official transcript. Enrollment beginning on or after July 1 or on or before December 31 will be considered a "Fall" enrollment and will be documented as such on an official transcript. The Registrar performs grade documentation.

Grade Record and Transcript

The Coordinator of Correspondence maintains enrollment records. When a student completes all course assignments and examinations, the Office of the Registrar will enter the student's final grade into the University's permanent student record system and send the student a copy. Grades will be reported as follows:

No grade report - All students who request (in writing) a refund within 30 days of enrollment.

W - Assigned to all students who request (in writing) official withdrawal during months 2-6 of the enrollment.

NC - Assigned to all students who do not officially withdraw and who do not complete all course requirements by the end of the 6 month enrollment or by the end of the official 6 month extension.

A,B,C,D,F, - Assigned to all students who complete all requirements for a course within 6 months (or 12 months with the extension).

College Credit Through Correspondence

ACCOUNTING

ACC 2023. Financial Accounting I - 3 hours (Fall, Spring)

A study of the basic fundamentals of Financial Accounting, concentrating on the complete accounting cycle for both the service and merchandising business. Included in this study are inventory systems, internal control, financial reporting and financial statement analysis. Prerequisites: MAT 1143, sophomore standing or consent of instructor.

ACC 2033. Financial Accounting II - 3 hours (Fall, Spring)

A continuation of ACC 2023. An in-depth study of the elements of the corporate Balance Sheet--current and long-term assets, current and long-term liabilities and stockholder's equity--and related income statement accounts. Included in this study is the Statement of Cash Flows and financial statement analysis. Prerequisite: ACC 2023.

ACC 2951-4. Special Topics in Accounting - 1-4 hours (On demand)

Topics will vary with each offering; therefore, the course may be repeated for credit. Note: Depending on the topic, there may be an additional fee.

ACC 3003. Cost Accounting I - 3 hours (Fall)

Introductory course emphasizing cost accumulation by specific order, process and overhead cost methods as managerial tools in control and decision making. Prerequisite: ACC 2033.

ACC 3013. Managerial Accounting (non-accounting majors) - 3 hours (Fall, Spring)

A study of managerial accounting specifically designed for the non-accounting major. This study focuses on the role of accounting in the improvement of management practices and pays specific attention to: cost accumulation, cost behavior, accounting analysis, budgeting and management decision making and control. Prerequisite: ACC 2023 and ACC 2033, or consent of instructor.

ACC 3023. Cost Accounting II - 3 hours (Spring)

Emphasis on how accounting data can be interpreted and used by management in planning and controlling business activities, such as improving management practices, behavior of costs, budgeting and accounting analysis. Prerequisite: ACC 3003 and accounting major.

ACC 3024. Intermediate Accounting I - 4 hours (Fall)

Comprehensive study of current accounting principles and their application to the measurement and the reporting of selected assets with emphasis on their effect on income and expense recognition. Prerequisite: ACC 2033.

ACC 3033. Accounting Information Systems - 3 hours (Spring)

Study of Accounting Information Systems principles as applied to the financial reporting and information needs of business units. Particular attention is given to the capturing of financial information and computer systems development, integration and control structure. The concept of gathering information based on business processes (as opposed to accounting events) is introduced. Prerequisite: ACC 3024 or consent of instructor.

ACC 3034. Intermediate Accounting II - 4 hours (Spring)

Continuation of ACC 3024 with emphasis on the liability and the stockholders' equity sections of the balance sheet. Includes a study of financial statement analysis and the cash flow statement. Prerequisite: ACC 3024.

ACC 3063. Tax Accounting I - 3 hours (Fall)

Course deals with federal tax laws. Primary emphasis placed upon research of federal tax treatment and tax planning of business transactions in the preparation of individual tax returns. Prerequisite: ACC 2033.

ACC 3073. Tax Accounting II - 3 hours (On demand)

Continuation of ACC 3063. Course deals with federal tax laws as they pertain to partnerships, corporations, gifts, estates and trusts. Special emphasis on research of tax treatment and tax planning of capital changes, securities, pensions, foreign income and specially taxed entities. Prerequisite: ACC 3063.

ACC 4013. Advanced Accounting - 3 hours (Fall)

Study of financial accounting principles as applied to partnerships, consolidations, foreign exchange and selected specialized areas of accounting practice. Prerequisite: ACC 3034.

ACC 4044. Auditing - 4 hours (Spring)

Emphasis on the objectives of audits, duties and obligations of the auditor, principles and procedures utilized in conducting an audit. Prerequisite: ACC 3034 or consent of instructor.

ACC 4053. Accounting for Government and Not-For-Profit Entities - 3 hours (Spring)

Study of the accounting principles applicable to federal, state and local government units and other not-for-profit organizations; emphasis on the use of funds in recording and analyzing unit operations. Prerequisite: ACC 3034 or consent of instructor.

ACC 4061-4. CPA Problems - 1-4 hours (On demand)

Review of accounting principles including analysis and study of representative questions from previous CPA examinations. Course may be repeated not to exceed a total of 4 hours. Prerequisite: 23 hours of accounting including ACC 3013 and ACC 4013.

ACC 4951-4. Intensive Studies in Accounting - 1-4 hours (On demand)

Topics vary with each offering; therefore, the course may be repeated for credit. Prerequisites: Junior or senior standing and departmental approval.

ACC 4981-3 Internship in Accounting - 1-3 hours (Fall, Spring, Summer, Winterfest)

Academically planned and supervised work experience in areas of the student's major within business or other organizations, approved by the faculty advisor and department chairman as an enhancement to the student's educational preparation at SBU. Written reports will be required of the student and performance reports from the employer. A maximum of six semester hours of internships may be applied to the major. Prerequisites: Junior standing and approval of the faculty advisor and department chairman.

ACC 4991-3. Independent Study in Accounting - 1-3 hours (Fall, Spring, Summer)

Independent study of some problem or area not covered in organized courses under the direction of a department member in whose field of specialization the problem area lies. Prerequisites: 3.00 GPA in major field, Junior or senior standing and approval of department chairman.

BIOLOGY**BIO 1114. General Biology I - 4 hours (Fall, Spring)**

Presents the basic facts and principles for all beginning students of biology at the college level. Three lectures, one laboratory each week. Lab fee \$32.

BIO 1115. Honors Biology - 5 hours (On demand)

An honors-level course presenting the basic facts and principles of biology. Topics covered will include cell structure and function, genetics, plant structure, physiology and animal anatomy and physiology. Four lectures, one lab each week. Lab fee \$40. Prerequisite: ACT score of 25 in Science Reasoning.

BIO 1124. General Biology II - 4 hours (Spring)

Continuation of BIO 1114 with emphasis on survey of the animal and plant kingdoms. Three lectures, one laboratory each week. Lab fee \$32.

BIO 2204. Human Anatomy and Physiology I - 4 hours (Fall, Spring)

An introduction to the study of form and function of the human body. This course is the first in a two-semester sequence. Particular attention will be given to cells, tissues, metabolism, skeletal system, muscular system, respiratory system and digestive system. Three lectures, one laboratory each week. Lab fee \$32. Prerequisite: BIO 1114 or ACT of 24 in Science Reasoning.

BIO 2213. Introduction to Microbiology - 3 hours (On demand)

An introduction study of general principles and microbiology, with an emphasis on the morphology, physiology and taxonomy of microorganisms. Special emphasis on disease producing bacteria, viruses and fungi. Topics in applied microbiology, immunology, sterilization and disinfection are introduced. Two lectures, one laboratory each week. Lab fee \$24. Prerequisites: One course in biology, one course in chemistry. NOTE: A student who takes BIO 2213 and 3314 will receive credit only for BIO 3314.

BIO 2214. Environmental Biology - 4 hours (Winterfest)

An objective contemporary study of the environment and man's effect upon it. A holistic approach is taken in studying relevant problems relating to population growth, pollution and the preservation of natural ecosystems.

BIO 2223. Invertebrate Zoology - 3 hours (On demand)

Examination of the morphology, physiology and taxonomy of the invertebrates. Two lectures, one laboratory each week. Lab fee \$24.

BIO 2234. General Botany - 4 hours (Fall)

A study of the plant world. Fungi, algae, bryophytes, seedless vascular plants, gymnosperms and angiosperms will be studied with regard to their life history, morphology, physiology and taxonomic relationships. Three lectures, one lab each week. Lab fee \$32. Prerequisite: BIO 1114 or consent of instructor.

BIO 2243. Nutrition - 3 hours (Fall, Spring)

Nutritional requirements of mankind with emphasis on the roles of nutrients in the body throughout the life cycle. **Note:** This course does **not** meet general education requirements.

BIO 2951-4. Special Topics - 1-4 hours (On demand)

Topics of special interest not available to the student from the traditional course offerings. May be repeated as the topics change. Lab fee \$8-32 as necessary.

BIO 3304. Human Anatomy and Physiology II - 4 hours (Spring)

This course is a continuation of Biology 2204. Emphasis will be placed on the nervous system, endocrine system, circulatory system, lymphatic system, urinary system, fluid, electrolyte, acid-base balance and the reproductive system. Three lectures, one laboratory each week. Lab fee \$32. Prerequisite: BIO 1114 or BIO 2204 or consent of instructor.

BIO 3314. Microbiology - 4 hours (Fall, Spring)

A study of the cultural characteristics, morphology, metabolism, taxonomy and infection of microorganisms, with emphasis on methods of isolation, growth and identification. Three lectures, one laboratory each week. Lab fee \$32. Prerequisites: One course in biology, one course in chemistry.

BIO 3322. Introduction to Immunology - 2 hours (Spring)

Fundamental principles of immunology and serology. The structure and function of the immune system, antigen-antibody interaction, other serological reaction, immunoglobulin formation and immunosuppression. Two lectures each week. Prerequisite: BIO 3314.

BIO 3323. Genetics - 3 hours (Fall)

Consideration of the nature, transmission, variation and action of the hereditary material in relation to the laws and theories of heredity in both plants and animals. Three lectures each week. Prerequisite: Two courses in biology.

BIO 3334. Introduction to Ecology - 4 hours (Spring)

Study of the relations of animals and plants to each other and to their environment. Three lectures, one laboratory each week. Lab fee \$32. Prerequisite: Two courses in biology or consent of instructor.

BIO 3335. Comparative Vertebrate Anatomy - 5 hours (Fall, odd years)

Comparative study of organs and organ systems of selected representative vertebrates. Three lectures, two laboratories each week. Lab fee \$40. Prerequisite: Two courses in biology.

BIO 3344. Vertebrate Physiology - 4 hours (Spring, even years)

Study of the functional process of vertebrate organs and organ systems and their physiological integration. Three lectures, one laboratory each week. Lab fee \$32. Prerequisites: Two courses in biology, one course in chemistry.

BIO 3353. Plant Taxonomy - 3 hours (Spring, even years)

Study of the principles of classification and the use of keys in the identification of the local seed plants. Two lectures, one laboratory each week. Lab fee \$24.

BIO/CHE 3364. Biochemistry I: Proteins and Metabolism - 4 hours (Fall)

A study of the chemistry and metabolism of biologically important compounds. Includes the biochemistry of proteins, lipids and carbohydrates, nucleic acids and the energetics of living organisms. Three lectures and one laboratory each week. Lab fee \$32. Prerequisite: CHE 1125.

BIO 3384. Histology - 4 hours (Fall, even years)

A systematic cytological and histological study of animal tissues and organs with an introduction to basic histological procedures. Two lectures, two laboratories each week. Lab fee \$32. Prerequisites: BIO 2204, 3304 or 3335.

BIO 3394. Pathogenic Microbiology - 4 hours (Fall, odd years)

The study of pathogenic microorganisms, their mode of transmission, infection and control as they relate to humans. Bacterial, viral, fungal and parasitic diseases will be studied. Three lectures, one lab each week. Lab fee \$32. Prerequisite: BIO 3314.

BIO 3454. Plant Physiology - 4 hours (Spring, odd years)

Study of the principal physiological processes in plants. Topics include respiration, photosynthesis, biosynthesis of cellular constituents, mineral nutrition, transpiration, translocation, water relations, growth and development, hormones and plant responses to environmental variation. Three lectures, one lab each week. Lab fee: \$32. Prerequisite: BIO 2234.

BIO/CHE 4104. Biochemistry II: Molecular and Cell Biology - 4 hours (Spring)

The study of the structure and functions of cellular organelles with emphasis on the cell biology of the nucleus, including chromatin, DNA and RNA structure, DNA replication and repair, transcription, translation and cell division. Cellular membranes, the cytoskeleton, the extracellular matrix and the Golgi apparatus will also be studied in both prokaryotic and eukaryotic cells. Three lectures, one laboratory each week. Lab fee \$32. Prerequisites: BIO 3314 or BIO/CHE 3364.

BIO 4404. Pathophysiology - 4 hours (Fall)

The study of human diseases and the mechanisms that govern them. Four lectures each week. Prerequisites: BIO 2204, BIO 3304 and junior standing or permission of instructor.

BIO 4414. Freshwater Biology - 4 hours (On demand)

Study of the freshwater ecosystem. The course is designed to include four major areas: water chemistry, including characteristics of lakes, rivers and streams; plankton, including algae and zooplankton; fisheries; and aquatic entomology. Three lectures, one laboratory each week. Lab fee \$32. Prerequisites: Two courses in biology.

BIO 4444. Vertebrate Embryology - 4 hours (Spring, odd years)

Study of the embryological development of the vertebrate and controlling mechanisms involved. Two lectures, two laboratories each week. Lab fee \$32. Prerequisites: Two courses in biology or consent of instructor.

BIO 4471. Seminar in Biology - 1 hour (Fall, Spring)

Investigation of biological literature related to selected topics and presentation of scientific material for group discussion and evaluation. One session each week. Prerequisite: Biology major or minor with 20 hours of biology.

BIO 4481-3. Biological Investigations - 1-3 hours (Fall, Spring)

Opportunity for qualified biology majors to conduct investigations in association with staff members on an acceptable phase of biology. By arrangement. Lab fee \$8-24. Prerequisites: Biology major or minor, junior standing and departmental consent.

BIO 4951-4. Intensive Studies in Biology - 1-4 hours (On demand)

Intensive studies of special topics in biology. Topics will vary from time to time. The course may be repeated for different topics. Credit hours will be determined at the time of course planning. Lab fee will be based on course.

BIO 4991-3. Independent Studies - 1-3 hours (Fall, Spring)

Advanced studies of specific topics arranged by departmental chairman.

Methods of Teaching Science in the Secondary School (see EDU 4522)

BUSINESS

BUS 1011-2. Elementary Keyboarding - 1-2 hours (On demand)

Fundamentals of typewriting and the mastery of the keyboard for personal use or basis of vocational skill. No credit can be given for high school typewriting. Lab fee \$4-8.

BUS 1013. Introduction to Business - 3 hours (Fall, Spring)

Introduction to the characteristics and practices of business in the American free enterprise system, including the environments of business and career opportunities in business. Open to all students except junior and senior Accounting and Business Administration majors.

BUS 2013. Business Communications - 3 hours (Fall, Spring)

Development of sound judgment, forceful expression and practical psychology in writing business letters and reports. Emphasis is placed on both principles and practice. Prerequisites: ENG 2213, typing proficiency.

BUS 2951-4. Special Topics in Business - 1-4 hours (On demand)

Topics will vary with each offering; therefore, the course may be repeated for credit.

BUS 3033. Word Processing - 3 hours (On demand)

This course is designed to introduce the student to concepts and terminology used in a word/information processing center and for personal use of word processors. A hands-on-experience using microcomputers will be provided. The student should be able to apply the concepts and procedures learned to most other word processors. Lab fee \$12. Prerequisite: Typewriting proficiency, CIS 1103 or EDU 2823.

BUS 3073. Legal Environment of Business I (Business Law I) - 3 hours (Fall)

Ethical, social and legal issues in business environment. The development and resolution of contemporary issues found in the business environment. Emphasis on the perspective and systematic approach to the law to such issues. Topical areas: legal history, reasoning, procedure; environmental, administrative, criminal and tort law; law of contracts, law of sales. Prerequisite: Must have a junior or senior standing.

BUS 3083. Business Enterprise/Debtor & Creditor Rights (Business Law II) - 3 hours (Spring)

Legal alternatives in the structuring of the business enterprise and its relationships with employees. The rules of law governing financial transactions in today's business and personal affairs. Topical areas: agency, partnerships, corporation, personal property, real property, bailments, intellectual property rights, commercial paper, secured transactions and bankruptcy. Prerequisite: BUS 3073 and must have a junior or senior standing.

BUS 4951-4. Intensive Studies in Business - 1-4 hours (On demand)

Topics will vary with each offering; therefore, the course may be repeated for credit. Prerequisites: Junior or senior standing and departmental approval.

BUS 4981-3. Internship in Business - 1-3 hours (Fall, Spring, Summer, Winterfest)

Academically planned and supervised work experience in area(s) of the student's major within business or other organizations, approved by the faculty advisor and department chairman as an enhancement to the student's educational preparation at SBU. Written reports will be required of the student and performance reports from the employer. A maximum of six semester hours of internships may be applied to the major. Prerequisites: Junior standing and approval of the faculty advisor and the department chairman.

BUS 4991-3. Independent Study in Business - 1-3 hours (Fall, Spring, Summer)

Independent study of some problem or area not covered in the organized courses under the direction of a faculty member in whose field of specialization the problem or area lies. Prerequisites: 3.00 GPA in major field, junior or senior standing and the approval of the department chairman.

CHEMISTRY

CHE 1104. Principles of Chemistry - 4 hours (Fall)

Fundamentals of chemistry, i.e., atomic structure, chemical periodicity, terminology, equations, kinetics, energy relationships, nuclear and descriptive chemistry. Three lectures, one laboratory each week. Does not satisfy the major or minor requirements for chemistry. Lab fee \$40. Prerequisite: High school algebra.

CHE 1115. General Chemistry I - 5 hours (Fall)

A study of the fundamental laws and theories involved in chemical changes. Topics will include atomic theory, thermochemistry and nuclear chemistry. Stress will be on the solving of mathematical problems which illustrate the principles of chemistry. The course is designed principally for students planning on careers related to the natural sciences. Four lectures, one laboratory each week. Lab Fee \$50. Prerequisite: MAT 1143 or concurrent enrollment. NOTE: A student who takes CHE 1104 and 1115 will receive credit for only CHE 1115.

CHE 1125. General Chemistry II - 5 hours (Spring)

A continuation of CHE 1115 covering chemical equilibrium, oxidation-reduction, acid-base theory, thermodynamics and qualitative inorganic analysis. Four lectures, one laboratory each week. Lab fee \$50. Prerequisite: CHE 1115.

CHE 2951-3. Special Topics in Chemistry - 1-3 hours (On demand)

Topics of special interest not available to the student from the traditional course offerings. May be repeated as the topics change. Lab fee \$10-30 as necessary. Prerequisite: CHE 1125.

CHE 3002. Environmental Chemistry - 2 hours (Spring, even years)

The study of the sources, reactions, transport, effects and fates of chemical species in water, soil, air and living environments and the effects of technology thereon. Two lectures per week. Prerequisite: CHE 1125.

CHE 3304. Organic Chemistry I - 4 hours (Fall)

Study of the theory and mechanisms of the basic reactions of organic compounds and their derivatives. Emphasis on alkyl halides, alkanes, alkenes, stereochemistry, alicyclics, alkynes and dienes. Three lectures, one laboratory each week. Lab fee \$40. Prerequisite: CHE 1125.

CHE 3314. Organic Chemistry II - 4 hours (Spring)

Continuation of CHE 3304. Emphasis on aromatic compounds, interpretive spectroscopy, alcohols, carboxylic acids and their derivatives, aldehydes, ketones, amines and ethers. Three lectures, one laboratory each week. Lab fee \$40. Prerequisite: CHE 3304.

CHE 3324. Physical Chemistry I - 4 hours (Fall, even years)

Study of physicochemical systems, kinetic theory, thermodynamics, chemical equilibria and solutions. Three lectures, one laboratory each week. Lab fee \$40. Prerequisites: CHE 1125, MAT 1195 and consent of instructor.

CHE 3334. Physical Chemistry II - 4 hours (Spring, odd years)

Study of experimental and theoretical chemical kinetics, statistical mechanics, electrochemistry, molecular structure and quantum chemistry. Topics chosen to provide maximum benefit to the students enrolled. Three lectures, one laboratory period. Lab fee \$40. Prerequisite: CHE 3324.

CHE 3345. Analytical Chemistry - 5 hours (Spring)

Study of the fundamental principles of quantitative analytical chemistry including basic statistics. An intensive laboratory experience which applies these principles to gravimetric, volumetric and electroanalytical determinations. Three lectures, two labs each week. Lab fee \$50. Prerequisite: 14 semester hours of chemistry or consent of instructor.

CHE 3354. Instrumental Analysis - 4 hours (Fall, odd years)

Study of the basic principles of instrumental methods of analysis. Topics studied include optical methods, chromatographic methods and selected other modern methods. Three lectures, one laboratory each week. Lab fee \$40. Prerequisites: CHE 3345 and PHY 1124 or consent of the instructor.

CHE/BIO 3364. Biochemistry I: Proteins and Metabolism- 4 hours (Fall)

A study of the chemistry and metabolism of biologically important compounds. Includes the biochemistry of proteins, lipids and carbohydrates, nucleic acids and the energetics of living organisms. Three lectures, one laboratory each week. Lab fee \$40. Prerequisite: CHE 1125.

CHE 3371. Seminar in Chemistry I - 1 hour (Fall, Spring)

Presentation and discussion of modern developments in the field of chemistry. One session each week. Prerequisite: 18 semester hours of chemistry.

CHE 4002. Interpretive Spectroscopy - 2 hours (Fall, even years)

The study of the four main spectral techniques used for the identification of known organic compounds and for the determination of the structures of unknown organic compounds -- infrared spectroscopy (IR), proton nuclear magnetic resonance spectroscopy (PMR), carbon-13 nuclear magnetic resonance spectroscopy (CMR) and mass spectroscopy (MS). Two lectures per week. Prerequisite: CHE 3314.

CHE/BIO 4104. Biochemistry II: Molecular and Cell Biology - 4 hours (Spring)

The study of the structure and functions of cellular organelles with emphasis on the cell biology of the nucleus, including chromatin, DNA and RNA structure, DNA replication and repair, transcription, translation and cell division. Cellular membranes, the cytoskeleton, the extracellular matrix and the Golgi apparatus will also be studied in both prokaryotic and eukaryotic cells. Three lectures, one laboratory per week. Lab fee \$40. Prerequisites: CHE/BIO 3364 or BIO 3314.

CHE 4414. Advanced Inorganic Chemistry - 4 hours (On demand)

Principles and theories of modern inorganic chemistry, including group theory, bonding, coordination chemistry and relationships of the periodic table. Three lectures, one laboratory each week. Lab fee \$40. Prerequisites: 18 hours of chemistry and consent of instructor.

CHE 4471. Seminar in Chemistry II - 1 hour (Fall, Spring)

Presentation and discussion of modern developments in the field of chemistry. One session each week. Prerequisite: 27 hours of chemistry.

CHE 4481-3. Undergraduate Research in Chemistry - 1-3 hours (Fall, Spring)

Independent research investigations. May be repeated with consent of department. Lab fee \$10-30. Prerequisite: 23 hours of chemistry. Consent of department chairman or research director required.

CHE 4951-5. Intensive Studies in Chemistry - 1-5 hours (On demand)

Topics of special interest not available to students in the traditional course offerings. Courses could include such topics as environmental chemistry, advanced organic chemistry, nuclear chemistry, quantum chemistry, reaction kinetics and polymer chemistry. May be repeated as topics change. Lab fee \$10-50 as necessary. Prerequisites: Determined by the nature of topics studied.

CHE 4991-3. Independent Study - 1-3 hours (On demand)

Intensive individual study in areas of chemistry not usually covered in the normal curriculum. Prerequisites: Determined by the nature of topics studied. Consent of department chairman required.

Methods of Teaching Science in the Secondary Schools.

(See EDU 4522)

CHRISTIAN MINISTRIES**CHR 1043. Life Style Evangelism - 3 hours (Fall, even years)**

Biblical background, study of historical examples, actual field training in life style evangelism.

CHR 2043. Basic Evangelism - 3 hours (Fall, odd years)

Introduction to the basic facets of church evangelism including biblical basis, techniques and approaches with some emphasis on personal evangelism, mass evangelism, radio and T.V.

CHR/MUS 2712. Songleading for Small Churches - 2 hours

See MUS 2712 for course description.

CHR/MUS 2783. Worship and Song in the Church - 3 hours

This course is a historical survey of the worship practice and hymnody of the major Christian denominations with an emphasis on planning worship for today's churches.

CHR 2901-3. Mono-Cultural Church Planting and Evangelism Project - 1-3 hours

Participation in a mission project to an English speaking group of one's own ethnic group. It must be approved by the department head.

CHR 2911-3. Cross-Cultural Church Planting and Evangelism Project - 1-3 hours

Participation in a mission project to either a non-English speaking group or a group of different ethnic origin. It must be approved by the department head.

CHR 2951-3. Special Topics in Christian Ministries - 1-3 hours (On demand)

A focus on special topics in the field of Christian Ministries. Prerequisites: Consent of instructor.

CHR 3013. The Mission and Ministry of the Church - 3 hours (Fall)

Study of the work of the various ministers of the local church with special attention given to the work of the minister of the word (pastor). Prerequisite: BIB 1013, 1023.

CHR 3023. Preaching - 3 hours (Spring, even years)

A study of the task of preaching the Christian message to today's world including practice in preparing and delivering sermons. Some attention may be given to other types of religious communication.

CHR 4003. Expository Preaching - 3 hours (Spring, odd years)

A study is made of the expository method of preaching. Sermons by recognized expository preachers are considered. Each student develops expository sermons and presents one sermon for video taping and review. Prerequisites: CHR 3011, CHR 3023.

CHR 4951-4. Intensive Studies in Christian Ministries - 1-4 hours

A focus on a special area of interest in the field of Christian Ministry. Areas of study will vary from year to year. (May be taken more than once).

CHR 4981-3. Christian Ministries Apprenticeship - 1-3 hours (Fall, Spring)

Guidance of an apprentice in direct relationship to field work. Apprenticeships may be done in the following areas: Associational, chaplaincy, pastoral, church secretarial, missions and other approved areas. Prerequisite: Approval of Director, In-Service Training. **Note: Apprenticeships are not paid positions; the student learns under the supervision of a qualified staff member. Assignment of apprenticeships is done strictly by the SBU faculty member involved, not by the student or a particular church.**

COMMUNICATION**COM 1103. Fundamentals of Speech Communication - 3 hours (Fall, Spring)**

Foundations of speech communication. Special attention to the theory and practice of effective preparation and delivery of public speeches.

COM/TEC/THR 2203. Voice and Diction - 3 hours (Fall, Spring)

Emphasis on developing the speaking voice. Introduction to vocal anatomy, phonetics, voice projection and articulation. Prerequisite: COM 1103.

COM 2213. Honors Fundamentals of Speech Communication - 3 hours (On Demand)

Foundations of speech with emphasis upon speech preparation and delivery. Exploration of classical and contemporary rhetorical principles.

COM 2223. Argumentation and Debate - 3 hours (Fall)

Emphasis on methods and theories of argumentation and debate. Attention to research, analysis, case building and oral participation. Prerequisite: COM 1103 or high school debate experience. Prerequisite: ENG 1113 and COM 1103.

COM 2233. Introduction to Public Relations - 3 hours (Fall, Spring, on demand)

Emphasis upon understanding the theoretical foundations of public relations. Attention to practical methods and steps in conducting the processes and activities of public relations.

COM 2951-4. Special Topics - 1-4 hours**COM 3302. Parliamentary Procedure - 2 hours (Summer, Fall, on demand)**

Theory and practice of principles of parliamentary procedure. Special emphasis to duties of presiding officers, voting, conducting meetings.

COM/THR 3303. Oral Interpretation of Literature - 3 hours (Fall)

Emphasis on theory and practice of communicating works of literature from the printed page. Prerequisite: COM 1103.

COM 3313. Advanced Public Speaking - 3 hours (Spring)

Advanced study of preparation and delivery of various speech types. Special attention to extemporaneous and manuscript speaking. Prerequisite: COM 1103.

COM 3323. Introduction to Disorders of Communication - 3 hours (On demand)

Introductory study of disorders of speech, language and audition.

COM 3343. Media Production - 3 hours (On demand)

Systematic study of audio in media to provide a broad theoretical and practical foundation in techniques related to radio, television, film and music production. Prerequisites: COM 1103, 2203.

COM 3351. Intercollegiate Forensics and Debate - 1 hour (Fall, Spring)

Participation in intercollegiate debate and forensics program. May be repeated; however, only 6 hours may count toward a major. Prerequisite: Instructor's permission required.

COM 3363. American Public Address - 3 hours (Spring, on demand)

Historical and critical study of leading American speakers, their speeches and philosophies. Individual research and analysis. Prerequisite: COM 1103.

COM 3373. Newspaper Writing and Editing - 3 hours (Spring)

An emphasis upon the essentials of journalism writing. Special attention to principles and skills required to gather, write and edit newspaper stories. Lab fee \$10. Prerequisite: ENG 1113 and COM 1103.

COM 3383. Small Group Communication - 3 hours (Fall)

Systematic study and practice of principles of effective communication in groups. Exploration of dynamic variables and features unique to small group interaction. Public discussion formats are also explored. Prerequisite: COM 1103.

COM 3393. Interpersonal Communication - 3 hours (Summer, Winterfest)

Theory and practice of effective interpersonal encounters. Special attention to listening, language, self-perception, interviewing and nonverbal communication.

COM 4413. Forensics - 3 hours (On demand)

Laboratory practice and techniques for coaching contest speaking events: oratory, extemporaneous speaking, interpretation and after-dinner speaking. Prerequisite: COM 2223.

COM 4951-4. Intensive Studies - 1-4 hours**COM 4961-3. Practicum - 1-3 hours****COM 4971-3. Symposium - 1-3 hours****COM 4981-6. Internship - 1-6 hours****COM 4991-3. Independent Studies - 1-3 hours**

Advanced studies of specific topics arranged through consultation with the department chairperson.

Methods of Teaching Speech in the Secondary Schools

(See EDU 4552).

COMPUTER AND INFORMATION SCIENCES**CIS 1103. Introduction to Computing - 3 hours (Fall, Spring, Winterfest, Summer)**

An introduction to the components of computer systems and their applications. Special emphasis is given to microcomputer systems and to the following common microcomputer applications: systems software, word processors, desktop publishing software, electronic spreadsheets and business graphics, database management systems and communication software. The course includes two lecture periods and one structured lab session per week. Lab fee \$12. Prerequisite: Typing Proficiency.

CIS 1113. COBOL - 3 hours (Fall, odd years)

Development of application programs using structured COBOL syntax and concepts. Emphasis on solutions of business problems. Lab fee \$12. Prerequisites: MAT 1143

CIS 1123. FORTRAN - 3 hours (Fall, even years)

Development of application programs using structured FORTRAN syntax and concepts. Emphasis on solutions of scientific and mathematical problems. Lab fee \$12. Prerequisite: MAT 1143 or equivalent.

CIS 1133. Foundations of Computer Science Using Visual BASIC - 3 hours (Fall)

This course presents an overview of foundational topics in computer science. The Visual BASIC programming language is used as an application tool in the study of these topics. Recommended for students interested in computer science who have had little or no programming experience. Required for all computer science and computer information science majors who have had no prior computing experience. Lab fee \$12.

CIS 1141. Introduction to Unix - 1 hour (Spring)

This course provides an introduction to the UNIX operating system, basic utilities, file management and account management. Included are an overview of the login procedure, examination of the file and directory structure, the most commonly used utilities and the emacs text editor. The course is lab based. Lab Fee \$4. Prerequisites: None

CIS 1144. Computer Science I - 4 hours (Fall, Spring)

This course introduces the concepts of computer programming and problem solving and the associated ideas of algorithms and data structures. It is designed to provide the serious computer science student with basic skills and a solid foundation for further study. Includes an introduction to the C/C++ programming language. Three lectures, one lab per week. Lab fee \$16. Prerequisite: MAT 1143 or concurrent enrollment.

CIS 1154. Computer Science II - 4 hours (Spring)

This course is a continuation of CIS 1144 with emphasis upon good programming methodology (software engineering). The data structures of linked lists, stacks, queues and trees are developed along with an introduction to file structures. Recursion, searching and sorting algorithms are analyzed for order as well as time and space efficiency. Parallel sorting and searching algorithms are introduced. C/C++ is utilized for programming. Three lectures and one lab per week. Lab fee \$16. Prerequisites: CIS 1144 and MAT 1143 or equivalent. Corequisites: CIS 1141 and MAT 1173.

CIS 2202. Unix - 2 hours (Spring, even years)

This course investigates the Unix operating system, its facilities, capabilities and characteristics. Included are an overview of the operating system and its associated utilities, and the development of scripts for both the Bourne and C shells. The course also examines standard text editors, text formatters and task management tools. Lab Fee \$8. Prerequisite: CIS 1141.

CIS 2213. Introduction to Systems Analysis and Design - 3 hours (Spring)

Study of the phases of the structured analysis and design of a system project using structured design tools. Lab fee \$12. Prerequisites: A 1000-level programming language course.

CIS 2233 (PHY 3413). Machine Organization - 3 hours (Fall)

A survey of the electronic and mechanical components of a computer, including processing units, memory and I/O devices. Also includes an introduction to assembly language programming. Lab fee \$12. Prerequisites: CIS 1154.

CIS 2951-3. Special Topics - 1-3 hours (On demand)

Selected topics of special interest in the field of computer science. May be repeated. Lab fee when appropriate. Prerequisite: Approval of department chairman or 6 hours in computer science.

CIS 3113. Graphical User Interface (GUI) Application Development - 3 hours (Spring, odd years)

This course is a rigorous examination of GUI application development using Visual BASIC and active server pages. Lab fee \$12. Prerequisite: CIS 1154 with a grade of C or better.

CIS 3303. Systems Management - 3 hours (Fall, odd years)

This course examines the issues and challenges involved in managing and integrating user application across multiple computer platforms. The course includes an overview of the characteristics, capabilities and limitations of the most commonly used operating systems; installation and management of user applications on a variety of platforms across local and wide area networks; and the challenges associated with integration of multiple applications across these platforms, in particular the use of OLE and DDE, and management of dynamic link libraries. Lab fee \$12. Prerequisite: CIS 1103

CIS 3313. Advanced Systems Analysis and Design - 3 hours (Fall, even years)

This course presents an advanced study of analysis and design methodologies, techniques and tools. Topics include object-oriented methodologies, prototyping, client/server architectures, Joint Application Development, Rapid Application Development, human interface design and CASE. A project based approach is utilized. Lab fee \$12. Prerequisite CIS 2213.

CIS 3333. Advanced Data Structures - 3 hours (Fall)

This course presents an advanced study of abstract data types and data structures. Topics include lists, stacks, queues, graphs, binary search trees, AVL trees, B-trees, file structures and external sorting. Ada is utilized for programming assignments. Lab fee \$12. Prerequisite: CIS 1154, junior standing.

CIS 3343. Networks - 3 hours (Spring)

This course examines the physical and conceptual structures underlying local and wide area networks. Topics include serial communication, network topologies and architectures, transmission protocols and error and flow control mechanisms. Included in the course is the development of an application for interprocess communication independent of process location. Lab fee \$12. Prerequisites CIS 3333.

CIS 3353. Survey of Programming Languages and Artificial Intelligence - 3 hours (Spring, odd years)

Survey of programming languages including their structure, syntax, semantics, uses and design. Methods used for representing knowledge will be studied including algorithms for learning. Lab fee \$12. Prerequisite: CIS 3333.

CIS 4001. Cooperative Education in Computer Science - 1 hour (Fall, Spring, Summer)

Part-time, on-the-job experience in the areas of analysis, design, programming and maintenance. Credit will only be available for jobs with employers having a cooperative education agreement with the University. Course may be repeated up to six times. Credit hours may count toward the major only with the approval of the department chairman and the cooperative education coordinator. Prerequisites: Acceptance into the Computer Science Cooperative Education Program, placement with an employer participating in the cooperative education program and permission of the cooperative education coordinator.

CIS 4413. Database Management Systems Design - 3 hours (Spring)

A study of the concepts and structures necessary to design and implement a database management system. Lab fee \$12. Prerequisites: CIS 2213 or CIS 3303.

CIS 4423. Operating Systems - 3 hours (Spring, even years)

Introduction to the design and architecture of operating systems. Lab fee \$12. Prerequisite: CIS 2213.

CIS/MAT 4433. Numerical Analysis - 3 hours (Fall, even years)

A study of finite differences, numerical integration, matrix operations, numerical solutions of linear systems and differential equations and curve fitting. Lab fee \$12. Prerequisite: MAT 2263.

CIS 4462. Applied Design & Programming I - 2 hours (Fall)

A comprehensive applications project conducted by an individual or team of students. Students will be responsible for an orderly definition, design and beginning coding of a practical software package. Lab fee \$8. Prerequisites: CIS 3333 and senior standing.

CIS 4472. Applied Design & Programming II - 2 hours (Spring)

A continuation of CIS 4462. Students will be responsible for completion of coding, implementation and testing of software package begun in CIS 4462. Lab fee \$8. Prerequisite: CIS 4462.

CIS 4951-3. Intensive Studies - 1-3 hours (On demand)

Selected topics of special interest in the computer science field. May be repeated. Lab fee when appropriate. Prerequisite: Approval of department chairman or 18 hours in computer science.

CIS 4991-3. Independent Studies - 1-3 hours (Fall, Spring, Summer)

Independent study of some problem or area in the major not covered in the organized courses. The study is under the direction of a faculty member in whose field of specialization the problem or area lies. Prerequisites: 3.00 GPA in major field, junior or senior standing and the approval of the department chair.

CRIMINAL JUSTICE

CRJ 2313. Introduction to Criminal Justice - 3 hours

An analysis of the criminal justice system in the United States. An examination of crime and nature of law, aspects of criminal law and procedure, the courts and adjudication, the process of justice, and law enforcement.

CRJ 2951-3. Special Topics - 1-3 hours

A study of critical issues in criminal justice that are not covered in other course offerings. Areas of study will vary from year to year. Students may elect to repeat the course.

CRJ 3313. Law Enforcement Organization and Administration - 3 hours

An examination of the organization and administration of police departments and the role of law enforcement in relationship to the community and established political structure. Prerequisite: CRJ 2313.

CRJ 3373. Juvenile Delinquency - 3 hours

An overview of the problem of juvenile delinquency and how it relates to society as a whole. Causation, prevention, control, and treatment will be examined. Prerequisite: CRJ 2313 or SOC 4033.

CRJ 4313. Corrections in America - 3 hours

A systematic examination of the penal system and insight into its daily operations. Various theories of corrections will be explored. Prerequisite: CRJ 2313 or SOC 4033.

CRJ 4333. Criminal Law - 3 hours

An overview of the general laws and crimes which effect law enforcement. Elements which are required to constitute a crime will be explored. Prerequisite: CRJ 2313.

CRJ 4373. Police Methods and Procedures - 3 hours

Examination of law enforcement subjects including laws of search and seizure, laws of arrest, arrest procedures, criminal investigations, courtroom demeanor, rules of evidence, and patrol techniques. Prerequisites: CRJ 2313.

DISCIPLESHIP**DIS 2012. The Christian Faith and Life - 2 hours (Fall, Spring)**

An introduction to the biblical view of the character and lifestyle of the Christian person with an emphasis on the basic disciplines of the Christian life.

DIS 2013. Prayer in Biblical Perspective - 3 hours (On demand)

A study of the significance, principles and problems of prayer as a practical discipline. Emphasis will be given to the prayer life and prayer teachings of Jesus, as well as the selected Old Testament prayers and those of Paul the Apostle. Prerequisites: BIB 1013, 1023 or consent of instructor.

DIS 2023. Practical Discipleship - 3 hours (On demand)

This course deals with what it means to live the disciplined life under the Lordship of Christ. Special attention is given to developing a personal devotional life, other methods of internalizing Scripture and time management. No prerequisites.

DIS 2951-3. Special Topics in Discipleship - 1-3 hours (On demand)

A focus on special topics in the field of Discipleship. Prerequisites: Consent of instructor.

DIS 3013. The Making of a Disciple - 3 hours (Spring)

The ministry of making committed followers of Christ, including the vision for discipling, the evangelizing and discipling process and how to implement disciple training in a local church, mission or youth program. Prerequisite: DIS 2023 or consent of instructor.

DIS 3033. Christian Missions - 3 hours (Spring)

The study of Christian Mission--biblical motivation, historical advance, basic philosophy and present situation. Prerequisites: BIB 1013, 1023, DIS 2012.

DIS 4012. Applied Christian Living - 2 hours (Fall, Spring)

The practical application of the history and theology of the Bible in Christian service within the areas of ethics, evangelism, stewardship, discipleship and churchmanship. Prerequisites: BIB 1013, 1023, DIS 2012 and at least 90 hours of course work completed.

DIS/RED 4053. Reaching Unchurched Youth

See course description under RED 4053.

DIS 4951-4. Intensive Studies in Discipleship - 1-4 hours

A focus on a special area of interest in the field of discipleship or missions. Topics will vary from year to year. (May be taken more than once). Prerequisites: Consent of instructor.

DIS 4981-4. Discipleship Apprenticeship - 1-4 hours

Supervised discipleship ministry earns one credit hour per forty hours of work. This course may be repeated; however, only four hours may count toward a major or minor. MGT 4033. Administrative Communications/Human Resource Management - 3 hours (Spring)

Basic functions of personnel management emphasizing recruiting, selection, interviewing, testing, training, development, compensation and performance evaluation. Prerequisite: BUS 2013, MGT 3013.

MGT 4043. Organizational Behavior and Theory - 3 hours (Spring)

Theory of organizations, individual and group behavior, organizational processes and change. This course is a requirement for many graduate programs in business. Prerequisite: MGT 3013.

MGT 4053. International Management - 3 hours (Fall)

Introduction to the multinational business organization and environmental factors of international business. Emphasis on the development of sound problem-solving, decision-making methods in the analysis of environmental and organizational variables and the application of management concepts to international business situations. Prerequisite: MGT 3013 or consent of the instructor.

MGT 4063. Entrepreneurship and Small Business - 3 hours (Fall)

This course integrates your knowledge of the functional areas of entrepreneurial business development. Its central themes are the impact of the owner or founding team of the company, and the development of systems that will lead to sustainable growth. Emphasis is placed on planning, starting, growing, managing, and expanding a business, with a particular focus on writing a business plan. Entrepreneurship and small business is examined as a possible career option as well. Prerequisites: MGT 3013 or consent of instructor.

MGT 4083. Management Strategy and Policy - 3 hours (Spring)

Integration of all prior course work into a realistic and scientific method of problem solving and evaluation of opportunities applicable to all types of organizations. The case method is used extensively. Prerequisites: Senior in College of Business and Computer Science or consent of the instructor.

MGT 4951-4. Intensive Studies in Management - 1-4 hours (On demand)

Topics will vary with each offering; therefore, the course may be repeated for credit. Prerequisites: Junior or senior standing and departmental approval.

MGT 4981-3. Internship in Management - 1-3 hours (Fall, Spring, Summer, Winterfest)

Academically planned and supervised work experience in area(s) of the student's major within business or other organizations, approved by the faculty advisor and department chairman as an enhancement to the student's educational preparation at SBU. Written reports will be required of the student and performance reports from the employer. A maximum of six semester hours of internships may be applied to the major. Prerequisites: Junior standing and approval of the faculty advisor and department chairman.

MGT 4991-3. Independent Study in Management - 1-3 hours (Fall, Spring, Summer)

Independent study of some problem or area in the major not covered in the organized courses. The study is under the direction of a faculty member in whose field of specialization the problem or area lies. Prerequisites: 3.00 GPA in major field, junior or senior standing and the approval of the department chairman.

MARKETING

MKT 2951-4. Special Topics in Marketing - 1-4 hours (On demand)

Topics will vary with each offering; therefore, the course may be repeated for credit.

MKT 3023. Principles of Marketing - 3 hours (Spring)

The study of the system of activities that constitute marketing with emphasis on the principles, policies and strategies utilized to identify and satisfy the needs and wants of consumers. The universal application of marketing management in all forms or organizations is stressed. Prerequisites: ACC 2033, ECO 2023, ECO 2033 and junior status, or consent of instructor.

MKT 3033. Consumer Behavior - 3 hours (Fall)

Introduces the student to the key terms, definitions, and concepts used to describe this field of study. Students will learn how we shape our product choices and purchase decisions by investigating the ways we think; the ways we process, store, and retrieve information when needed; and how relationships with others affect these decisions. Prerequisite: MKT 3023 or consent of instructor.

MKT 3073. Professional Selling - 3 hours (Winterfest)

Investigation, study and practice in the science and art of salesmanship, with emphasis on the consultative or professional approach to ascertaining the needs and wants of others, and assisting them to obtain satisfaction. Prerequisite: Junior status is desirable but not required.

MKT 3083. Creative Advertising - 3 hours (Winterfest)

This course is designed as a creative, innovative introduction to advertising. Types of advertising media, copy and style will be evaluated, and emphasis will be placed on creativeness in advertising. This course will include films, guest speakers, field trips and creative advertising projects. Prerequisite: Junior status is desirable but not required.

MKT 4013. Marketing Research - 3 hours (Spring)

Provides the student with a basic understanding of the research process as it applies to marketing and business problems. Subjects covered include the scientific method, problem definition, research design, data collection, data analysis, and interpretation. A comprehensive research project and selected case analysis provide opportunity for relating the theoretical concepts and techniques to real world problems. Prerequisites: MKT 3023, FIN 3023. Corequisite: FIN 3033.

MKT 4023. Marketing Management - 3 hours (Spring)

Advanced study of the role and responsibilities of marketing executives. Emphasis will include the analysis, planning, organization, implementation and control of marketing programs. Prerequisite: MKT 3023.

MKT 4951-4. Intensive Studies in Marketing - 1-4 hours (On demand)

Topics will vary with credit offering; therefore, the course may be repeated for credit. Prerequisites: Junior or senior standing and departmental approval.

MKT 4981-3. Internship in Marketing - 1-3 hours (Fall, Spring, Summer, Winterfest)

Academically planned and supervised work experience in area(s) of the student's major within business or other organizations, approved by the faculty advisor and department chairman as an enhancement to the student's education preparation at SBU. Written reports will be required of the student and performance reports from the employer. A maximum of six semester hours of internship may be applied to the major. Prerequisites: Junior standing and approval of the faculty advisor and department chairman.

MKT 4991-3. Independent Study in Marketing - 1-3 hours (Fall, Spring, Summer)

Independent study of some problem or area in the major not covered in the organized courses. The study is under the direction of a faculty member in whose field of specialization the problem or area lies. Prerequisite: 3.00 GPA in major field, junior standing and approval of department chairman.

MATHEMATICS

MAT 0103. PreAlgebra - 3 hours (Fall, Spring)

Review and practice in basic mathematical skills. Applications using whole numbers, common and decimal fractions, and percent. Development of measurement concepts using consumer problems, perimeter, area, and volume. This course is recommended for students with less than one unit of high school algebra or who have a low score on the prealgebra portion of the enhanced ACT Examination. Three lectures, one laboratory each week. This course does not count toward the 128 hours required for graduation. Lab fee \$10.

MAT 0123. Intermediate Algebra - 3 hours (Fall, Spring)

Equivalent to one and one-half units of contemporary high school algebra with an emphasis on application. This course is recommended for students with one to one and one-half units of high school algebra. Three lectures, one laboratory each week. Prerequisite: A less than satisfactory score on the prealgebra and intermediate algebra portions of the enhanced ACT Examination or a minimum grade of "C" in MAT 0103. This course does not count toward the 128 hours required for graduation. Lab fee \$10.

MATH 1133. Survey of Mathematics - 3 hours (Fall, Winterfest, Spring)

An introduction to various topics in mathematics and how these topics apply to everyday life. Topics may include sets, logic, probability, statistics, metric system, mathematical systems, numeration systems, properties of numbers, algebra, geometry, and consumer mathematics. Not open to mathematics majors. Prerequisite: Satisfactory scores on the

prealgebra and intermediate algebra portions of the enhanced ACT Examination or a minimum grade of "B" in MAT 0103, or a minimum grade of "C" in MAT 0123.

MAT 1143. College Algebra - 3 hours (Fall, Spring)

The real number system and algebra developed using terminology of a set, complex numbers, exponents, radicals, inequalities, sequences, series and introduction of theory of equations. Prerequisites: Satisfactory scores on the prealgebra and intermediate algebra portions of the enhanced ACT Examination or a minimum grade of "C" in MAT 0123.

MAT 1163. PreCalculus - 3 hours (Fall)

This course is a rapid and indepth review of algebra, trigonometry functions in the context that it will be used in Calculus. This course is intended for the student needing additional algebra and/or trigonometry skills to enable success in MAT 1195 (Calculus) or MAT/FIN 1193 (Business Calculus). Prerequisite: Satisfactory scores on the prealgebra, intermediate algebra portions of the enhanced ACT Examination, a minimum of "B" in MAT 2283 or a minimum grade of "C" in MAT 1143.

MAT 1173. Discrete Mathematics - 3 hours (Spring)

A study of mathematical concepts that are not dependent upon the continuum. Topics will include sets, logic, combinatorics, probability, functions, relations, matrix algebra, Boolean algebra and graph theory. The concept of proof and the nature of proof will also be explored. Prerequisite: MAT 1143 or one and one-half units of high school algebra.

MAT/FIN 1193. Business Calculus - 3 hours (Fall, Spring)

Derivatives and antiderivatives of functions inclusive of exponential and logarithmic, with applications to business and economics. Not open to mathematics majors. NOTE: MAT 1193 is a terminal math course. Students desiring further study of calculus must take MAT 1195. A student who takes FIN/MAT 1193 and MAT 1195 will receive credit for only MAT 1195. Prerequisite: MAT 1143 College Algebra or its equivalent with a minimum grade of "C" or MAT 1163 Precalculus or its equivalent with a minimum grade of "C" or satisfactory scores on the prealgebra and intermediate algebra portions of the enhanced ACT Examination.

MAT 1195. Analytics and Calculus I - 5 hours (Fall, Spring)

Graphs, function, plane analytical geometry, limits, continuity, derivatives, velocity-acceleration, rates, maxima and minima, differentials, Theorem of the Mean, antiderivatives, definite integrals, area, volume, work, fluid pressure, arc length, centroids. Prerequisites: MAT 1163 or its equivalent with a minimum grade of "C" or MAT 1143 or its equivalent with a minimum grade of "C" or satisfactory scores on the prealgebra, intermediate algebra and trigonometry portions of the enhanced ACT Examination. NOTE: MAT 1193 is a terminal math course. Students desiring further study of calculus must take MAT 1195. A student who takes FIN/MAT 1193 and MAT 1195 will receive credit for only MAT 1195.

MAT 2255. Analytics and Calculus II - 5 hours (Fall, Spring)

This course will examine the derivative and integrals of the exponential and logarithmic function and of functions and their inverses, techniques of integration, further applications of integrals, sequences, series, polar coordinates, conic sections, and parametric equations. Prerequisite: MAT 1195 or its equivalent with a minimum grade of "C".

MAT 2263. Analytics and Calculus III - 3 hours (Fall, Spring)

This course examines curves and surfaces in three dimensions, derivatives and integrals of functions of more than one variable, and vector calculus. Prerequisite: MAT 2255 or its equivalent with a minimum grade of "C".

MAT 2283. Survey of Mathematics for Elementary and Middle School Teachers I - 3 hours (Fall)

Use of sets and set notation to describe and define number properties and operations. An axiomatic development of the system of whole numbers through the use of logic and proof of theorems. Development of the algorithms of addition, subtraction, multiplication and division of whole numbers and integers. Open only to students preparing to teach in the elementary or middle school. Prerequisite: Satisfactory scores on the prealgebra portion of the Enhanced ACT Examination, a minimum grade of "B" in MAT 0103 or minimum grade of "C" in MAT 0123.

MAT 2293. Survey of Mathematics for Elementary and Middle School Teachers II - 3 hours (Spring)

Extension of the system of integers to include rationals and real numbers. Applications in elementary algebra and introduction to basic geometry. Open only to students preparing to teach in the elementary or middle school. Prerequisite: MAT 2283.

MAT 2951-4. Special Topics in Mathematics - 1-4 hours

MAT 3313. Abstract Algebra - 3 hours (Spring, even years)

An introduction to abstract algebraic systems and use of properties of groups, rings, integral domains and fields to describe and develop certain characteristics of natural numbers, integers, rational, real and complex numbers. Prerequisite: MAT 2255 or departmental consent.

MAT 3323. Linear Algebra - 3 hours (Spring, odd years)

Vector spaces, linear transforms, matrices, determinants, systems of linear equations, quadratic forms and vector products. Prerequisite: MAT 1193 or 1195.

MAT 3333. Symbolic Logic and Set Theory - 3 hours (Winterfest)

Symbolic statements, truth tables, quantifiers, inference and implication, special sets of numbers, set operations, correspondences, cardinal numbers, Boolean algebra and logical structure of mathematical arguments. Prerequisite: MAT 1143 or its equivalent.

MAT 3343. Probability and Statistics - 3 hours (Fall, odd years)

Sample spaces, functions or random variables and their distributions, conditional probability, Bayes' formula, Chebyshev inequalities, central limit theorem, regression and correlation, and sampling and hypothesis testing. Prerequisite: MAT 1195.

MAT 3353. Integrated Mathematics - 3 hours (Spring, even years)

This course will enable students seeking certification in middle or secondary school teaching to analyze mathematics curriculum from an integrated approach. The course will strengthen the students level of mathematical knowledge, while broadening their structure of this knowledge in a way that is necessary for teachers. The course is recommended for students seeking certification in middle school or secondary school mathematics teaching. Prerequisite: MAT 1195 and interest in teaching mathematics.

MAT 3363. Differential Equations - 3 hours (Spring)

Explicit and power series solutions of certain types of linear differential equations, application and boundary value problems, operators including Laplace transforms, and Fourier series. Prerequisite: MAT 2263 or departmental consent.

MAT 3373. Math Technologies - 3 hours (Fall, even years)

What is math technology? How has it and how should it affect how and what we teach in Mathematics? How will it affect your future - be it mathematics, physical science, social science, or business using mathematics? We will consider and write about these and other questions via hands on experience with various math technologies. This course will have a lab component. Prerequisites: MAT 1193 or 1195. Topics developed will be tailored to individual students' backgrounds and interests. Lab fee \$12.

MAT 3383. History of Mathematics - 3 hours (Fall, odd years)

A survey of significant developments in mathematics and contributions of great mathematicians from the Babylonians to present day. Prerequisite: MAT 2255 or departmental consent.

MAT/CIS 4433. Numerical Analysis - 3 hours (Fall, even years)

A study of finite differences, numerical integration, matrix computations, numerical solution of linear systems and differential equations and curve fitting. Lab fee \$12. Prerequisite: MAT 2263.

MAT 4483. Contemporary Geometry - 3 hours (Spring, odd years)

An axiomatic development of geometry balanced between the classical material of euclidean geometry and the structure of alternate axiomatic systems. Prerequisite: MAT 2263 or departmental consent.

MAT 4663. Advanced Calculus - 3 hours (Fall)

Advanced Calculus is a study of the basic concepts in analysis. These include concepts such as continuity, convergence of sequences and series of numbers, convergence of sequence and series of functions, differentiation, and integration. A more complete understanding of these concepts than is achieved in the Calculus sequence is necessary for all mathematics majors and thus this course is a core course of the math major and a type of capstone course. Prerequisite: MAT 2263.

MAT 4951-4. Intensive Studies in Mathematics - 1-4 hours (On demand)

Selected topics of special interest in mathematics. May be repeated.

MAT 4991-3. Independent Studies - 1-3 hours (On demand)

Selected topics of special interest in mathematics.

Methods of Teaching Mathematics in the Middle and Secondary Schools. (See EDU 4513).

MILITARY SCIENCE**MIL 1011-2. Introduction to Military Science - 1-2 hours**

History, organization and mission of the U.S. Army and the Reserve Officer Training Corps (ROTC), rappelling techniques, basic rifle familiarization, map reading and understanding the role of the U.S. Army in today's world.

MIL 1021-2. Introduction to Basic Military Skills - 1-2 hours

Rifle marksmanship, advanced rappelling techniques, military radio and telephone communications, military leadership and basic military skills.

MIL 1251-5. Leadership Fitness - 1-5 hours

Development of individual fitness and acquisition of the skills necessary to lead group fitness training.

MIL 2111-2. Basic Military Skills and Techniques - 1-2 hours

Introduction to techniques of survival in various situations and climates, rappelling and pistol marksmanship.

MIL 2121-2. Military Fundamentals Practicum - 1-2 hours

The class is designed for the military science students who desire accelerated instruction on rifle marksmanship, rappelling, communications, map reading (to include the compass) and patrolling. The student will be required to wear a military uniform and meet Army appearance standards.

MIL 2251-5. Basic Military Science Practicum - 1-5 hours

A 6-week course conducted at Fort Knox, KY. The training is rugged and intensive with emphasis placed on leadership application, practical work and physical conditioning. Training will be conducted six days a week out-of-doors and requires active participation by all students.

MIL 3013 - Military Leadership and Operations - 3 hours

Introduction to small unit tactics; principles of military leadership, to include theory, responsibilities, techniques and practice; branches of the U.S. Army, oral presentation techniques and practice. One field trip is required. This course may not be taken pass/not pass.

MIL 3023 - Military Skills Building - 3 hours

Small unit tactics; applied military leadership (builds on knowledge gained in MIL 3013) with special emphasis on the junior leader's duties and responsibilities. Two field trips are required. This course may not be taken pass/not pass.

MIL 3255 - Advance Military Science Practicum - 3 hours

The 6-week course is conducted at Fort Lewis, Washington. The instruction, training and evaluation focuses on the professional development issues required to become an Army Officer. The primary focus is on evaluating the student's leadership potential through this mentally and physically demanding camp. The training and evaluation are conducted seven days a week for six weeks and require active participation by all students. The student is placed in leadership positions which require him/her to lead up to 120 fellow students for extended periods of time.

MIL 4113 - Military Qualification Skills For the Advanced Cadet - 3 hours

Ethics and professionalism of the military officer; Army command staff functions; oral presentation techniques and practice; military leadership at junior officer level; world change and military obligations. One field trip is required. This course may not be taken pass/not pass.

MIL 4123 - Transition from Cadet to Lieutenant - 3 hours

Military justice system; army supply and logistics procedures and responsibilities; officer management system; obligations and responsibilities of a military officer; military leadership at junior officer level. Two field trips are required. This course may not be taken pass/not pass.

MIL 4961-2. Readings/Research in Military Science - 1-2

Planned readings and research on subjects in or related to Military Science. May be repeated for a total of 3 hours. This course may not be taken pass/not pass.

MUSIC

MUS 0100. Recital Attendance - (Fall, Spring)

Laboratory in music listening and performance. Attendance at a designated number of department-sponsored or approved concerts. Music majors must complete six semesters of this course. Enrollment for pass-fail only.

MUS 1101. Basic Class Piano I - 1 hour (Fall, Spring)

Class instruction in piano designed for non-music students with no previous experience or less than one year. May not be taken by music majors or minors. Two hour lessons per week. No jury required. Lab fee: \$10.

MUS 1111. Basic Class Piano II - 1 hour (Fall, Spring)

Continuation of MUS 1101 but may be taken by non-music students with one-three years previous study. Students with more than three years study should enroll in Private Applied Piano. Two one-hour lessons per week. No jury required. Prerequisite: MUS 1101 or permission of instructor. Lab fee: \$10.

MUS 1121. Secondary Class Piano I - 1 hour (Fall)

Class instruction in piano for music majors and minors to develop functional ability in required secondary performance area. Required each semester until piano proficiency examination is passed. Two one-hour lessons per week. No jury required. Lab fee: \$10.

MUS 1131. Secondary Class Piano II - 1 hour (Spring)

Continuation of MUS 1121. Prerequisite: MUS 1121 or permission of Coordinator of Applied Music. Lab fee: \$10.

MUS 1141. Basic Class Voice - 1 hour (Fall, Spring)

Class instruction in voice designed to introduce beginning, non-music majors or minors. Two one-hour lessons per week. Fee: \$10. No jury required.

MUS 1151. Basic Class Guitar - 1 hour (Fall, Spring)

Class instruction which covers fundamental concepts and applied methods in guitar. Emphasis will be given to chording, beginning music theory, strumming and finger-picking styles of playing, song-writing and performance techniques as they apply to the guitar.

MUS 1603. Music Fundamentals - 3 hours (Fall)

An elementary study of the basic fundamentals of music reading and writing including notation, rhythm, chords and pop/gospel (guitar) chord symbols. Training in how to compose a song.

MUS 1611. Sightsinging/Eartraining I - 1 hour (Fall)

Training in sightsinging and aural perception. Must be taken concurrently with MUS 1613 or MUS 1603. Music majors and minors; other with consent of department chairman. Lab fee: \$10.

MUS 1613. Theory I - 3 hours (Fall)

An intensive study of theoretical concepts of music organization, including notation, melody, rhythm and harmony. Beginning functional keyboard study. Taken concurrently with MUS 1611; music majors and minors; others with consent of theory coordinator.

MUS 1621. Sightsinging/Eartraining II - 1 hour (Spring)

Continuation of MUS 1611. Must be taken concurrently with MUS 1623. Lab fee: \$10. Prerequisite: MUS 1611 with a minimum grade of C.

MUS 1623. Theory II - 3 hours (Spring)

An historical/analytical study of the theoretical concepts of music through the classical period. Functional keyboard study. Taken concurrently with MUS 1621. Prerequisite: MUS 1613 with a minimum grade of C.

MUS 1633. Survey of Music Literature - 3 hours (Fall, Spring)

Survey of representative music literature from all historical periods and the development of analytical listening techniques. Music majors and minors; others with consent of department chairman.

MUS 2121. Secondary Class Piano III - 1 hour (Fall)

Continuation of MUS 1131. Prerequisite: MUS 1131 or permission of Coordinator of Applied Music. Lab fee: \$10.

MUS 2131. Secondary Class Piano IV - 1 hour (Spring)

Continuation of MUS 2121. Prerequisite: MUS 2121 or permission of Coordinator of Applied Music. Lab fee: \$10.

MUS 2611. Sightsinging/Eartraining III - 1 hour (Fall)

Advanced work in sightsinging and aural perception. Must be taken concurrently with MUS 2613. Lab fee: \$10. Prerequisite: MUS 1621 with a minimum grade of C.

MUS 2613. Theory III - 3 hours (Fall)

An historical/analytical/compositional study of the theoretical concepts of music of the Romantic period as well as a brief study of counterpoint, fugue and variation techniques. Taken concurrently with MUS 2611. Prerequisite: MUS 1623 with a minimum grade of C.

MUS 2621. Sightsinging/Eartraining IV - 1 hour (Spring)

Continuation of MUS 2611. Must be taken concurrently with MUS 2623. Prerequisite: MUS 2611 with a minimum grade of C. Lab fee: \$10.

MUS 2623. Theory IV - 3 hours (Spring)

An historical/analytical/compositional study of theoretical concepts of music from 1890 to the present. Taken concurrently with MUS 2621. Prerequisite: MUS 2613 with a minimum grade of C.

MUS 2702. Basic Conducting - 2 hours (Fall)

Introduction to manual techniques of conducting, terminology for the conductor, mechanics of choral, band and orchestral scores. Prerequisites: MUS 1621 and 1623.

MUS 2711. Instrumental Fundamentals - 1 hour (Spring)

An elementary study of wind/percussion instruments with an emphasis on tone production and fundamental performance techniques. Lab fee \$15.

MUS/CHR 2712. Song Leading for Small Churches - 2 hours (Spring, odd years)

To provide basic song leading skills for ministerial students and others working with small churches. Attention given to motivating and directing congregational and small group singing, planning a music service and rudimentary techniques in leading choirs of limited skill. No credit for music majors and minors.

MUS 2721. String Fundamentals - 1 hour (Fall)

An elementary study of string instruments with an emphasis on tone production and fundamental performance techniques. Laboratory teaching experience. Two class meetings per week. Lab fee \$15.

MUS 2731. Woodwind Methods - 1 hour (Spring, even years)

An intensive study of woodwind instruments including a survey of solo, ensemble and instructional literature. Emphasis on the ability to play and teach. Laboratory teaching experience. Two class meetings per week. Lab fee: \$15.

MUS 2741. Brass Methods - 1 hour (Fall, even years)

An intensive study of brass instruments including a survey of solo, ensemble and instructional literature. Emphasis on the ability to play and teach. Laboratory teaching experience. Two class meetings per week. Lab fee: \$15.

MUS 2751. Percussion Methods - 1 hour (Spring, odd years)

An intensive study of percussion instruments including a survey of solo, ensemble and instructional literature. Emphasis on the ability to play and teach. Laboratory teaching experience. Two class meetings per week. Lab fee: \$15.

MUS 2772. Vocal Diction - 2 hours (Fall)

A basic study of the phonetic pronunciation of Italian, French, German diction through the use of the International Phonetic Alphabet. Prerequisite: One semester of voice or permission of instructor.

MUS/CHR 2783. Worship and Song in the Church - 3 hours (Fall)

This course is a historical survey of the worship practice and hymnody of the major Christian denominations with an emphasis upon planning worship for today's churches.

MUS 2802. Piano Pedagogy - 2 hours (Fall, even years)

Discussion and analysis of suitable methods and materials of teaching at elementary and intermediate levels. Guidance in establishing and operating the private studio. Prerequisite: Two semesters of applied keyboard study.

MUS 2951-4. Special Topics in Music - 1-4 hours (On sufficient demand)

Topics of special interest in music. May require the appropriate applied fee. Prerequisite: Consent of department chairman.

MUS 3602. Analysis of Music Structure - 2 hours (Fall, odd years)

Advanced study of analytical techniques applied to music from the 17th-20th centuries. Prerequisite: MUS 2611 and 2623.

MUS 3622. Orchestration - 2 hours (Fall, even years)

Study of the capabilities of band and orchestral instruments; analysis of scores; practical work in scoring for small and large instrumental combinations. Prerequisite: MUS 2611 and 2623. Lab fee: \$10.

MUS 3653. History of Music I - 3 hours (Fall)

Intensive study of the history of music and representative music literature before 1750. Prerequisite: MUS 1633 and MUS 2613 or permission of instructor.

MUS 3663. History of Music II - 3 hours (Spring)

Intensive study of the history of music and representative music literature since 1750. Prerequisites: MUS 1633 and MUS 2623.

MUS 3672. Organ Literature and Design - 2 hours (Spring, odd years)

A survey of organ literature and practical study of organ registration, design and pedagogy. Prerequisite: Two semesters of applied organ and permission of instructor.

MUS 3712. Choral Conducting - 2 hours (Spring)

Continued work toward mastery of the basic skills of conducting. Emphasis upon the development of choral rehearsal and performance techniques. Survey of stylistic characteristics of the five major periods of choral literature. Prerequisite: MUS 2702.

MUS 3722. Instrumental Conducting - 2 hours (Spring, even years)

Continued work toward mastery of the basic skills of conducting. Baton technique. Emphasis upon the development of band rehearsal and performance techniques. Survey of stylistic characteristics of the major periods of band literature. Prerequisite: MUS 2702.

MUS 3732. Church Music Literature and Materials - 2 hours (Spring, odd years)

Survey and analytical study of sacred music literature including choral and instrumental music representing all periods of church music with emphasis on music relevant to the contemporary church. Prerequisite: MUS 1623 and 1633.

MUS 3743. Church Music Education - 3 hours (Fall, even years)

A study of organizational techniques, methods and materials, unit and rehearsal plans and enlistment procedures for a church music program for children through grade six.

MUS 3753. Service Playing - 3 hours (Spring, even years)

A practical study of the techniques and materials used by the church pianist and organist, involving hymn playing, modulation, transposition and improvisation and accompanying choirs and soloists. Prerequisite: Two semesters of piano (or organ) or permission of instructor.

MUS 3802. Piano Literature - 2 hours (Fall, odd years)

A general survey of piano repertoire from 1650-Present. Prerequisite: Two semesters of piano or permission of instructor.

MUS 3812. Vocal Pedagogy - 2 hours (Spring, odd years)

An intensive study of vocal teaching techniques and vocal literature for use in private studio, voice class, music contest and worship. Laboratory teaching experience. Prerequisite: Four semesters of applied voice or consent of instructor.

MUS/EDU 3813. Elementary Music Education - 3 hours (Spring)

Study of administrative teaching techniques and survey of materials for teaching vocal and instrumental music in early childhood and elementary grades. Examination of musical concepts and skills appropriate at each age or learning level. Training in use of piano, recorder, autoharp and fretted instruments. Prerequisite: MUS 1621 and 1623; music majors and minors only.

MUS/EDU 4562. Methods of Teaching Instrumental Music in the Middle and Secondary Schools - 2 hours (Fall, even years)

Study of philosophy of music education, administrative and teaching techniques and materials for teaching instrumental music in middle and secondary schools. Music majors and minors only. Prerequisites: MUS 1621 and 1623.

MUS/EDU 4573. Methods of Teaching Vocal Music in the Middle and Secondary Schools - 3 hours (Fall)

Study of philosophy of music education, administrative and teaching techniques and materials for teaching vocal music in the middle and secondary schools. Music majors and minors only. Prerequisites: MUS 1621 and 1623.

MUS 4622. Choral Arranging and Composition - 2 hours (Spring)

Original composition in idioms of the 20th century, including original pieces suitable for school and church. Emphasis on creative ideas and techniques for choral arranging. Prerequisite: MUS 2621 and 2623: music majors and minors only. Lab Fee: \$10.

MUS 4701. Supervised Teaching in Piano - 1 hour (Fall, Spring)

Practical piano teaching experience in a supervised laboratory situation. Prerequisite: MUS 2802.

MUS 4712. Choral Techniques - 2 hours (Fall)

Building the needed understanding, listening skills and expectations for developing a choral ensemble in regard to the aspects which shape choral teaching and performance, which include: vocal pedagogy and choral tone, musicality and performance practice, text and diction, rhythmic vitality, tuning and intonation, and dynamics. Prerequisites: MUS 2702 and 3712: music major and minors only.

MUS 4722. Repertoire for Secondary Choral Music - 2 hours (Spring, even years)

A study of choral music appropriate for use in the secondary school and the criteria for its selection. Prerequisite: MUS 3712 or permission of instructor.

MUS 4732. Marching Band Techniques - 2 hours (Fall, odd years)

Study of techniques in the organization, training and performance of marching bands in public schools. Laboratory: field trips to high school rehearsals and contests.

MUS 4743. Church Music Administration - 3 hours (Fall, odd years)

Study of the functional approach to the church music ministry including organization, administration, budget, calendar, scheduling, purchase and maintenance of equipment, rehearsal, performance, service planning, congregational activities and staff relations.

MUS 4752. Supervised Field Experience in Church Music - 2 hours (Fall, Spring)

NURSING**NUR 1107. Fundamentals of Nursing - 7 hours (Professional Fee: \$750)**

Introduces concepts and theories fundamental to nursing including holistic person, health continuum and health care environment. Subconcepts of nursing including caring, communication, nursing process, client education and accountability are explored. Students learn technical skills, basic nursing and pharmacological interventions, and beginning use of nursing process. Opportunities will be provided for students to develop a nurse-client relationship while caring for selected clients in clinical settings. Prerequisites: CHE 1104, BIO 2204 or concurrent enrollment and admission to A.A.S.N. program.

NUR 1115. Nursing Interventions I - 5 hours (Professional Fee: \$300)

This course will focus primarily on nursing care that examines functional health status of clients experiencing medical or surgical problems. Use of the nursing process in the clinical area will be further developed concentrating on less complex client problems. Identification and utilization of nursing interventions will be guided by the Nursing Interventions Classification (NIC) taxonomy. Clinical experiences are designed to complement the classroom content. Prerequisites: NUR 1107, BIO 2204 and BIO 3304 or concurrent enrollment.

NUR 1123. Behavioral Nursing Interventions - 3 hours (Professional Fee: \$300)

Focuses on nursing care that supports psychological functioning, facilitates life style changes and provides protection against harm. Behaviors associated with mental illness will be explored. The clinical experiences will promote understanding of concepts of gerontological nursing and development of therapeutic communication techniques to develop effective interpersonal relationships and expand self-awareness. Prerequisites: NUR 1107, PSY 1013, BIO 2204 and BIO 3304 or concurrent enrollment.

NUR 2001. LPN Bridge - 1 hour (Professional Fee: \$150)

A course that includes concepts and theories fundamental to nursing such as holistic person, health continuum and health care environment. The definitions of the subconcepts of nursing including caring, communication, client education and accountability will be discussed. Prerequisite: Student must be an LPN with current licensure in Missouri.

NUR 2105. Nursing Interventions II - 5 hours (Professional Fee: \$150)

Focuses primarily on nursing care that supports homeostatic regulation. Additional nursing diagnosis and interventions that address more complex client problems will be introduced. Clinical experiences will build and strengthen previously acquired nursing knowledge, skills and attitudes. Prerequisites: NUR 1115, NUR 1123 and BIO 2213 or concurrent enrollment.

NUR 2115. Family Nursing Interventions - 5 hours (Professional Fee: \$150)

Focuses on nursing care that supports the family unit. Physiological and behavioral changes related to child-bearing and child-rearing will be examined in relationship to the health continuum. The clinical setting will emphasize health maintenance and promotion for the family. Prerequisites: NUR 1115, NUR 1123 and BIO 2213 or concurrent enrollment.

NUR 2125. Nursing Interventions III - 5 hours (Professional Fee: \$225)

This course is a continuation of NUR 2105. Additional nursing diagnosis and more complex nursing interventions directed to multi-system client problems will be introduced. The student will be given opportunity to prioritize care for selected clients and increase competence using nursing process in clinical settings. Prerequisites: NUR 2105, NUR 2115.

NUR 2134. Nursing Role Integration - 4 hours (Professional Fee: \$225)

A preceptorship experience will provide students an opportunity to explore nursing roles. The student will actively participate in the role of an entry level nurse under the guidance of clinical agency staff and the instructor. Focus will be on learning interdisciplinary functions of delegation, coordination and collaboration. Prerequisite: NUR 2125.

NUR 3303. Health Assessment - 3 hours (Fall, Spring)

Acquisition and utilization of skills in interviewing and assessing psychosocial, cultural, spiritual and physical health status of clients of all ages. Normal and abnormal findings are included, and skills are practiced in class throughout the semester. The student will perform a head-to-toe assessment on an individual at the end of the semester.

NUR 3313. Nursing Transition - 3 hours (Fall, Spring)

Survey of the nursing profession and major impacts of society and science upon the professional nurse. Nursing history, education, health care delivery systems, employment and trends in practice are discussed. The uniqueness of the nursing profession is emphasized and future of nursing is explored in view of demographics, cultural diversity and society's health needs.

NUR 3323. Overview of Nursing Theories - 3 hours (Fall, Spring)

Survey of selected nursing theories and models showing the progression of theory development in the nursing profession. Selected theories are explored for: relevance in nursing practice, understanding of assumptions and philosophies of the theorist and applicability to persons, health, society/environment and the nursing profession.

NUR 3333. Policy and Politics - 3 hours (Fall, Spring)

Policy issues of concern to nursing and the extent to which the professional nurse can influence health care legislation. Analysis of political action by the profession, and government and legislature on local, state and national levels. Significance of torts and negligence, liability and ethical issues in practice.

NUR 3343. Psychiatric Nursing Process and Communication - 3 hours (On demand)

Communication theories and skills to enhance the professional interpersonal process with persons, groups and colleagues. Listening, verbal and nonverbal communication, cultural diversities and the counseling process are discussed. Assessment and intervention techniques for persons with psychological disturbances are examined.

NUR 3452. Spirituality in Nursing Practice - 2 hours (Fall, Spring)

Spiritual practice by professional nurses and the responsibilities and issues of spiritual care in nursing. Spiritual needs and interventions are identified in all age groups with an understanding of cultural diversity in spiritual practices. Christian spiritual practice is emphasized.

NUR 3902. Pharmacodynamics - 2 hours (On demand)

Nursing responsibilities and implications concerning pharmacological intervention in all age groups. Drug mechanisms, toxicities, treatment, complications and professional nursing response are analyzed. Clients at risk for adverse drug reactions are identified and issues of economics, ethics and drug abuse are examined.

NUR 4405. Community Health - 5 hours (Fall, Spring)

Theoretical and clinical practice focus on the concepts and theories related to the health of the community which includes historical, economic, social, cultural and political influences. Health promotion, health maintenance and prevention of disease is emphasized. Clinical practice occurs in health clinics, schools, community shelters, group homes and other locations that serve the diverse health needs of the community. Prerequisites: BIO 4404, NUR 3303, NUR 3323; successful completion of the NLN Mobility Profile II Exams; current Missouri RN license and proof of malpractice insurance.

NUR 4413. Management and Leadership - 3 hours (Fall, Spring)

Leadership and management styles and their applicability to nursing practice. Organizational structure, management systems, management process, communication and conflict resolution are knowledge and skills needed by the nurse manager. Legal and ethical issues important to nursing management are discussed.

NUR 4425. Clinical Case Management - 5 hours (Fall, Spring)

Theoretical and clinical practice focus on nursing case management of the individual/family unit experiencing a life-threatening illness or accident. Nursing, family, stress, crisis and teaching/learning theories will be examined. Clinical practice begins in critical care and then focuses in the home within the community. Prerequisites: BIO 4404, NUR 3303, NUR 3323; successful completion of the NLN Exam if applicable; current Missouri RN license and proof of malpractice insurance.

NUR 4433. Research Methods - 3 hours (Fall, Spring)

Elementary components of the research process are presented. Influences of history, theory, health care systems, economics, culture and ethics are explored. Critical examination of selected, published nursing research and development of a student generated research proposal are synthesis outcomes of the research process. Prerequisites: PSY 3243, NUR 3323.

NUR 4441. Capstone Seminar - 1 hour (Fall, Spring)

Exploration and synthesis of nursing knowledge and practice issues facing the nursing profession and the health care system. Discussion of issues in practice, education and research. Prerequisites: Limited to students who are enrolled in final semester of senior year.

NUR 4903. HIV/AIDS in Depth: Practical Application in the Community - 3 hours (On demand)

HIV/AIDS etiology, incidence, pathophysiology and practical application. HIV/AIDS transmission, treatment, prevention, attitudes and fears, nursing care, education and cultural, legal, ethical and economic issues are explored. Problems and strategies will be examined in care of the psycho/social/spiritual/physical aspects of persons of all age groups who are HIV positive.

NUR 4991-3. Independent Studies - 1-3 hours (On demand)

Student-proposed topics in nursing practice, education or research which are approved by faculty and department chairperson for independent study.

PHILOSOPHY

PHI 2013. Introduction to Philosophy - 3 hours (Fall, Spring)

Survey of philosophical problems, methods of approach and modes of thought.

PHI 2023. Logic and Language - 3 hours (On demand)

Examination of basic principles of critical thinking. Special attention to deductive reasoning, inductive reasoning and language analysis.

PHI 4003. Twentieth Century Thought - 3 hours (On demand)

Contemporary philosophical movements with special attention to problems and methods. Prerequisite: PHI 2013 or permission of instructor.

PHI 4013. The Philosophy of Religion - 3 hours (Spring, odd years)

Philosophical approach to the study of religion with emphasis on methods and problems. Prerequisite: PHI 2013 or permission of instructor.

PHI 4023. World Religions - 3 hours (On demand)

A survey of major world religions. Prerequisite: PHI 2013 or permission of instructor.

PHI 4033. Problems - 3 hours (On demand)

Selected problems for the advanced student in one topic. Prerequisites: Two courses in philosophy or permission of instructor.

PHI 4043. Ethics in Decision Making - 3 hours (Fall)

Ethical issues related to professional life, social conditions, family situations and spiritual questions from the perspective of the Christian world view. Prerequisites: BIB 1013, 1023, DIS 2012 and at least 90 hours of course work completed.

PHI 4951-4. Intensive Studies in Philosophy - 1-4 hours (On demand)

Intensive study of selected topics in the field of Philosophy. Prerequisite: PHI 2013 and permission of instructor.

PHYSICAL SCIENCE

PHS 1001. Physical Science Laboratory - 1 hour (Winterfest, Spring)

An optional laboratory to accompany PHS 1003. Utilizes basic experiments in chemistry and physics. Designed for the general student. One laboratory period per week. Lab fee \$32. Prerequisite: A year of high school algebra and concurrent or previous enrollment in PHS 1003.

PHS 1003. Introduction to Physical Science - 3 hours (Winterfest, Spring)

An integrated study of selected basic principles and concepts of chemistry and physics, including topics of current interest. Designed for the general student. Three lectures each week. Prerequisite: One year of high school algebra.

PHS 1114. Introduction to Earth Science - 4 hours (Fall, Winterfest)

Basic principles of the earth in space, its atmosphere, the oceans and the development of land forms by geologic agents. Designed for the general student. Three lectures, one laboratory period per week. Lab fee \$32.

PHS 2005. Physical Science for Elementary and Middle School Teachers - 5 hours (Winterfest, Spring)

A study of the basics of astronomy, chemistry, geology, meteorology, and physics. Designed to emphasize discovery-based learning and inquiry-related instructional techniques by significantly utilizing enhanced classroom technology, hands-on laboratory experimentation, library research, and writing components. Four lectures, one 100-minute laboratory period each week. Lab fee \$40. Prerequisites: One year of high school algebra and ENG 1113. **Note: Open only to elementary and middle school education majors.**

PHS 2214. Meteorology - 4 hours (Spring, even years)

A study of the earth's atmosphere and forces that influence weather phenomena including environmental trends. Three lectures, one laboratory period per week. Lab fee \$32.

PHS 2314. Astronomy - 4 hours (Fall)

A study of the historical and descriptive aspects of the solar system, stars, galaxies and current topics related to space science. Three lectures, one laboratory period per week. Lab fee \$32.

PHS 2951-5. Intensive Studies in the Physical Sciences - 1-5 hours (On demand)

Topics of special interest not available to the student in the traditional course offerings. May be repeated as topics change. Lab fee \$10-\$50 as necessary. Prerequisites: Determined by nature of topic studied.

PHS 3303. History and Philosophy of Science and Technology - 3 hours (On demand)

A study of the historical and philosophical foundations of science and technology, accompanied by an examination of the logical and ethical ramifications of various past and present science and technology phenomena. Prerequisites: One college level life or physical science course, ENG 2213, COM 1103, a history course and junior standing.

PHYSICAL THERAPY

PTH 2002. Introduction to Medical Terminology - 2 hours (Spring)

Introduction to the development of both written and verbal communication skills for the medical community. Overview of various medical conditions treated by physical therapists and the clinical objectives for those conditions. Two lectures per week.

All information regarding the physical therapy program may be found in the graduate section of this catalog.

PHYSICS

PHY 1114. General Physics I - 4 hours (Fall)

A non-calculus physics course emphasizing the fundamental concepts of mechanics, heat and wave motion. Designed for pre-physical therapy, science education, biology, pre-medical, pre-veterinary, pre-optometry and pre-pharmacy majors. Three lectures, one laboratory period each week. Lab fee \$40. Prerequisites: MAT 1143 or proficiency in high school algebra and geometry.

PHY 1124. General Physics II - 4 hours (Spring)

A continuation of PHY 1114, emphasizing the fundamental concepts of electricity, magnetism and optics; also an introduction to atomic physics. Three lectures, one laboratory period each week. Lab fee \$40. Prerequisite: PHY 1114.

PHY 2215. University Physics I - 5 hours (Fall)

A rigorous calculus-based physics course emphasizing mechanics, heat and wave motion. Designed for pre-engineers, computer science and physical science majors. Four lectures, one laboratory period each week. Lab fee \$50. Prerequisite: MAT 2255 or concurrent enrollment. NOTE: A student cannot receive credit for both PHY 1114 and 2215.

PHY 2225. University Physics II - 5 hours (Spring)

A continuation of PHY 2215, emphasizing electricity, magnetism and optics; introduction to atomic physics. Four lectures, one laboratory period each week. Lab fee \$50. Prerequisites: PHY 2215 and MAT 2263 or concurrent enrollment. NOTE: A student cannot receive credit for both PHY 1124 and 2225.

PHY 2233. Statics - 3 hours (Spring)

Application of the principles of vector mechanics to engineering problems of equilibrium. Topics include resultants, equilibrium, friction, trusses, centroids and moments of inertia. Designed for pre-engineers. Three lectures each week. Prerequisites: PHY 2215 and MAT 1195.

PHY 2951-3. Special Topics in Physics - 1-3 hours (On demand)

A study of topics from one or more of the fields of physics chosen to meet student needs and interests. Lab fee \$10-30 as necessary. Prerequisite: A year of college physics.

PHY 3363. Modern Physics - 3 hours (On demand)

A study of the atomic view of matter and radiation, relativity and wave-particle duality; basic concepts of quantum physics. Three lectures each week. Prerequisites: PHY 2225 or PHY 1124 and MAT 1195.

PHY 3413 (CIS 2233). Machine Organization - 3 hours (Fall)

A survey of the electronic and mechanical components of a computer, including processing units, memory and I/O devices. Also includes an introduction to assembly language programming. Three lectures per week. Lab fee \$30. Prerequisites: CIS 1154 and/or one year of college physics.

PHY 3951-4. Special Topics in Physics - 1-4 hours (On demand)

A study of topics from one or more fields chosen to meet special student needs and interests. Topics could include dynamics, advanced mechanics, optics, thermodynamics, electromagnetic field theory, electronics and nuclear physics. Laboratory may be included. Lecture and laboratory periods variable. Lab fee: \$10-40 if necessary. Prerequisites: Determined by nature and level of topics studied.

POLITICAL SCIENCE**POL 1113. American Government and Politics - 3 hours (Fall, Spring)**

Origin, organization and policy of United States government at the national, state and local levels. Encourages citizen participation and leadership in democratic processes beginning at the community level. Fulfills the Missouri statutory requirement.

POL 2101. Prelaw Seminar - 1 hour (Spring)

A career oriented course which identifies the major fields of law; also includes a study of the requirements for admission to law school with emphasis on the Law School Admission Test; in addition, students usually visit a law school.

POL 2223. American State and Local Government - 3 hours (Spring)

Organization, administration and problems of state, county, municipal and other local governments in the United States. Prerequisite: Sophomore standing (over 30 hours) including POL 1113 or consent of instructor.

POL 2951-4. Special Topics in Political Science - 1-4 hours

Prerequisite: POL 1113.

POL 3313. International Relations - 3 hours (Spring, odd years)

An in-depth study of relations among the nations of the world and the problems which arise with their constantly increasing interactions. Prerequisite: POL 1113.

POL 3323. Comparative Government - 3 hours (Fall, odd years)

A comparison of different kinds of political systems in the various regions of the world. The U.S. style of democracy will be compared with parliamentary systems, middle eastern and African authoritarianism, socialist systems, Asian democracies and Latin American corporatism. Prerequisite: POL 1113

POL 4453. Congress and the Legislative Process - 3 hours (Spring, even years)

Major topics include: origin and powers of the United States Congress; relation of Congress to the other branches of government and to the public; leadership, partisanship, the committee system and policy making; comparison with the state legislatures. Prerequisite: POL 1113 or consent of instructor.

POL 4563. The Supreme Court and Constitutional Development - 3 hours (Fall, odd years)

Focuses on landmark Supreme Court decisions and judicial interpretations of the U.S. Constitution from the 1790's until the present; topics addressed include origins of the Constitution, powers of the three branches, separation of powers, regulation of commerce and individual rights based on the Bill of Rights. Prerequisite: POL 1113 or consent of the instructor.

POL 4673. The American Presidency - 3 hours (Fall, even years)

Explains the role of the President in the American Federal System. Focuses on relations with the public and the press, the Congress and the Courts, the bureaucracy and public policy. Prerequisite: POL 1113.

POL 4883. Political Philosophy - 3 hours (Spring, even years)

A study of the political themes in the classical philosophies from Platonism to Marxism in comparison with biblical teachings on the same themes. Major topics addressed include: the nature of man, the ideal form of governments, the citizen's responsibility to the government, the government's responsibility to the citizen, the definition of liberty and the nature of human rights. Prerequisites: POL 1113 and junior or senior standing.

POL 4951-4. Intensive Studies in Political Science - 1-4 hours (Fall, Spring)

A seminar investigating a selected topic or theme in the light of previous and current interpretations. Areas of study will vary with each offering; therefore, the student may elect to repeat the course when different content is offered. Prerequisite: Six hours of political science and/or consent of instructor.

POL 4991-3. Independent Studies - 1-3 hours (Fall, Spring)

Advanced studies of specific topics. Prerequisites: 15 hours of political science, junior or senior standing (over 60 hours) & approval of the department.

PSYCHOLOGY**PSY 1013. General Psychology - 3 hours (Fall, Spring)**

A "life-oriented" course including physiological backgrounds of behavior, development, motivation, emotion, intelligence, personality, adjustment and social psychology.

PSY 2023. Mental Hygiene - 3 hours (Fall, Spring)

A psychology of adjustment course focusing on areas affecting mental health (i.e., stress, personality, relationships). Emphasis on class involvement and personal application. Prerequisite: Sophomore standing.

PSY 2063. Systems of Psychology - 3 hours (Fall, Spring)

Major concepts of various systems of psychological thought in current and historical perspective. Prerequisite: PSY 1013.

PSY 2951-3. Special Topics - 1-3 hours (On demand)

A study of critical issues and topics in psychology not covered in other course offerings. Areas of study will vary from year to year. Students may repeat this course once.

PSY 3003. Sex Education - 3 hours (Jterms, even years or as needed)

A course designed to provide the student with frank, factual information about the many aspects of sex; to help enable the student to see sex as a natural, integral, God-ordained component of marriage; and to dispel common myths and misconceptions about sex. Prerequisite: Junior or senior standing or consent of instructor.

PSY 3033. Abnormal Psychology - 3 hours (Fall, Spring)

Major psychoses, psychoneuroses, sexual adjustment and an analysis of childhood background which leads to mental breakdowns, phobias, compulsions and hysteria. Prerequisite: PSY 1013.

PSY 3053. Child Development - 3 hours (Fall, Spring)

A study of the operation of normal psychological and developmental processes in the lives of children from birth to adolescence. Prerequisite: PSY 1013 or EDU 2113.

PSY 3063. Human Growth and Development - 3 hours (Fall, Spring)

A "Life-Span" study of human growth and developmental processes including physiological, psychological and sociological influences and effects. Students receiving credit for this course cannot receive credit for both PSY 3053 and PSY 4033. Prerequisites: PSY 1013 or EDU 2113.

PSY/SOC 3073. Social Psychology - 3 hours (Fall, Spring)

Social behavior of individuals and the major processes of social interaction, social influence, group structure, the individual and the system and socialization. Three hours credit in either psychology or sociology (not both). Prerequisites: PSY 1013 or SOC 1003.

PSY/SOC 3083. Psychological and Sociological Implications of Mental Retardation - 3 hours (Spring)

Definition, diagnosis, classification, perceptual and conceptual evaluation. Multi-disciplinary approach to mental retardation. Three hours credit in either psychology or sociology (not both). Two lectures, one laboratory each week. Prerequisites: PSY 1013 or SOC 1003 and permission of instructor.

PSY 3093. Psychology of Learning - 3 hours (Spring)

Survey of the field of learning in terms of historical backgrounds, acquisition, retention, forgetting, transfer and motivation. A brief introduction to the various theories and systems of learning is included. Prerequisites: PSY 1013 and 2063.

PSY/SOC 3243. Elementary Statistics - 3 hours (Fall, Spring)

Measurement, averages, variability percentile rank, normal curve, correlation, chi-square and probability related to the behavior sciences. Prerequisite: PSY 1013 or EDU 2113 and CIS 1103.

PSY 3313. Introduction to Counseling - 3 hours (Fall, Spring)

An introduction to counseling theory, methods and techniques, including a study of client-counselor encounters, stages of counseling and the counseling interview. Prerequisites: Twelve hours of psychology including PSY 1013 and PSY 2063.

PSY/SOC 4003. Understanding Women - 3 hours (Jterms, odd years or as needed)

A course designed to increase awareness of sex roles and their influence on women's sexuality, relationships and mental health. INTRODUCTION

Within the mission of the University, Southwest Baptist University administers graduate programs and courses offered through the colleges and departments of the University. Currently there is a program in administration offered through the College of Business and Computer Science, two programs in education offered through the College of Education and Social Sciences, and a program in physical therapy offered through the College of Science and Mathematics. Graduate courses are offered by several departments.

Admission to a graduate program at Southwest Baptist University presumes a degree of initiative on the part of the graduate student. Graduate students assume responsibility for engaging in intellectual activities at the graduate level as well as responsibility for complying with all policies and procedures as set forth in this catalog and in departmental regulations in earning an advanced degree.

STUDENT LIFE

Student Behavior

All graduate students are required to abide by the Student Life regulations listed on page 29. Students should contact the appropriate graduate program director for clarification of student life regulations.

Student Housing

The University provides student housing in campus dormitory facilities during the summer sessions and regular semester sessions. In order for a student to request dormitory housing, a dormitory contract must be completed by the student six (6) weeks before arrival on the Bolivar campus.

Housing information is available through the college/department offices, and/or the Office of Student Life. Prices for room and board are for actual school days and do not include holidays or periods between terms.

Graduate students must make a \$75 housing/enrollment deposit if they are full-time fall or spring semester students. A \$25 deposit is required of summer or part-time summer session students.

Cancellations must be made 14 days prior to the beginning of the semester. If the cancellation is received after this time the housing/enrollment deposit will be subject to forfeiture. Students who cancel housing reservations before the fifth (5th) day of classes during the fall or spring semesters will receive a 90% refund of semester housing charges. Students who cancel housing reservations after the fifth (5th) day of classes will not receive a refund of semester housing charges.

Returning students must make a \$120 housing prepayment by June 15 to secure a housing assignment for the fall semester. A \$60 late fee will be assessed to returning students who pay after June 15. Any damage for which the student is responsible will be charged to his/her account or deducted from the housing/enrollment deposit.

Local motels are available in the Bolivar area for those students not wishing to stay on campus during short summer sessions. Students are responsible for making their own motel arrangements.

A Declining Balance (DCB) Plan is available for those students not living on campus but desiring to eat in the cafeteria. Scanner cards may be purchased in the Collegiate Catering office on campus Monday-Friday (9:00-5:00) for use in the Cat Snack and/or the cafeteria.

Automobiles

The State of Missouri requires motorists to carry public liability and property damage insurance. Students from other states who bring automobiles to campus are urged to carry this insurance. Each student operating an automobile must purchase and display the University vehicle permit and obey University and community regulations regarding the care and use of an automobile.

Parking permits may be purchased from the Physical Plant office or the college/department office. The price of a parking permit is \$10 per semester. Parking permits are issued each academic year beginning with the fall semester. The permit may be used during the fall, spring, and summer terms. Tickets are issued for unidentified cars parked on campus.

Disabled or otherwise handicapped persons may obtain a handicap parking decal, good for any authorized parking space, provided that approval is documented by the University Health Center. Disabled permits may be obtained from the Physical Plant office.

For more information concerning parking on campus, please see the brochure "Motor Vehicle Regulations" available at the Physical Plant office or in college/department offices.

Student Identification Card

Each student is required to obtain a student identification card for identification and library purposes. No charge will be made for the original card. The card is revalidated each semester of enrollment. The revalidation sticker is required for each semester of enrollment and is available from the college/department offices or the accounting office. The identification cards are usually delivered to the students the first day of classes for those who are pre-enrolled for classes. Others are delivered as quickly as possible after registration.

If a replacement identification card is needed, the student will be assessed a \$5 replacement fee and may pick up the replacement at the college/department offices or the accounting office during regular office hours.

Student identification cards are important for library use, entrance to the dining hall on campus, and access to the campus computer network.

STUDENT SERVICES

Counseling and Testing

See page 34 of this catalog.

Career Planning and Placement Center

The Career Planning and Placement Center is available to assist graduate students with resume preparation, resume printing and duplication, development of a confidential reference file, and with specific job opportunities relevant to their degrees. The center is located in the office suite of Mabee Chapel on the main campus in Bolivar. The phone number is (417) 328-1610, facsimile is (417) 328-1505. Office hours are 8:00 a.m. - 5:00 p.m. Monday through Friday.

Student Health Services

Southwest Baptist University offers a student health service which provides medical services for minor illnesses or injuries on a walk-in basis during the hours of operation. This service is extended to all students through the health fee. The only charge made to the student is for laboratory work. The health center uses a referral system with local doctors when necessary. Students also have access to the out-patient clinics of Citizens Memorial Hospital in Bolivar. This service is only available on the Bolivar campus. SBU offers no student health services for students off campus. Additional information is available at the Health Center.

The student is responsible for expenses incurred for ambulance service, calls at a local physician's office, emergency services, and other services provided by any local hospital where students may be taking classes.

International students are required to purchase a hospitalization plan immediately upon arrival on campus.

Technology Services

Information technology resources, services, and facilities of Southwest Baptist University are provided to support the mission of the University. Computing resources are available in a number of locations in University provided and maintained computer labs, in faculty offices, and in a variety of other open sites. In some cases, these resources may be accessible from remote sites by dialing in via computer modem or on local or wide-area networks.

Access to the Internet, or other wide-area networks and resources, through computer facilities is provided primarily to address the computing and information needs associated with the educational and scholarly activities of the University.

All currently enrolled students will be allowed to use academic computing resources as a privilege, subject to availability, current academic priorities, adherence to this and subsequent computing resource policies, and the payment of lab or other access fees.

Academic Advising

Each graduate student is assigned a faculty advisor in the degree program the student chooses. The advisor will assist the student in planning his/her program of study and adjusting to the academic demands of graduate studies.

University Library

See page 7 of this catalog.

Goodson Student Union

The Felix Goodson Student Union is a center for student activities available for both the graduate student and the undergraduate student. Included in the Union are the snack bar, student lounge, game room, student leadership offices, bookstore, a small meditation chapel, the Office of Student Life, University Ministries and Davis Theatre.

University Bookstore

The University Bookstore, located in the Goodson Student Union, carries a complete stock of textbooks, selected trade books, supplies, and many items for personal use. Sales are mainly on a cash basis, however, checks and major credit cards are accepted.

STUDENT ORGANIZATIONS

Education

Students in the Master's Certification program are encouraged to join the Student Missouri Student Teacher Association. Information is available in the Office of Teacher Education.

Physical Therapy

Students in the physical therapy program are encouraged to join the American Physical Therapy Association. The SBU Student Physical Therapy Association is a student organization open to all students in the professional physical therapy program.

UNIVERSITY LIFE AND MINISTRY

Graduate students are not required to attend chapel. However, graduate students are invited to participate in this spiritual experience.

PAYMENT OF ACCOUNTS

Payment plans vary for each graduate program. Any student who is found to be negligent in making adequate arrangements to pay his or her account may be subject to immediate dismissal. No student is permitted to enroll until all account balances have been settled or satisfactory arrangements have been made with the student accounts manager. All tuition and fees must be paid before a diploma and/or transcript will be issued.

Education

Payment of graduate tuition and fees may be made by check, cash, or credit card - VISA, MasterCard, Discover. Payment may be in full or in installments with a promissory note at the start of the course. All tuition and fees must be paid before a diploma will be issued.

Administration

All charges for tuition, fees, and books are due in full by the beginning of each eight-week term. Students unable to pay the full amount at the time of registration must select one of the payment plans. Complete information is sent to all new students each spring or may be obtained from the University's Office of Graduate Studies-Business.

The University offers payment options as follows:

1. Full amount paid upon enrollment (cash, check, credit card - VISA, MasterCard, Discover).
2. Partial payment and Promissory Note- The remaining balance is payable in two monthly installments plus interest on the unpaid balance equivalent to an annual rate of thirteen percent. The unpaid balance is defined as the total initial charges less any prior payment. Full amount of the financial balance is due by the end of the eight-week term.
3. Promissory Note- The balance of all charges is payable in two monthly installments plus interest on the unpaid balance equivalent to an annual rate of thirteen percent. The unpaid balance is defined as the total initial charges less any prior payment. Full amount of the financial balance is due by the end of the eight-week term.

Physical Therapy

Students must pay a non-refundable \$500 deposit upon acceptance into the program which will be applied to tuition. All charges for tuition, fees, room and board are due in full twice a year in January and June at registration. Students waiting on loans to pay their account will be allowed to defer the amount due from the various loan programs until they are received by SBU. However, the out-of-pocket cost to the student must be paid in full before classes begin. Loan applications must be completed and in the possession of the Student Financial Planning Office before consideration will be made for deferring that amount. Students unable to pay the full amount at the time of registration may make arrangements with Tuition Managements Systems, Inc. (TMS) for a \$50 annual fee. Tuition Managements Systems can be reached at 1-800-722-4867. Complete information is sent to all selected students each fall or may be obtained from the University's Office of Accounting Services.

REFUND POLICY

Tuition Charge Refunds - Bolivar Campus

Refunds on the tuition charges will be based upon the period of enrollment that the student has completed as of the student's withdrawal date. If this date occurs on or before sixty percent of the period of enrollment, then a refund will be given. Once the period of enrollment completed exceeds sixty percent, no refund will be given. The period of enrollment is defined as the total number of calendar days within that term less any scheduled breaks of at least five consecutive days.

EXAMPLE:

If the student completes ten days of a term that is one-hundred days in length, then the student has completed only ten percent of that term and is eligible for a ninety percent refund in tuition charges.

Additional refund policies may be found on page 18 of the catalog.

GRADUATE STUDENT LOANS

Southwest Baptist University offers Federal Stafford Student Loans to assist students in meeting their financial obligations. All assistance is awarded on the basis of financial need and the total amount of assistance cannot exceed that need. Application for assistance is made by (1) completing an SBU financial assistance application, (2) filing a Free Application for Federal Student Aid, and (3) submitting to SBU a photocopy of the most recent income tax return filed by the student. All assistance application forms must be completed before aid can be awarded by the University. All questions concerning the application process, application deadlines or the following available assistance programs should be directed to the offices of Student Financial Planning or Admissions. Physical therapy students should submit their initial completed loan application by October 15 to ensure timely processing for January registration.

Federal Stafford Loan Program

Federal Stafford Loans are made by commercial lenders, banks, savings and loans and credit unions to students who are enrolled on at least a half-time basis and who demonstrate financial need. Graduate students may borrow up to \$8,500 per year. Repayment begins six months after half-time enrollment status ceases at a minimum rate of \$50 per month plus interest. The interest rate is variable and is set at 3.1% above the 91-day U.S. Treasury Bill rate and is capped at 8.25%. The interest rate is subject to change annually. Please contact the Student Financial Planning office regarding application procedures.

Unsubsidized Federal Stafford Loans

The terms and conditions for Unsubsidized Federal Stafford Loans mirror those in the Federal Stafford Loan program described above. Graduate students may borrow up to \$10,000 per year if eligible. Deferments and interest rates are the same as for the Federal Stafford Loan; however, no in-school interest subsidies are provided by the federal government. Students will pay interest during in-school and deferment periods on a monthly or quarterly basis, although the interest can be capitalized.

WORK OPPORTUNITIES

Graduate Assistantships

A limited number of graduate assistantships may be available. Contact the specific graduate program office for further details.

PROGRAM PURPOSES

The Graduate Program in Administration addresses a common set of goals that each graduate should attain. A graduate of this program should be able to:

1. identify different schools of administrative theory and verbalize a philosophy of administration consistent with their personal value system;
2. identify current administrative issues and trends, then evaluate and implement sound practices;
3. be proficient in the areas of administrative research, statistical analysis, evaluation and interpretation;
4. demonstrate a sound knowledge of administrative theory and its application in their industry;
5. investigate, analyze and initiate administrative concerns and effect necessary change;
6. utilize advanced administrative techniques in supervision and evaluation;
7. strengthen their expertise in administration to become more proficient on the job;
8. engage in professional growth and development on a continuing basis;
9. expand subject matter knowledge in their related field; and
10. consider the opportunity to build value systems consistent with a Christian ethical position.

Additionally, each emphasis of this program has a specific purpose and related goals.

Accounting Purpose

The first purpose of the concentration in accounting is to broaden the accounting graduate's understanding of the economic enterprise and familiarity with administrative practices. A second purpose is to provide additional coverage of financial and

management accounting topics to prepare in a better way the student to sit for the Uniform Certified Public Accountant examination.

A graduate of this concentration should be able to:

1. describe, research and interpret the Internal Revenue Service rules and regulations impacting corporations, partnerships, trusts and the gift and estate taxes of individuals;
2. identify current administrative issues and trends in the accounting information needs of corporate decision making;
3. implement sound practices in the use of accounting information in management decision making;
4. conduct, evaluate and interpret research in accounting theory;
5. demonstrate a sound knowledge of accounting procedures and theory related to accounting for subsidiaries, multinational accounting, special financial reporting concerns, and partnerships;
6. demonstrate a sound knowledge of auditing procedures and theory related to electronic data processing systems and the verification of adherence to generally accepted accounting principles; and
7. prepare a personal review program and monitor their progress toward passage of the Uniform Certified Public Accountant examination.

Business Administration Purpose

The purpose of the concentration in Business Administration is to broaden the graduates' understanding of the administrative, economic, and organizational environments peculiar to business enterprises. To accomplish this purpose, the following goals are established.

A graduate of this concentration should be able to:

1. describe and interpret different facets of the business environment;
2. identify current administrative issues and trends in business administration, then evaluate and implement sound practices;
3. conduct, evaluate, and interpret research in business administration;
4. demonstrate a sound knowledge of administrative theory and its application in business organizations;
5. strengthen his/her insight into the legal environment facing business and its implications for administrative practice; and
6. consider the opportunity in the business enterprise to build value systems consistent with a Christian ethical position.

Health Services Administration Purpose

The purpose of the concentration in Health Services Administration is to broaden the graduates understanding of the administrative, economic and organizational environments peculiar to health service enterprises. To accomplish this purpose the following goals are established.

A graduate of this concentration should be able to:

1. describe and interpret different facets of the American Health Service System;
2. identify current administrative issues and trends in health service administration, then evaluate and implement sound practices;
3. conduct, evaluate and interpret research in health services;
4. demonstrate a sound knowledge of administrative theory and its application in health service organizations;
5. strengthen his/her insight into health law and its implications for administrative practice; and
6. consider the opportunity in the health service enterprise to build value systems consistent with a Christian ethical position.

ASSESSMENT

Periodic measurements of student perceptions and intellectual growth are obtained as one means for the University to assess and improve its academic programs and student learning. The information obtained is used to measure and develop student competencies and to determine and improve the quality of the educational experience for students.

ADMISSION REQUIREMENTS

Admission to Unclassified Status

Students who do not wish to pursue a degree but who are eligible for graduate study may take up to nine (9) graduate credit hours in the College of Business and Computer Science. The ability to transfer credit for the courses completed toward the graduate

program at SBU, or another college or university, depends upon the course of study provided at the time of transfer by the receiving program. Applicants who have not completed the application process are also placed in this status until requirements are met.

Admission to Classified Status

Students may be fully admitted or conditionally admitted to the graduate program. Classified status students are admitted to the program in one of four classification categories:

1. **Fully Admitted** - The student meets all admission standards and has been admitted to the program of study.
2. **Conditionally Admitted** -
 - A. **Contingent Admission** - Any student who has not completed the academic program prerequisites is conditionally admitted to graduate study. However, the graduate student may take no more than 9 semester hours of graduate courses without satisfying program prerequisites.
 - B. **Academic Probationary Admission** - The student meets all admission standards except that the student does not present a 2.75 grade point average. This student may be admitted as a probationary student pending completion of nine hours of graduate level work with grades of "B" or better.
 - C. **Senior Admission** - A senior in the last semester of his baccalaureate degree program may enroll for graduate work as a dually-enrolled student if:
 1. The total number of hours taken does not exceed 16 semester hours, which includes no more than nine semester hours of graduate courses.
 2. The student has at least a 2.75 grade point average.
 3. The student completes the bachelor's degree at the end of the semester.
 4. The student meets all other standards for admission.

A student seeking admission to the Master of Science in Administration shall meet the following admission standards:

1. hold a baccalaureate degree from a regionally accredited college or university;
2. have an undergraduate grade point average of at least 2.75 on a 4.00 scale;
3. submit a completed "Application for Admission to the College of Business and Computer Science Master of Science in Administration Program;"
4. submit an official transcript of all baccalaureate and graduate level records from colleges and universities attended; and
5. pay a \$25 transcript evaluation fee.

International Students

International students must meet the admission requirements stated in the previous sections. Official records of all higher education, including certificates of degrees with the dates the degrees were conferred, must be submitted. All records not in English must be accompanied by an official translated record. All records should show the individual subjects studied and the grades received in each subject.

Prerequisites

The prerequisites for the Master of Science in Administration are as follows:

- Computer Literacy
- Accounting Principles I and II
- Principles of Management (or approved alternative)
- Microeconomics Proficiency (Prin of Microecon)
- Statistics Proficiency

Accounting Concentration additional prerequisites:

- Undergraduate Accounting Degree

Business Administration Concentration additional prerequisites:

- Principles of Marketing

Health Services Administration requires no additional prerequisites.

Transfer Credit

Nine (9) graduate semester hours completed at another regionally accredited institution may be transferred and applied to the degree. These credits must be comparable to courses offered at Southwest Baptist University and must be approved by the student's advisory committee or the college dean.

DEGREE REQUIREMENTS

Students are eligible to graduate after fulfilling the requirements described below. Students who enroll in another college or university without prior permission of the Dean of Graduate Studies are considered to have withdrawn from Southwest Baptist University. Students wishing to transfer work from another institution and not withdraw from Southwest Baptist University must obtain prior approval from both their advisor and the Director of Graduate Studies within the College of Business and Computer Science.

Comprehensive Examination

Each student is required to pass a comprehensive written examination at or near the end of the study for the degree (at least 30 graduate hours should be completed). The examination will test the extent to which the student can analyze, synthesize, evaluate and apply that which has been learned from the various graduate study experiences. Responses on the examination will be evaluated by a committee of graduate faculty. The examination will be administered by the Office of Graduate Studies, scheduled at least two times annually, and monitored by members of the graduate faculty.

Master of Science in Administration

To receive the M.S. degree in administration, a student must:

- (1) meet all graduate admission standards, including completion of a baccalaureate degree, and completion of admission application and file;
- (2) complete a plan of graduate study consisting of at least 36 semester hours;
- (3) maintain a graduate level GPA of at least 3.00 on a 4.00 scale with no grade below a "C" (2.00);
- (4) complete an administrative core of 24-27 hours;
- (5) complete a core of 12-15 hours in a concentration field;
- (6) complete all degree requirements within a five-year period following admission to the graduate degree program; and
- (7) participate in commencement exercises unless absence is approved by the Provost.

PROGRAM OF STUDY AND ACADEMIC REGULATIONS

The degree program will consist of at least 36 semester hours including an administrative core and an area of concentration.

The Administrative Core (24-27 semester hours)

The Administrative Core is based upon the belief that experienced administrators should have a common body of knowledge in accounting, economics, ethics, management, and personnel policies on which to build.

As such, the administrative core will be required of all students in the program. Further, the student is expected to obtain an expertise in management techniques as well as remain knowledgeable of the technical aspects of an administrative field.

The Administrative Core will consist of the following courses:

ACC 5013 - Managerial Accounting	3 hours
BUS 5983 - Internship in Administration	3 hours
ECO 5043 - Managerial Economics	3 hours
FIN 5023 - Financial Management	3 hours
FIN 5083 - Quantitative Research Methods	3 hours
MGT 5013 - Administrative Communication	3 hours
MGT 5043 - Organizational Behavior/Personnel Supervision	3 hours
MGT 5093 - Strategic Thinking & Planning	3 hours
PHI 5043 - Social/Ethical Responsibility	3 hours

The Master of Science in Administration provides these areas in which students may focus their graduate program: Accounting, Business Administration, and Health Services Administration.

Accounting Concentration (15 semester hours*)

ACC 5003 - Advanced Financial Accounting	3 hours
ACC 5043 - Advanced Auditing	3 hours
ACC 5063 - Advanced Taxation	3 hours
ACC 5113 - Advanced Managerial Accounting	3 hours
ACC 5163 - CPA Review	3 hours

* Accounting Concentration majors are not required to take ACC 5013 Managerial Accounting

Business Administration Concentration (12 semester hours)

MGT 5053 - International Management	3 hours
MGT 5083 - Law & Risk Management	3 hours
MGT 5123 - Current Topics	3 hours
MKT 5023 - Marketing Management	3 hours

Health Services Administration Concentration (12 semester hours)

HSA 5013 - Health Service Law/Risk	3 hours
HSA 5103 - Health Service Systems	3 hours
HSA 5143 - Current Topics	3 hours
HSA 5183 - Health Service Organization	3 hours

GRADES

A graduate student completing a graduate course at Southwest Baptist University will receive a final grade in the course of "A," "B," "C," "F," "P," or "IP."

A student must receive a grade of "C" or higher in each course on the approved program of study. No more than six (6) semester hours of credit with a grade of "C" will be applied toward degree requirements.

Credit earned by correspondence may not be applied toward graduate degree requirements.

Work experience may not be applied as credit toward the master's degree.

Incomplete Grades

An incomplete ("I") grade may be given when a student is doing passing work or has the possibility of earning a passing grade but is unable to complete all of the course requirements because of unusual circumstances acceptable to the instructor (such as illness or accident). In no case may an "I" be agreed to unless the student has completed at least eighty (80) percent of the class. An "I" may not be used to permit a student to repeat a course or to improve a grade.

The instructor must complete the "Application for Incomplete Grade" form and it must be signed by the instructor and submitted to the appropriate department chair and college dean for approval. The completed and signed form must then be filed in the Registrar's office; additional copies of the form will be given to the student, instructor, academic advisor and the college dean. Requirements for completing the course and appropriate grade designations are to be specified on the application by the instructor.

It is the responsibility of the student to complete satisfactorily all of the course requirements within one year. If the incomplete is not cleared within this specified time limit the "I" will be changed to an "F."

In-Progress Grades

An In-Progress ("IP") grade may be given for courses that usually require more than one semester to complete; e.g., readings, theses, research projects, internships or practicum courses. Requirements for completing the course and a specific completion date are to be specified by the instructor on the application. The "In-Progress Grade" form must be signed by the instructor and submitted to the appropriate department chair and college dean for approval. The completed and signed form must then be filed in the Registrar's office; additional copies of the form will be given to the student, instructor, academic advisor and the college dean.

It is the responsibility of the student to complete satisfactorily all course requirements, under the supervision of the instructor, by the specified completion date. If the In-Progress grade is not cleared within this time limit, the "IP" will be changed to an appropriate letter grade based on the completed work. If there are extenuating circumstances beyond the student's control, the student may request a time extension through the special academic request process.

MKT 5991-3. Independent Study in Marketing - 1-3 hours

Independent study of some problem or area not covered in organized courses. The study is under the direction of a department member in whose field of specialization the problem lies. Prerequisites: Graduate level standing and approval of department chair.

PHILOSOPHY**PHI 5043. Social/Ethical Responsibility - 3 hours**

Introduces principles of ethical thinking and applies them to situations and models for business decision making. Explores and analyzes business ethics relating to the nature of the corporation, work in the corporation, the relationship of the corporation to society, and the development of corporate culture. Provides a conceptual and systematic study of organizational ethics in efforts to help the student develop consistent criteria for business ethics decision making. The course will consider traditional (classic) and contemporary methods in the field of business ethics and moral philosophy and will assess their usefulness in everyday organizational life. In analyzing contemporary organizational issues, the student will be expected to look carefully at the factors within the work environment and society which contribute to the dilemmas, to think constructively about how these might be changed and where the responsibility for such change lies.

PROGRAM PURPOSES

The purpose of the Graduate Program in Education is to provide learning experiences that will assist teachers to improve their capability to teach in elementary, middle and secondary schools and to provide training leading to the recommendation for certification for elementary, middle or secondary school principalship. The program is designed to assist graduate students in attaining a number of outcomes.

A graduate should be able to:

1. identify schools of philosophical thought and analyze one's personal philosophy of education as it relates to Christian educational thought;
2. identify current educational issues and trends and evaluate and implement sound educational practice;
3. attain proficiency in the areas of educational research and statistical analysis;
4. demonstrate a sound understanding of learning theories and become adept in applying them in classroom or administrative situations;
5. develop the ability to investigate, analyze, and initiate curricular and instructional change and improvement;
6. become adept at using advanced educational technology in instruction and evaluation;
7. increase teaching expertise and general proficiency in instruction or administration;
8. become committed to engaging in professional growth and development on a continuing basis;
9. expand subject matter knowledge in all education content fields; and
10. strengthen one's value system consistent with a Christian ethical position.

ASSESSMENT

In the Master of Science Degree in Education program, periodic measurements of student perceptions and intellectual growth are obtained as one means for the University to assess and improve its academic programs and student learning. The information obtained is used to measure and develop student competencies and to determine and improve the quality of the educational experience for students.

All students in the master's degree program in education must take a one-half day comprehensive examination consisting of responses to essay questions requiring application, analysis, synthesis, and evaluation. Questions are formulated and evaluated by the graduate faculty.

Alumni of the program will be surveyed on a biannual basis. They will be asked to evaluate the major degree program components and appropriateness of relationship to their work in education. The Alumni Questionnaire prepared by ACT will be the basic instrument in addition to 30 questions prepared locally. Students in the educational administration program will be surveyed upon completion of the degree. A follow-up survey will be conducted two years following graduation.

When possible, the immediate supervisor of graduates will be surveyed to determine the adequacy of the graduate program in preparing people for the principalship.

In the Master of Science Degree in Educational Administration program, each student will be required to complete EAD 6133 - Capstone Experience in which they will be responsible for evaluating several actual situations faced by principals. In addition, all students will be required to complete the Building Level Administrator's Assessment conducted by the Department of Elementary and Secondary Education **prior to** receiving their initial certificate as a school principal.

ADMISSION REQUIREMENTS

All applicants accepted for graduate study must have graduated, or be scheduled to graduate during the current academic year, from a regionally accredited college or university with a baccalaureate degree comparable in content and credit hours with degrees granted by Southwest Baptist University.

For admission into the Educational Administration program, students must currently possess a baccalaureate degree in education and a current teaching certificate issued by the state of Missouri.

Admission to Unclassified Status

Unclassified graduate students are persons taking graduate courses, but not pursuing a Master of Science Degree in Education or Educational Administration at Southwest Baptist University, and persons who are taking courses prior to admission to a M.S. Degree program at SBU. Admission of unclassified graduate students is granted by the Office of Graduate Studies on the basis of the general admission requirements stated in step one of page 201.

Admission to Classified Status for Degree-Seeking Students

Graduate students in classified status are those who have been admitted to the Master of Science Degree in Education program or the Master of Science Degree in Educational Administration program.

Persons wishing to pursue either master's degree at Southwest Baptist University should complete the process of admission to the graduate program as a classified degree-seeking student by the second term of their enrollment.

At least fifteen (15) hours must be completed at Southwest Baptist University after official admission to the Master of Science in Education program. Admission to the Master of Science in Educational Administration must be accomplished prior to the completion of 12 credit hours at SBU.

An applicant for admission to either of the Master of Science Degree programs may be fully or unconditionally admitted or may be admitted with limitations or conditions.

Criteria for full or unconditional admission to the Master of Science degree programs are:

1. A Missouri Teaching Certificate (PC-1) issued **after** September 1, 1991, or a Pass for Missouri certification on the National Teacher's Examination (PRAXIS) or 1200 (total of Verbal, Quantitative and Analytical) on the Graduate Record Exam; **and**
2. An undergraduate Grade Point Average of at least 2.75 on a 4.0 scale; **and**
3. A positive recommendation for admission from the Graduate Education Admissions Committee.

Conditional Admission may be granted upon the recommendation of the Graduate Education Admissions Committee for a person who does not fully meet the criteria given above. When a person is granted conditional admission, the conditions for continuing in the program are communicated in writing by the Office of Graduate Studies.

Steps to be followed in obtaining admission to one of the Master of Science Degree programs are:

Step 1: Submit the following materials to the Office of Graduate Studies:

1. An **official** transcript showing completion of a bachelor's degree.
2. **Official** transcript(s) showing any previous graduate study.
3. A Graduate Studies application form.
4. One of the following:
 - a. A copy of the applicant's Missouri Teaching Certificate (PC-1) issued after September 1, 1991, **or**
 - b. An official report of passing scores made on the National Teachers Examination (NTE) **or**
 - c. An official report of passing scores made on the Graduate Record Examination (GRE).(An M.S. degree from an accredited school may be substituted for testing requirement.)
5. A \$25.00 application fee.

Step 2: Admission Questionnaire

An admission questionnaire, including a handwritten statement describing the applicant's motivation for pursuing the master's degree at Southwest Baptist University, must be submitted by the applicant. This form is mailed to the student upon request and should be submitted by the student with the application.

Step 3: Committee Action

After all admissions materials are filed, the Graduate Admissions Committee will meet and determine the admissibility of the candidate. One of the following actions will be taken:

1. The candidate may be unconditionally admitted to the graduate program at Southwest Baptist University.
2. The candidate may not be admitted to the graduate program and may not pursue a graduate degree at Southwest Baptist University.
3. The candidate may be conditionally admitted and may proceed to pursue the appropriate master's degree if stated conditions are continuously met.

The Graduate Admissions Committee may grant conditional admission to persons who do not fully meet all admissions criteria, but in the view of the committee demonstrate potential for completing the program and making a worthy contribution through teaching or building level administration.

Step 4: Notification

The Office of Graduate Studies will notify the applicant in writing of the decision of the Graduate Admissions Committee. If the applicant is admitted conditionally, the conditions for continuing in the program will be listed and communicated in writing. An advisor will be announced in the letter. Students should communicate with their assigned advisor as soon as possible.

Admission of a Last-Semester Senior (Master of Science in Education ONLY)

An undergraduate student, enrolled on the SBU campus in Bolivar, interested in taking courses for graduate credit during the last year of undergraduate work may register for graduate courses with the approval of the Office of Graduate Studies in Education. To be considered, a transcript of completed work indicating a cumulative GPA of 2.75 on a 4-point scale, a schedule of classes for the semester the work is to be completed, an application for admission to the Graduate Program, and letters of recommendation from two undergraduate faculty members must be submitted to the Office of Graduate Studies in Education. This information must be processed at least three weeks before the beginning of the semester. Students may complete up to 12 graduate hours prior to the completion of the baccalaureate degree. The graduate courses taken will be held in escrow until the degree is completed. These hours may not be transferred to another university until the baccalaureate degree is completed. Combined total enrollment shall not exceed sixteen hours.

International Students

International students must meet the admission requirements stated in the previous sections. Official records of all higher education, including certificates of degrees with the dates the degrees were conferred, must be submitted. All records not in English must be accompanied by an official translated record. All records should show the individual subjects studied and the grades received in each subject. International applicants are required to submit proof of adequate finances for the entire period of study. Admission will not be granted until such proof is submitted. Eligible applicants whose native language is not English must take the Test of English as a Foreign Language (TOEFL) and attain a score of at least 550.

Transfer Credit

Upon approval, a student may transfer a maximum of twelve (12) semester hours of graduate credit from regionally accredited colleges and/or universities. **Transfer courses must have been completed within the last seven (7) years.** Previous graduate hours must be submitted prior to admission to graduate study at Southwest Baptist University.

Courses must be applicable to a student's SBU graduate program and become a part of the program of study when transferred. Official transcripts indicating the courses to be transferred must be on file in the Office of Graduate Studies in Education **prior** to admission.

Transfer credits must be approved by the Director of Graduate Studies in Education and the Dean of Graduate Studies. Graduate courses transferred to Southwest Baptist University must have grades of "A," "B," "S," "P," or "CR" and must be similar to graduate courses offered by Southwest Baptist University. **Official transcripts must be submitted.**

A student currently admitted as a classified graduate student at Southwest Baptist University who desires to complete graduate course work at another regionally or nationally accredited institution and transfer it to SBU must have **prior approval** of the advisor and the Director of Graduate Studies in Education. The Transfer Course Approval Form must be completed and approved by the above persons prior to taking the course work.

Course work in Educational Administration completed outside the state of Missouri can not be transferred to Southwest Baptist University and will not be applied to the Master of Science Degree in Educational Administration.

No correspondence courses will be accepted for transfer credit.

Southwest Baptist University reserves the right to accept or reject any credit for transfer.

Auditing a Course

A person who wishes to audit a course must have permission from the instructor and enroll as an auditor at the same time and under the same procedures as for credit. This status will permit the student to attend class but does not allow the student to take tests or have assignments graded by the instructor. Regular class attendance is expected. Auditors should consult with the instructor regarding restrictions and expectations. Change from credit status to audit status must be approved by the instructor and the Director of Graduate Studies in Education. Persons who are not currently enrolled in the University must apply for admission in order to register as an auditor. Tuition for auditing a class is one-half (1/2) the rate charged for regular enrollment.

A student cannot change from a credit to audit (or admit to audit) after the third class meeting.

DEGREE REQUIREMENTS

To receive the Master of Science Degree in Education a student must:

1. select either the 36 or 39 hour degree option;
2. complete all core requirements;
3. complete a minimum of 21-27 hours of elective courses;
4. complete all course work with no more than 6 semester hours of "C";
5. receive a "C" or higher in all course work;
6. complete a minimum of 6 hours in residence on the Bolivar campus;
7. pass the comprehensive examination; and,
8. complete all requirements within 5 years of the date admitted to the graduate program.

Persons completing the Master of Science Degree in Education and teacher certification must fulfill the above requirements and the requirements for certification. The master's certification program is available on the Bolivar campus only.

The Master of Science Degree in Educational Administration will include the following courses:

Elementary School Principal Certificate:

EDU 5033 - Learners and the Learning Process

EDU 5083 - Educational Research

EAD 6003 - Foundations of Educational Administration

EAD 6013 - Elementary School Administration

EAD 6033 - Elementary School Curriculum

EAD 6053 - School Supervision

EAD 6062 - Internship 1

EAD 6072 - Internship 2

EAD 6083 - Essentials in Law, Finance and Buildings

EAD 6093 - Administration of Special Programs

EAD 6113 - Administrative Communication, Innovation and Management

EAD 6133 - Capstone Experience

Electives - 2 hours

Secondary School Principal Certificate:

EDU 5033 - Learners and the Learning Process

EDU 5083 - Educational Research

EAD 6003 - Foundations of Educational Administration

EAD 6023 - Secondary School Administration

EAD 6043 - Secondary School Curriculum

EAD 6053 - School Supervision

EAD 6062 - Internship 1

EAD 6072 - Internship 2

EAD 6083 - Essentials in Law, Finance and Buildings

EAD 6093 - Administration of Special Programs

EAD 6113 - Administrative Communication, Innovation and Management

EAD 6123 - Organization and Administration of Vocational Education

EAD 6133 - Capstone Experience

The Middle School Principal Endorsement will include the following courses in addition to the completion of either the Elementary or Secondary certification requirements.

Elementary/Middle School Endorsement:

EDU 5463 - Middle School Philosophy and Organization

EDU 5473 - Psychology of the Middle School Student

EDU 5493 - Middle School Curriculum

Secondary/Middle School Endorsement:

EDU 2512 - Teaching Reading in the Middle School

EDU 5162 - Teaching Integrated Math

EDU 5463 - Middle School Philosophy and Organization

EDU 5473 - Psychology of the Middle School Student

EDU 5493 - Middle School Curriculum

EDU 5613 - Teaching Reading in the Content Areas

Complete course descriptions follow this section.

PROGRAM OF STUDY AND ACADEMIC REGULATIONS

The program of study for the Master of Science Degree in Education is focused on the professional growth and development of elementary and secondary teachers. The degree is usually sought by persons who are experienced teachers; however, a growing number of persons are completing the Master of Science Degree prior to beginning their teaching career.

Southwest Baptist University offers a Master of Science Degree in Educational Administration specifically designed to prepare students for initial recommendation for certification as elementary, middle, and secondary school principals. The program has been developed in accordance with certification requirements established by the State Board of Education of the State of Missouri. (Certification programs are administered by the Department of Elementary and Secondary Education (DESE)).

The Educational Administration program is coordinated and administered through the Office of Graduate Studies in Education at SBU. Current policies related to the existing Master of Science Degree in Education (as printed in this catalog) apply to the Master of Science Degree in Educational Administration. The Coordinator of the Educational Administration program is responsible for the day to day concerns of the Educational Administration program.

The Master of Science in Education Degree program has two (2) options. Option 1 of the degree program consists of 36 semester hours that includes a professional core and a specialization area elected by the student. Option 2 consists of 39 semester hours and includes 4 core courses. Six (6) hours of **approved** courses may be substituted for the Master's Project.

Core requirements are completed by all students and consist of four courses (for options 1 and 2) and a project (for option 1 only) that total (twelve or) fifteen semester hours. The core is based upon the belief that elementary and secondary teachers should grapple with some of the important social, historical, and philosophical issues which undergird education in America. It is also based on the assumption that they should practice the fundamentals of how to design and redesign their own teaching and should participate meaningfully in school curricular planning. Further, teachers should be thoroughly familiar with how people learn and should possess detailed knowledge of how learning is enhanced in a variety of classroom environments.

Core requirements are also based on the assumption that teachers in elementary and secondary schools need to be sensitive to the large body of research knowledge now being produced that has direct application to learning in the classroom. A second

assumption is that teachers need to be able to conduct action research that will help them understand students and modify their teaching and learning strategies to meet the needs of their students in a better way.

The Core (12-15 hours) includes the following courses:

EDU 5013 - Foundational Perspectives of Education

EDU 5023 - Curriculum Design and Development

EDU 5033 - Learners and the Learning Process

EDU 5083 - Educational Research

EDU 5093 - Master's Project, OR *six hours of approved courses as substitution

***Option 2 requires 39 credit hours.**

Complete course descriptions follow this section.

The professional specialization area is comprised of the remaining 21-27 semester hours of the degree program. This area provides latitude for the student to select courses that strengthen competency in an area of professional teaching practice such as teaching at the elementary level or teaching at the secondary level. The degree seeking student must complete, file and obtain approval of an official plan of study within two (2) weeks following admission to the program. Plan of Study forms are available from the Office of Graduate Studies in Education. **At least fifteen (15) hours must be completed after official admission to the degree program.** The student should develop the plan of study in consultation with their advisor. As the student progresses through the program, any necessary changes in the plan of study must have the approval of the same advisor and the Director of Graduate Studies in Education. Advisors will note changes in the permanent file of the student in the Office of Graduate Studies.

The Master of Science Degree in Educational Administration leads to recommendation for certification as an elementary, middle, or secondary school principal. The elementary school principal certificate requires thirty-six (36) credit hours. The secondary school principal certificate requires thirty-seven (37) credit hours. The middle school endorsement requires completion of either the elementary or secondary school principal requirements plus additional course work as noted under "Degree Requirements" in this catalog.

Individualized Study Limitations

(Applies to the Master of Science Degree in Education program ONLY)

A graduate student is limited to three (3) hours of independent study, three (3) hours of readings credit, and three (3) hours of symposium credit. Each of these must be supervised by an authorized graduate faculty member. Arrangements may be made with the student's supervisor or other authorized graduate studies faculty member.

Application forms may be requested through the Office of Graduate Studies in Education.

Independent studies, readings, and symposium credits will not be granted in the Educational Administration degree program.

The deadline for registering for the independent study, readings credit, and/or symposium credit is two weeks after the beginning of the semester (Fall or Spring) and by June 5 if the student is planning to graduate in July.

Individualized study must be completed by December 5 for the fall semester, May 9 for the spring semester and July 1 for the summer semester.

Students will be notified in writing when the work is approved. No regularly offered courses may be taken for independent study.

Maximum Load

A graduate student may enroll in a maximum of twelve (12) hours per semester. A full-time graduate student is one enrolled in six (6) or more semester hours of graduate credit during the fall and spring semesters and six (6) semester hours during the summer session. The average enrollment for graduate students is six (6) hours per semester.

Time Limitations

The student is required to complete the Master of Science Degree within five (5) years of the date of admission.

Requests for extensions must be made in writing and submitted to the Director of Graduate Studies in Education.

Course Repetition

Graduate courses taken at Southwest Baptist University for which the grade is "F" may be repeated. Exception to the number of times a course can be repeated may be granted only by the Provost.

Graduate courses taken for which the grade is "C" may be repeated only once. If the course is repeated at another college or university, prior approval must be received from the department chair and Director of Graduate Studies in Education at SBU. Courses taken for which the grade is "A" or "B" cannot be repeated.

Residency Requirement

Southwest Baptist University offers graduate courses in education and educational administration at selected off-campus sites. To receive the Master of Science Degree, a minimum of six (6) hours of organized course work (excluding independent study, readings, master's project, internships, and other independently supervised work) must be completed in residence on the campus at Bolivar, Missouri.

Comprehensive Examination

(The following information is for students seeking the Master of Science Degree in Education only. Information concerning comprehensive examinations for the Educational Administration program are contained in another section of this catalog).

Each student pursuing a Master of Science Degree in Education is required to pass a comprehensive written examination after the completion of twenty-one (21) semester hours and after completion of EDU 5013, 5023, 5033, and 5083. Students must be admitted to the graduate program prior to taking the comprehensive exam. The examination is designed to test the extent to which the student can analyze, synthesize, evaluate, and apply that which has been learned during the various graduate study experiences. Responses on the examination will be evaluated by a committee of graduate faculty. The examination will be administered by the Office of Graduate Studies in Education and is scheduled three times annually.

Students are required to notify the Office of Graduate Studies in Education by mid-term of the semester in which they wish to complete the comprehensive examination (June 1 for the summer semester). Upon receipt of this notification, a study guide will be mailed to the student or may be picked up at the Office of Graduate Studies in Education.

Students will be notified of their grade by mail within approximately two (2) weeks after the comprehensive examination date. The comprehensive examination is graded Pass/Fail.

If a student does not successfully complete the comprehensive examination, it may be retaken at the next scheduled date. Notification needs to be made to the Office of Graduate Studies if/when a student wishes to repeat the comprehensive examination.

Master's Project (Option 1) (Master of Science in Education ONLY)

The Master's Project is a field-based experience centered upon a practical problem of special interest to the student. The student will identify the problem and develop a project proposal, conduct the project under graduate faculty supervision, and complete a comprehensive project report. The project report will be submitted to the Office of Graduate Studies and will be kept on file permanently.

Prerequisites for enrolling in EDU 5093-Master's Project are as follows: Completion of EDU 5083-Educational Research; admission to the Master of Science Degree in Education program; formal approval of an Individual Plan of Study for the Master of Science Degree; and completion of twenty-four (24) semester hours of graduate work that are part of this plan of study.

The Master's Project and the Educational Research course (EDU 5083) are separate courses with no formally established overlapping ties. Instructors in Educational Research generally require a research proposal as a requirement for that course. That proposal may focus on the student's Master's Project, but there is no expectation that it does so. The student must meet independently the stated requirements for both the Educational Research course and the Master's Project.

Each student will plan, conduct, and report upon his/her own individualized project; however, each student is to follow the common procedures listed below.

1. Upon, or prior to, enrollment in the Master's Project the student is to file a plan with the advisor or graduate faculty member assigned to supervise the student's project.
2. The student is to complete a formal proposal in accordance with the plan.
3. The student is to complete a comprehensive written report detailing the project and any resultant conclusions and recommendations. Along with the signed approval page, two error-free copies of the report are to be submitted.
4. Advisors should see each chapter as it is completed.
5. The "Approval Page" must be filed with the Office of Graduate Studies upon completion of the project.

The Master's Project is graded Pass or Fail.

Final projects must be turned in to the graduate faculty supervisor at least **four** weeks prior to graduation.

Students may withdraw from the project during the initial semester of enrollment in the project. However, once a grade of "I" or "IP" has been assigned, withdrawal from the Master's Project will not be permitted.

Master's Project Substitution (Option 2)

Students may elect to substitute six (6) hours of approved credit in lieu of taking the Master's Project. The choice of this option must be made in writing and submitted to the Office of Graduate Studies. Courses selected for substitution must be approved by the Director of Graduate Studies **prior to** completion of the class.

Core courses and courses already completed may not be used as a substitute for the Master's Project. Transfer hours, independent studies, symposium credits, or directed readings will not be accepted as substitution courses.

Students may change from Option 2 to Option 1 at any time by notifying the Office of Graduate Studies in writing. However, a student who has selected Option 1 and has received a grade of "I" or "IP" may **not** change their selection to Option 2. Once a grade has been assigned, the student **must complete** the Master's Project.

Core courses for this option are:

EDU 5013: Foundational Perspectives in Education

EDU 5023: Curriculum Design and Development

EDU 5033: Learners and the Learning Process

EDU 5083: Educational Research

To complete the 39 hour option, the student must then select 27 hours of cognate area courses.

GRADES

A graduate student completing a graduate course at Southwest Baptist University will receive a final grade in the course of "A," "B," "C," "F," "P," "IP," or "I."

A student must receive a grade of "C" or higher in each course on the approved program of study. No more than six (6) semester hours of credit with a grade of "C" will be applied toward degree requirements.

Credit earned by correspondence will not be applied toward graduate degree requirements.

Work experience may not be applied as credit toward the master's degree.

Incomplete Grades

An incomplete ("I") grade may be given when a student is doing passing work or has the possibility of earning a passing grade but is unable to complete all of the course requirements because of unusual circumstances acceptable to the instructor (such as illness or accident). In no case may an "I" be agreed to unless the student has completed at least eighty (80) percent of the class. An "I" may not be used to permit a student to repeat a course or to improve a grade. The instructor must complete the "Application for Incomplete Grade" form and it must be signed by the instructor and submitted to the appropriate department chair and college dean for approval. The completed and signed form must then be filed in the Registrar's Office; additional copies of the form will be given to the student, instructor, academic advisor and the college dean. Requirements for completing the course and appropriate grade designations are to be specified on the application by the instructor.

It is the responsibility of the student to complete satisfactorily all of the course requirements within one year. If the incomplete is not cleared within this specified time limit the "I" will be changed to an "F."

In-Progress Grades

An In-Progress ("IP") grade may be given for courses that usually require more than one semester to complete; e.g., readings, projects, internships or practicum courses. Requirements for completing the course and a specific completion date are to be specified by the instructor on the application. The "In-Progress Grade" form must be signed by the instructor and submitted to the appropriate department chair and college dean for approval. The completed and signed form must then be filed in the Registrar's Office; additional copies of the form will be given to the student, instructor, academic advisor and the college dean.

It is the responsibility of the student to complete satisfactorily all course requirements, under the supervision of the instructor, by the specified completion date. If the In-Progress grade is not cleared within this time limit, the "IP" will be changed to an appropriate letter grade based on the completed work. If there are extenuating circumstances beyond the student's control, the student may request a time extension through the special academic request process.

WITHDRAWAL FROM SOUTHWEST BAPTIST UNIVERSITY

Students who wish to withdraw from the University, must withdraw officially through the Office of Graduate Studies in Education.

If a student withdraws from school after 69% of the class has elapsed, a grade of "W" will be assigned in all courses where the student is passing as of the date of the withdrawal. In the event the student fails to notify the necessary office, his/her withdrawal is not complete and grades of "F" will be recorded for failure to attend classes.

Enrollment in the course is defined as: a student who pre-enrolls via telephone, a pre-enrollment form by mail, or an in-class enrollment. Following initial enrollment, the student is responsible to notify the proper officials if the student wishes to drop a course.

ENROLLMENT POLICY

Southwest Baptist University reserves the right to cancel any course having an enrollment which falls below the minimum enrollment established by the Graduate Council.

THE MASTER'S DEGREE TEACHER CERTIFICATION PROGRAM

Southwest Baptist University offers a program by which qualified graduate students may become certified to teach in elementary, middle or secondary schools while earning the Master of Science Degree in Education. The program is designed so that the participant may meet requirements for a Missouri teaching certificate (PC-1) and complete concurrently the requirements for the Master of Science Degree in Education. The graduate level courses are open only to students with a bachelor's degree except by special permission from the Director of Graduate Studies in Education. The intent of the program is to attract outstanding persons from other areas of study for entry into teaching. The program is designed for persons whose undergraduate study was related to the fields in which they plan to teach and who have an outstanding undergraduate record.

Since the program involves study leading to both the Master of Science Degree and the Missouri teaching certificate (PC-1), the degree is not granted until certificate requirements are met, and the certificate is not processed until the Master of Science Degree requirements are met. The program enables the graduate student to earn a Master's Degree and meet teacher certification requirements in a setting which encompasses a Christian perspective. The program is offered by Southwest Baptist University only on the campus in Bolivar. Participants in the program are charged the graduate rate of tuition for all required undergraduate leveling or certification course work. However, only persons fully admitted to the program or in their first semester of study while seeking admission to the program will be approved to take undergraduate leveling courses at the graduate tuition rate. The program is available only to persons who have been formally admitted to the teacher education program.

Criteria for admission into the Master's Degree Teacher Certification program are the same as for admission to Graduate Studies in Education. Among criteria for admission to the Teacher Education program are the development of a complete student file in the Office of Teacher Education, passing scores on all sections of the C-BASE test, and EDU 2113 and EDU 2313, or their equivalents.

After an initial interview with the Certification Officer in Teacher Education at SBU, prospective students are assigned an advisor who provides guidance in admission to and completion of both the Master's Degree and teacher certification requirements. It is the student's responsibility to make arrangements for the interview with the Certification Officer in Teacher Education. Completion of the program involves meeting both Missouri teacher certification and Master of Science Degree in Education requirements.

Locations of Off-Campus Sites

Southwest Baptist University offers the Master of Science Degree in Education at several locations around the state of Missouri. The Master of Science Degree in Educational Administration will be offered at the Pacific and Bolivar locations only. To determine if there are courses being offered near your residence, call the Office of Graduate Studies at 1-800-792-4191.

COURSE DESCRIPTIONS

EDUCATIONAL ADMINISTRATION

EAD 6003. Foundations of Educational Administration - 3 hours

Designed to provide an overview of the essential elements of organizations and management theory for the student entering the program. Administration history, basic theories, and major areas of responsibility in school administration will be discussed.

EAD 6013. Elementary School Administration - 3 hours

Course objectives are to prepare prospective elementary principals in the areas of instructional leadership, decision-making and problem solving. School improvement, building management and basic personnel and program management are also part of this course.

EAD 6023. Secondary School Administration - 3 hours

Course objectives are to prepare prospective secondary principals in the areas of instructional leadership, decision-making and problem solving. School improvement, building management and basic personnel and program management are also part of this course.

EAD 6033. Elementary School Curriculum - 3 hours

This course will provide principles and theory of curriculum design and procedures for developing curriculum in elementary education. Emphasis is placed on the role of the teacher and the administrator in curriculum development.

EAD 6043. Secondary School Curriculum - 3 hours

This course will provide principles and theory of curriculum design and procedures for developing curriculum in secondary education. Emphasis is placed on the role of the teacher and the administrator in curriculum development.

EAD 6053. School Supervision - 3 hours

This course will focus on the problems, processes and techniques in the evaluation, supervision and improvement of instructional programs. Focus will be placed upon leadership roles necessary for creating a supportive climate for change.

EAD 6062/6072. Internship - 2 hours (each)

Practical experience intended to augment classroom instruction under the supervision of a practicing administrator and a university supervisor. Foundations of Educational Administration, School Supervision and admission to the program are prerequisites for the internship.

EAD 6083. Essentials in School Law, Finance and Buildings - 3 hours

This course is designed to prepare future building level administrators by studying laws and current legislation affecting public and private schools. It will also view school revenue sources, expenditure practices and management responsibilities as they relate to the building budget. Finally students will examine problems in building planning and plant utilization.

EAD 6093. Administration of Special Programs - 3 hours

Designed to prepare principals for their responsibilities related to the supervision of special education programs. The legal basis for special education, legal concern, the budget, management and supervision will be emphasized.

EAD 6113. Administrative Communication, Innovation and Management - 3 hours

Intensive examination of the school and its environment. Emphasis is placed on interacting with internal and external publics.

EAD 6123. Organization and Administration of Vocational Education - 3 hours

Designed to prepare principals to better understand the administrative challenges of vocational education. The promotion of vocation education funding will be emphasized.

EAD 6133. Educational Administration Capstone Experience - 3 hours

Students will have the opportunity to summarize and synthesize knowledge and skills they have acquired in solving hypothetical problems they will face as a building level administrator. A major focus is to prepare students for the Assessment Center requirement mandated by DESE for initial certification as a principal. Capstone must be taken the last semester of the program, mandated by DESE for initial certification as a principal.

EDUCATION

EDU 5000. Continuous Enrollment

This course designation provides a mechanism for tracking students who have received a grade of "I" or "IP" in a graduate course and are not currently enrolled in another graduate offering at SBU. The course designation neither carries graduate credit nor requires tuition. The student is assessed a course fee utilized by the University to provide a current student identification card, allowing access to library resources at SBU and other university/college libraries, as well as providing funds to support related program record keeping. Course fee \$50 per term.

EDU 5002. Teaching Social Sciences I - 2 hours

A study of social sciences in the elementary school with emphasis on methods and techniques of presenting important concepts from the several disciplines comprising the social sciences. Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Offered only on the Bolivar campus during the fall semester.

EDU 5013. Foundational Perspectives of Education - 3 hours

A study of the major foundations of education, including historical, legal, philosophical, sociological, moral and ethical bases. Also included is study of current educational theory as viewed from a Christian perspective.

EDU 5022. Teaching Social Sciences II - 2 hours

A study of social sciences in elementary/middle schools with emphasis on methods and techniques of presenting concepts from geography and economics. The focus will be on the five central themes of geography and the four major concepts of economics. Assessment of social studies skills in geography and economics will be addressed. Prerequisites: EDU 5002. Offered only on the Bolivar campus during the spring semester.

EDU 5023. Curriculum Design and Development - 3 hours

The study of principles and theory of curriculum design and procedures for developing curriculum in elementary and secondary education. Emphasis is on the role of the teacher in curriculum development in the local school. Review of literature relating to curriculum development and study of current school curriculum guides are an important part of the course.

EDU 5033. Learners and the Learning Process - 3 hours

The study of how students learn with emphasis on current theories of learning, the relationship between learning and development, the characteristics of learners and effective methods for measuring learning. The overarching purpose of the course is to enhance endeavors of teachers to improve student learning. Prerequisite: EDU 2113 or hold teaching certificate.

EDU 5083. Educational Research - 3 hours

Concepts of research design, methodology, sampling techniques, internal and external validity, the scientific method in educational problem solving, and statistical treatment. Included are assumptions underlying the use of statistical tests, selection of appropriate statistical techniques, and the interpretation of the results of the analysis. Critical analysis and evaluation of published educational research studies and the writing of educational proposals are major components.

EDU 5093. Master's Project - 3 hours

The Master's Research Project consists of a field-based project centering upon a practical problem of special interest to the student. The student will identify the problem and develop a proposed plan, complete the project under supervision (usually in one's place of work), and develop a comprehensive report. The written report will be bound and placed in the University Library. Prerequisite: EDU 5083.

EDU 5112. Teaching Writing - 2 hours

This course is designed to stress the teacher's role in the writing process and introduce writing activities that may be implemented in the classroom for different areas of the curriculum. A variety of instructional approaches to teaching elementary and middle school students to write will be addressed. The course will focus on writing as process and product. Preservice teachers will experience assessing students' writing. Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Must be taken as part of the professional block semester unless permission is granted by the Director of Teacher Education or the Coordinator of Clinical Experiences for it to be taken in another semester. Offered only on the Bolivar campus during the fall semester.

EDU 5114. Teaching Reading/Language Arts I - 4 hours

Explores the rationale for and methods of integrating the teaching of the language arts (reading, writing, speaking, listening, viewing, and visually representing) in today's elementary classroom. Prerequisites: EDU 2113, 2313, 2343, 2353 and Teacher Education requirements. Offered only on the Bolivar campus during the fall semester.

EDU 5124. Teaching Reading/Language Arts II - 4 hours

Emphasizes application of the principles of integrated language arts teaching throughout the curriculum. Preservice teachers will plan instruction and prepare materials to be used to foster developmental and functional reading strategies which enable students to use reading as a tool to learn. Preservice teachers will also assess and evaluate students with diverse needs. Prerequisites: EDU 5114. Offered only on the Bolivar campus during the spring semester.

EDU 5162. Teaching Integrated Math - 2 hours

Study of methods of teaching math in the elementary/middle school and of integrating mathematics in other content areas, particularly science, in ways that are developmentally appropriate and are reflective of the NCTM standards. Prerequisites: EDU 2113, 2313, two (2) college level math courses above MAT 0123, two (2) science courses - one (1) in a biological science (BIO) with a lab and one (1) in a physical science - Chemistry (CHE), Earth Science or Introduction to Physical Science, etc. (PHS), or Physics (PHY) - with a lab and Teacher Education requirements. Offered only on the Bolivar campus during the fall semester.

EDU 5182. Teaching Integrated Science - 2 hours

Study of methods of teaching and integrating science in the elementary/middle schools with a particular emphasis on process inquiry skills. Prerequisites: EDU 5162. Offered only on the Bolivar campus during the spring semester.

EDU 5203. Curriculum Methods in Early Childhood Education - 3 hours

Exploration of the subject of early childhood programming with a focus on the importance of preparing materials and learning techniques to advance the physical, emotional, and cognitive development of young children. Emphasis is on adapting materials and methods to the needs of young children. Offered only on the Bolivar campus.

EDU 5212. Screening and Evaluation in Early Childhood Education - 2 hours

Assessment of young children, including training in interpretation and critical evaluation of standardized tests. Emphasis is on examination and appropriate use of developmental tests and alternative assessment procedures. Offered only on the Bolivar campus.

EDU 5223. Issues and Trends in Early Childhood Education - 3 hours

Current trends and issues in early childhood education with emphasis on the study of research and recent findings in the development, modification and implementation of programs for young children.

EDU 5233. Literature for the Young Child - 3 hours

Designed to acquaint the student with exemplary literature for the young child and to develop competency in the use of effective and sound methods for using books to enrich the lives of young children.

EDU 5333. Principles and Methods of Secondary School - 3 hours

Emphasis on the basic teaching methods, the teaching of critical thinking skills, analysis of various teaching models, analysis of learners and the learning process, and development of communication skills. EDU 5333 **must** be taken at SBU. **A Field-Based Internship must be taken concurrently.** Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Offered only on the Bolivar campus during the fall semester.

EDU 5353. Reading Miscue Analysis - 3 hours

The study of a procedure based upon whole language and psycholinguistic theory that enables the teacher to investigate and understand the reading of an individual reader, to develop an understanding of how readers transact with text to build comprehension, and to use this procedure as a base for constructing and implementing an individual developmental or remedial plan. Offered only on the Bolivar campus.

EDU 5363. Whole Language - 3 hours

The study of how a person is using all aspects of verbal or written communication at his/her disposal to think--sometimes literally, sometimes inferentially, sometimes aesthetically, but always evaluatively and critically in the framework of a total school curriculum.

EDU 5373. Issues and Trends in Reading Instruction - 3 hours

An intensive analysis of reading problems from the standpoint of current development and remedial methodologies. Offered only on the Bolivar campus.

EDU 5383. Supervision of Instruction in Reading - 3 hours

The supervisory responsibilities and problems concerned with reading, including the building of reading programs appropriate for a school population and community, utilizing appropriate research in the operation of a quality reading program, using supervisory techniques appropriate to the task, and serving as a leader in the change process of a school reading program. Offered only on the Bolivar campus.

EDU 5423. Computer Applications in Education - 3 hours

Introduces the role of computers in education, including classroom instruction, administration, and counseling. Emphasizes computer-assisted instruction, computer-managed instructional techniques, and administrative uses. Includes practical experience in software development for educational applications. (Lab fee \$15).

EDU 5463. Middle School Philosophy and Organization - 3 hours

A focus on the historical and philosophical foundations of the traditional junior high and subsequent middle school movement emphasizing a connection between practice and research. Prerequisites: EDU 2113 and 2313 and Teacher Education requirements.

EDU 5473. Psychology of the Middle School Student - 3 hours

This course offers a broad overview of the history of young adolescent psychology, its advocates, researchers, and its implications for middle level educational practices. Prerequisites: EDU 2113, 2313, 2463 and Teacher Education requirements.

EDU 5493. Middle School Curriculum - 3 hours

This course offers an in-depth study of curriculum development and instructional strategies targeting the young adolescent. As a result of this course, students will develop pedagogical practices that meet the vast physical, emotional, social, intellectual, and affective developmental needs of young adolescents. A Field-Based Internship must be taken concurrently. Prerequisites: EDU 2113, 2313, 2463 and Teacher Education requirements.

EDU 5512. Methods in Secondary Art, K-12 - 2 hours

Understanding motivation, materials and techniques in school art programs. Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Offered only on the Bolivar campus during the fall semester.

EDU 5513. Methods of Teaching Mathematics in the Middle and Secondary Schools - 3 hours

Theory and application of current practices in teaching mathematics in middle and secondary schools. Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Only offered on the Bolivar campus during the spring semester.

EDU 5522. Methods of Teaching Science in the Middle and Secondary Schools - 2 hours

Course will provide practical methods for the prospective teacher to use for the instruction of middle and secondary school students in such areas as laboratory safety, investigative and questioning skills. Course activities will include inquiry teaching, use of demonstrations in teaching, budgeting and supply ordering, science fairs and projects, and the use of the computer in the science classroom. Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Only offered on the Bolivar campus during the spring semester.

EDU 5523. Methods of Teaching Business Subjects in the Secondary School - 3 hours

Designed to analyze instructional techniques and procedures utilized in teaching business subjects. Special attention given to objectives, subject-matter content, instructional materials, class activities and methods of evaluating in typewriting, accounting, shorthand, office practice, and general business. Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Only offered on the Bolivar campus on sufficient demand.

EDU 5533. Methods of Teaching Health and Physical Education, 5-12 - 3 hours

Teaching methods, selection of activities, program planning, emphasis on development of a progressive curriculum (restricted to health and physical education majors and minors). Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Only offered on the Bolivar campus during the fall semester.

EDU 5542. Methods of Teaching Social Studies in the Middle and Secondary Schools - 2 hours

Exploration of basic concepts within each of the social sciences and possible teaching methods. Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Only offered on the Bolivar campus during the spring semester.

EDU 5543. Methods of Teaching Writing in the Secondary School - 3 hours

Theory and application in the teaching of writing and grammar in secondary schools with emphasis on the writing process. A requirement for secondary English majors. Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Only offered on the Bolivar campus during the spring semester.

EDU 5552. Methods of Teaching Speech in the Middle and Secondary Schools - 2 hours

Emphasis on principles, techniques and problems that are unique in teaching speech. Unit and course plans are developed for all areas of speech. Attention is given to directing forensics and dramatic activities. Prerequisites: EDU 2113, 2313, and Teacher Education requirements. Only offered on the Bolivar campus during the spring semester (odd years).

EDU 5562. Methods of Teaching Instrumental Music in the Middle and Secondary Schools - 2 hours

Study of philosophy of music education, administrative and teaching techniques, and materials for teaching instrumental music in the middle and secondary schools. Music majors and minors only. Prerequisites: EDU 2113, 2313, MUS 1621, MUS 1623, and Teacher Education requirements. Only offered on the Bolivar campus during the fall semester (even years).

EDU 5563. Methods of Teaching Foreign Language - 3 hours

Study of methods of teaching modern languages in public school. Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Only offered on the Bolivar campus on sufficient demand.

EDU 5573. Methods of Teaching Vocal Music in the Middle and Secondary Schools - 3 hours

Study of philosophy of music education, administrative and teaching techniques, and materials for teaching vocal music in middle and secondary schools. Music majors and minors only. Prerequisites: EDU 2113, 2313, MUS 1621, MUS 1623, and Teacher Education requirements. Only offered on the Bolivar campus during the fall semester.

EDU 5613. Teaching Reading in the Content Areas - 3 hours

Designed to assist middle school/junior high and/or secondary teachers in the use of functional reading strategies which enable students to use reading as a tool to learn in various content areas. Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Only offered on the Bolivar campus during the fall and spring semesters.

EDU 5813. Instructional Design and Development - 3 hours

Analysis and application of systematic approaches to the design and development of instruction. Emphasis is on systematic instructional planning, developing goals and objectives, specifying instructional strategies, and the design and testing of instructional materials.

EDU 5823. Integrating Technology Into the Classroom - 3 hours

The course focuses on knowledge and skills which: (1) make a person computer literate, (2) enable one to use computers in a variety of personal applications, (3) equip a person to use computers in teaching and learning, and (4) enable one to make effective use of a wide variety of media and technological systems in teaching. Prerequisites: CIS 1103, EDU 2113, 2313 and Teacher Education requirements. Lab fee - \$20.

EDU 5832. Tests and Measurement - 2 hours

Study of history of measurement, statistical terms and processes used in education, principles of constructing teacher-made tests, and examination of various testing programs for public school systems. Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Must be taken as part of the professional block semester unless permission is granted by the Director of Teacher Education or the Coordinator of Clinical Experiences for it to be taken in another semester. Only offered on the Bolivar campus during the fall and spring semesters.

EDU 5833. Behavior and Classroom Management - 3 hours

Designed to introduce the student to procedures for managing the classroom, including organization, administration, and communication. Methods of discipline and behavior management are explored for various levels of teaching, and with individuals and small and large groups under varying conditions. The development of knowledge and attitudes that will enhance teachers' ability to develop pupil self-esteem and confidence are addressed. **One section offered for elementary teachers during the spring semester, and one section offered for middle school/junior high and/or secondary teachers during the fall and spring semesters.** Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Only offered on the Bolivar campus during the fall and spring semesters.

EDU 5842. The Exceptional Child - 2 hours

Mentally, emotionally, and physically exceptional children are studied. Diagnosis and methods of teaching gifted, mentally retarded, visual and sound-impaired, learning disabled, physically handicapped children, and children with communication and behavior problems are included. Prerequisites: EDU 2113, 2313 and Teacher Education requirements. Must be taken as part of the professional block semester unless permission is granted by the Director of Teacher Education or the Coordinator of Clinical Experiences for it to be taken in another semester. Only offered on the Bolivar campus during the fall and spring semesters.

EDU 5853. Classroom Management - 3 hours

A study of methods of discipline and behavior management in the classroom and of procedures for managing the classroom, including organization, administration, scheduling, record keeping and communication with administration and parents. Various models and systems are explored. Students will focus on aspects of classroom discipline and behavior management unique to their level of preparation.

EDU 5911-3. Workshop - 1 to 3 hours

Workshops focusing on practical classroom application of the subject addressed are offered in areas of major interest and need by students. Some of the workshops that have been offered are: Basic DOS and Windows in the Classroom; Classroom Learning Centers; Computer Graphics for the Classroom; Cooperative Learning; Creative Writing; Displays for Learning; Internet in the School; Using Hypercard, CD-ROM and Interactive Video; Using TV in Teaching; Whole Language; Working with the At-Risk Student; Working with the Aggressive Student.

EDU 5931-3. Readings - 1 to 3 hours

Readings may be developed in reference to an area of major interest and need of an individual student. The required reading and reporting are specified in writing with signatures of the student and instructor indicating agreement.

EDU 5951-3. Special Topics -1 to 3 hours

A special topic may be offered which focuses upon a subject of major interest and need by a group of students. Topic courses usually focus upon areas not covered by regular courses in the graduate curriculum. Among topics that have been offered are: Addressing the Needs of the Mainstreamed Child; Behavior Modification in the Classroom; Counseling for the Classroom Teacher; Instructional Improvement in the Secondary School; Movement Education; Parent Education; Teaching through Educational Tours.

EDU 5961-3. Seminar - 1 to 3 hours

A seminar may be offered relative to a subject of major interest and need by a group of students. Seminars usually focus at advanced levels upon specific subjects not covered in depth in the regular graduate curriculum. Among seminars that have been offered are: Issues and Trends in Education; Seminar in Educational Change; Seminar in Middle School Education.

EDU 5971-3. Symposium - 1 to 3 hours

Symposium credit may be earned by special approval of the advisor, the graduate faculty member who is to supervise the experience and the Office of Graduate Studies. Symposium credit is usually associated with participation to a significant degree in a professional development conference, workshop, or similar program sponsored by an organization not associated with the University.

EDU 5981-3. Internship/Practicum - 1 to 3 hours

Planned and supervised work experience related to the student's graduate study, usually in an elementary or secondary school setting. Internships and practicums may be taken only with advanced planning and approvals involving the supervising graduate faculty member, the department in which the credit is earned, and the Office of Graduate Studies. No more than four hours of credit from internships and practicums may normally be applied toward completion of the master's degree.

EDU 5991-3. Independent Study - 1 to 3 hours

Directed study by an individual student of an area not covered in the regular graduate curriculum. Independent study may be taken only by advance approval of the supervising graduate faculty member, the department chairman, and the Office of Graduate Studies.

HEALTH AND PHYSICAL EDUCATION**HPE 5003. Adapted Physical Education - 3 hours**

Basic terminology, fundamental values, and an overview of special populations and their problems related to physical education. Surveys of settings, services, resources, and programs in physical education for the handicapped. Only offered on the Bolivar campus.

HPE 5013. The Curriculum in Physical Education - 3 hours

An investigation and analysis of current and innovative instructional programs in physical education. Only offered on the Bolivar campus.

HPE 5023. Organization and Administration of Physical Education - 3 hours

Advanced organization and management of physical education and interscholastic athletic programs. Only offered on the Bolivar campus during the fall semester.

HPE 5033. Management of Programs/Facilities in Physical Education/Recreation - 3 hours

An examination of management techniques in physical education and recreation programs. Problems, procedures, and principles of facility operation are included. Only offered on the Bolivar campus during the fall semester.

HPE 5043. Physiology of Sports - Concepts in Fitness and Training - 3 hours

The physiology of human performance, literature in physical fitness, athletic training and rehabilitation, and improving work performance. Only offered on the Bolivar campus.

HPE 5053. Supervision and Management in Physical Education - 3 hours

Supervisory techniques and management practices essential to effective operation of a physical education program. Development of leadership qualities needed by administrators of physical education programs

HPE 5073. Seminar in Professional Literature - 3 hours

Review and analysis of professional literature in physical education, athletics, and related fields. Only offered on the Bolivar campus.

HPE 5153. Current Problems in Physical Education - 3 hours

Recognizing, classifying, and reporting problems in physical education. Studying techniques and methods of solving problems. Current issues and problems in the field of physical education are studied. Only offered on the Bolivar campus.

HPE 5911-3. Workshop

HPE 5931-3. Readings

HPE 5951-3. Special Topics

PROGRAM HISTORY AND ACCREDITATION STATUS

The entry-level master's degree physical therapy program at Southwest Baptist University prepares students for careers in physical therapy through the development of knowledge and skills needed for patient management, education, consultation, and clinical research. The physical therapy program at Southwest Baptist University is accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association, 1111 North Fairfax Street, Alexandria, VA 22314, (703) 684-2782.

PROGRAM PURPOSES

The physical therapy department at Southwest Baptist University is dedicated to providing society with physical therapists who expertly practice the art and science of physical therapy with a Christian perspective. The graduate will be a clinician generalist who is prepared to provide physical therapy services, for a diverse population, in an evolving societal and health care environment.

The goals of the Physical Therapy Program are that the graduate should be able to:

1. Practice physical therapy from a Christian perspective employing the principles and expectations as described in the Southwest Baptist University Catalog.
2. Practice physical therapy ethically, legally, and with sensitivity to a population diverse in age, economic and social status, culture, ethnicity, and language.
3. Practice physical therapy competently by performing appropriate examination, evaluation, diagnosis, prognosis, and intervention in a manner to maximize outcomes.
4. Communicate with peers, colleagues, patients, clients, family members and available support groups, and the community at large according to the requirements of the situation and in a style that is commensurate with their level of understanding.
5. Participate in the administration and management of physical therapy services in the continually evolving health care system.
6. Educate others using teaching strategies appropriate to the learner's needs and abilities.
7. Participate in activities that promote the public interest in health care services.
8. Participate in professional activities that promote the advancement of the profession.
9. Practice critical inquiry skills and establish a program for the continuing enhancement of professional and personal growth.

ASSESSMENT

Periodic measurements of student perceptions, intellectual growth, clinical performance, and professional behaviors development are obtained as one means for the University to assess and improve its academic programs and student learning. The information obtained is used to measure and develop student competencies and to determine and improve the quality of the educational experience for students.

ADMISSION TO THE PHYSICAL THERAPY PROGRAM

Physical Therapy Requirements

The following requirements must be met before being admitted to the physical therapy program (courses in progress during semester applying must be documented). Please note that courses from other colleges must be approved. Students are encouraged to check with the physical therapy department prior to enrolling in a course to determine equivalency.

1. Complete a baccalaureate degree.
2. Complete all prerequisite courses with a minimum of a "C" and a 3.0 prerequisite GPA. Prerequisites should not be taken pass/fail. Prerequisite classes remaining at the time of class selection may be counted as a "C" for purposes of determining prerequisite GPA. This does not include general education or religion requirements.
3. Have a minimum 2.75 overall grade point average (for all previous course work or highest degree attained).
4. Complete general education requirements.
5. Complete religion requirements.
6. Complete graduate record exam.
7. Complete the PT application packet.
8. Document experience/observation in physical therapy. Up to 40 hours will be counted. Variety of experience is recommended. Experience forms are available from the physical therapy office.
9. International students must meet eligibility requirements as outlined in section on Admission to the University in this catalog.
10. A satisfactory TOEFL score is required if English is not the student's native language.

General Education Requirements

Students earning a baccalaureate degree from Southwest Baptist University meet the general education requirements. Students with baccalaureate degrees from other universities must have English composition and a computer applications course. A well balanced foundation in liberal arts is recommended.

Religion Requirements

Students earning a baccalaureate degree from Southwest Baptist University meet the religion requirements. Students with degrees from other universities must have at least 3 semester hours in Bible (if a course is 2 units, two courses are required). Any other religion courses will not be accepted without prior approval.

Prerequisite Courses

General Chemistry

2 semesters each with lab (at SBU: CHE 1115, 1125) Note: chemistry may have a math prerequisite.

General Physics

2 semesters each with lab (at SBU: PHY 1114, 1124) Note: physics may have a math prerequisite.

Biology

4 semesters to include: general biology (at SBU: BIO 1114), anatomy and physiology - one semester each or full year combined sequence (at SBU: BIO 2204, 3304), pathophysiology (at SBU: BIO 4404)

Statistics

one course (at SBU: PSY 3243, or MAT 3343, or FIN 3023, or FIN 3033).

Psychology

general psychology (at SBU: PSY 1013) plus an additional course (excluding psychological statistics).

Prerequisite science classes (chemistry, physics, biology) must be current. Completion of each course sequence must be within seven years prior to admission to the PT program. Exceptions may be granted only if the applicant can show that knowledge of the course content is current. Applicants seeking an exception must submit a written petition, with rationale, to the chairperson of the physical therapy department at least one month prior to the application deadline. Petition forms are available in the physical therapy department.

The policy for repeat grades as found in the Southwest Baptist University catalog will be followed. The grade for the repeated course will be used in computing GPA. *The grade for any science courses repeated due to the seven year rule will be substituted for the old class regardless of the first grade earned.*

General Admission Process

Applicants apply directly to the physical therapy program. Students must complete the courses required for entry into the program and complete a baccalaureate degree in another field prior to admission to the physical therapy program. Students may have courses in progress in the summer or fall semester prior to enrolling in the physical therapy program, but ALL requirements must be completed prior to the January start date. After acceptance into the program in physical therapy, the student will be enrolled full-time in professional graduate courses for two years (24 months) to finish with a Master of Physical Therapy degree.

Admission to the University does not guarantee admission into the graduate physical therapy program since there will be only forty available positions each year; however, priority will be given to students who have attended Southwest Baptist University.

When selecting students for admission into the physical therapy program, the Physical Therapy Admissions Committee will consider criteria including:

- prerequisite grade point average,
- overall grade point average,
- graduate record exam,
- number of prerequisite courses in progress,
- any prior physical therapy experience,
- demonstrated understanding of the field of physical therapy,
- references, and
- length of time at Southwest Baptist University.

After the initial review of the application, selected applicants will be invited for a personal interview which will be videotaped and scored by the Admissions Committee. Applicants will be notified of their status: 1) selected for admission into the program 2) placed on an alternate list or 3) declined admission.

Dates (Application/Registration)

November 1, 2000:

Applications for the class starting January 2002 may be obtained from the department of physical therapy by returning our lavender postcard. Applicants may also pick them up in person.

January 2, 2001:

Registration and beginning of classes.

April 2, 2001:

Application deadline for early acceptance for class starting January 2002.

May 2001:

Interview of selected applicants for early acceptance.

June 2001:

Early acceptance applicants will be notified of acceptance status for January 2002.

June 15, 2001:

Application deadline for regular admission for January 2002. Qualified applicants will be considered after the deadline if space is available.

July 2001:

Interview of selected applicants for regular admission.

August 2001:

Regular admission applicants will be notified of acceptance status for January 2002.

DEGREE REQUIREMENTS

Master of Physical Therapy

To receive the M.P.T. degree the student must:

1. complete all the physical therapy courses and practical exams with at least a "C", and have a graduate GPA of 3.0;
2. pass all clinical education courses; and
3. participate in commencement exercises unless absence is approved by the Provost.

PROGRAM OF STUDY AND ACADEMIC REGULATIONS

Student Orientation

Students enrolled in the physical therapy program attend an all-day orientation at the beginning of their first year. At this time, they receive a Physical Therapy Student Handbook which includes the policies and procedures for the graduate program in physical therapy.

Clinical Coursework

Clinical education experiences are a required part of the student's educational program. Short-term and long-term clinical work is performed in and out of the state of Missouri, and students must be prepared for the extra expenses including uniforms, transportation, housing arrangements and food. Health exam, immunizations, professional liability insurance, individual health insurance and current CPR will also be required at the student's expense prior to the clinical education experience. Clinical experiences will be arranged through the Director of Clinical Education in consultation with the student and will depend on the availability of clinical sites and students' needs. Students will be expected to comply with the policies and procedures of the clinical facility during clinical education experiences. Many clinical education facilities require a criminal background check. Additional clinical education policies and requirements are delineated in the Physical Therapy Student Handbook.

Before progression to clinical coursework the student must:

1. successfully complete all prior PT courses with a "C" or better and maintain an overall GPA of 3.0 in graduate courses;
2. have a satisfactory medical examination including current immunizations, TB skin test or chest x-ray, and Hepatitis B vaccine (or signed risk statement);
3. present evidence of clinical liability insurance (\$1,000,000/3,000,000) for each succeeding semester; and
4. present evidence of current CPR certification.

Module Schedule

The physical therapy program is scheduled differently from the normal University calendar in modules of varying length. Course hours are equivalent to semester hours but are blocked into the modules. Classes start on the first Monday in January and continue for 24 months with two one-week and one three-week break the first year and two one-week breaks the second year. For grade reports and payment of tuition and fees, the modules will be structured into two semesters per year as follows:

Spring: modules 1-3 for first year students and modules 8-11 for second year students

Fall: modules 4-7 for first year students and modules 12-18 for second year students

Physical therapy professional courses may only be taken by those students accepted in the program.

The following schedule may be subject to change.

YEAR 1

Module 1 - 4 weeks

PTH 5013 - Psychosocial Issues of Health Care

PTH 5022 - Today's Health Care System

PTH 5045 - Anatomy I

PTH 5221 - Teaching and Learning

Module 2 - 11 weeks

PTH 5045 - Anatomy I (continued)

PTH 5063 - Biomechanics & Clinical Kinesiology I

PTH 5092 - Physical Therapy Science I

PTH 5113 - Physiology

Module 3 - 13 weeks

PTH 5054 - Anatomy II

PTH 5074 - Biomechanics & Clinical Kinesiology II

PTH 5082 - Human Life Sequences

PTH 5102 - Physical Therapy Science II

PTH 5122 - Critical Inquiry I

PTH 5161 - Foundations of Clinical Education I

PTH 5302 - Principles of Electrotherapeutic Evaluation
& Treatment

Module 4 - 1 week

PTH 5031 - Documentation

PTH 5221 - Teaching and Learning (continued)

Module 5 - 3 weeks

PTH 5172 - Clinical Education I

Module 6 - 12 weeks

PTH 5132 - Critical Inquiry II

PTH 5181 - Foundations of Clinical Education II

PTH 5233 - Foundations of Musculoskeletal Intervention

PTH 5243 - Evaluation & Treatment of Upper Quarter
Musculoskeletal Problems

PTH 5254 - Evaluation & Treatment of Lower Quarter
Musculoskeletal Problems

PTH 5221 - Teaching and Learning (continued)

Module 7 - 2 weeks

PTH 5273 - Clinical Medicine

YEAR 2

Module 8 - 2 weeks

PTH 5262 - Prosthetics and Orthotics

Module 9 - 8 weeks

PTH 5196 - Clinical Education II

Module 10 - 10 weeks

PTH 5316 - Clinical Neurosciences

PTH 5325 - Evaluation & Treatment of Neurological Disorders

Module 11 - 6 weeks

Progression in the Physical Therapy Program

Students are responsible for complying with the policies of this catalog and the policies of the Department of Physical Therapy as found in the PT Student Handbook. Consistent with University policy, attendance is mandatory. Students must pass each practical exam and complete each course with a minimum of a "C" and maintain a 3.0 GPA overall in graduate courses to earn the master's degree. For promotion to the second year of the program, students are required to pass satisfactorily each practical examination and each course with a "C" and maintain a 3.0 GPA. Students are also required to emulate the standards of conduct of the University and abide by the American Physical Therapy Code of Ethics. Any student who is unable to meet these requirements is subject to review by the Physical Therapy Review Committee which will, in consultation with the student and the Director of Student Life as needed, determine a plan for further action which may include dismissal from the program. Students requiring academic remediation will participate with the Review Committee in development of remediation plan. The Director of Clinical Education is responsible to assist students having difficulty in the clinical education component to develop a remediation plan and a learning contract. Specific procedures and detailed policies are found in the Physical Therapy Student Handbook.

GRADES

80-89	B
75-79	C
0-74	F
Incomplete	I

Clinical Education and Selected Course Grading Scale

Pass	P
Fail	F
Incomplete	I

Incomplete Grades

An incomplete ("I") grade may be given when a student is doing passing work or has the possibility of earning a passing grade but is unable to complete all of the course requirements because of unusual circumstances acceptable to the instructor (such as illness or accident). In no case may an "I" be agreed to unless the student has completed at least eighty (80) percent of the class. An "I" may not be used to permit a student to repeat a course or to improve a grade. The instructor must complete the "Application for Incomplete Grade" form and it must be signed by the instructor and submitted to the appropriate department chair and college dean for approval. The completed and signed form must then be filed in the Registrar's Office; additional copies of the form will be given to the student, instructor, academic advisor and the college dean. Requirements for completing the course and appropriate grade designations are to be specified on the application by the instructor.

It is the responsibility of the student to complete satisfactorily all of the course requirements within one year. If the incomplete is not cleared within this specified time limit the "I" will be changed to an "F."

DISMISSAL

All decisions for dismissal are made by the Physical Therapy Review Committee and approved by the department chairperson. If disciplinary action for misconduct is recommended, the Director of Student Life will be notified and involved in the process as needed. Students may be dismissed from the program for any of the following:

1. a second final grade of "F" in any course;
2. a GPA of less than 3.0;
3. an "F" in any course if already on academic probation;
4. non-compliance with the requirements stipulated in a remediation plan established by the DOCE or Physical Therapy Review Committee;
5. cheating or plagiarism; or
6. any misconduct listed in the Student Life section of the SBU catalog as serious offenses.

ATTENDANCE

Attendance and active participation at all class sessions is essential for optimal learning. Class attendance is mandatory. Students missing equal or greater than 10% of the total course hours due to unexcused absences will receive an automatic reduction of one letter grade in the final grade for the course.

WITHDRAWAL FROM SOUTHWEST BAPTIST UNIVERSITY

See academic regulations section of this catalog.

Appeals

The faculty of the Department of Physical Therapy realize that occasionally some circumstances may prevent a student from performing optimally in every course in every module. Any student wishing to appeal a decision by an individual faculty member or by the Physical Therapy Review Committee or Department Chairperson must first appeal to the decision maker then to the next level within the department. If the student is not satisfied with the department's decision, he/she may appeal as described in the SBU Catalog. The Grade Appeal Policy is described in the Academic Regulations section of this catalog.

COURSE DESCRIPTIONS

PTH 5000. Continuous Enrollment

This course designation provides a mechanism for tracking students who have received a grade of "I" or "IP" in a graduate course and are not currently enrolled in another graduate offering at SBU. The course designation neither carries graduate credit nor requires tuition. The student is assessed a course fee utilized by the University to provide a current student identification card, allowing access to library resources at SBU and other university/college libraries, as well as providing funds to support related program record keeping. Course fee \$50 per term.

PTH 5013. Psychosocial Issues of Health Care - 3 hours lecture/discussion

Psychological and sociological effects of impairments, functional limitations, and disability resulting from injury or disease as applicable to the client, family, and therapist. Emphasis on clinical case presentations. Communication skills including conflict resolution, individual and cultural differences, interview, and group process.

PTH 5022. Today's Health Care System - 2 hours lecture/discussion

World and national factors that affect today's systems: who gets care and how it is paid for; legal and ethical responsibilities; where does physical therapy fit; team approach.

PTH 5031. Documentation - 1 hour lecture/discussion

Basic skills of written communication in areas of patient evaluation, treatment notes, and discharge summaries. APTA guidelines for Physical Therapy Documentation. NAGI Classification system. Use of objective documentation to facilitate clinical research.

PTH 5045. Anatomy I - 5 hours lecture/lab

Normal human anatomy with emphasis on upper limbs, principles of articulation and movement. Introduction to the peripheral nervous system. Cadaver dissection. Basic structure and functional relationships of epithelium, muscle, nerve, connective tissue.

PTH 5054. Anatomy II - 4 hours lecture/lab

Normal human anatomy with emphasis on lower limbs, head, neck and trunk. Cadaver dissection included.

PTH 5063. Biomechanics & Clinical Kinesiology I - 3 hours lecture/lab

Study of the biomechanical and kinesiological sciences as they influence human movement; Clinical concepts of normal kinesiology and introduction of pathokinesiology of the upper extremity; Principles and measurement techniques of goniometry; Principles of performance of manual muscle testing the upper extremity; Upper quarter surface anatomy and palpation.

PTH 5074. Biomechanics & Clinical Kinesiology II - 4 hours lecture/lab

Clinical concepts of normal kinesiology and introduction of pathokinesiology of the lower extremity and spine; Principles and measurement techniques of goniometry; Principles and performance of manual muscle testing the lower extremity and trunk; Lower quarter surface anatomy and palpation; Posture assessment of normal and abnormal alignment; and Gait analysis approach for normal and abnormal gait patterns.

PTH 5082. Human Life Sequences - 2 hours lecture/discussion

The developmental process from conception to death with emphasis on human motor performance. Sequence of study includes fetal life and infancy through the aging adult including: developmental changes in performance and musculoskeletal development in relationship to the human life span, life-span concepts of age-related change in motor behavior and development of posture and movement.

PTH 5092. Physical Therapy Science I - 2 hours lecture/lab

Physical therapy skills of transfers, gait training, bed mobility, wheelchair selection and management, cushions, range of motion exercises, and monitoring of physiologic responses.

PTH 5102. Physical Therapy Science II - 2 hours lecture/lab

Physiological alterations in the body with the application of external energy: cold, heat, ultrasound, pressure, hydrotherapy, massage and other physical agents. Prescription, effectiveness, current literature, safe operation of equipment, delegation and documentation of physical agents. Drug-physical agent interaction. Application of sterile technique and universal precautions.

PTH 5113. Physiology - 3 hours lecture/discussion

Review of cell physiology to include bioenergetics and metabolism. Physiology of the muscular, skeletal, circulatory, respiratory, integumentary, peripheral and autonomic nervous systems. Basic principles of pathophysiology.

PTH 5122. Critical Inquiry I - 2 hours lecture/discussion

An overview of statistical concepts and procedures used in physical therapy research. Special emphasis on principles of data analysis and interpretation of statistical results, with application to the medical and movement sciences.

PTH 5132. Critical Inquiry II - 2 hours lecture/discussion

An overview of the principles and concepts of clinical research in physical therapy including experimental design and a discussion of ethical considerations in human subject research. Analysis of relevant published literature leading to the design of an original physical therapy research project and the preparation of a written, formal research proposal through the review of literature stage.

PTH 5142. Critical Inquiry III - 2 hours lecture/discussion

Continuation of PTH 5132 to include completing the methodology section of the research proposal.

PTH 5151. Critical Inquiry IV - 1 hour lecture/discussion

Group presentations of research proposals.

PTH 5161. Foundations of Clinical Education I - 1 hour lecture/discussion

Overview of entire clinical education program and presentation of all policies and procedures regarding clinical education that affect students. Use and function of the Physical Therapist Clinical Performance Instrument (CPI). Application of the learning styles in the clinical setting. Completion of all paperwork required for participation in Clinical Education I. Presentation of specific requirements and expectations of students while on Clinical Education I. Assignment of sites for Clinical Education I. Introduction to the Patient Management Model and *Guide to Physical Therapist Practice*.

PTH 5172. Clinical Education I - 3 weeks full time clinical education

Each student spends 3 weeks working full-time under the supervision and guidance of a licensed physical therapist in any practice setting of physical therapy that provides the student with the opportunity to perform basic P.T. skills learned in the previous course work. Clinical performance will include, but are not limited to, the following: professional conduct, communication, infection control, safety, documentation, range of motion, goniometry, manual muscle testing, and patient transfers.

PTH 5181. Foundations of Clinical Education II - 1 hour lecture/discussion

Development of the affective domain and self-assessment skills. Investigation of the components of excellence/expertise in clinical practice. Completion of all paperwork required for participation in Clinical Education II. Presentation of specific requirements, expectations and assignment of sites for Clinical Education II.

PTH 5196. Clinical Education II - 8 weeks full-time clinical education

Each student spends 8 weeks working full-time under the supervision of a licensed physical therapist with an emphasis in the area of orthopedic physical therapy. Students will have opportunities to evaluate and treat primarily orthopedic patients.

PTH 5218. Clinical Education III - 12 weeks full-time clinical education

Each student spends 12 weeks working full-time under the supervision of a licensed physical therapist in a setting including at least 6 weeks in any one of the following emphases of physical therapy: pediatrics, geriatrics, or neurological rehab. Students will be able to choose whether to spend 12 weeks or 6 weeks in one of the areas of emphasis. If the student chooses a 6-week experience, the other 6 weeks can be in any area of physical therapy that the student chooses, as approved by the DOCE.

PTH 5221. Teaching and Learning - 1 hour lecture/lab

Teaching-learning theory applied to clinical practice with peers, patient/clients and their families. Teaching techniques for patient/client education, or presenting in-services. Laboratory session to present a micro-teach with self-evaluation.

PTH 5233. Foundations of Musculoskeletal Intervention - 3 hours lecture/lab

Concepts of musculoskeletal (MS) intervention; basic science issues related to MS pathology; medical/surgical classification of MS pathology including management; physical therapy clinical decision-making process; interview process - subjective examination; evaluation process - objective examination; assessment and interpretation of examination data and establishing goals; and physical therapy management options.

PTH 5243. Evaluation & Treatment of Upper Quarter Musculoskeletal Problems - 3 hours lecture/lab

Subjective interview process; pathological conditions of the upper quarter to include, upper extremity, cervical/thoracic spine, and head; specific non-physical therapy diagnostic procedures including interpretation; physical therapy examination procedures; physical therapy evaluation and goal setting; concepts of intervention based on evaluation; documentation; research in MS intervention.

PTH 5254. Evaluation & Treatment of Lower Quarter Musculoskeletal Problems - 4 hours lecture/lab

Subjective interview process; pathological conditions of the lower quarter to include, lumbar spine, and sacroiliac joints, hips, knee, and foot/ankle complex; specific non-physical therapy diagnostic procedures including interpretation; physical therapy examination procedures; physical therapy evaluation and goal setting; concepts of intervention based on evaluation; documentation.

PTH 5262. Prosthetics and Orthotics - 2 hours lecture/lab

Psychological reactions of limb loss/dysfunction; physical therapy evaluation and management approaches for various levels of amputation; selection of prosthetic/orthotic materials and components including alignment; gait analysis and training; and fabrication or modification of foot/ankle devices.

PTH 5273. Clinical Medicine - 3 hours lecture/discussion

General medical and surgical disorders with etiology and clinical manifestations, natural history, medical or surgical management and role of physical therapy in commonly seen disorders. Medical tests and treatment for pathological processes and impact on physical therapy examination and intervention. General pathological conditions and mechanisms of disease processes. Pharmacological management. Health care team.

PTH 5282. Evaluation & Treatment of the Cardiopulmonary System - 2 hours lecture/lab

Overview of cardiac and pulmonary pathophysiology of patients. Discussions to include life span changes, pharmacological management, and assessment and examination procedures, including ECG, stress testing, exercise prescription, and cardiopulmonary physical therapy management of patients.

PTH 5292. Physiology of Exercise - 2 hours lecture/lab

Study of the effects of exercise on the organs and organ systems of both the healthy and the pathologically involved individual. Emphasis on the cardio-respiratory systems and on the formulation of exercise and intervention programs. Indications and contraindication of exercise in healthy and pathologically involved individuals.

PTH 5302. Principles of Electrotherapeutic Evaluation and Treatment - 2 hours lecture/lab

Basic concepts of electrical safety and instrumentation, detailed concepts and applications of electrotherapy introducing principles of electrophysiologic testing and therapeutic application of electrical stimulation (ES), including strengthening (NMES), re-education, pain reduction (TENS), tissue repair (ESTR), and iontophoresis. Electrophysiologic testing to include an introduction to electromyography (EMG), nerve conduction velocity (NCV) and other electrophysiological tests.

PTH 5316. Clinical Neurosciences - 6 hours lecture/lab

Human neuroanatomy and neurophysiology to include the structure and function of central, peripheral, and autonomic nervous systems. Common neurological disorders seen for physical therapy.

PTH 5325. Evaluation & Treatment of Neurological Disorders - 5 hours lecture/lab

Physical therapy management of patients with neurological conditions to include examination, evaluation, diagnosis, prognosis, and intervention. Motor control; classification of neurological conditions; documentation options; appropriate delegation and supervision of ancillary personnel.

PTH 5333. Administration & Management - 3 hours lecture/discussion

Administration and management of Physical Therapy services to include: organizational structure, management theory, management processes and functions; leadership and motivational theory; medical-legal issues; fiscal, personnel and operations management; strategic planning; and marketing.

PTH 5342. Pediatric Physical Therapy - 2 hours lecture/lab

Systematic, problem solving approach to the pediatric client with emphasis on prevention, etiology, clinical manifestations, and the patient management model.

PTH 5352. Geriatric Physical Therapy - 2 hours lecture/lab

Biological, cultural, psychological, and sociological changes with aging. Societal attitudes, support systems, and demographics regarding elders. Strategies to address the unique needs of geriatric clients. Principles of patient management for geriatric conditions.

PTH 5362. Problems in Rehabilitation - 2 hours lecture/lab

Case study format requiring problem solving to address physical, emotional, psychosocial, spiritual, equipment, educational, and fiscal needs of clients with complex and/or multi-system deficits. Emphasis on problem solving using the patient management model, professional behaviors, team management, documentation, and effective communication skills.

PTH 5371. Seminar - 1 hour lecture/discussion

Reflection of clinical education experience with through case presentations and discussion, with emphasis on the Christian perspective and ethics. Create goals for clinical practice from a Christian perspective.

PTH 5951-3. Selected Topics (elective) 1-3 hours lecture/discussion

Selected issues in physical therapy science or practice. Topics will vary depending on interest and need of student(s).
